Find two pictures with Cenotaph names

(Mrs. G. H. Taylor)

The Holden Branch of the Royal Canadian Legion is greatly obliged to Mr. Melvin Carlson who lived in his possession and has loaned to the secretary, Mr. G. H Taylor, a picture of the Cenotaph, taken in 1922 when it was dedicated, and will enable them to obtain the names of the War Dead of 1914-1918 whose names were obliterated when the Cenotaph was recently cleaned. The Branch is planning to have the names engraved on a brass plate and then installed on the previous place where they were marked. Mrs. Kathleen Hurum also had a picture in her possession which she has kindly loaned to the branch to assist in obtaining these names.

It has also been learned that there is only one other Cenotaph similar to this in Alberta, the Legion at that time was known as "The Great War Veterans Association" and many dances, ple socials, concerts and plays were held to assist in obtaining the necessary funds to build it.

The need for the names developed when they were completely lost during cleaning of the Cenotaph following vandalism last Hallow'e'en and other occasions. Arrangements were made to have the stone cleaned by sandblasting, but the process removed the names from the face of the stone, and no record could be found within the Legion's records.

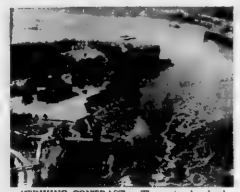
Cairn unveiled

The Honorable A. O. Aalborg was in Forestburg on Sunday afternoon as the village celebrated its 50th birthday. To mark the occasion, Mr. Aalborg unveiled a cairn commemorating the anniversary.



STRIKING CONTRAST — The natural splendor of the Horseshoe Falls at Niagara Falls stands in dramatic contrast to the craggy precipice of the American Falls, which was stilled temporarily on June 12. The dewatering will permit a six-month study by the U.S. Army Corps of Engineers in an effort to halt the erosion that has allowed the rock a to pile up at the base of the cataract. County Council briefs

Following are the minutes the part of the Council of the County of Beaver No 9 held Thursday, August 14th, 1969.

Present were, Crs W A Davis, A. L. Gibson, W. D. Johnston, G. Koudelka, W. Krupichuk, J. H. Roddick and C. W. Sears

The meeting was called to order at 10:30 a.m. by the Reeve, Cr. Roddick.

It was moved and carried that the minutes of the meeting of July 10, 1969 be accepted as presented

It was moved and carried that the Feldman's report for July be accepted.

It was moved and carried that the Financial Statement for July, 1969 be accepted.

It was moved and carried that the Accounts, as presented at this time, be approved and passed for payment.

There were no Hospital reports at this time, however, Cr. Roddick mentioned that the Vista Lodge was running into financial difficulties. They are going a bit behind each month. However there is nothing that can be done at the present time as the Provincial Government will not authorize an increase in the rates.

It was moved and carried that this report be accepted.

BUSINESS FROM THE MINUTES

Cr Johnston reported that he had attended a meeting with Cr. Lies of the County of Flagstaff in regard to the boundaries for fire protection. The following boundaries were approved by Cr Johnston in the County of Flagstaff which would be handled by our fire equipment in Kinsella. The boundaries are as follows:

From N.E. 33-45-13-W4th -South 2 miles, east 2 miles, south 4 miles, east 4 miles to the boundary between the M.D. of Wainwright No. 61 and the County of Flagstaff No. 20 then north to the N.E. 32-45-16-W4th.

It was moved and carried that the boundaries as outlined by Cr. Johnston for a Reciprocal Fire Agreement with the County of Flagstaff be accepted.

The Secretary-Treasurer advised that the Agreement with the Arkinstall Estate had been signed and the cheque for $160 had been submitted. The County of Beaver No. 9 could now start using the gravel pit.

It was moved and carried that this report be accepted.

In regard to By-law No 397 the Secretary-Treasurer read a letter from the Depotment of Highways and Transport outlining the fact that if the complete road is closed as outlined in this By-Law there would not be access to the W's of Section 30 and the S.W. of Section 31-46-11-W4th. This lasier advised that we would have to ensure there would be access prior to the By-Law being approved by the Minister.

It was moved and carried that we delete from the By-Law that portion of the road within the S.W. corner of the S.E. of Section 31-46-12-W4th to the S.E. corner of the S.W. 31-46-11-W4th.

The Secretary-Treasurer advised that the Farm Purchase application by Mr. Edward Bednarski had been approved by the Provincial Committee of the Alberta Farm Purchase Board.

The Secretary-Treasurer read a letter from Mr. D. E. Mills, Chief Provincial Assessor, in regard to our question regarding assessment under Section 36. 1a) of the Municipal Taxation Act referring to the University Ranch at Kinsella. The letter indicated that, in Mr. Mills opinion this land would still be assessable. It was moved and carried that this correspondence be received and filed.

The Secretary-Treasurer read a letter from the Department of Highways and Transport in regard to our submission to have a road diversion cancelled in the S.W. 35-52-19-W4th. The letter indicated that this was being referred to the Chief Maintenance Engineer for his recommendations.

It was moved and carried that this correspondence be received and filed.

A letter from the Secretary-Treasurer of the Village of Holden giving the Underwriters Adjustment Bureau views on the co-operation between the various fire departments at the Post Elevator fire. The Underwriters was quite pleased with the co-

ATTENTION, MOTHERS!
In answer to the inquiries for

Dancing Lessons—

any child (3 yrs. and upwards) can take lessons. Anyone willing to try can dance — no special talent or equipment (e.g. shoes) is necessary.

Dancing helps give a child a sense of rythm, self-confidence, pride, and muscular development. These qualities are important aspects of athletic ability and co-ordination, and assist greatly during the awkwardness of teen years.

Classes will commence mid-September, in my home, 1 mile West, 1½ miles North of Lindbrook Store. The fee is 75¢ per lesson. Classes are available during the afternoon for pre-schoolers, and after school or evening for older ones. Straight highland or tap groups are available, or combination fun groups of singing, dancing, exercise, ballet and performance.

I sincerely hope that many of you will be able to give your child this added opportunity in development. Besides which, we're going to have fun learning.

Locals around town

Petra Stauffer accompanied her nephew and wife, Mr. and Mrs. Hans Bonese, on a motor trip to Grantham, Ont., to visit the Parkers, Lewis's and Ben Owens's, formerly of Tofield. En route home they stopped in Vancouver to see her sister and husband Bob Bruce, both patients in the Hazey Hospital after suffering injuries in an accident at Nanaimo, also her nephew, Glen Bonese, and family, and many friends on the way. They report having a lovely trip, with good roads and fine weather, but glad to be back home again and find Tofield looking good.

On Saturday, August 23, Petra entertained a number of ladies to coffee and cake, to help celebrate her birthday.

operation. In regard to this fire there was some question as to the part that should be played by rural fire brigades and rural equipment at fires within town and village boundaries. It was moved and carried that a meeting be called with the Fire Chiefs and one Councillor from each of the towns and villages some time in the fall to draw up regulations as to the procedures that would be followed.

A letter from the Village of Ryley suggesting that the County Fire Chief should wear distinguishable clothing so that he could be readily recognized at a fire was read to the Council.

It was noted that Mr. Reid is actually fire chief for the Village of Ryley and he has no jurisdiction over fires inside of towns and villages except as a member of a fire brigade and that if any distinguishable clothing should be worn then it would have to be authorized by the Village of Ryley.

It was moved and carried that we refer this back to the Village of Ryley.

The Secretary-Treasurer referred a letter from the Fire Commissioner's Office outlining the fire losses in the County to the period ending April 30 1969. There had been 5 fires in the County resulting in loss to the value of $8 189 00

It was moved and carried that correspondence be received and filed

A vicious cycle

"Wildlife and human life are closely joined in their cause-and-effect relationship. An amusing illustration is Huxley's famous demonstration that the scarcity of red clover in England depends upon the number of old maids in the rural districts. It started with Darwin, who discovered that clover was fertilized by the bees. If the bees were not there, he wrote, the red clover would become very rare, or wholly disappear". The next discovery was that the bees were enemy to the field mouse, which destroys combs and nests. Then, said Darwin, the cat enters the picture, because if there are many cats killing mice there will be fewer mice to worry the bees. Huxley took over, and said that most cats were owned by unmarried ladies, hence the more unmarried ladies, the more cats, the fewer mice, the more bees and the more clover. Further, he said, England's greatness is built largely upon good British beef, which in turn depends upon the clover pasture.

The larch sawfly killed almost all larch trees east of the Rockies 60 years ago.

Badiet - Yoder vows pledged

A double-ring ceremony was solemnized at a candlelight service July 19, 1969, at 6:30 p.m. in the Protestant Chapel, Canadian Forces Base, Winnipeg, when Patricia Lynn Yoder, daughter of Lt Colonel and Mrs. Stanley W. Yoder, Great Falls, Montana, exchanged marriage vows with Jean-Charles Badiet, only son of Monsieur Jean Badiet, Paris, France. Padre H Bill officiated.

Given in marriage by her father, the bride wore a floor-length A-line dress of double-layered white organza over peau-de-soie, striped with Venise rose lace. The gown had a jewel neckline and mid-length puffed sleeves with cuffs fastened by eight tiny buttons. A majestic sweeping mantilla extended beyond the cathedral train, both were trimmed in matching Venise rose lace with scattered lace appliques. She carried a classic cascade of white roses, and her only jewellery was a fresh-water pearl pendant set in 10k diamonds, a gift from the groom.

The matron of honor, Mrs. Kenneth Holmes, the bride's sister, and bridesmaid, Miss Sibby Blake, were dressed in high-waisted, floor-length gowns of salmon pink organza over an attached underdress, with jewel neckline and puffed seven-eighths-length sleeves. The dresses were tied in the back with a bow and a stream of ribbon reached the hemline and trailed from the wide-rimmed matching picture hats. They carried cascade bouquets of Revlon roses and yellow daisies. The flower girl was Miss Signe Hendrickson.

The best man was Monsieur Roland Schoendall, and ushers were Mr. Robert Yoder, brother of the bride, and Mr. Gerard Picot.

A reception followed at the International Inn Squadron Leader Pat Thompson retired, gave the toast to the bride.

The couple travelled to France by ship, and after a honeymoon in Spain and the French Riviera, will reside in Paris, France.

Modern etiquette

Q While I was confined in a hospital recently, my stay was very much cheered by the daily visits of my clergyman. How can I show him my deep appreciation?

A Your sincerely spoken thanks should be enough. But if you wish to go beyond this, send a card or give him some small gift something you know he needs or would enjoy.

Q Must the number of ushers at a wedding correspond with the number of guests invited?

A No, assuming the number of ushers usually depends on the size of the church and the number of guests invited—and whether they are to seat the guests or merely distribute the church [illegible]

Q My [illegible] on gravy from one's plate?

A Proper and practical fashion one accomplishes this by [illegible]

Q Is there any rule as to who should make introductions of a number of friends at an informal evening gathering, the host or the hostess?

County Council briefs

(Continued from last week)

A letter from the Water Resources Division of the Department of Agriculture was read. This letter indicated that there was a request to deepen a drainage ditch in the W½ and N.E. of 31-42-12 With. The letter indicated that if we wish to maintain that ditch it would probably be the responsibility of the County of Beaver as this was at one time under the Viking Drainage District which had been dissolved some time ago. The Council was of the opinion that this ditch is no advantage to the County — the only people that would receive any advantage from the ditch being maintained or deepened would be Mr Trueman the owner of the property, and the town of Viking who uses this ditch as an outlet from their sewage lagoon.

It was moved and carried that as the ditch is no advantage to the County we do not accept any responsibility for its maintenance.

By Law No 290 which provides for the use of the 1969 assessment for 1970 was presented at this time and was given three readings.

A request by Mr Sam Klein of Viking to subdivide N.W.16-49-13-W4th was presented The application is for 78 acres to be subdivided out of one quarter.

It was moved and carried that we have no objection to this subdivision.

A request to subdivide the SW 13-51-20-W4th by Mr Hugh Bruce was presented It was noted that the County Council had approved this same quarter some time ago to be subdivided into smaller parcels but Mr Bruce had advised the Secretary-Treasurer that this application had fallen through and now the request was for subdivision for thirty acre parcels and thirty-six acre parcel in this quarter

It was moved and carried that the Council has no objection to this subdivision provided that they are not required to provide access to the property

The Secretary-Treasurer read a letter from the Prairie Farm Assistance Branch in regard to the annual application for inspections It was noted in this letter that the date for submission was September 14

It was moved and carried that this correspondence be tabled until the meeting of September 11 inst.

The Secretary-Treasurer advised that he had been approached by the Village of Ryley in regard to having Mr Ron Hoff do their welding It was noted that there is no welder in the Village of Ryley and that the Village would have to go elsewhere for welding on their equipment

It was moved and carried that the County Council has no objection to Ron Hoff welding for the Village of Ryley but an separate account of time must be kept for any work done by him

Mr Allot attended the meeting at this time There was some discussion on the amount of work left on the contingency road It appeared that some of the grant money had been cut off however it was left to the engineers to advise when they ran out of money Gerald Allott felt that he could spend until some time next week (probably Tuesday or Wednesday on this road before he would run out of money

Cr Krupnicki requested the approval of the Council to have Mr Allott use the County equipment to clean up the drainage ditch in his area after he is through with the contingency road This was agreeable to the County Council

Gerald Allott advised that they had blown one of the tires on one of the Euclids and that there was no spare tire left The tires on the machines were discussed Gerald Allott advised that three of the tires on the oldest Euclid have not been taken off and that they are now five years old It was also noted by the Council that we do not have the equipment to install one of these tires so there is not much advantage to having a spare tire for these machines It was left up to Mr Allott to check on the prices of tires and whether or not we should use recaps or go to new tires The Council felt that if we are going to keep the machine for any length of time possibly anything over three years we should low mile tires on this machine as there is not much difference in the price

Cr Boldick advised that on August 7th a fatal accident had occurred on the road by the hospital Cpl Ferguson from the Leduc detachment of the R.C.M.P. investigated the accident

L.C.W. MEETS

PALMER-EARLING, Aug. 28 — The Skaalesteen L.C.W. held their monthly meeting August 27, at the church kitchen, when Mrs. Ovas Kvale was the hostess.

The meditation and Bible study, The New Covenant, lesson nine, was led by Edna Aker The secretary, Mrs. Elmer Brace, read a thank - you letter from H. R. Jorgenson of Grayna.

The ladies were indeed happy to hang in the church a picture of The Lord's Supper, painted by Mrs. Tom Brown, and also donated by Mr. and Mrs. Tom Brown. The L.C.W. decided this would be in memory of the late Joe Aker, who passed away a few years ago.

After a nice lunch, served by Mrs. Kvale, the ladies' group practised a few hymns. Two visitors were present, Mrs. Alberta Bolding, Camrose, still a member, and Marge Buhler of La Crete.

Next meeting will be held at the church kitchen on September 24, when Alice Aker will be the hostess.

Visitors during the week at the Helmut Roth home were Mrs. Glen Maglio of Hinton, and on Wednesday evening the above were guests near Stroome with the Art Botha.

Lions plan bridge club

Tofield Lions Club held their first September meeting in the Tofield Community Centre on Tuesday at 8:30 p.m., with Lion President A. Warner in the chair.

It was decided to again sponsor the Friendship Club of Bridge and Whist, commencing the last week in September for four weeks, with a final playoff in the Community Hall in October. Hostesses will entertain at tables of either whist or bridge in their own home for one week only for length of playing time of four weeks. The Club is open to couples and those wishing to play singly. Entries should be submitted to Chick Blacklock at Robinson's Store

Other matters for discussion included the CNIB Canvass to be held the last week in October, "Layer Project". Laurie Weatherill was present at the luncheon meeting and spoke on the Project.

Next meeting, Sept. 23, is to be Ladies' Night, with entertainment provided by the committee. Donald Longkaas and his parents will also be present, when Donald will give a short talk on his experience as a sponsored student to United Nations Seminar in Banff last August.

FINALLY! For the past three years supporters of the Hamilton Tiger-Cats have inflicted their verbal wrath at quarterback Joe Zuger. Even when the Cats won, Zuger was booed. However, today it's a different story, as Zuger has become the darling of the demanding Hamilton fans. — TTS Photo

Tofield woman gets diploma

Mrs. Georgina McKay of Tofield has graduated from the Queen's Ladies School of Nursing in Kingston.

Thirty-five graduates received diplomas as the School of Nursing held its fourth graduation exercises. Most of the graduates were from Ontario, although five, including Mrs. McKay, were from other provinces.

The program was chaired by Dr. Aileyann Lynch, L.M.S., Ph.D., while Mrs. M. Wallace McCutcheon, B.N., P.H.N., was the guest speaker. The graduation was held at Central Technical Collegiate Institute, with a reception following at Hart House, University of Toronto.

Newsmen will meet

More than a hundred Alberta weekly newspapermen and their wives will gather at the MacDonald Hotel in Edmonton, Sept 11 to 13, for the annual conference of the Alberta Weekly Newspapers Association.

Premier Harry Dent will welcome delegates to the conference, which opens officially at 9:30 a.m. Friday, Sept. 12

Featured speakers during the conference will be Alberta Attorney General E. H. Gerhart and G. C. Craven of Ridgetown, Ont., president of the Canadian Weekly Newspapers Association.

Lt. Governor J. W Grant MacEwan will present Junior Citizen awards to young Albertans on behalf of utility companies at a luncheon Friday.

Dates are set for graduation

The graduation exercises for the Tofield High School will take place on Saturday, Sept. 20, at the Tofield Community Centre

Commencing at 6:30, there will be a banquet for the graduates, their escorts, the parents and special guests.

At 8:00 o'clock, the public is cordially invited to attend the graduation program. Pastor K. Glen Johnsen, President of Camrose Lutheran College, will be the guest speaker. Theme for the evening, "Destination — The Moon".

CLC sets new record

A record enrolment at Camrose Lutheran College seems assured as of noon today as Grades 11 and 12 and 2nd year university students completed registrations and first year university students were registering today.

An estimated 235 students are expected to have enrolled for courses when final registrations are completed today.

Enrolment figures released by college officials are: Grade XI-17, Grade XII-76, 1st year-170, (estimated) and 2nd year-63.

Kelsey man is 'Master'

A Kelsey man, Bob Thrak, has been named today as one of four provincial Farm Family Award winners, a competition sponsored by the Department of Agriculture of the Province of Alberta.

Mr. Thrak is fifty-one years of age and is married to the former Pearl Gerber, also of Kelsey. They have five children, Theo, Greg, Hugh, Valerie and Patricia.

The award is presented for outstanding community service and in this regard both Mr. and Mrs. Thrak and their children are all very active.

Mr. Thrak was unavailable for comment as he was not at home when the announcement was made. Mrs. Thrak was reluctant to list the families' activities for fear of leaving any out as she was "too excited to think straight."

Hon. Gordon Taylor, Alberta Minister of Highways and Transport, attended the Canada Games at Halifax, as the representative of the Alberta Government. The Government representatives were guests of Premier G. I. Smith of Nova Scotia, for a cruise on Bluenose II, when the Alberta Minister assisted The Right Honourable Pierre Elliott Trudeau, Prime Minister of Canada, to steer the famous vessel

As the picture was taken, the Alberta Minister said: "This will look good on the province's!"

"Alberta can be really proud of its athletes, proud of those who won gold, silver and bronze medals, and proud of nearly one of the others all of whom participated in a sportsmanlike way", Gordon Taylor said. "The Canada Games can be a real unifying force in our country", the Alberta minister stated as he noted that every province in Canada, the Yukon Territory, and the Northwest Territories participated with more than 2,700 athletes taking part in the various games.

Leroy and Shirley Eaton and little son Ronnie of Sohn Beach, were Friday guests at the home of Leroy's mother Mrs. Ella Eaton, en route home from Vermilville.

SUNSHINE NEEDED

The rain that hit the district last week left approximately 1½ inches of water before it ceased over, causing many farmers with swathed grain and hay out in the fields. It will take several days of sunshiny warm weather with drying winds before harvesting can be resumed, as the fields were really soaked and water is still standing in sloughs that had been dry most of the summer. Some light frost followed the clearing of the storm but no damage has been reported to either gardens or grain in this district.

Another new family has moved into the district - Mr. and Mrs. A. Konsie and young son are living on the McLennan farm in Lakeshore district.

The Mercury

VOL. 53—No. 3—September 18th., 1969 $2.50 per Year, PUBLISHED WEEKLY AT TOFIELD, ALBERTA

NORTHWEST PASSAGE—The United States tanker Manhattan completed its way through the ice of the Canadian North on an experimental voyage to prove whether or not it would be feasible to transport oil through the Northwest Passage from Alaska to the Eastern United States establishment of the final sea of ice, rather than chance being frozen in all summer, it cleared most of the northern passage. If the economics of the trip seem reasonable to the oil industry, the trip could prove a serious threat to the Canadian oil industry.

Mercury celebrates birthday by winning an AWNA Award

The Mercury celebrated its 52nd birthday by winning its first award ever in Alberta Weekly Newspaper competition when it finished in third place in Front Page competition for newspapers between 1,000 and 2,000 circulation.

The Mercury, despite its long history, had never before finished this high in provincial competitions and was the only area paper to win any award. Other categories in this competition in which The Mercury competed were:

Best All-round — 1, Nanton News; 2, Rimbey Record; 3, Sedgewick Community Press.

Best Editorial Page — 1, Nanton News; 2, Rimbey Record; 3, Sedgewick Community Press.

Best Front Page — 1, Nanton News; 2, Rimbey Record; 3, The Mercury and Pincher Creek Echo (tied).

The Mercury, now in its third week into its 53rd year of publication, begins when W. Worton started the paper back in 1917, and continued its operation until his death in 1931. From 1942 to 1953 the paper was printed by the office of the Wainwright Star. In the early 30's with the assistance of his wife, Mr. Worton also published the Bur head News and the May Lake Times.

In August, 1953, The Mercury was taken over by Cliff Patterson and Ken Leneke who had previously been employed by the Lacombe Globe. Mr. Leneke passed away shortly after the takeover, and Mr. Patterson operated the publication until 1962, when C. A. MacLean and K. E. G. Partridge, owners of The Camrose Canadian, purchased the paper.

At that time, George Meyer took over as editor-in-chief, with Mrs. Dave Pollock as local editor. Mr. Meyer purchased the Tofer Times in June, 1966, and C. A. MacLean took over as editor until Ed Clinton, formerly of Calgary, assumed the position in November, 1967.

While an office is operated in Tofield, The Mercury serves a great part of the County of Beaver, with most centres having news correspondents. Recently, with the Holden Herald ceasing to publish, The Mercury circulation increased, and now over 1,400 families are regular readers of each issue.

Holden and Ryley will be voting in October

Holden and Ryley will be holding civic elections on Wednesday, October 15th while Tofield ended Nomination Day yesterday (Wednesday) by electing new councillors by acclamation

Ryley has three persons contesting two vacancies on the Village Council while Holden also had three nominations for two vacancies on Village Council. A vacancy on Holden's representation to the County School Committee was filled by acclamation. Tofield filled two seats on Town Council by acclamation.

TOFIELD

Jim Fisher was re-elected to serve a second term on Town Council while Henry Nachtigal will serve his first term of office. Outgoing councillor Gabe Pittet did not let his name stand for re-election. This was the second consecutive year in which vacancies were filled by acclamation as the mayor's posts and two council seats were filled last year without an election.

RYLEY

Three candidates, including incumbent Mrs. Jean Kondroski will contest two seats on Village Council. She will be joined in the race by Fred Loadon, a former member of the Council and newcomer George Kast.

John Stumbo, a sitting member is not running for re-election.

Election day will be Wednesday, October 15th.

HOLDEN

Nestor Semoluk was elected by acclamation to serve on the County of Beaver School Committee, representing the Village of Holden. This will mark Mr. Semoluk's third consecutive term of office.

Incumbent Bruce Budd will be joined by newcomers Archie Carlies and Jack Stambaugh in a fight for two seats on the Village Council. Mr. Budd has been a sitting member of Council since 1962.

The election will be held on Wednesday, October 15th.

All persons elected by acclamation and those elected on October 15th will serve two year terms. Since last year's members were elected to three year terms, all seats will become vacant in 1971.

Beaverites meet Bob Stanfield

A Beaver County trio travelled to Lloydminster last Monday and presented a brief to Robert Stanfield leader of the Opposition in the Federal Parliament.

The brief on farm problems was presented by Harry Christian, F.U.A. Director from Holden, Mrs. Ann Motkosh of Bruce, F.W.U.A. Director, and Peter Motkosh of Bruce Following the presentation there was a discussion of possible solutions.

The Beaver County trio reported being very well received by Mr. Stanfield, and felt assured of his support in their efforts to solve farm problems

Other officers elected for 1969-70 were: Representative to the Professional Development Committee, Dietrich Thuesen; representatives to the Economic Policy committee, Peter von Stackelberg and Harold Ferguson; representative of the Grimsair Zone Committee, Grace Phillips, program committee members, Mrs. Carol Hicks, Mrs. Helen Tiedemann, Mrs. A. Sabo and Mrs. Mollie Conn; social committee members, Paul Kowal, Lee Hicks, Linda Hicks, Mrs. Gail Bosch and K. H. Eastick.

A general meeting of the Beaver Local was announced for October 1 in Holden where revision of the constitution will be discussed

Spilstead wins Dunham Trophy

by Mrs. Jim Reddick

Spilstead's ball club out-lagged Minnie's on Sunday afternoon by a score of 13-9, to win the Harold Dunham Trophy.

The two teams had previously split two games, and Spilstead's victory on Sunday gave them the best-of-three series two games to one. Sunday's weather wasn't the most ideal for playing ball, but both teams make the best of it and gave a pleasing demonstration for the fans in attendance.

Spilstead will retain the trophy until next year, when it again will be "up for grabs".

Woman heads weeklies

Named president of the Alberta Weekly Newspapers Association last weekend is Miss Evelyn Rogers of Athabasca Publisher of The Athabasca Echo for the past several years, Miss Rogers is only the second woman to head a provincial weekly newspaper group, the other being in Manitoba about seven years ago

Miss Rogers' election came during the annual convention held last weekend in Edmonton, when a busy program of association business, shop talks and addresses was arranged by Howard Bowes of The Leduc Representative, who was elected first vice-president.

Born on a farm just south of Wetaskiwin, Miss Rogers commenced her newspaper career in The Wetaskiwin Times, then left for Athabasca, where she was associated with the late B. W. Bellamy before taking over ownership of the paper. For ten years, from 1954 to 1964, The Echo was an "all girl" operation, as three women were responsible for every phase of the operation, including filmotype, make-up and presswork.

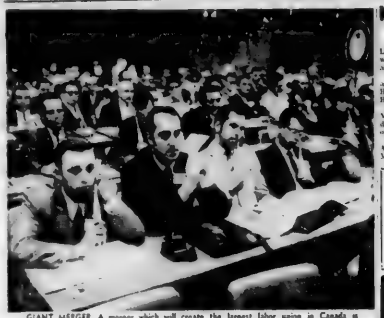
Our 52nd birthday

With the first issue of The Mercury printed this month the Merc year is put behind us. This is a long time in the service of which any paper can be proud. More important, a newspaper is failing in its avowed responsibility to its publishers, its readers and its community if it does not change with the times. Recent changes in the Canadian Weekly Newspapers Association set forth the principles which have governed the changes which have been made in The Mercury over the past year and which will have continuing effect in the next year.

The Mercury will continue to be published and will not abandon the principle of independence in business matters.

The Mercury will continue to be interested in the affairs of Bonnyville and district and will not abandon the principle of independence in editorial



GIANT MERGER. A merger which will create the largest labor union in Canada is close to becoming a reality. The Canadian Union of Public Employees (CUPE) is moving to clasp hands with the Public Service Alliance of Canada (PSAC), which would result in over 130,000 members being under one flag. — TTS Photo

Enns-Larson vows pledged Aug. 9th

—Photo by Lyseng Studios

On August 9th, the Tofield United Church was the scene of a lovely wedding, when Clara Mae, eldest daughter of Mr. and Mrs. Roy Larson of Lindbrook, became the bride of Walter Peter, son of Mr. and Mrs. Mrs. Peter Enns of Tofield. The Rev. Stanley Bessey officiated at the double-ring ceremony.

Entering the church on the arm of her father, the bride was lovely in her floor-length gown of taffeta trimmed with lace, featuring a floor-length train and lily-point sleeves. Her shoulder-length veil was held in place by a pearl head-piece and she carried a bouquet of pink carnations.

The maid of honor, Miss Wanda Sutton, friend of the bride, wore a floor-length dress of blue taffeta with a lace jacket. She carried white carnations.

The best man was Art Regier, friend of the groom, and ushers were Robert Kaco and Calvin Larson.

The soloist was Mrs. John Wall, who sang "The Wedding Prayer" at the beginning of the ceremony, and "I'll Walk Beside You" during the signing of the register. Mrs. Simson played the wedding music.

For her daughter's wedding, Mrs. Larson wore a navy blue suit with a corsage of white carnations. Mrs. Enns, mother of the groom wore a beige brocaded suit with white carnations en corsage.

Reception for 150 people was held at Lindbrook Community Hall. Lorne Filpula acted as master of ceremonies. Auguste Saint, uncle of the bride, proposed the toast to the bride, to which the groom responded. Miss Cheryl Larson, sister of the bride, was in charge of the guest book.

Out-of-town guests included the bride's grandparents, Mr. and Mrs. George Critchlon of Melita, Manitoba. Also there were friends and relatives from Saskatoon, Sask.; Virden, Man.; Kamloops, B.C.; Olds, Daysland, Stirone, and Edmonton.

Following a honeymoon trip through the Parks, the happy couple have taken up residence in the Lindbrook area.

Tofielders will erect apartment

New residence

This is a model of the proposed apartment building, containing eight suites, that is expected to be built in Tofield later this year. Planners are hoping to start construction early in October. If this project is successful, three more apartment buildings will be considered. This will be the first such construction in Tofield.

Tofield is not going to die if citizens of the Town have *any* say in the matter. With commanities of equal size dying all over the province, the people of Tofield are taking steps to attract new residents to the Town.

A group of citizens, backed by Town Council and the Chamber of Commerce, have banded together to finance the construction of an eight-suite apartment building. Construction is expected to get underway next month if the necessary financing can be raised.

This will be a community venture, with citizens being offered an opportunity to put a share in the project. Shares will be sold for $200 with a maximum of two shares to each purchaser.

The building will be 71 by 52 feet in dimension and contain five one-bedroom suites and three two-bedroom suites. Already four of the suites have prospective tenants, and little difficulty is expected in renting the remaining four suites.

Land for the building has already been purchased, so all the raising of the needed finances is the next big step. Those involved already are hoping that all monies will be raised by October 3.

Planners are anticipating that new families from Edmonton will be moving to Tofield as part of the Satellite project started earlier in the year. Already eight new families have moved into town, and a trailer court boom is expected.

Anyone interested in obtaining more information about the proposed construction of this apartment may contact Jim Ramsbottom, Mrs. Rita Halverson or Andy Heiberg

Seat belt campaign underway

The Alberta Safety Council is trying to make motorists remember to fasten their safety belts every time they enter a car.

Surveys and educational programs will be conducted by the Alberta Safety Council to see just how many people do wear their safety belts, and to show them why they should

The first surveys will be taken on this Saturday, Sept 27, and the first educational program will start the following Monday Over a four-week period, the Alberta Safety Council will conduct three surveys to assess the value of the educational program.

Surveys will be taken in an east fashion, with motorists being asked if they have seat belts and if they do, do they wear them, and if not, why not.

● Mr. and Mrs. Paul McMullen have returned to their home near Ladysmith, B.C., after an extended visit with Mr. and Mrs. J. R. Lancaster.

The Mercury readers who may be interested, might refer to the Future Dates Column, if they are light horse back riders.

Mr. and Mrs Steve Woodward (nee Pearl Pulterani), of Vancouver, have been visiting relatives and friends in Tofield and Ryley

Mr. and Mrs. James Saltarus have started on a six-month trip, of which the first month will be spent visiting friends and relatives, and the other five months in California. Mr. Wm. Stauffer will be living in their home while they are absent.

As concerns the visit of friends of Mrs. Amanda Mitchell to Edmonton, reported last week, it would have read Mrs. Anne McGettie instead of Mrs. Agnes McGinlie.

Mrs. Edna Terrie of Ladysmith, B.C., has been visiting friends in Tofield, and grandchildren at Bodden She spent Thursday night of last week at the S. A. Pearson home, and Friday night at the Frank Bluge home.

Miss Ruth Green and Miss Shirley Stinson were at the Stinson home from Friday evening until Sunday evening. Miss Green is a physiotherapist, and has been associated with the Edmonton Glenrose Hospital for the past six months. Hoy Lee was one of her patients recently. Miss Green will leave for her home in Australia at the end of this month, and will make some stops with regard to her work, at Chicago, Philadelphia, London, Athens, Nairobi and Kenya in Africa, and Milan, Italy, before arriving home at Perth, Australia. To complete this itinerary, she purchased a World Airline ticket for a circular trip commencing six months ago, paid in cash before commencing the trip.

Mrs. F. Campbell, Mrs. G. Phillips and Mrs. A. Sadiq, all of the Tofield School staff, attended an all-day workshop sponsored by the English Council last Saturday The theme of the workshop was "Creativity in the Language Arts".

Mrs. J. A. L. Smith and Edith Mary, of Edmonton, spent last Sunday at the home of Mrs. Smith's parents, Mr. and Mrs. J. W. Robinson.

Mrs. Gertie Chapman spent Sunday afternoon at the home of Mrs. Edith Rogers, and returned early Sunday evening to Edmonton with Mrs. J. A. L. Smith and Edith Mary.

Friendship meets

HOLDEN — The Friendship Group resumed their monthly meetings after a two-month recess when they met Thursday, September 18th at the home of Mrs. Mary Hooper with eight members and three visitors present The ladies spent some of the time making and rolling bandages which will be sent later in a parcel of articles to one of the Mission hospitals. A letter had been received from the Mission in Formosa thanking the ladies for the parcel of used Christmas and greeting cards which was sent early in the year, these are used in their schools.

The next meeting in October will be held at the home of Mrs. H. Roeder.

has sold her farm to the Melvin Campbells, son of Mr. and Mrs. George Campbell.

Mrs. Bietz has made her home here the past 18 years and raised a family of four one son, Jim, of Edmonton Mrs. Pat Chappell of Prince George, B.C. Mrs. Helen Gay of White Rock, B.C., and Mrs. Elva Anderson, Ryley South and also has nine grandchildren and two great-grandchildren. Since the death of her husband, Peter fifteen years ago, she lived alone with the help of her son Jim, of Edmonton, who came home on weekends.

She loves the outdoors and flowers and her lawn was well landscaped and kept up like a little park with many flowers, trees, and also a few fruit trees. She was also a dressmaker, handy in painting pictures, doing crochet and embroidery work.

Mrs. Art Hodge was the emcee for the following program: a musical selection by Mrs. Mary Dutrick, Elmer Lamkin and Miss Melanka a reading "Think of Me", read by her twin grandsons, Perry and Jerry Anderson; duet, "Surely Goodness and Mercy Shall Follow Me" by Mrs. Lauren Stauffer and Mrs. Sadie Boettger, a reading by her granddaughter, Rae Anderson, duet by Mrs. Stauffer and Mrs. Boettger, followed by a reading by Mrs. Joe Knudson and a musical number by a trio, Bishop Stauffer of Dodsle spoke briefly, doing some reminiscing, followed by a reading, "Saying Farewell to Friends and House", by Mrs. Art Hodge.

The guest of honor, Mrs. Betty Bietz, Mr. and Jim Bietz of Edmonton and Mr. and Mrs. Robert Anderson were seated at the head table, centred with flowers and a lovely cake, made and decorated by Mrs. Ona Strilchuk and her sister, Mrs. Lil Gudmonson. Mrs. Bill Kelly, Veida was in charge of the lunch cloth, made by Mrs. Lucy Owen, and the crochet edge was done by Mrs. Ezra Biel, autographed by everyone present with liquid embroidery.

On behalf of the Shaw Community Hall Board Mrs. Chappell made the presentation, a leather rippered stationery case and a purse of money. Mrs. Bietz thanked all for their kindness over the years and also for the party, with an invitation to come and see her when in White Rock. The ladies served a nice lunch.

A new way to keep your driving distance

Today a motorist needs a safe following distance to avoid crashes on the highway. Limiting speed to the safe following distance may seem a new theory but limited interval, can help the driver make a more accurate judgement of the safe following distance to keep in out of trouble.

The new timed interval works at any speed. Behind is noted on the [illegible] as the car passes a fixed object. Two seconds later the driver notes where he is. If he has covered more than one car length in that two seconds he is following safely. If he has covered less than one car length in that two seconds he is following too closely and should drop back to increase the following distance.

Boettger - Wideman vows pledged on July 26th

On Saturday, July 26th, Lucille Marie Wideman, youngest daughter of Mr. and Mrs. John Wideman, became the bride of Dennis Wayne Boettger, son of Mr. and Mrs. Harold Boettger, the ceremony taking place at the Salem Mennonite Church. To Field Pastor Harold Boettger performed the ceremony and Pastor Paul Voegtlin gave the scripture meditation.

Entering the church on the arm of her father, the bride was lovely in a floor-length gown of gaye of Shasta daisies and baby-breath.

The groom was attended by his brother, Mr. James Boettger and the bride's brother, Mr. Joseph Wideman.

Ushers were Marvin Lehman, Sanford Boettger, Joseph Kauffman and Kenneth Boettger.

An octet rendered songs of praise, "God of Our Strength", "A Nature Hymn", and a consecration hymn, "May the Mind of Christ". During the signing of the register, the soloist, Mrs. Gwen Boettger sang "Jesus, Thou Joy of Loving Hearts."

For her daughter's wedding, Mrs. Wideman chose a two-piece pink suit, while the groom's mother, Mrs. Boettger wore a light mauve dress. Both had a corsage of white carnations with a yellow rose.

A reception for 170 guests was held in the church parlor. A three-tiered cake, baked by the bride's mother and decorated by her aunt, Miss Edith Wideman, centered the bride's table. On either side were candles matching the bridal party's colors and bouquets of summer flowers, arranged by Mrs. Petra Stauffer, great-aunt of the bride. Out of town guests came from Edmonton, Stony Plain, Carstairs and Three Hills. Miss Lois Boettger was in charge of the guest book.

For going away, the bride chose a yellow two-piece suit with beige accessories.

The happy couple are residing in Edmonton, where the groom is studying in his third year medicine and the bride is finishing her course in nursing education.

a dog riding shotgun?

A dog named Hoss, at that. And a rabbit who's at home on the reins. Anything can happen on a Lethbridge Pilsner label. One thing never changes, though: the beer behind the action. It's Alberta's original Pil – still brewed the slow, natural way by folks who really know how to deliver that old time flavour.

Stauffer - Miller vows exchanged in Regina

On Saturday evening, May 17, friends and relatives gathered in Regina to witness the marriage of Judith Coralie Miller, daughter of Mr and Mrs. Harold Miller of Regina to Bryan James Stauffer, son of Mr. and Mrs. Boyd Stauffer of Tofield.

Rev. S. D. Shantz of Edmonton and Rev. J. J. M Lambert of Regina officiated. Music was provided by Mrs. H. B Evans who accompanied H. B. Evans, soloist.

Given in marriage by her father, the bride chose a gown of French Guipure lace over white nylon crepe de chine and carried a mauve orchid in a cascade of white daisies. She was attended by Misses Lynn Coleman of Edmonton and Lynda Mortin of Saskatoon. The groom was attended by Milo Stauffer, brother of the groom, of Tofield. Ushers were Joseph Widsmad and Gaylord Kauffman, both of Tofield. Mrs W Amsing of Calling Lake, Alberta attended the register at a reception Rev. Bailey Snow of Leader proposed the toast to the bride Mr and Mrs Stauffer are living in Swan Hills, Alberta.

HARVESTING SLOWS

Once again the farmers of this district have had their harvest lag halted with rain and mist that keeps those that have grain swathed from combining and unless it dries up soon, any grain that wasn't frozen will be sprouting in the swaths Others that are cutting with the binders find it hard to push for cutting at present Many of the farmers will have nothing but green feed due to the heavy freeze last week which makes the grain unfit for threshing. All their hopes are for a better year in 1970

IN MEMORIAM

EATON — In loving memory of Chas. Hubert Eaton, loving husband and father, who passed away September 24, 1958

Eleven years have passed and gone
Since the day Owen left us alone.
As time goes by the memories stay
As near and as dear as when he went away
This is a road called remembrance
Sadness
Where'er we travel along each day
Will be in our hearts.
The passing years won't take away
An empty space that no one can fill.
We miss you, Owen, and always will

—Ever remembered by your loving wife, Ellen, and two sons and daughters, Walter and Evelyn Eaton, Kenny and Shirley Eaton, and daughter Rita and Herbert Kenney and Girls.

A drop of water

You have undoubtedly heard of Smokey, the Forest Fire Prevention Bear, but do you know of Willie Willing Water? He comes to us, first, as a raindrop from the sky but his ancestors came from the ocean. Highspeed pictures have revealed that, as he falls, rather than appearing as the traditional "teardrop" form, Willie is flattened into a saucer-like disk.

Upon landing, unless he falls in a body of water, Willie continues his journey. Generally, he can run faster on a steep slope than on a gentle one, but of course if the slope is covered with trees, shrubs, thick grass or even weeds, that slows him up. On bare ground, he and his brothers push aside or carry along any crumbs of soil in their path and, in their hurry to get back to the ocean, carve a channel which eventually may become an ugly gully.

Water absorbs some of most anything which he comes in contact. As he falls to earth he may pick up fine particles of dust carried by winds, or such gases as sulphur dioxide and carbon dioxide in the fog and smoke that hang above so many of our cities. If he travels over the surface of the ground, or falls into a pollution stream like he picks up other impurities. If he travels underground, he picks up minerals.

All common minerals are soluble in water to some extent but some like salt, potash, gypsum and limestone, are far more soluble than most. Having absorbed them, Willie eventually leaves some of them behind. We see deposits of them around springs, or in the form of stalactites and stalagmites in caves. We also see them in such places as alkali deserts, minerals dissolved by the evaporation of water.

If the sun can get at Willie, he is evaporated and pulled up into the sky to form clouds. Before long ground, he may be pulled to the surface by capillary or blotting action and then evaporated, or he may be sucked up by plant roots and leaves and returned to the atmosphere as vapor—moisture so fine we cannot see it. Either way, he leaves behind any minerals and impurities he may have absorbed.

If he does manage to reach the streams and return to Old Father Ocean, sooner or later Willie is apt to be evaporated again, wafted away by wind, and eventually returned to earth where he has another series of adventures. That is known as the "water cycle" and it makes this world a good place in which to live.

MUCH WILL GO UNDER THE BRIDGE

Getting the new Canada Water Act into operation may well prove more difficult than the recent moon landing by man. Technological know-how is not the problem. The techniques have been developed and are available for both moon dust and clean water. People and institutions, however, have held back progress towards better water resources management and probably they will continue to preside most of the problems. The great mass of water is accurately under the jurisdiction of the provinces. If they won't play ball, there is likely to be no ball game at all. The provinces will be more sensitive than the federal government to the claims of industry and the financial strains implied by coming up to a national standard of such things as sewage and disposal. The federal government is to be commended for its clean-up proposals, but inherent in them will clearly be a long, frequently emotional quotations whose success will depend ultimately on provincial citizen's insistence that his water will be kept clean.

THEY'RE CHASING OUR DOLLARS

The Canadian dollar remains safety-positive but is becoming increasingly sexy as subject for the newest gimmicks compiled by the International Monetary Fund. David Thomson writes from Washington that currency drawings of Canadian dollars chosen by nations belonging to the 111-country IMF during the first half of this year totalled US$1.6 million. Interest that by the end of June the cumulative use of Canadian dollars to help finance borrowings by other Fund members had reached US$2.26 million.

September is ARTHRITIS MONTH. For every Canadian who attended the 1968 Grey Cup Game, there were two Canadians confined to bed or wheel chair due to arthritis or the other rheumatic diseases.

Modern etiquette

Q Is a person being improper or gauche" when he asks a waiter the meaning of certain unfamiliar items on a menu?

A No. No one expects you to know the food terms of every country, and it is not impolite to ask the waiter what "lamb en brochette means or "lobster fra diable".

Q Is it considered necessary to acknowledge the receipt of birthday or anniversary cards?

A If you mean a note, no. But it is good manners, when you meet the sender of the card, to mention it and how much it was appreciated

Q Is a bride supposed to write thank you notes for wedding gifts received from her bridegroom's parents and to his brothers and sisters?

A It's not absolute's necessary if she has already thanked them verbally and warmly. On the other hand, a personally-written note of genuine thanks is even more of an indication of good-breeding

Thieves enter Tofield Texaco

Tofield Texaco Service was broken into sometime Monday night, the second time within a two week period.

Thieves made off with eight tires, tool box complete with mechanic's tools, a stereo radio, from thirty to fifty dollars was taken from a soft drink dispenser valued at six hundred dollars was completely destroyed, vanity machines were wrecked, two gas pump handles were broken and fifteen fluorescent light tubes were smashed.

In the break-in two weeks ago, thieves netted four tires, 40 stereo tapes, two batteries, ten dollars in cash was taken from soft drink dispensers and the dispenser was damaged so badly that it was needed for a new one.

On both occasions, intruders gained entry by smashing a window and then opening the latch on the door.

Owner of the service station is Norm Odland. Investigations into the two break ins are continuing.

Tofield students get scholarships

Two Tofield students were awarded scholarships during the official opening program of the Canadian Mennonite Bible College in Winnipeg.

R. Speaker addresses Holden graduates

by Mrs. G. H. Taylor

The Graduation Exercises for the Graduating Class of Holden High School for 1969 was held Saturday, Sept. 20, commencing with a sumptuous turkey banquet in the Holden Community Hall, which was catered by the ladies of Holden U.C.W.

Master of ceremonies was Mr. Earl Hardy, vice-p incipal, with the following program: Welcome, by Earl Hardy, Grace, by James Watson. Toast to the Queen, by Terry Hrynchuk; Welcome Village of Holden, by Lara Olson. Mr Hardy then introduced the guests at the head table, who were heartily welcomed. Toast to the School Committee, by Robert Skeryk—the reply being given by A. L. Gibson, Councillor for the County of Beaver No 9. Toast to the Parents, by Judith Barka—reply by John Barka. The Toast to the Graduates was given by Lyle Grosland, and the reply by Patricia Grube.

The Exercises were held in the Holden Gymnasium, with William Ogrodnik, Principal of Holden School being the chairman, and were opened with Prelude, Processional and "O Canada", the pianist being Mrs Audre Gleberhaus. The Invocation was then given by Mr. James Watson, minister of the United Church; this being followed by remarks by the chairman, William Ogrodnick.

The Valedictory Address was given by Marilyn Diane Komarnisky, Mr. Olch Shykora then introduced the Honorable R. A. Speaker, MLA, Minister of Social Development for the Province of Alberta, who was the guest speaker for the evening. At the conclusion of Mr. Speaker's address a choral selection "Voice - A - Tities" was enjoyed by all.

The presentations of Awards, Pins and Diplomas followed—the Alberta Teachers' Association Award, won by Marilyn Diane Komarnisky, was presented by Joe Paciul. Marilyn was also the recipient of the Holden Lodge G. O. R. P. Annual Scholarship Award, which was presented to her by H.R.L. Mary Semeniuk.

Lyle Heiberg elected as Tofield SU prexy

The T H S boys, coached by Mr Whyte and Mr. Irwin, started the football season on September 18 by defeating Viking 18-16.

The following Monday, the boys downed Ryley at Tofield in an exciting 12-7 victory. Last Thursday they travelled to Holden but lost 21-12.

We'd like to see you all out to support our rugged football stars at the home games:

Oct. 2—Tofield at Ryley.
Oct. 8—Ryley at Viking.
Oct. 9—Holden at Tofield.
Oct. 14—Final.
Oct. 16—Final.

T.H.S. ELECTIONS

Highway safety

Vehicle inspection, heavy penalties for drinking drivers, police patrols and roadblocks are all designed to make our highways a safer place to drive This is having some effect, but if it is the solution, why are people continuing to be killed at such an alarming rate? Most of the fault in traffic accidents lies with the drivers involved and many times there is absolutely nothing wrong with the vehicle, and liquor was not involved

Alberta drivers get a license that entitles them to drive for a five-year period and then it is a simple matter to renew these licenses for a further five-year period. Maybe all drivers should be tested each time they apply for a license. This might cost the taxpayers more money, but it might be one investment that would be worthwhile There are many drivers on the road today who should not be allowed to drive in a field. Drivers that received licenses before testing was made compulsory should be made to take a test and after a certain age is reached, a doctor's report concerning eyes, ears and heart should be a must. The demerit system, which will probably come into effect in the spring, may rule off a number of bad drivers from the road but it is not a complete solution. Although it may seem that way to some people, the police are not everywhere and cannot apprehend every bad driver. If the police stepped up their traffic program control, then we would hear cries of "Police State" and other such pleasantries. Drivers may ridicule any suggestion that they should have to submit to testing, but then, they are the ones involved in the accidents, aren't they?

Interest rising

By-elections usually stir up only small amounts of interest in the area involved, but this apparently is not the case in this province any more The arrival on the provincial scene of Peter Lougheed has caught the imagination of the voters and the campaign and close battle fought by the Progressive Conservatives in the last election has fired up the voters to the point where every byelection is now being closely observed

Such is the case in Edson where a byelection has been scheduled All four parties will have candidates contesting the seat and the result may go a long way towards determining the outcome of the next provincial election. Should the Social Crediters win the seat, it would be a bad blow to the surving hopes of the Progressive Conservatives, but, should the latter take the seat, the momentum of winning could carry over to the provincial election

Vote

Voters in Holden and Ryley will be going to the polls in thirteen days to fill vacancies on local rivic administration boards. This right to vote should not be taken lightly and everyone should go to the polls Many countries do not have the right to select the people operating the business of their own communities and would readily give their lives for such a opportunity We in Canada have always had this right, but the day may come, if we are not careful to preserve it, that we may lose this right Protect your rights on October 15th by voting

Lakeshore - McKenzie news items

(Mrs. Ellen Eaton)

LAKESHORE - McKENZIE — The UCW wishes to remind all who are interested to save all their papers, magazines and paper boxes for the paper drive coming up the latter part of October. The date and place to leave the paper will be announced later.

If rain at this time of year is smart, then we have it, with rain, rain and more rain most of September, on along with frozen crops the farmer's are having their headaches, worrying about getting feed up for their stock for winter.

Mrs. Alma Holman of Millet spent from Friday to Sunday as a guest of her friends, Mary and John Wood at their home here.

Mrs. Ellen Eaton had her son, Leroy and Shirley Eaton and son Ronnie, her three cousins, Mrs. Eva Bridgman of Burlington, Ontario, Eva's brother Burt and Lillie French of Fort Saskatchewan, all as dinner guests and Eva, Burt and Lillie also spent the rest of the day until after supper with Ellen. Later in the evening Alfred and Ida Koenig and little son Barry were visitors there also.

George and Ida Niemetz were Friday evening visitors at the home of Ellen Eaton.

Mrs. Ila Walker spent from Thursday to Monday at the home of her daughter Pauline (Polly) and Sandy Petrovich and family in Edmonton, and while there attended the wedding of her granddaughter, Judy Petrovich to Bruce Weaver on Saturday.

Hans and Martha Jacobsen of Edmonton were Sunday visitors at the home of their son, Morley and Marjorie Jacobsen.

Mrs. Isabella Riley and her sister-in-law, Mrs. Edith Cartledge of Spokane, Washington, were Sunday afternoon visitors at the home of Ellen Eaton. Edith was the former Edith Riley and neighbor friend of Ellen in the Lakeshore district.

Elmer and Vi Geoghan motored in Hanna where they were Sunday and Monday visitors at the home of Vi's brother and sister-in-law, Bill and Aileen Taylor.

Mrs. Ellen Eaton accompanied George and Ida Niemetz to Edmonton on Monday afternoon and were evening visitors at George and Ida's daughter, Gail and Bob Cumbo's home before returning home.

Mrs. Ruth Wickenberg returned home on Monday evening after spending the past two weeks visiting, first with her daughter, Mrs. Vivian Jones in Edmonton and from there she went to Lacombe to visit her sisters, Nettie Thomas and Sibyl Nelson. She also visited her sister, Ada Keaton at Alix. The sisters also visited other relatives and friends there and at other points.

Mrs. Charles (Mickey) Niemetz and daughter, Mrs. George (Fuzzy) Bakker and her daughter Cheryl left on a motor trip to Vernon, B.C. on Monday. They expect to be gone only a couple of days.

Erase and Emily Roberge of Edmonton entertained Emily's brothers and sisters, namely: T. D. Ferguson and sons Lloyd and Stuart; Howard and Mae Ferguson; Russell and Mabel Ferguson; Helen and Joe Murray and Mrs. Mabel Bailey at a family re-union dinner at their home on Sunday and at the same time all celebrated T. D.'s birthday Missing from the family re-union were Elmo and Jessie Ferguson and Lionel and Emma Ferguson. The Ferguson family were old-time residents of the Lakeshore district.

FIRST FATALITY. Howard Grafftey (left) shows Ralph Nader (right) the spot where H. H. Bliss was struck down and killed in New York, September 13, 1899, by a "Horseless Carriage." Since that death the automobile has killed one and three-quarter million North Americans, more victims than all the wars in history. Each year Canada loses 5,000 lives and gains 200,000 disabilities due to automobiles at a direct measurable cost to the economy of one billion dollars. If we didn't have heart disease or cancer, cars would be the biggest killer of our time.—TTS photo

Jehovah's Witnesses will meet in Leduc

The Leduc Arena in Leduc, Alberta, will be the site of a three-day semi-annual convention of Jehovah's Witnesses to be held October 10th to 12th. Torsten M. Toflefson, presiding minister of the Tofield Congregation, along with 28 members, will be leaving for Leduc shortly. They will be joining 712 other Jehovah's Witnesses from 14 congregations in Edmonton and surrounding areas.

The delegates will participate in a program consisting of morning, afternoon and evening sessions of Bible talks, discussions and demonstrations.

The program will commence Friday, October 10, and climax Sunday, October 12, at 3:00 p.m., with the keynote address "True Worship Versus the Fuller", delivered by the principal speaker, D. G. Cluff of Toronto.

Modern etiquette

Q. Does the mother of the bride remain in her pew after the bridal party has gone up the aisle and wait for an usher to return and escort her out of the church?

A. Yes, this is the correct form.

Q. Is it proper to use the napkin for removing some unwanted particle of food from the mouth, such as a bone or inedible portion of meat?

A. Never! This is done with the fingers and then, of course, the napkin is used for wiping those fingers.

MacDuff Ottawa Report

Government lay-offs

OTTAWA, Oct. 8.—When Prime Minister Pierre Trudeau lauds his Liberal members back to their seats in the Commons this month (Oct. 2) one of the first motions of lack of confidence they will face will stem from the proposed lay-offs of civil servants. The government's method of handling this ticklish problem has aroused anxiety and anger among its employees and members of their families.

Opposition members have taken up verbal cudgels on their behalf. Opposition Leader Robert Stanfield in a recent speech denounced the government's announcement of its guidelines for cutting down the size of the government service as an "extraordinarily harsh".

He warned that it could mean the loss of the ablest and most promising young people in the ranks of the civil service.

READY SCAPEGOAT

Mr. Stanfield however, is a realist. He conceded that there are many Canadians outside the government service who will applaud the government's decision to slash the number of employees on its pay-roll.

"I fully realize that the bureaucracy is always a popular target. Nevertheless, as one who has been governor of a province for eleven years, I think it necessary that people who are interested in effective government be reminded how unwise it is to develop and maintain a high quality of public service," he said in a recent public speech.

David Orlikow, a Winnipeg member of Parliament for the New Democratic Party, was particularly outspoken in his criticism for the government's "short, less than merciful" cut in its staff. He foresaw that it could be the basis of the first non-confidence motion from the NDP this Fall.

POINTS OUT LESSONS

The Federal Government's sloppy handling of its program to reduce the size of the civil service shows that it obviously needs a team in public relations, or personnel relations.

Prime Minister Trudeau in August went on national television to declare his determination to launch an anti-inflation program of restraint within the administration. He said that, as part of the cut-backs in spending the government would reduce the civil service by 10 per cent.

Mr. Trudeau estimated that would mean 8,000 government employees out of the 220,000 would be retired or quit of their own accord or be dismissed. However, he doubted many would be dismissed because he explained that normal attrition reduces the staff generally by 10 per cent each year.

He reassured the government employees that the cut-back in the number of workers on the government pay-roll would be relatively "painless". But the government's actions have not suited the Prime Minister's words.

HARDLY PAINLESS

Early in October, Fisheries Minister Jack Davis summoned a press conference. He told the newsmen that 300 full-time employees in his Department would be fired and more than 300 temporary workers would be out of work in the fiscal year 1970-71.

The dismissals of the full-time workers would start a move immediately involved were a number of scientists and engineers he said, number as well over 100. He assumed they would have little difficulty in getting other employment.

The news about the federal civil service like a bomb explosion. Shock waves were felt throughout the national capital and across the country.

Firings in the civil service? It was incredible news.

WHOLE SERVICE AFFECTED

Some government workers attempted to comfort themselves with the thought that only the Fisheries and Forestry Departments were to be cut. But other government departments began to announce their cut-backs. The whole civil service was affected.

It was a directive that made it clear that full time employees aged 60 and over and casual workers will be the first to face dismissal as Ottawa cuts back on spending to fight inflation.

The Treasury Board also asked the Public Service Commission to restrict or suspend hiring and promotions in affected occupational groups. This would ease possible reassignment of employees made surplus because of the Cabinet's decision to hold-the-line on spending.

It was also made clear that those who were discharged should be given at least three months notice. Two of those months would be spent in trying to find other work in the civil service.

Then there are some 11,000 civil servants aged 60 and over. Not all will be required to take early retirement. Some who are regarded as very valuable in their positions will be kept on staff. But the others will be dropped into Canada's "senior citizens" category—the people on fixed pensions or incomes.

Ironically they are going into a category that suffers the most from inflation because of inflation it is the pensioners who have a fixed income who are hurt the most if inflation continues to push prices up and up.

The government hopes to curb inflation. Time will tell.

THANKS

Dear Editor,

The letter below was received by the Tofield Community League. The community wishes to thank Mrs. Hope Patterson and her volunteer workers for the many hours spent, which made possible such a large contribution to the Cancer Society.

"We would like to express our appreciation to the Canadian Cancer Society and your many workers who worked very hard to collect this amount of money.

"The cheque received in the amount of seven hundred sixty four dollars and ninety cents is correct. Please extend our appreciation to all those who helped in any way to make this possible. We have been very impressed with the enthusiasm and co-operation shown by the people in your area.

Yours truly,
Mrs. G. Larkin
District Secretary"

Reason needed

Members of the Montreal Police Force should not feel very proud of themselves, following the outbreak of violence that came during their strike. The police are not going to find Montrealers feeling too happy with them, for two reasons. First and of course most important was the crime and violence that dominated the city while the police attended the study sessions. Secondly is that many feel that the wage demands of the police were unwarranted. An increase of one thousand dollars per year should have satisfied them, but they wanted pay parity with their counterparts in Toronto and demanded about double the increase offered.

Police work is dangerous, as was proven in Toronto recently when a policeman was shot to death with his own revolver. Parity in wages might be very desirable all across the country, but, while parity is desired, it must be gained in stages, not in one huge increase. Most centers are having tax problems and Montreal is experiencing the biggest problem of any place in the Dominion. It was just too bad that the policemen in Montreal were not mature enough to realize the difficulties and adopt a more reasonable attitude and had not withdrawn their services. Lack of police service in Montreal for a short period of time and its resulting carnage may finally force governments to realize the dangers of allowing essential service people the right to strike. Unions are getting too strong and are abusing this right from one end of the country to another. The disruption in Montreal should point out that the country can no longer afford such luxuries.

Reminder

Just a gentle reminder to voters in Hyles and Holden that they have the right to go to the polls on Wednesday in local elections. This is a right that has been earned by the people of this country and should not be abused by staying at home. Step up and be counted!

Later this month, vacancies on the County Council will have to be filled as Nomination Day is rapidly approaching. Now is the time to consider your own position and maybe let your name be entered for a position with the local administration. Or maybe you have a neighbor that would do a good job. Talk to him and convince him that he should run for office. Someone has to do it and we all owe at least some service to our community. Don't always depend on the other guy, because you may find it he was depending on you.

Much will go under the bridge

Thanksgiving

On Monday we will again celebrate [illegible] Despite the unrest on university campuses [illegible] and all [illegible] we have much to be thankful for. [illegible] sometimes our burdens seem extra heavy and life seems to be nothing but a dreary grind and we often adopt a feeling that anything would be an improvement. This is human nature, but we should always remember those less fortunate and our lot looks ever so much better. You and I can sit down and enjoyed turkey while others meander a handful of scraps a feast. Enjoy your turkey along with your other blessings. Be thankful for what you have and hope and pray that others in the world can also be able to have what you take for granted.

Modern etiquette

Q. Have I been wrong all these years, as my wife seems to think, for my habit of eating the olive or cherry that comes in my cocktails?

A. Not at all. You are perfectly entitled to eat these fruits, provided you do it as gracefully as possible . . . no obvious lapping of the glass or tapping on its bottom to loosen a particularly recalcitrant bit of fruit.

Q. I've been told that the double-sheet type of personal stationery is not for a man. Right?

A. Not necessarily. It's really up to the man himself. Some men think the single-sheet kind of stationery is more masculine than the double-sheet variety.

Q. When one has already given a gift to a new-born baby, and is then invited to the christening, is another gift in order?

A. No.

Q. How should the tines or prongs of one's fork be pointed while one is taking food into the mouth—up or down?

A. While cutting the food on the plate, the tines are pointed down—but when lifting the food to the mouth they pointed upward.

CLC is preparing for Homecoming

Plans are being finalized for Camrose Lutheran College's annual Homecoming Celebrations, scheduled for Friday, Saturday and Sunday, October 17, 18 and 19.

The highlight of Friday, Oct. 17, will be the crowning of a Homecoming Queen by the 1968 queen, Irene Hansen of British Columbia. Ten girls will be competing for the crown and will be making their first public appearance tomorrow (Thursday) night at the Convocation Centre during Queen Candidate Night. The program begins at 8:00 p.m. and is open to the public.

Various activities are scheduled for Saturday, Oct. 18, with the feature attraction being the football contest between CLC Vikings and Notre Dame of Wilcox, Saskatchewan, at the Fairgrounds starting at 2:00 o'clock.

Elections to the Alumni Association Board of Directors will be completed on Saturday, with eight candidates seeking five vacant seats. Candidates are Al Anderson, Edmonton, Larry Berg, Botha, Linda Chant, Calgary, Ron Christenson, Edmonton, Mrs. James Howland, Camrose, Bayne Murray, Edmonton, Marie Olson, Edmonton, and Odell Olson, Edmonton.

Student Union officials announced earlier this week that elections to officers in the Students' Union would be held tomorrow (Thursday), with the polls closing at 5:30 p.m.

Personnel for CLC's Year Book staff have been announced and will comprise Marilyn Erickson, Joanne Heggs, Philip Simpson, Sharon Johnson, Carol Koppel and Pat Orom.

A breakdown of student enrollment at CLC for this term shows that Lutherans are in the majority, as 37.3% of the student enrollment of 337 belong to other religions.

Beaver Council meets

Following are the minutes (in part) of the regular meeting of the Council of the County of Beaver No. 9, held Thursday, September 11th, 1969.

Present were Crs. W. A. Davis, A. L. Gibson, W. D. Johnston, G. Kondelun, W. Krupicki, J. H. Reddick, and C. W. Sears.

The meeting was called to order at 9:40 a.m. by the Reeve, Cr. Reddick.

As the Fieldmen, Rex Boyles, had been on holidays, there was no Fieldmen's report for this meeting.

Cr. Krupicinicki advised that the Tofield Hospital Board had purchased a house in Tofield for the Administrator. This was paid in full out of surplus monies which had accumulated over the years and the house was being rented to the Administrator. He has a certain length of time in which to purchase this house from the Hospital Board if he so wishes.

Cr. Reddick reported on the Viking Hospital, they had purchased a house for their Administrator as well and were using it to him. The house had been paid in full out of surplus monies which had accumulated at the Viking Hospital account. Cr. Reddick also advised that the administrator had resigned and there would be interviews for a new administrator. He also mentioned that the Viola Lodge was coming in a resolution to have the government increase the allowable rates for Senior Citizens homes.

The Secretary-Treasurer advised that he had received no word from Enfac Developments in regard to our approval to allow this company a further year to develop a road into their property.

There was some discussion on the casualties at Nugget Lake and at Camp Lake. Cr. Kondelun said that the kitchen and toilets were in need of repair at Nugget Lake. Some of the plywood on the kitchen walls has been kicked in and the whole thing needs painting. It was moved and carried that the campsite at Nugget Lake be repaired.

Cr. Reddick said that he had talked to Mr. Harvie of the Department of Lands and Forests Parks Planning Branch, at a meeting at Viking regarding improvements to Camp Lake park.

It was moved and carried that we request assistance from the Parks Planning Branch to help outline new facilities at Camp Lake.

The Secretary-Treasurer advised that the road diversion in the S.W. 25-43-18-W4th had been cancelled and the land transferred back to the owner of the quarter.

A letter from the Alberta Government Telephones, Public Relations Manager, was read. This letter indicated that we are not co-operating with the Alberta Government Telephones in regard to the moving of buried cable. The Council expressed the opinion that we are getting very poor service from Alberta Government Telephones; sometimes it takes weeks in order to get someone in to move the buried cable after they have been notified. In some cases it has been months.

It was moved and carried that we advise the Alberta Government Telephones that we are not satisfied with their service in moving telephone buried cable.

A copy of a letter from the Town of Viking to the Department of Agriculture, Water Resources Division, was read. This letter dealt with the ditch in the W ½ and the N.E. 31-47-13-W4th. This had been dealt with by the Council at the meeting on June 1st 14 and the Council at that time expressed the opinion that they had no interest in this ditch and were not prepared to be involved in any reconstruction. The letter from the Town of Viking suggests that the County of Beaver are involved in that the ditch drains water from its road allowance. The letter suggested that a meeting would be desirable with the County of Beaver and the other interested parties.

It was moved and carried that Crs. Reddick and Johnston be a committee to attend a meeting that might be called in regard to this ditch.

As Mr. George Taylor had resigned as Emergency Measures Co-Ordinator for the County of Beaver Emergency Measures Organization we have had no co-ordinator since early spring. The Secretary-Treasurer advised that he had contacted Mr. Rex Boyles and asked if he would be interested in taking this position on. Mr. Boyles had indicated that he would be willing to do this.

It was moved and carried that Mr. Boyles be appointed Unit Co-ordinator for the County of Beaver No. 9 Emergency Measures Unit.

A report on the Bruce well from the Vegreville Health Unit was read. The report indicated that a new cement pad would have been provided throughout the [illegible] so that the premises can be cleaned properly.

It was moved and carried that Cr. Doris arrange to have the necessary work done to bring this well up to standard.

Preliminary Agreement from Marathon Realty Ltd. was presented. This preliminary agreement was for allowing us to backslope the road by the W. ½ of 11-47-16-W4th.

It was moved and carried that this Preliminary Agreement be approved.

A discussion was held on the construction rates for annuity owned equipment. An analysis of the rates indicated that we are able to effect a saving of 38% over the rates of the Provincial Department of Highways. There was some discussion on the advisability of adjusting our rates for the use of the equipment.

A request for approval of the extension of a power line to service McKernon property from McGuires in the Lindbrook area was presented.

It was moved and carried that this request be approved.

A request from the County of Beaver No. 9 Recreation Board to pay for advertising cost in the amount of $764.00 to hire a Recreation Director for the County was presented.

It was moved and carried that we pay the account and that it be recovered from the grant when it is received from the Department of Youth.

An agreement from the County of Beaver No. 9 Recreation Board in regard to the operation of the board was presented.

It was moved and carried that the Reeve be authorized to sign this agreement on behalf of the County of Beaver No. 9 Council.

There was some discussion in regard to the cleaning of dirt which had accumulated in the Round Hill Drainage Ditch.

It was moved and carried that Cr. Krupicinicki arrange to have the dirt cleaned out of the Round Hill Drainage Ditch and that it be paid for by the County of Beaver No. 9.

By-law No. 298 in regard to a reciprocal fire agreement between the County of Beaver No. 9 and the County of Flagstaff No. 29 was presented. It was given three readings and carried.

Cr. Doris mentioned that the deck had broken on the bridge on the west of the S.W. 29-46-15-W4th. On checking this bridge it was noticed that the under pinning was pretty well rotted and it was Cr. Doris's opinion that this bridge was dangerous.

It was moved and carried that we contact the Bridge Branch and have this bridge on the west of the S.W. 29-46-15-W4th replaced as quickly as possible.

As there was no further business it was moved and carried that the meeting adjourn at 4:30 p.m.

One board foot of lumber measures 1" x 1" x 1".

County School Committee briefs

Following are the minutes, in part of the regular meeting of the County of Beaver No 9 School Committee, held Tuesday Sept 16th

Present were Crs W A Dann, A L Gibson W D Johnston, G Knudsen, W Krupenicki, J H Roddick and C W Sears, also C J Nord H C Wilkie and J Allen representing Towns and Villages, and Mr N Bemstok and Mr Marvin Bruce

The meeting was called to order at 10 a m by the chairman, Cr Roddick

Cr Roddick expressed the pleasure of the School Committee at having Mr. Bruce back as Superintendent.

Business Arising from Minutes

The Secretary - Treasurer read correspondence from the School Buildings Board advising that the submission for additions and renovations to the Tofield School and to the Viking School were refused by the School Buildings Board.

It also noted that in the correspondence that they wish to be advised of the decision made by the School Committee concerning the recommendation made by the Educational Survey Team Mr Bruce elaborated on this and said that we will eventually have to say whether we are going to centralize or whether we are not, as some of the programs will depend on what the school Committee decides with respect to centralization.

Cr Roddick said that we had been advised that these additions to the Tofield and Viking School were necessary regardless of centralization.

After considerable discussion, it was moved and carried that we advise the Department of Education that we are not prepared to centralize our high school services at the present time.

It was moved and carried that the Superintendent prepare a report on the need for additions and upgrading of facilities in the schools of the County for the November School Committee meeting.

The Secretary - Treasurer advised that Mr. Beck had tried to arrange for the band instruments which had been requested by Mr. Bus at Tofield School. He had not been able to find anyone who would supply them on either a rental or a rental-purchase arrangement Mr Wilkie said that he had contact with some of the band members in Tofield, and that he might be able to find someone who would supply them on a rental-purchase arrangement

Mr Ken Eastlick, Principal of the Tofield School, submitted a letter of appreciation to the School Committee for sending him to the Principals' Leadership Course last summer

It was suggested that we offer to pay for correspondence lessons for those pupils in Tofield School who wish to take French, and that we engage Mr Robert Lysle, who is presently attending University, to come out periodically to assist these students and to work on the oral part of the Frances course. Those pupils would then be able to write the semester exams in January, and those who did not make it in January would also be able to write in June

Mr Bruce advised that he thought he had a teacher for the Holden Hutterite Colony, but the arrangements had not yet been finalized and that this teacher would be on a temporary contract until arrangements were definitely made

Mr Bruce reported on the interviews with the bursary students. He advised that several year students, Miss Jane Chorney and Miss Gwen Klassen had not had their bursaries in in time to be approved at the previous meeting.

Moved and carried that we approve payment of bursary to Jane Chorney and Gwen Klassen for the 1969-70 university year

There were also some first year university students who had not been approved at the previous meeting. These were Frederick Komick, Donald Kendrat and Gwendolyn Jacobsen

Moved and carried that we approve payment of bursary to these three students

The bursary committee had discussed the whole bursary program, and it was agreed that there should be a committee set up to study our bursary program and to make recommendations to the School Committee

Moved and carried that Keith Robson, Douglas Lehman Marvin Bruce and Robert Cruse be a committee to study the bursary program and to report back to the School Committee

A career counselling program, which is being carried out by the University of Alberta, was discussed It is a high school visitation project. This project had been outlined by one of the university students, Mr. Don McKenzie, to the Principals' Association meeting

Moved and carried that the School Committee authorizes the use of facilities for this high school visitation project, and that the school be suspended for those classes which are interested in this program

A summary of grade IX and grade XII results were passed out to the School Committee The results show a definite increase in the percentage of students writing who passed with a B or better this year. Mr. Bruce indicated that he had not been advised of who the Lieutenant Governor's award winner would be this year

Moved and carried that when the Governor General's award winner is known that we supply an engraved watch to this pupil

The enrollment in the classrooms in the County was discussed. It appears that there are some teachers who are overloaded and that there may have to be some adjustment made to reduce the number of pupils in some classrooms.

Moved and carried that the Superintendent be authorized to employ extra help as he see fit to relieve over-crowding.

A letter was read from Mr Lloyd Campbell, principal of Viking School, requesting permission to allow high school students to leave the school during their spare periods. Apparently this had been done last year but approval had not been requested from the School Committee Mr Campbell suggested that this would be only on a trial basis and that it could be cancelled without notice

Moved and carried that we allow the high school students to leave the school during their spare periods in the Viking School on a trial period to the date of the November meeting, and that Mr. Campbell present his recommendations at that time.

The Secretary - Treasurer advised that we're trying to dispose of some of the old school sites which are not being used. One of the schools had been turned over to the community organization last fall but never been transferred. The school is presently not being used and it is doubtful if it will be used again because it is in pretty bad state of repair The Secretary-Treasurer requested the permission of the School Committee to advertise this building for sale providing the people in the community do not require the school.

Cr. Roddick advised that there is another one like this in the Viking area, Hayter School, and it possibly should be dealt with in the same manner.

Moved and carried that the Secretary - Treasurer be authorized to advertise Salt Lake and Hayter schools for sale, provided they are not required by the local organization

Mr Neil Reid attended at this time in connection with the bus supervisor's report Mr Reid indicated in his report that two of our 1961 spare buses are going to need quite a bit of repair if we are going to keep them another year Mr Reid was advised that the Policy of the School Committee is that these buses will be replaced after 8 years, and that these buses will not be required after 1969.

Moved and carried that the Bus Supervisor's report be accepted

The levy for extra buses on the Holden Hutterite Colony was discussed The various ways of raising the project levy for school services were discussed, a matter of opinion. The School Committee felt that the levy should be on an actual cost basis and should be levied for the school term. No final action was taken at this time as there is no agreement with the Hutterite Colony in regard to the operation of their school

As there was no further business, it was moved and carried that the meeting adjourn at 1.00 p.m.

Tofield son wins 'trip'

Mr. and Mrs. Stanley Baetger, son and daughter-in-law of Mr. and Mrs. Edgar S Baetger, will be flying from their home in Calgary on October 4, to spend five days in Toronto.

Stanley, having won an all-expense paid trip to the Inter-national Electronics Conference and Exposition held in Toronto, will be attending lectures covering various topics, such as: Computer Aided Design. Canada's Communication Satellite Program and Engineering Problems in Building an Artificial Heart. The latter subject being presented by Dr. J. C. Callaghan, A. M. Daniel, and Dr. A. K. Mandal, of the University of Alberta.

The trip is the result of Mr. Baetger's cool Mr G Croft's prize-winning paper, "A Proximity Ultrasonic Burglar Alarm". They designed and built the alarm as a fourth year electronics project at the University of Alberta.

Business Arising from Minutes

The Secretary - Treasurer read correspondence from the School Buildings Board advising that the submission for additions and renovations to the Tofield School and to the Viking School were refused by the School Buildings Board.

It also noted that in the correspondence that they wish to be advised of the decision made by the School Committee concerning the recommendation made by the Educational Survey Team. Mr. Bruce elaborated on this and said that we will eventually have to say whether we are going to centralize or whether we are not, as some of the programs will depend on what the School Committee decides with respect to centralization.

Cr. Roddick said that we had been advised that these additions to the Tofield and Viking School were necessary regardless of centralization.

After considerable discussion, it was moved and carried that we advise the Department of Education that we are not prepared to centralize our high school services at the present time.

It was moved and carried that the Superintendent prepare a report on the need for additions and up-grading of facilities in the schools of the County for the November School Committee meeting.

The Secretary - Treasurer advised that Mr. Beck had tried to arrange for the band instruments which had been requested by Mr. Bus. at Tofield School. He had not been able to find anyone who would supply these on either a rental or a rental-purchase arrangement. Mr Wilkie said that he had contact with some of the band members in Tofield, and that he might be able to find someone who would supply them on a rental basis.

Mr Ken Eastlick, Principal of the Tofield School, submitted a letter of appreciation to the School Committee for sending him to the Principals' Leadership Course last summer.

It was suggested that we offer to pay for correspondence lessons for those pupils in Tofield School who wish to take French, and that we engage Mr Robert Lyolo, who is presently attending University, to come out periodically to assist these students and to work on the oral part of the French course. Those pupils would then be able to write the semester exams in January, and those who did not make it in January would also be able to write in June.

Mr Bruce advised that he thought he had a teacher for the Holden Hutterite Colony, but the arrangements had not yet been finalized and that this teacher would be on a temporary contract until arrangements were definitely made.

Mr. Bruce reported on the interviews with the bursary students. He advised that several year students who had not been approved at the previous meeting. These were Frederick Kossick, Donald Kendrot and Gwendolyn Jacobsen.

Moved and carried that we approve payment of bursary to these three students.

The bursary committee had discussed the whole bursary program, and it was agreed that there should be a committee set up to study our bursary program and to make recommendations to the School Committee.

Moved and carried that Keith Robson, Douglas Latham, Marvin Bruce and Robert Cross be a committee to study the bursary program and to report back to the School Committee.

A career counselling program, which is being carried out by the University of Alberta, was discussed. It is a high school visitation project. This project had been outlined by one of the university students, Mr. Don McKenzie, to the Principals' Association meeting.

Moved and carried that the School Committee authorizes the use of facilities for this high school visitation project, and that the school be suspended for those classes which are interested in this program.

A summary of grade IX and grade XII results were passed out to the School Committee. The results show a definite increase in the percentage of students writing who passed with a "B" or better this year. Mr. Bruce indicated that he had not been advised of who the Governor General's award winner would be this year.

Moved and carried that when the Governor General's award winner is known that we supply an engraved watch to this pupil.

The enrollment in the classrooms in the County was discussed. It appears that there are some teachers who are overloaded and that there may have to be some adjustment made to reduce the number of pupils in some classrooms.

Moved and carried that the Superintendent be authorized to employ extra help as he see fit to relieve over-crowding.

A letter was read from Mr Lloyd Campbell, principal of Viking School, requesting permission to allow high school students to leave the school during their spare periods. Apparently this had been done last year but approval had not been requested from the School Committee. Mr. Campbell suggested that this would be only on a trial basis and that it could be cancelled without notice.

Moved and carried that we allow the high school students to leave the school during their spare periods in the Viking School on a trial period to the date of the November meeting, and that Mr Campbell present his recommendations at that time.

The Secretary - Treasurer advised that we're trying to dispose of some of the old school sites which are not being used. One of the schools had been turned over to the community organization but title had never been transferred. The school is presently not being used and it is doubtful if it will be used again because it is in pretty bad state of repair. The Secretary-Treasurer requested the permission of the School Committee to advertise this building for sale providing the people in the community do not require the school.

Cr. Roddick advised that there is another one like this in the Viking area, Hayson School, and it possibly should be dealt with in the same manner.

Moved and carried that the Secretary - Treasurer be authorized to advertise Salt Lake and Hayden Schools for sale, provided they are not required by the local organization.

Mr Neil Reid attended at this time in connection with the bus supervisor's report. Mr. Reid indicated in his report that two of our 1961 spare buses are going to need quite a bit of repair if we are going to keep them another year. Mr Reid was advised that the Policy of the School Committee is that these buses will be replaced after 8 years, and that these buses will not be required after 1969.

Moved and carried that the Bus Supervisor's report be accepted.

The levy for extra buses on the Hutterite Colony was discussed. The various ways of arriving at a proper levy for school services was apparently a matter of opinion. The School Committee felt that the levy should be on an actual cost basis and should be levied for the school term. No final action was taken at this time as there is no agreement with the Hutterite Colony in regard to the operation of their school.

As there was no further business, it was moved and carried that the meeting adjourn at 3:40 p.m.

Tofield son wins 'trip'

Mr. and Mrs. Stanley Boettger, son and daughter-in-law of Mr. and Mrs. Edgar S. Boettger, will be flying from their home in Calgary on October 4, to spend five days in Toronto.

Stanley, having won an all-expense paid trip to the International Electronics Conference and Exposition held in Toronto, will be attending lectures covering various topics, such as: Computer Aided Designe, Canada's Communication Satellite Program and Engineering Problems in Building an Artificial Heart. The latter subject being presented by Dr. J. C. Callaghan A. M. Dalziel, and Dr. A. K. Mandal, of the University of Alberta.

The trip is the result of Mr. Boettger's and Mr. G. Croft's prize-winning paper, "A Prototype Ultrasonic Burglar Alarm". They designed and built the alarm as a fourth year electronics project at the University of Alberta.

BORN FREE. There are not many herds of wild horses left running free in the Canadian wilderness. In the U.S., there are even fewer. One remaining herd is that of some 200 mustangs who roam the sagebrush country of Montana, descendants of horses brought over by Spanish Conquistadores four centuries ago. There were more than three million wild horses in the 1870s. The U.S. government, concerned at overgrazing, wants to further reduce the number of wild horses remaining.

Q. Does a bridesmaid have a right to protest to the bride when she has selected a style and color of costume that is definitely unbecoming to the bridesmaid—especially since the cost of that costume is being paid by the bridesmaid?

A. Since the bridesmaid has accepted the role, she must accede to the bride's wishes—which are law for her wedding.

Q. At a country club dinner dance, is it necessary for a man to rise when the girl he is escorting leaves the table to dance with another man?

A. Yes indeed—and also when she returns to the table.

Q. Isn't it all right, when introducing a man and a woman, merely to say, "Miss Carter, Mr. Benson"?

A. Yes—with a slight pause between the names.

Ten beauties

These ten lovely young ladies are competing for CLC Homecoming Queen honors. The winner will be crowned on Friday night. Left to right are Hazel Olsen, Karen Ledene, Shirley Olafson, Marjorie Moore, Beth Ingram, Linda Wilson, Yvonne Johnson, Dorothy Jaster, Pat Hafne, and Sharon Johnson.

Two Tofield girls seek CLC crown

Camrose Lutheran College students and alumni will be gathering this weekend as the college hosts its annual Homecoming Days. Festivities will commence Friday and run through until Sunday, with a busy program in between.

The first step in selecting the 1969 Homecoming Queen was taken on Thursday evening, when ten candidates competed in talent competitions at the Convocation Centre before a large crowd of students and other interested persons. This year, unlike the past, students have a vote in the selection of the Homecoming Queen. Voting by students will constitute 25% of the total vote towards selection of a winner.

Judges for this year's competition, all from Camrose, include Pat Madden, Mrs. R. G. Byers, Mrs. R. Brundage, Mrs. Bonnie Hutchinson and Warren Holte.

The ten candidates seeking the 1969 crown are Pat Halne, Viking; Beth Ingram, Tofield, Dorothy Jaster, Morrin, Manitoba; Sharon Johnson, Camrose; Yvonne Johnson, Camrose; Karen Ledene, Bawlf; Marjorie Moore, Tofield, Shirley Olafson, Artmenia; Hazel Olsen, Camrose, and Linda Wilson, Camrose

In Thursday night's program, the girls had, first of, all to show their individual talents, which included singing, dancing, piano, speaking, and tumbler twirling. This was followed by two-minute speeches by each contestant, after each had drawn a topic from a hat. Then it was "fashion-show" time. Each girl had been given an amount of burlap, and their creations ranged from a swim outfit, including bikini and cape, to a wedding dress.

Then followed the group skits, in which the girls and their classmates acted in skits that were written by themselves. This part of the program was highly entertaining and enjoyed by all.

The climax of the Homecoming Queen contest will be reached Friday evening in the Convocation Centre, when the 1968 Queen, Irene Hanson of Vancouver, will crown her successor. The coronation will follow a student talent program and precede an Alumni Tea.

One of the first duties for the new queen will be to officially kick off the annual Homecoming Football game, this year between the CLC Vikings and Notre Dame of Wilcox, Saskatchewan

Saturday's program starts with a pancake breakfast at 7:30 a.m. and will be followed with registering of alumnus members. Basketball, Alumni vs. Students, both male and female, will follow, and meetings will take place. The football game, scheduled for the Fairgrounds at 2:00 o'clock, will be followed by a banquet in the Dining Hall, and then the Alumni Program, also in the Dining Hall at CLC

Sunday has no planned activities, and the day will be used for visiting and renewing acquaintances

Worthy Grand Matron visits Tofield O.E.S.

by Grace Phillips

Ionic Chapter, No. 72, Order of the Eastern Star, was visited by forty visitors from various O.E.S. Chapters in Alberta on October 9, the occasion of the official visit of the Worthy Grand Matron, Toria Baldwin, and the Worthy Grand Patron, Gordon Cannam.

Preceding the meeting in the Masonic Lodge Hall, a banquet was held in the Community Centre to honor the Grand Chapter visitors. Worthy Patron of Ionic, George Thiessen, called on Paul Thomas for the toast to the Queen, and on George Arnell for the toast to Grand Chapter of Alberta, to which Mrs. Baldwin replied.

During the business meeting which followed the banquet, Worthy Matron of Ionic, Helena Thiessen, welcomed guests from

Voters pick four in Ryley, Holden

Three newcomers and one incumbent took seats on village councils in Ryley and Holden in Wednesday's election, while one incumbent member in Holden went down to defeat.

Mrs. Jean Knudsvoski and George Kast were elected in Ryley, while Archie Carlton and Jack Stambaugh were the choice of the voters in Holden No elections were needed in Tofield, as all nominees were declared elected by acclamation on Nomination Day.

RYLEY

Incumbent Mrs. Jena Knudsvoski retained her seat on Village Council as she led the polls with 114 votes. Newcomer George Kast obtained the other Council seat when he finished with 88 votes, while a former member of the Council, Fred Loades finished with 85 votes.

Sixty-two per cent of the village's electors voted on Wednesday, one of the highest turnouts in the province.

HOLDEN

Incumbent Bruce Budd, a serving member of the Village Council since 1963, picked up 53 votes on Wednesday, and failed to retain his seat. Two newcomers to Holden civic politics, Archie Carlon and Jack Stambaugh obtained seats on Council.

Mr. Carlon led the way with 114 votes, followed by Mr. Stambaugh with 101 votes. Mr. Budd trailed with 53 votes.

Fifty-seven per cent of the electors turned out to vote in the election.

Nendor Semotiuk was elected on Nomination Day to serve his third straight term on the Beaver County School Committee.

TOFIELD

No elections were needed in Tofield, as all candidates filing papers on Nomination Day were elected by acclamation. Jim Fisher was a second term on Town Council, while Henry Nachtigal was elected to his first term of office

All candidates, elected Wednesday or on Nomination Day, will serve two-year terms, with all seats becoming vacant in 1971.

Lysle-Sutton vows exchanged in Ryley

by Mrs. Ruth Dorrick

On September 20, the Ryley Bethel Lutheran Church was the scene of a lovely wedding, when Carol Ann Sutton, youngest daughter of Mr and Mrs Allan Sutton, became the bride of Joseph Blaine Lysle, son of Mr. and Mrs Joe Lysle, all of Ryley, with Pastor Precht officiating.

Entering the church on the arm of her father, the bride was lovely in her floor-length white gown of taffeta and lace with sequins. Her shoulder-length veil was held in place with a pearl head-piece She carried a bouquet of pink roses.

The matron of honor, Margo MacRae, and bridesmaids, Miss Wanda Sutton and Beverly Land, wore identical dresses of lace and taffeta in mauve, with white accessories They carried nosegays of pink and white carnations.

The little flower girls were Shasta and Wendy MacRae, and ring-bearer was Brian MacRae. The best men were Murdock MacRae, Robert Lysle and Marcel Heimig.

For her daughter's wedding, Mrs Sutton chose a mink brown dress, with pink accessories. Mother of the bride chose an orange taffeta over lace dress, with white accessories.

A lovely reception followed at the Community Hall for a number of guests. Emcee for the evening was Dick McCrimmon, and toast mistress was Jean McClean, sister of the bride. A dance followed the reception

Official Opening

Imperial Oil's Redwater fertilizer plants will be officially opened on October 16 by Alberta Premier Harry Strom. The plants, which are capable of producing 500,000 tons annually of nitrogenous and phosphatic fertilizers, were built at a cost in excess of $50,000,000. Redwater was selected because at the time it was one of the areas designated for federal assistance in relieving problems of slow economic development.

Ministik
(Intended for last week)
(Mrs. Jim Raddick)

MINISTIK — The attendance was increased considerably at the United Church Sunday, when pupils of the Sunday school took part of the service. Mr. Harold Dunham brought forth a most inspiring message. Perfect attendance awards went to Laura, Alen and Wayne Kleinschroth for perfect attendance Myron and Brent Bergquist having missed only two Sundays. Five song books were presented to the church from the Sunday school birthday fund. Mrs. Andrew Ferguson, superintendent, extended thanks to fellow teachers Mrs. Pat Paterson and Mrs. Ralph Leach, parents for their co-operation in bringing their children to Sunday school and to all who have helped in any way during the term.

The book, "Tales of Tofield" is going for afield, as a copy seen recently in the home of Mrs. S. George by Mrs. Ivy Foster was purchased as a "must" in her home in Maryland, Washington, D.C., U.S.A. Her parents, the Chambers were mentioned in an article by Mrs. Irene Williams

News from Ministik and district

(Mrs. Jim Ruddick)

Mr. and Mrs. Alex Pearce returned home last Wednesday after spending five weeks visiting relatives and friends in Ontario in Guelph, Hamilton and area. Grant kept a watchful eye on things at home during their absence.

Mrs. Andrew Ferguson spent Tuesday in Edmonton attending the birthday tea of an old friend who has attained the ripe old age of 96 years.

Plans are going ahead for the annual fall banquet to be held on November 7th.

Mrs. Ronald Ferguson spent a few days in Tofield Hospital last week with a touch of pneumonia. She is at home again, having come on Sunday.

Farmers in the area can smile again with these lovely sunny fall days. It is hoped they will last until harvesting operations can be completed.

Pioneer friends were saddened at the weekend to hear of the passing of Mrs. Violetta Mellgren. She lived with her husband Peter many years ago across the road from Keith and Betty Williams. Mrs. Mellgren will be remembered chiefly with her Lyric Chorus which she conducted in Edmonton until just recently.

LADIES' CLUB MEET

The Ladies' Club met at the Community Hall for their October meeting, with fourteen ladies answering the roll call.

Mrs. Andrew Ferguson, convener of the social fall banquet, to be held Friday, November 7, gave all the ladies their duties for the evening. Plans were made for the Children's Christmas Party in December.

Mrs. Verden Ross enjoyed an October birthday.

A delicious lunch was served by Mrs. Helen Hennessy, Mrs. Tom Jones and Mrs. Bruno Jesske.

Ketchamoot news

(Mrs. Ethel Carlisle)

KETCHAMOOT — Friends of Mrs. Isaac Freese helped her celebrate her birthday recently. Those present were Mrs. K. Penner, Mr. and Mrs. Carney Penner, Mr. and Mrs. Donnelly McGinnis and Darlene, Mr. and Mrs. Vern Petterson and Mrs. Annie McGinnis.

On Sunday, Mr. and Mrs. Wayne Carlisle and Mrs. Don Carlisle and boys had Thanksgiving dinner with Mr. and Mrs. Kelvin Wilson and family of Ross Creek.

On Sunday, Mr. and Mrs. Don Carlisle and boys and Mr. and Mrs Wayne Carlisle motored to Edmonton and visited with Mr. Carl Waite who is a patient in the Royal Alexandra Hospital, also visited with Elsie's niece, Mrs. Marilyn Williams at the University Hospital, also said hello to Harold Weatherall at the same hospital.

Mr. and Mrs. Clive Gudmonson and family and Mrs. Keitha Brown restored to Drumheller and also visited Mr. and Mrs. B. Godwin and family at Olds over the weekend.

During the evening, WGM Baldwin was honored with two solos by Melita Wall. The chief event of the meeting was the reception of Marjorie Dalziel and Norman Oakland into membership in the Order of the Eastern Star.

An addendum was presented, to illustrate the WGM's motto, "Keep Your Face to the Sunshine and the Shadows Will Fall Behind You".

Following the meeting, a social hour was enjoyed, with lunch served by the social committee, with Margaret Arnett as convener.

Spilstead news

(Mrs. T. W. Fairbrother)

BINGO POSTPONED

SPILSTEAD — Due to so many other activities going on, on November 22nd, the Spilstead Ladies Society have postponed their bingo and fall sale a week. It will now be held November 29.

Mrs. E. B. Fairbrother and Shirley, Sharon and Gary were Saturday evening visitors at the T. W. Fairbrother home.

Last weekend visitors at the T. W. Fairbrother home were Mrs. J. C. Bertsch and David of St. Albert, Malcolm Bryant of Edmonton and Mrs. J. Buckler and Jim Dengle of Edmonton, also Gordon and Gordy Wagner of Edmonton.

Mr. and Mrs. Ron Newlove and Leona were weekend visitors with Milly's parents, Mr. and Mrs. C. A. Bernhard.

Darrell Swan is convalescing at home after a lengthy stay in the Tofield Hospital.

Tofield Lions plan a C.N.I.B. canvass

Tofield Lions Club held their "Ladies' Nite" supper meeting on Tuesday at 6:30 p.m., in the Library Room, with Leon President Alan Warner in the chair.

Due to the nature of the meeting, after reading of the minutes of last meeting, all business was dispensed with, and Donald Lanphear showed slides and gave a commentary of his experience of attending a united Nations seminar in Banff in August, to which he had been sponsored by the Club.

Mrs. Dorothy Gallinger had been the winner of the Shotgun Raffle at the opening of the month Mr and Mrs Martin Lanphear, parents of Donald were also guests of the Club.

Friendship Club rotation will commence as of Wednesday of next week, prior to which those entering their names for either Bridge or Whist will be supplied with a list of who plays.

The C.N.I.B. Canvass will be held following the local meeting on October 28, commencing about 7:30 p.m., and residents are asked to leave their lights on.

Profits for the breeder?
Promises of bigger profits in less time are held out with the public offering in late October of a new breed developed by Senator Harry Hays of Calgary, and named the Hays Converter. This new breed is produced under identical conditions, are the same age. The Converter, on the right, seems to be a big growthy profit-maker. The new breed was accomplished by skillfully combining Hereford, Holstein and Brown Swiss cattle specially selected to breed true for fast growing animals from stretchy, efficient mothers that stand on correct feet, and milk heavily out of correct udders. Ruthless culling of undesirable animals was employed in the process over several years.

CARDS OF THANKS

When you get "on" and you've lived a long time,
And the walk up the stairs is a prolific high climb
Though your eyes are dimmer than what they were
And the line page of a book has a greyish blur;
Perhaps as the case may seem to be,
There is the time you will clearly see

You'll see yourself as you really are,
When you've lived a lot and you've travelled far.
When your strength gives out and your muscles tire
You'll see the folly of ambition's desire
You'll see what now to your sight is hid,
The numberless trivial things you did

You'll see as always and old man you,
Met the waves the down with th- falling breeze
That the pumps of life never fail for long
And the great sink back to the common throng
And you'll understand when the struggle ends
That the finest gifts of this life are friends

We want to thank all friends who called together for "one more night" It was wonderful having you with us again

Nominations sought for County Council

Nominations for Councillors in two divisions in the County of Beaver will be accepted at the County Office on Wednesday, October 29, from 10:00 o'clock in the morning until noon.

The terms of Reeve John H. Reddick in Division 2 and Councillor William A. Dorin in Division 3 have expired, and it was thought that both men would be seeking re-election. Division 2 encompasses the Viking area, while Division 3 is centered around Bruce.

If an election is needed following Nomination Day, it will be held on Wednesday, November 26. The winning candidates are being elected for two-year terms, as all seats will become vacant in 1971 and a full-scale election held.

Last year, Councillors George Knudsen and Arthur Gilson were elected, while in 1967 Walter Kopeniecky, W. D. Johnson and Charles Sears were elected to seats on the County Council.

Mr. Reddick was first elected as a County Councillor on April 4, 1960, and became Reeve of the County of Beaver on January 8, 1966. Mr. Dorin has been a County Councillor since April 3, 1962.

New rules for local hospital

The administration at Tofield Hospital have issued a set of rules to be followed by visitors, following receipt of complaints and requests from many patients.

The new rules cover age of visitors, hours of visitations and visitor behaviour while in the hospital. The new rules go into effect immediately. The five rules are:

1. Visitors must be sixteen years of age or older.
2. Visitors will not be allowed to smoke.
3. Visitors are not allowed to sit on patients' beds.
4. Only two visitors at a time will be allowed to visit a patient at any one time.
5. Visiting hours are: 2:00 p.m. to 3:30 p.m., and from 7:00 p.m. to 8:30 p.m. daily.

Ryley Lions plan dance on Hallowe'en

Ryley Lions Club finalized plans for a Hallowe'en Dance for Friday, October 31, when they met earlier this month.

The dance will be held at the Community Hall, with Sadowsky's orchestra providing the music for the evening.

Three members of the community were proposed for membership at the Lions. They are Jerry Kosiewicz, Don Allan and John Bladon. October is "new member" month for Lions' clubs, and the Ryley Lions are hoping to gain more members before the end of the month.

Plans were made for holding a turkey shoot on Sunday, Nov. 2, at the range south of the B-A Station, at the outskirts of the village. This competition is to be open to anyone. Shooters must supply their own .22's and only iron sights will be permitted.

Tofield ATA hears executive candidate

by Grace Phillips

With president Ron Taylor in the chair, the Tofield sub-local of the A.T.A. held its regular meeting on Tuesday, October 21.

Mrs. Florence Ingram reported that arrangements had been made by the Beaver Local for a regional conference of the C.T.A. representatives, that a Professional Development seminar will be held in Camrose on October 25, and that a seminar on Rural Education was planned.

Jack Thiessen, for the Professional Development committee, announced that this year's induction ceremony is tentatively planned for Barnett House, Edmonton, headquarters of the A.T.A.

Miss Sheila Purves of Daysland spoke briefly to the sub-local in support of her candidacy for the position of Rural Central Representative to the A.T.A.

Mrs. Helen Tiedemann, as chairman of the program committee, outlined a tentative program for the year's activities.

Discussion of electoral ballots completed the business of the sub-local.

Brown demonstrates fertilizer applicator

E. H. Brown of Ryley, fertilizer sales dealer for Cominco, had an Anhydrous Ammonia Applicator demonstration immediately north of Ryley on Wednesday afternoon.

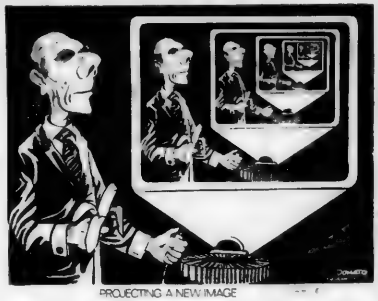
The Applicator, first of its kind in Alberta, is manufactured in Beaver, Minnesota, by Tyler Corporate Industries, a recognized leader in this field in the United States. It covers a 45' swath with "Prako"-like knife operating at a recommended depth of six inches.

The Applicator is a flexible unit in four sections for easy transportation and depth control. Hydraulically controlled with an electric lift for transport position, it is completely set up for a one-man operation.

Wednesday's demonstration attracted a good number of farmers from the Ryley area, as well as representatives from Imperial Oil's Fertilizer Division in Edmonton.

Miss CLC

Homecoming festivities at CLC over the weekend were considerably enriched on Friday evening with the appearance of Miss CLC of 1913 in a distinctive bathing suit of that era. Actually, Miss CLC was a fraud, in the first place she's not old enough and in the second place, she's not a she.



PROJECTING A NEW IMAGE

Church taxation

Taxes are a burden to everyone and it was interesting to note that, at a meeting of the Highway 13 & 14 Urban Municipalities Association, most delegates were in favor of having churches pay property tax while agreement was split down the middle regarding schools and hospitals.

Churches today, are among the wealthiest organizations in the world and as such could easily afford to pay a fair share of the tax load. In some instances, smaller churches would find this a burden but looking at the overall picture it is only fair that the tax burden should be shared.

Police protection, fire protection and all other benefits are available at no cost to the various churches, as the expense is borne by all of the ratepayers. It may be argued that this would, in effect, be taxing people twice, but this is not a valid argument. Churches often rest on extremely valuable property and thus deny the municipality of revenue the property would otherwise earn. The Association members agreed that the necessary legislation to impose such taxation should be passed by the provincial government so that all church properties would be taxed and not just churches in certain areas. This matter should be given serious consideration by the government and the

Time to grow up

The provincial government is fair by well known for adopting a program of doing nothing for one centre that it can't do for other places throughout the province so the announcement last week that it had found a number of million dollars to help Edmonton to tie up several farms in a block on the south of the city must come as something of a surprise.

Really we didn't think the government has this kind of money available for investment, but we can think of many centres that would like to share some of it.

Basically it's a little hard to see why the government felt it had to get into the act at all. The Hon. Mr. Colborne expressed his concern, and dismay at finding that serviced building lots in Edmonton are costing far more in Edmonton than they are in Calgary, but surely that's a problem for Edmontonians to worry about the whole province. If Calgary can solve the way to keep the financial needs earning our land development and it has done a good job of holding the speculators in line for twenty years, surely Edmonton could look over her shoulder and see what they're doing and if they can't follow suit, they can do it in the northern city.

Possibly part of the solution can be found in the statement by Mayor Hawrelak, at a recent Edmonton city council meeting, when he commented that although land values had risen after working the land for specified years, the land for speculation was not the problem. The problem was the high interest rates. Unless some relief from high interest rates is forthcoming, the market will continue to suffer, was the gist of Hawrelak's statement. Whether people who speculate in serviced land are made scapegoats for the high interest rates is questionable, but there really is no question that the high interest rates are affecting the housing industry and the economy as a whole.

Surely the provincial government could do something to help the situation rather than to pass the buck to the municipalities. Edmonton would have been able to enjoy the confidence of Dan Hardy when he moved so much. But in our estimation even this was taken

TOFIELD SCOUTS

Tofield, Alta.
Oct. 21, 1969

A great deal has been said with regards to Scouting in this as well as in other communities. Most of the remarks are good and the general consensus is that scouting is good and helps the boys. And this is a fact.

The sponsors of The Boy Scouts in this community are:

1. Tofield Community League,
2. Tofield Lions Club,
3. The Royal Canadian Legion, and
4. Palestine Masonic Lodge

Each of the Sponsors supply two persons to represent their organization and these men constitute the Group Committee. Needless to say, Scouting cannot exist without a Group Committee. Whenever one of the Group, be it Cubs, Scouts or Venturers, requires assistance of any type, the Leaders of that particular Group contacts the Group Committee who in turn arrange for the required assistance. Whenever cars are required, the Group Committee arranges for the cars. If funds are required the Group Committee arranges financial aid for that particular project.

We in this community also have the parents of the boys involved in scouting. The parents all assist whenever any type of assistance is desired or required. Whenever cars or boats are required for a camp, these are available at a moments notice. This must be true, for at any of the boys camps that I have attended, the tailgaters are always there and the mothers are doing the dishes for the boys.

But this article is not being written about these remarks. The fact should be brought to the attention of the public where we are indifferent or apathetic. This is the case with the Leaders' training. [illegible] Leaders. There are [illegible] Leaders in the Tofield area. [illegible] Leaders [illegible] Leaders [illegible] Leaders

Ministik news briefs

(Mrs. Jim Reddick)

Mr and Mrs. Gordon Thor and family and Pat Penrice of Edmonton were Sunday guests of Mr. and Mrs. Alex Penrice.

Mrs. Bruce Jacquest and children of Edmonton were Sunday afternoon guests of Mrs. Helen Hennessy.

The Pat Paterson family, George Klahsenkeia family and Ronald Ferguson and his father Andrew Ferguson attended the demonstration of steam threshing at Obaton on Sunday afternoon. All agreed it was still a good way to thresh grain although very slow compared to the combine way.

Ministik friends were saddened Monday morning, October 20th, to hear of the passing of a one-time Ministik resident, Henry Heitman of Tofield. Henry was born and grew up and received his education at Ministik. He lived here with his wife Rosie and family until 1944, when he moved to Tofield to make his home. He had been a mail man on Routes 1 and 2 until failing health would not permit him to carry on.

He is survived by wife Rose, two sons, John and Richard of Ministik, two daughters, Theresa and Margaret of Edmonton.

Holden and district news

(Mrs. G. H. Taylor)

HOLDEN — Mrs. Mary James was taken to Tofield Hospital Sunday evening of last week by Mr and Mrs. John Lemko and will be a patient there for a while, recovering from a slight stroke.

Mr. and Mrs. Mike Maloveny have been receiving congratulations on the birth of a baby daughter, Sunday, October 12th.

An event of interest to Holden and district residents was the recent wedding, held at Sylvan Lake of Miss Lone Dorin, only daughter of Walter Dorin of Sylvan Lake, former Holdenite and businessman. The Dorin family were old-time residents of Holden.

Ray Hovland, secretary-treasurer of the Village of Holden, was a Camrose visitor Friday, October 17th, attending as representative for the village, a regional convention consisting of all towns and villages on Highway 13 and 14 for councillors and secretaries, arranged by the Alberta Urban Municipalities Association, held in the Legion Hall.

Ralph Brekstad of Edmonton was visiting with his mother, Mrs. Ethel Brekstad this past week from Tuesday evening to Wednesday evening.

Don Allan was a Tofield visitor on Wednesday evening and called on Mrs. Mary James in hospital, who is making good progress.

Bill Laskosky, who has been at his home for the summer months, has returned to Viking where he is now resident at Vi alla Lodge.

William Ogrodnick was visiting his brother, Peter Ogrodnick, a patient in Viking Hospital on Wednesday evening of last week. Peter has been hospitalized for several days with a severe infection after having teeth extracted.

Mrs. Mary Shyba of Camrose, former Holdenite who has been a patient in St. Mary's Hospital in Camrose, is making good progress after recent surgery and was hoping to be home to convalesce towards the end of last week.

Mrs. Joyce Bell was a patient for a few days last week in the Viking Hospital having treatment for infection after a tooth extraction.

Mr. and Mrs. G. H. Taylor were Wednesday evening visitors last week at the home of their son Robert and family, wishing their grandson Aaron, happy birthday. Robert's wife was a patient in Viking Hospital the latter part of the week with a bad attack of the flu and able to return home at the weekend.

Proper Soil Sampling can save you time and money.

Elephant Brand Dealers hold the record, year after year for the most soil samples taken. Other companies seem to like to talk soil sampling. The record proves who really does something about it.

In this town, it's pretty convincing. In some fields, soil tests have shown a big difference in soil nutrient levels, in different parts. If the fields hadn't been sampled and tested regularly, it could have meant many dollars lost - not only in fertilizer - but crop results, as well!

Your Elephant Brand Dealer's modern soil sampling equipment makes the job appear easy. He can go over a field quickly with his truck mounted hydraulic sampler. He likes to label the samples, dries them in his special Elephant Brand drying cabinet, sent in no time the results are back from the lab. When it comes to saving time and earning more, look to your Elephant Brand Dealer. He'll show you where to start and follow your progress to the finish.

On Wednesday evening of last week, Emil and Martha Tiedemans entertained their daughter Yvonne and Peter Brown and boys, of Kelsemont, Martha's father, Mr. Emil Goubault, of Edmonton, her two brothers, Victor and Dutchy Goubault; Emil's brother, Bill and Mary Tiedemann, of Derville their niece, Bertha and Eric Sorrell, also a Tiedemann cousin, Karl and Marvel Beese, of Edmonton and Stanley Dunham of Kelsemont, all at a wiener roast, in honor of their daughter Yvonne's birthday.

Mrs. Elsie Miller, of Olds, and her daughter Dorothy, of Camrose, were Monday guests at the home of Isabel and Rod Rudzki.

Hans and Martha Jacobsen, of Edmonton were visitors at the home of their son Micky and Marjorie Jacobsen, for a short time Sunday afternoon.

Mr. and Mrs. Dirk Thiessen and children were Thursday guests at the home of Emil and Martha Tiedemann last week.

Sunday visitors at the home of Carl and Mavis Jacobsen were their daughter Debbie, Mavis' father, Mr. Julius Jacobsen, and Carl's parents, Hans and Martha Jacobsen, all of Edmonton.

Bruce and Ida Warner are receiving congratulations on the birth of their daughter on Friday, October 17 at the Tofield Hospital and congratulations are also being extended to the proud grandparents, John and Irene Warner.

Emil and Martha Tiedemann and Martha's father, Mr. Emil Goubault of Edmonton, motored to Deville to visit Mr. and Mrs. Bill Vice, old friends of Mr. Goubault as well as the Tiedemanns.

Several farmers in the district have been busy combining during the latter part of last week, but with damp cool weather again with us, harvesting will be delayed again, just when farmers need their fields for pasture for their stock.

Brown-Olson vows exchanged in Holden

On August 16, the Holden Lutheran Church was the scene of a lovely wedding, when Marlene Laverne, daughter of Mr. and Mrs. Melvin Olson of Holden, became the bride of Mr. Neal Brown, son of Mr. and Mrs. William Brown of Slave Lake. Pastor J. Precht performed the double-ring ceremony.

Entering the church on the arm of her father, the bride was radiant in a floor-length gown of white organza featuring a cathedral train. Adorning her head was a chantilly lace mantilla. She carried a bouquet of red roses.

Bridesmaids, Miss Linda Budd, friend of the bride, and Miss Linda Olson, sister of the bride, were complementary floor-length gowns of apricot and turquoise peau de soie, with lace overlays. They carried bouquets of carnations tinted to match their gowns.

Best men were Jerry Burton and Norman Gall, friends of the groom. Dennis Olson, brother of the bride, and Don Brown, brother of the groom, served as ushers.

Organist for the occasion was Mrs. Harold Giebelhaus. Soloist, Miss Elaine Olson, sang "God Gave Me You" at the beginning of the ceremony.

For her daughter's wedding, Mrs. Olson wore a mint green ensemble, with white accessories, and a corsage of yellow roses. Mrs. Brown, mother of the groom, wore a purple suit, with matching accessories, and a corsage of pink roses.

A reception was held in the Holden Community Hall following the wedding. Garnet Barnstead, uncle of the bride, acted as master of ceremonies, and Bruce Budd proposed the toast to the bride, to which the groom ably responded. Judy Barnstead, cousin of the bride, was in charge of the guest book.

Out-of-town guests came from Slave Lake, Edmonton, Taber, Stony Plain, Camrose, Andrew, Consul, B. C., Round Hill and Tofield.

The happy couple are making their home in Slave Lake.

Churches should pay their property taxes

Should churches have to pay property tax?

That question caused considerable discussion on Friday when the Highway 14 and 16 Division of the Alberta Urban Municipalities Association met in the Camrose Branch of the Royal Canadian Legion.

A panel discussion, chaired by Alderman Dr. K. T. MacQuarrie, raised the topic and the general consensus seemed to be that church properties should be subject to taxation. The same question regarding hospitals and schools seemed to cause quite a difference of opinion, although everyone agreed that the matter should be brought to the floor of the Provincial Government.

All agreed that there were too many properties now in existence that were classified as non-taxable Wainwright, for example, pointed out that a survey in that centre showed if non-taxable property had been taxed revenue would have increased in the amount of $30 000 during 1968.

The day was divided into two sessions, with the morning and early afternoon being utilized in discussions on resolutions to be proposed at the annual convention of the Alberta Urban Municipalities Association. A social luncheon was provided by the City of Camrose, at which time Mayor Dr. F. M. Senn extended greetings to all visiting delegates.

The afternoon session concluded with the panel discussion following which some delegates went on a guided tour of Camrose while those further away from home left for their respective centres.

One resolution that brought strong approval from the delegates was one submitted by the Town of Hinton to urge the Alberta Government to allow municipalities to deduct from the home owners' taxes the amount paid out as the Homeowners' Grant, with the Government of Alberta then paying direct to the municipalities the equivalent of the Homeowners' Grant. The intent is to reduce a great deal of book work involved.

Delegates in attendance at the meeting were from Camrose Holden, Provost, Bawlf, Irma, Viking, Ryley, Wainwright, Sedgewick, Killam and Daysland. The next meeting of this group will be held in Wainwright in the spring.

NOTICE — Tofield Municipal Hospital

VISITING HOURS

As the direct result of many complaints and requests made by patients in the hospital over the past several months, the hospital has no alternative but to establish some simple rules which we would appreciate all visitors to follows. These rules which are as follows, are effective immediately:

1. No one under the age of sixteen years will be allowed to visit patients in the hospital.
2. Visitors will not be allowed to smoke while visiting a patient or patients in the hospital.
3. Visitors are requested not to sit on the bed while visiting a patient.
4. Only two visitors will be allowed to visit a patient at any one time.
5. Visiting hours are from 2:00 P.M. to 3:00 P.M. in the afternoon and from 7:00 P.M. to 8:30 P.M. in the evening.

We would again like to stress the fact that these few rules are being established for the benefit of all our patients and that full co-operation on behalf of all visitors will certainly be appreciated.

The Administrator,
TOFIELD MUNICIPAL HOSPITAL.

Kingman microwave unit facing major expansion

Alberta Government Telephones has awarded a $47,000 contract to Watson Tofield Limited for construction of a 30 by 34 foot metal building, including heating and cooling facilities, at the Kingman microwave site.

The new building will house microwave radio equipment to relay 1,380 communications channels to Calgary, 1,380 to the Northern Trans-Canada Microwave System, 300 to Chipman, and 300 to Kavanaugh.

The building is scheduled for completion on December 15, 1969, and the new equipment is to be put into service on October 2, 1970.

To become missionary in Africa

(Mrs. J. A. Anderson)

KINGMAN, Oct. 23. — Mrs. Isabel Hein, who has accepted a call from the World Missions of the ELCC for a period of two years, left the International Airport for the Cameroons last Thursday. At Montreal, she boarded an Air France plane for Paris, where she will spend Friday. On Friday evening, she will board an Air Afrique plane for N. Gaudiere Cameroun, from where she will travel by car to her destination at Garoua, Bonlar.

Mrs. Holte has spent 15 years as a teacher, and for a number of years she and her husband operated a general store at Kingman. Since the passing of her husband in 1964, she has taught school at Kingman.

Mrs. Holte will be missed in Kingman, where she took an active part in community affairs, being especially interested in the work of her church. She has taught Sunday School for 20 years, much of the time serving as Sunday School Superintendent. She has been W.M.U. Circuit President, Vice-President of District U.C.W. also taking an active part in the Pioneer Girls organization. While in the Cameroons, she will be teaching the missionary children.

Jack Roddick elected and Division 3 votes

Viking farmer John H. "Jack" Roddick was elected by acclamation to serve another term on the County of Beaver Council, following the closing of nominations at noon yesterday (Wednesday) in Ryley.

Division 3's incumbent member, William A. Dorin of Bruce, will have to fight to retain his seat on Council, as he will be opposed by Gabriel Brissard, a farmer just south of Bruce.

Mr. Roddick is the Reeve of Beaver County and has been a member of the County Council since 1966, and assumed the office of Reeve in 1968. He represents Division 2, which encompasses the Viking area.

For Division 3, Mr. Dorin has been a member of the Council since 1962, while Mr. Brissard will be making his first attempt to gain a seat.

The election for Division 3 will be held on Wednesday, November 26. Returnerines will immediately commence listing all the eligible voters in the Division. Polls will be at the Bruce Community Hall and the residence of Wesley Barber.

Successful candidates will be elected for a two-year term, as all terms of office will expire in 1971. This will mark the second time that nineteen-year-olds will be eligible to cast ballots in a County election.

Water distribution agreement signed by Prairie Provinces

At a ceremony in Regina today (October 20), marking the signing of the water apportionment agreement amongst the three prairie provinces Hon. H. A. Ruste, Alberta Minister of Agriculture, paid tribute to the "spirit of co-operation displayed by all of the people involved".

Under the terms of the agreement, fifty per cent of the water which rises in the Saskatchewan River system, west of the Alberta-Saskatchewan border, must be allowed to pass into Saskatchewan with recognition of prior rights due to existing irrigation developments in Alberta. Similar arrangements have been made between Manitoba and Saskatchewan.

"Although it is a matter of fact that the majority of the water in the Saskatchewan River system originates in Alberta, we in Alberta recognize our obligation to share this water on an equitable basis with our sister provinces," Mr. Ruste said.

The minister referred to the many areas of North America in which there exists inter-jurisdictional or inter-state conflict over upstream and downstream water rights which have fostered strained relationships in other areas.

Mr. Ruste mentioned the long history of consultation of the Prairie Provinces Water Board behind the evolution of the agreement. He paid particular tribute to the late Frank Grindley, "Mr. Grindley, in his work as Director of Water Resources for the Province of Alberta, was adamant that our water would not be misallocated. The riskiness of Alberta in particular owes him a great debt of gratitude", the minister stated.

A champion

Kaata Berg was busy herding his Grand Champion Yorkshire boar around the sales ring while auctioneer Bob Semchuk worked the bid up to $230.00 last Friday at the 12th annual R.O.P. Swine Sale. It was bought by R. Brunton of Camrose.

The witches'll be out this Friday evening, as the youngsters make their Halloween rounds. Only this one happens to be lovable old Lucy, den mother to Charlie Brown, Linus, Snoopy and the Peanuts Gang. And Lucy is urging support for the UNICEF boxes many of the youngsters will be carrying. Just for a few examples, one cent can buy enough BBQ vaccine to protect one child against tuberculosis or smallpox, 4 can pay the freight costs on enough donated dried milk to provide five glasses of liquid milk, five cents can buy enough seed for 200 feet of beets or carrots, 25 cents can buy enough DDT to protect four children from malaria for a year, while 85 cents can buy enough sulfone tablets to treat a leprosy case for three years. Be safe from Lucy turning you into something . . . make your contribution to the UNICEF boxes when the youngsters come to call . . .

RULES QUESTIONABLE

Tofield, October 26.

Editor, The Mercury.

Dear Sir:

Would you please print the following in your paper:

Re "The New Rules of our local Hospital" Pro's and Con's—I agree with most of these rules. They are good, but . . .

Why the strictness of the visiting hours?

Most hospitals nowadays are very lenient in this. Tofield is not. Also, the bell is seldom rung on the hour. The nurses want you out so they can get at their duties. Therefore, when a person is late getting in—any at 15 to 2:00—the either has to ignore the bell or know she has only five minutes to visit.

This hospital notice says, "Due to many complaints and requests made by patients in the hospital", this is what they really want! These rules are not elsewhere. Let's improve on the patient list also. Please list your patients as (Mrs. John or Emily) Jones, like company at any time, therefore this is understandable. Why not let them see a sign on their door, "No Visitors". This also could be put on the patient list.

Visiting hours make it hard for farmers to get in at any time. 2:30 to 3:30 p.m. would be much better, and 7:30 to 9:00 in the evenings, or longer in the afternoon and shorter at night would also be good.

I am not stating my own cause here . . . we have talked this over many times with others in the same situation.

The rules for only two visitors at a time is not good, either—we have visited hospitals in years past in Edmonton, only to find we weren't allowed to visit our own daughter, after driving 36 miles (because she already had two visitors), and we returned home very disappointed.

The Tofield Hospital will be losing their patients, perhaps, this is what they really want! These rules are not elsewhere. Let's improve on the patient list also. Please list your patients as (Mrs. John or Emily) Jones.

Mr. Arnold Smith—their address would also e a help.

It is very disappointing to hear your neighbour was in visiting and never even called on you. There are so many people by the same name in Tofield area, that it is almost impossible to guess who might be the patient. I have found by inquiring of nurses' aides, etc. . . . they don't know either.

It is a real privilege to have a hospital in your home-town. No one realizes this better than one who has been a patient in a city hospital with no visitors whatsoever!

I would like to see more letters Pro and Con on this subject.

Thank you.

Interested.

PEOPLE NEED GOD

October 16, 1969

To The Editor

Dear Sir:

In recognition of reading a few letters in The Mercury in the earlier part of the year in regards to this fact, would that we are living in, the way some churches are beginning to operate, and the letter that was written from the "Ardrossan Churchman", I would like to make this comment that the people are more in need of God than all those churches.

To go to church to begin with is only one small way of thanksgiving spiritually unto such God . . . it is written, "In all thy ways acknowledge Him and He shall direct thy paths" (Prov. 3 6)—this is an earnest Christian is an every minute practice, not a one-hour-a-week affair. Forget not our Lord says these seven buildings are to represent "a house of prayer, not a den of thieves" (Matt. 21:13). Remember, if you sit beside someone in church that has more materially than you, it is the Will of God otherwise don't assemble along in prayer "They will be done" It is also written "For as the heavens are higher than the earth, so are God's ways higher than your ways, and His thoughts than your thoughts" (Is. 55:9). Vain babbling is also forbidden (1 Tim 6:20).

Such a one as a third of the truth I've mentioned would be churches up. Nevertheless I never we have some for me. Others may, but would be most welcome as my [illegible] Such a one as [illegible] Thank you.

(Continued from Page Two)

(Rom. 11:33), "O the depths of the riches both of the wisdom and knowledge of God! how unsearchable are his judgments, and his ways past finding out".

What I cannot see is this, why do people live in such ignorance? If we lack wisdom and need advice, do we not know whom we should ask? If we ask, we get an answer; sometimes which calls for an earthly assistant, I would admit; but never is advice profitable from earthly men only, unless one has consulted God first, no matter if it's a prime minister, doctor, priest, lawyer, minister, pope, richman, poorman, or whatever the like. They are all sinners, and have come short of the Glory of God (Rom. 3:23). And we cannot call any man father here on earth, because the one who is our Father is in heaven (Matt. 23:9). I could go on and on to give God all power and praise.

It is much more likely that the person that is planning to leave this earth on a trip to the moon is going to have a trip to hell, because the reason why some are just plain tired up here is because God is really dead, and without Him, I must admit, my life would be totally useless. Think of it, 200,000 technicians and scientists, eight years, and 24 billion dollars . . . what a waste!—when you can go much higher than the moon and stars free, and with someone much greater than an astronaut. (I Thes. 4:16-17-18).

Furthermore there are enough bombs to blast this world over and over, so it is not somebody brave enough to do so—is it not because the murder has not been struck from God's elect out of this world (Matt. 5:37-38), Matt. 24:22). Well except those days should be shortened there should no flesh be saved: but for the elect's sake those days shall be shortened". The wheat will be taken from the chaff and nothing else shall be saved. Hunger, pestilence and sword, which one could easily trace to over population re food, very evident, and cancer and heart disease number two, and hydrogen for the sword. Woe unto those that blaspheme our Lord. Let's gather as many sheaves as possible to place before our Master's feet that He might greet us with these words, "Thou hast done well done".

Illness though we have to submit everything off our camel in order to get through the eye of a needle, let's do it, because if we take the wide road we won't get very far with our material things—there won't be just a sign "construction ahead", but dead - end destruction ahead—and then there will be no turning back—as our Lord said, "It is finished" (John 19:30). Likewise everything else comes to a finish.

This is my conviction from the Word of God, and not intended for anyone of different opinion.

—From an occasional churchgoer and radio listener.

District news items from Ryley

(Mrs. Ruth Daviak)

RYLEY — Frank Badowski has purchased a lot north of Stoe Booth's residence and is busy building a new home in Ryley.

The Ryley fire truck and men were called out to Elvin Podolrenny's farm on Saturday when his tractor caught fire and burned

Ryley High School held a masquerade sock hop on Friday night at the gym. It turned out to be very successful.

Hunting in the Ryley area and staying at the hotel are hunters from California and Kelowna, B.C.

Charlie Kathan passed away at the Tofield Hospital on October 6th, at the age of 60 years. He was born at Round Hill in 1908. His family moved to the Earling district in 1914. Then Charlie moved to Ryley where he took up a business as a garageman. He was handy at anything he worked at, such as mechanic, welder, etc. He leaves to mourn his loss, his fiancee Sophie, his mother, Mrs N M. Kathan, two brothers, Fritz Kathan of Camrose, Albert Kathan of Ryley and three sisters, Mrs. Dorothy Bitz of Carlton, Mary Canfield of Edmonton and Anne Beum of Manitoba Services were held from the Calvin United Church, Ryley with Rev. Jim Watson officiating and interment took place at the Round Hill Cemetery.

Pallbearers were Ted Jacobsen, Ernest Brown, Bill Mainland, Bill Winsnes, Ed Albrecht and Bud Johnson.

HOTEL CHANGING

The Ryley Hotel is getting a different look these days as George Kast has decided to remove the third floor as it is not being used enough, and it's a big floor space to keep up. This hotel was built in 1908 with 12 rooms and one bath on the third floor; 10 rooms, bath, toilet, and linen closet on the second floor. In the early days, when buses and cars were not so numerous, these rooms were pretty well occupied with hunters and travellers, who came to Ryley on the local passenger train and stayed over. The helpers also had rooms in the hotel those days George is also building on a two-room bedroom suite on the ground floor, joining his other rooms downstairs. This will make it more easy for his family.

HARVESTING STOPS

Farmers have had another set back as the harvesting was halted last week when snow fell on the district with temperatures dropping as low as zero during the nights in some places. At time of writing the snow is still here but some warmer weather is expected according to reports so perhaps some may get their combining or threshing done yet.

AN OPEN LETTER TO ALL CITIZENS RESIDING IN CANADA WHO ARE 65 YEARS OF AGE AND OVER

Dear Senior Citizens,

We in the Bank of Montreal share the concern of all Canadians with the impact of inflation on the purchasing power of the dollar, particularly as it affects those over the age of 65 who may be dependent upon pensions and other sources of fixed income which do not keep pace with rising living costs. In an effort to alleviate the burden on our senior citizens, we are launching a plan to help them whether or not they are customers of the Bank

Here is our plan. Senior Citizens may apply to any branch of the Bank of Montreal in Canada for a Senior Citizen's Courtesy Card, which will entitle the holder to preferred service at our offices at reduced charges as follows:

1. *One-half of the regular commission charges made by the Bank for the acceptance of payment of utility accounts.*
2. *One-half of the regular service fee or the issuance of Canadian-dollar drafts and money orders.*
3. *One-half of the regular per item charge on cheques issued on our True Chequing Accounts and on our 3½% Savings Accounts.*

You are cordially invited to take advantage of these reduced rates

Yours very sincerely,

G. Arnold Hart

New Indian policy translated into Cree

Bilingualism in Canada isn't only a matter of French and English. There are other examples as well

Many Canadian Indians use neither English nor French as their first language.

Lack of English or French is most common in remote areas of Northern Canada. In the Southern James Bay region of Ontario and Quebec more than 4,000 Indians use Cree as their basic tongue and have little knowledge of Canada's official languages.

Without any prompting from officialdom entirely on their own initiative and to assist in spreading an understanding of the government's proposed new Indian Policy Statement, five Moose Factory Indians translated it into Cree Syllabic characters. Indian Affairs has paid for the printing and circulation of 2,000 copies of the Cree version throughout the area where this particular dialect is spoken.

The translation was carried out under the direction of Andrew Rickard, Chief of the Moose Factory Band located at the Southeast corner of James Bay. He was assisted in the project by George Kataquapit, Philip Tippenesikum and Raymond and Ernie Nakogee.

The Policy Statement makes the point that Indian culture lives through Indian speech and thought that Indian languages are unique and valuable assets and that Indian culture can be preserved, perpetuated and developed only by the Indian people themselves.

In a letter of thanks to Chief Rickard, Indian Affairs Minister Jean Chretien said, "Your endeavours will mean that many Indian people who would otherwise know the extent of the proposals only at secondhand will be able to read them and study them in their own time and can bring their judgment to bear on the proposals with a full understanding of them."

Invention of the syllabic method of writing—the only written Indian language in Canada—is typically attributed to James Evans, a Methodist missionary who learned the Cree language while serving at Norway House in Northern Manitoba more than 130 years ago.

Through his interest in a new method of fast writing that we know today as shorthand, he evolved a system of symbols to be easily reproduced on birch bark with burnt ends of sticks.

James Evans named his system of Indian writing "Cree Syllabics". Only one other method of written communication in the Indian language can be found in North America—that of the Cherokees in the United States.

HARVEST FESTIVAL

The Harvest Festival at Shekomeka Church Sunday night was well attended and a fine program was rendered. The little chapel looked beautiful decorated with vegetables and flowers. The Ryley Voice-a-Tiles, Lloyd Wiksteen, Darryl Albrecht, Robert Lyslo and Ian Southerton rendered four vocal numbers, also Mr and Mrs Martin Hansen of Tofield. Ab and Linda Fast of Ryley, Mrs. Bruce Harshbarger and Elmer Stensrud of Camrose assisted in the program, as well as our local talent. Pastor Harshbarger gave a sermonette and Rev. and Mrs. A. Morck of Camrose were also among many visitors. Coffee and pie were served in closing in the church kitchen.

During Raymond and Reuben's absence, Arthur Gunderson stayed with their father, Chris Hovland of Holden South.

Birthday visitors at the F. Urlacher home for Frank's birthday on Friday night were Anton Peter, Ann Peter, Mr. and Mrs. Henry Reinhart, Mr. and Nouiette and Leo Nouiette and Mrs. Leo Urlacher. Mrs. Amelia Urlacher and Mrs. Jon Peter Sr., all of Bawlf.

The Jos Knudsons were Tuesday evening visitors at the Art Hedges home, Ryley South.

Born to Mr. and Mrs. Vern Hoops on October 21st, at St. Mary's Hospital, a daughter, 6 lbs. 13 ozs., a sister for Terry.

HOSPITAL NEWS

Arden Olsen is a patient in the University Hospital, Edmonton.

Hans Hanehy was a patient in St. Mary's Hospital for a checkup.

Chris Hovland has returned home from the Daysland Hospital.

Fred Nordwurski is a patient in the Tofield Hospital. Kay Peter has returned home from St Mary's Hospital.

Missionaries Rev. and Mrs. Leslie Bergman, Esther and Jewel of Fort St. John, B.C., enroute to Jamaica, West Indies, and Mr. and Mrs. Theel Watland of Camrose were Monday guests at the Eddie Knudsens. Mrs. Knudson is a cousin of Rev. L. Bergman.

At the Anton Peter home on Tuesday were many visitors honoring Kay's birthday.

HALLOWEEN HORRORS. For many years Canadian adults opening their doors Halloween night were "horrified" to find tiny witches and goblins prowling about in weird and wonderful costumes. But lately, an earthy Halloween horror has been in vogue — razor blades, pins, etc., inside apples and candies. Let's not make a party like above a tragedy. — TTS Photo

HOW TO GET THE SAFETY BELT HABIT

Acquiring a good habit is easier than kicking a bad one, because you don't have to give anything up. The safety belt habit may take four days, but many make it in two.

Here's what to do —

When you get into the car, hold the car keys in your right hand until you've got the belts fastened.

If you prefer, you can tie the keys on the sear—or the dash—or hold them in your teeth. Do anything you like with the keys EXCEPT putting them into the ignition — UNTIL THE BELTS ARE FASTENED—yours and the family's.

Get the BELTS FIRST. Then the ignition.

Of course, if you resist forming the habit, it will take a lot longer. . . Maybe a lifetime.

So don't buckle your Safety Belt. . . Buckle your steering wheel instead.

Holden ladies organize a hall committee

by Mrs. G. H. Taylor

A newly formed group of ladies called "Holden Ladies Hall Committee" are working very hard trying to furnish the new kitchen in the Hall addition With a dining room added to the hall, more dishes, chairs and a new stove with many more utilities needed.

They have already received several donations which were greatly appreciated and anyone wishing to make donations towards these efforts can make them to Mrs Millie Defoe or Mrs. Mary Semenek, or to the places of business.

They also wish to correct the notice published last week that the Hall was on Dance being held at the Holden Community Hall is being sponsored by the Holden Ladies Hall Committee and not the 4-H B.P. Exercise. All are welcome to come and support this worthy cause. Refreshments will be served and dancing will be.

Holden sponsors hall walkathon

The Holden High School Students' Union has decided to sponsor a WALK-A-THON for the purpose of raising money for the Addition to the Holden and District Community Hall

The destination is the Bruce Stampede Association Hall, and the round trip is 20 miles. The date is Sunday, Nov. 23, 1969, and the starting time from Holden is between 10:00 and 11:00 a.m. Prizes will be awarded to the first arrival at Bruce and to the best canvasser.

This contest is open to anyone, but it is understood that students under 18 years of age will submit a written consent from the parents. All walkers participate at their own risk.

For further particulars, please contact Mr Brian Macklem president of the Holden High School Students' Union

Parent-Teacher Day set for Tofield School

by Grace Phillips

The regular semi-annual Parent-Teacher Day of the Tofield School will be held Monday, Nov. 10.

This twice-yearly conference between parents and teachers has been a highly successful feature of the Tofield School for many years. Attendance records have rated in the 80% - 85% range.

Goal as the previous records have been, K. B. Eastlick, principal of the Tofield School, is hoping for an even higher percentage of attendance by parents on November 10.

These interviews follow the issuing of the first report cards of the 1969-70 school year. Parents and teachers alike have found that conferences regarding student achievement, problems, and behavior, result in a higher standard of education in Tofield.

Tofield League reduces Hall debt to $5,300

by Grace Phillips

With president Bert Everitt in the chair and eight members present, the Tofield Community League held its regular November meeting on Tuesday. Treasurer Hans Christensen reported the debt on the Community Centre has been reduced to $5,300 This is an item of great satisfaction to the League since much hard work has gone into the reduction of the debt which faced the League after the addition of the $70,000 Community Centre following the loss of the Memorial Hall in 1967.

The October draw for the trip Club was won by Ray Hendrickson.

Jack Whyte reported that the five shows in October averaged $138 in gross receipts.

Revd Barchard and his helper, Mr. Bell, have put the theatre seats in good condition President Everitt expressed the gratitude of the League for Mr. Barchard's efforts.

A December bingo will be run by Arnold Swik and Bill Christensen

Once again a highlight of the Christmas season will be the Carol Festival on December 18, Mr. and Mrs. George McFadzean will again be in charge of arrangements for this annual event.

Arrangements for the Community Christmas Card were discussed. It will be constructed by some grade nine students and placed in the large window in the Community Centre lobby. Names of those who prefer contributing to the League rather than sending local Christmas cards will be placed on the card.

The preparations for the Friendship Supper were reported by Georgia Christensen These appear elsewhere in The Mercury.

President Everitt announced that the New Year's Eve dance Plans: Tofield Community Centre. would be played for by the Jones orchestra.

Plans are complete for Tofield supper

by Grace Phillips

Plans are complete for the Community League's Friendship Supper on November 26, which will welcome to Tofield those who have become residents of this area in the last three years.

Invitations are being mailed to these more than 80 new families. If you are a new resident and your name has been inadvertently missed, come anyway! You will be most welcome

The League is buying much of the meat necessary for the supper, also buns and butter. However, due to the large number of expected guests, much more food will be necessary, so those attending the friendship supper are asked to be generous in their contributions. Cutlery and dishes are to be brought by everyone.

Following the supper, a short film will be shown.

All residents of the community are hereby given a special invitation to come out to the Friendship Supper to welcome the new residents in our community.

Time: Nov. 26 at 6:30 p.m.

Ready to vote?

The voters in Division Three of the County of Beaver will have the democratic right of voting for the candidate of their choice later this month when polls will open to select a Councillor to represent the Division for the next two years. Enumerators are busy taking names and everyone should, as a first step in assuring their right to vote, see that their names are on the voters' list

Jack Roddick, the incumbent member representing the Viking area, received the assurances of his voters by being re-elected, by acclamation, and so, will not have to face poll results on November 26. Mr. Roddick has served faithfully as a Councillor since 1960, becoming Reeve in 1966. Knowing Mr. Roddick, the residents of his Division can rest assured that they will be honorably served for the next two years.

ASTA vs ATA

It would appear that negotiations between teachers and school boards might end in bitter debate in the future, if a resolution passed by trustees at the annual convention of the Alberta School Trustees Association last week in Edmonton.

Trustees have decided that collective bargaining will become a reality in the future. One bargaining unit, representing all school boards ... province, will negotiate contracts with the teachers instead of each school board dealing with its own contract in ... effect the trustees are doing ... the teachers have been doing for years banding together The Alberta Teachers' Association has, in effect conducted negotiations for Alberta s teachers in the past and have often pulled new school boards against other in an effort to gain more favourable contracts. The first step in formulating our negotiating body has already been taken as some areas have banded together to conduct joint negotiations ... the western zone will include the ... areas. When ...

LADIES' SOCIETY

SPILSTEAD — The regular monthly meeting of the Spilstead Ladies' Society was held in the Spilstead Hall on November 29th. The ladies started the quilting on a beautiful wool quilt which was pieced by Mrs. E. Paulson and will be raffled during the fall sale.

The date of the bingo and fall sale had to be changed once again so all members could be present.

It has now definitely been set for Friday night, November 21st. Free lunch will be served following the bingo and sale.

The next meeting will be at the home of Isabelle Lee on November 28th

Gertie Fairbrother won a cake plate on a lucky draw.

50TH ANNIVERSARY

Old-timers of the Spilstead district will be celebrating their golden wedding anniversary in November Mr. and Mrs. Clarence Allan Barnhard were married in Bulwark in 1919 and moved to the Spilstead district in 1924 where they farmed until two years ago.

They still spend a great deal of time on their farm although the coldest months are spent in Edmonton at their daughter and son-in-law's home, Mr. and Mrs. Bob Jones.

Their family are having open house for them and it is hoped that all their friends will be able to attend Date and address will be announced later in this paper.

Mr. and Mrs. Gus L'Hirondelle had supper with Ernest and Bertha Belcourt and Brian last Friday.

Bertha Belcourt spent Monday in Edmonton with her daughter and granddaughter, Jo-Anne Cheryl and Candyce.

Margaret and Allan Adams had the pleasure of the company of Allan's mother for the week following Thanksgiving.

The Al Adams family attended the showing of the film "Rhodesia Mozambique" in Camrose on November 1st

Mr. and Mrs. Art Hoflin and family attended the wedding of Sharon Christiansen and Larry Winder at Klagman on October 25th.

Art and Gea Hoflin helped their daughter-in-law, Ellen celebrate her birthday last Monday when she and her parents, Mr. and Mrs. Ferguson of Tofield visited the Hoflin home.

Bill and Violet Kleinschroth visited Mr. and Mrs. Wessler recently. Bill is Mrs. Wessler's brother.

Marilyn Fairbrother is recuperating at home after an appendectomy last week.

Have you ever considered...

...what happens to an apparently heiress estate?

First, the heirs that are not apparent, but who do exist are located by the Alberta Department of the Attorney General. The department's Public Trustee Office begins an immediate search for relatives living outside the province and an estate officer is appointed to keep everything in order until money matters can be properly settled. Public trustee administrators are also called upon to look after the affairs of hospital patients suffering from mental illness, and directing businesses and handling assets for dependents of missing persons

Assistance in the form of property care is also provided, under court appointment, for elderly men and women in nursing homes. The Public Trustee Office also acts as guardian for minors, administering inheritance or trust funds where no other provision has been made.

...what protection you have against 'shocking' accidents?

You have all the safeguards set up by the Alberta Department of Labour. To help save you from the risk of electrical accidents the Electrical Protection Branch examines, tests, rejects or approves any new electrical product offered for sale in the province. It also has final authority to enforce safety standards for your protection. Over forty provincial inspectors, working with municipal authorities, are kept busy investigating and preventing accidents. They also carry out a co-ordinated program of certification of electrical workers, approval of equipment and internal work, inside and outside wiring and line construction

To give proper direction and interpretation of the electrical code and to promote all aspects of electrical safety in the province, the Electrical Protection Branch sends out over 4,000 copies of a regular news bulletin to the electrical trades and contracting industries. Skilled experts from the Branch are always ready to conduct seminars or to give illustrated presentations to provide you with the facts you need for electrical safety

...forming a corporation through co-operation?

A little friendly co-operation is all it takes for you and a group of associates to set up a chartered co-operative, with rights similar to a limited company. You can go into business, buy or sell goods and services, arrange financing and borrow money. Advice and assistance in establishing a co-operative is provided by the Alberta Department of Industry and Tourism. Representatives from the Co-operatives Branch are always available to assist you in completing your initial application, arranging documentation and writing the necessary by-laws for any co-operative undertaking. Some people in co-operatives provide their own natural gas or electric service, purchase propane, farm equipment, power machinery. Other co-ops are in such diversified fields as logging, housing, farming, fishing, owning retail stores and marketing their products for a more profitable and cost-saving operation. For the protection of all members and patrons the Branch carries out a continuous program of supervision of all Co-operative activities

...learning how to preserve teeth?

The teeth you want most to preserve belong to you and your children, and you can learn the proper steps to be taken at one of the day-long seminars arranged by the Dental Health Services branch of the Alberta Department of Health. Trained and experienced lecturers will show you new developments in prevention that could save you an unnecessary strain on the family budget. The seminars are just one of the steps taken by the Dental Health Services Branch in its constant fight against dental problems and harmful orthodontic conditions in children. It also carries out a regular preventive educational program through a province-wide network of facilities. Beside the recruitment of needed dental personnel for health units, the Branch supplies bursaries and grants to encourage training in dental technologies, and provides modern, transportable equipment for practicing dentists to serve rural areas where other treatment services are not available.

...what you can learn from a 'living' map?

You can actually see the changes in the history and development of our province by comparing the hundreds of colorful maps prepared for the Atlas of Alberta by the Maps and Aerial Photography Branch of the Alberta Department of Lands and Forests in co-operation with the University of Alberta. The first edition of this unique and detailed documentation in map form cottons over 170 pages and will be available for general distribution early in 1970. In addition to preparing and maintaining all provincial reference material the Branch provides almost a quarter of a million individual maps, plans and aerial photographs requested by the public in a year

...contributing to Alberta's school curriculum?

Any suggestions you have about what subjects or courses you think will give today's students a better education will be considered by the Division of Instruction of the Alberta Department of Education. To help channel your ideas into effective improvements, members of a special advisory committee meet regularly throughout the year to review school curricula and make recommendations to the instruction division. They study all letters and submissions from anyone in the province concerned with regular school teaching programs and activities.

Dance is a hit

The Hallowe'en dance held in the Holden Hall on October 31 turned out to be quite a success. First prize went to the Jolly Green Giant (Joe Pierna), second to Cook and Cookee (Kay Chapka and Flo Mason), and third to the Ballerina Dancers (Henry and Helen Tiedemann).

"We Holden Ladies' Hall Committee wish to thank all those who supported the dance and the ladies who brought lunch and helped serve it, and also men who took part.

Thanks to the second and third prize winners for their donations, and those who didn't attend but gave money.

Seed Cleaners hold their annual meeting

The annual meeting of the County of Beaver No. 9 Seed Cleaning plant was held Monday, Nov. 3, in the Holden Masonic Hall.

Present were seven directors, the secretary, plant manager and seven members, with the auditor, Al Hutchinson of Edmonton, guest speakers George Cramm, one of Bardfield and Mac in Bruce of Wainwright, who is the director of Zone 3 Provincial Association.

The financial statement by the auditor was given and accepted.

The question regarding enlarging the present plant was discussed from many angles and plans for the 1970 season were presented.

Guest speakers then addressed the meeting, after which the meeting was adjourned.

COLLEGE BOARDS OF GOVERNORS

Proclamation of the new Colleges Act calls for the appointment of persons from the public at large to serve on the boards of governors of the province's public colleges. The act requires five such persons for each college board.

There are openings in the following centres: Grande Prairie, Red Deer, Calgary, Lethbridge and Medicine Hat.

The Minister of Education invites interested organizations and groups to submit written nominations for consideration for appointment to the boards. The nominations should provide the background and qualifications of the person or persons nominated, and the college involved. Submissions are to be mailed, prior to November 22 to:

Final rites are held for Donald B Hardy

On his fiftieth birthday, August 28th, 1968, Donald Barnes Hardy of Tofield, passed away in an Edmonton hospital after a brief illness.

Mr. Hardy, the son of Mr. and Mrs. E. M Hardy, was born and received his education in Tofield. In 1940, he married Miss Ella Johnson To this marriage were born four children: Donna Mae (Mrs. Wendell Clark) of Edmonton, Diana Lynn (Mrs. Robert Hamilton) of Regina, Geraldine Susan (Mrs. Douglas Monaghan) of Edmonton and Richard Dale of Tofield.

Don joined the Loyal Edmonton Regiment in 1940 and until 1945 was on active duty with that regiment. He saw service in Italy, Sicily, France, Germany and Holland.

Returning to Tofield in 1945, Don took an active interest in community affairs During the following years, he became a past president of the Tofield Branch of the Royal Canadian Legion, a past master of Paleskine Lodge, AF and AM No. 46, and a member of the board of the Tofield Library.

He helped in the re-organization of the Cub and Scout movement in Tofield and for six years was the leader of the Cub troop. Each year he and his wife were hosts at their cabin on Beyrle Lake to the Cub troop for a weekend of fishing and hiking.

For five years Don worked for his father E. M. Hardy, the Imperial Oil agent in Tofield Following the death of his father, Don took over the business and in the following 17 years, greatly expanded it, making friends as well as customers.

The large number of people present at the United Church for Don's funeral on August 30th attested to the high regard in which he was held in the community The service was conducted by Rev. S. Bensey.

The pallbearers were: Bill Taylor Jim Wallace, Don McDonald, Arney Rhimes, Stan Glover and Gordon Garfoot.

At the church and at the interment service at the Tofield cemetery, members of the Canadian Legion formed an honor guard, at the cemetery, a wreath was laid on the flag-draped casket.

In addition to his wife and four children Don is survived by his mother, Mrs E. M Hardy; two brothers, Jack and Arthur of Tofield; four sisters, Mrs. Tod Gray, Mrs. Stan Gruver, Mrs. Gerald Hosier and Mrs. Oscar Reum and three grandchildren, Kevin and Lynne Clark and Richard Hamilton.

The following tributes were gratefully received

A Natural Gas Service Reminder from Northwestern Utilities, Limited

Give Your Heating System a Safety Check-up
Normally, your natural gas appliances and heating system operate with little care or maintenance. However, an annual check-up will ensure full efficient operation and complete comfort. To help you inspect your heating system, use this handy guide.

CHECK YOUR CHIMNEY:
Loose mortar, soot and other debris may accumulate at the base of the chimney, blocking the passage of the gases to the atmosphere. Watch that birds and small animals do not cause blockage

RANGES SHOULD NOT BE USED TO HEAT A ROOM:
Do not use your kitchen range to heat a room. Use a proper heater designed for the purpose

CHECK ALL VENT PIPES:
Examine all appliance vent pipes. A dislodged vent may block the end of the pipe, or permit exhaust to enter the room

BE ALERT TO DANGER SIGNALS:
Smarting of the eyes, nose irritation and unpleasant odors are indications of fumes in your home

FRESH AIR SOURCE:
Be sure there is a source of fresh air in your home Do not keep your house air-tight". Your gas appliances, like you, need air
P.S. Note re furnace filters!
Now's the time to check filters on your natural gas furnace. Filters that are clogged with dust and dirt cause heat loss, and can cause damage to your furnace. Furnace filters should be replaced or cleaned at least twice a year.

County School Committee briefs

Following are the minutes, in part, of the regular meeting of the County of Beaver No. 9 School Committee, held Tuesday, October 7

Present were Cr. W. A. Dorin, A. L. Gibson, W. D. Johnston, G. Kondulovic, W. Krupidatski, J. H. Riddick and C. W. Sears; J. Allen representing Towns and Villages and N. Semotiuk and Marvyn Bruce.

The meeting was called to order at 10:10 a.m. by the Chairman, Cr. Riddick.

It was moved and carried that the minutes of the meeting, September 9, 1969, be accepted.

Mr. Wilkie reported on his findings regarding rental-purchase of band instruments. Mr. Wilkie stated that he had contacted some of the people in the Tofield band and was advised that rental-purchase agreement would not be advantageous to the County in that we can get a 10% discount if we purchase band instruments under this arrangement, whereas if they are purchased outright we can get a 40% discount. Mr. Wilkie advised that it is quite possible that we might be able to pick up used drums at a reasonable price.

Mr. Bruce suggested that the County establish some policy in regard to the operation of bands. There should be a policy established outlining the number of pupils who can take band in one year, and also the number of years that each pupil would be supplied with a band instrument. There should also be some policy set on the issue of instruments to students and whether or not there should be some charge for these instruments.

It was moved and carried that the School Committee continue to support band instruction in schools in the County of Beaver and that we purchase up to $1,500 in band instruments for Tofield and Viking bands for 1969.

The Secretary-Treasurer advised that one meeting had been held in regard to the operation of the Bursary Program. Some information had been obtained and was being correlated, and there would be a further report for the November meeting.

The Secretary-Treasurer advised that he had contacted Gordon Holmes in regard to the sale of Hayden School, but that he had received no reply regarding either Salt Lake School or Hayden School.

The Secretary-Treasurer advised that correspondence from the Department of Education indicated that the Hutterite Colony School is to be known as the Holden Hutterite School No. 2231.

It was moved by Mr. Wilkie, and carried, that the correspondence from the Alberta School Trustees' Association, in regards to the survey of bus drivers rates of pay, be received and filed.

A letter from Jubilee Insurance Agencies was read in regard to School Bus Insurance. This letter indicates that with an alteration Endorsement the School Committee could transport adults and children to functions other than school functions. A deposit premium of $25 is charged and at the end of the year the premium is calculated at 2½c per mile for adults and children. Jubilee Insurance Agencies Ltd. that we do not wish to have this insurance at the present time.

A Notice from Zone 3 A.S.T.A. advising that we must submit a nomination for our representative on the Zone Executive.

Moved and carried that Cr. Kondulovic be the County of Beaver's Zone Executive member.

As the next regular meeting would fall on November 11, a change of this date was requested.

Moved and carried that the November School Committee meeting be held on November 12.

It was moved and carried that the Christmas Holidays be from Wednesday, December 24, to January 6th, inclusive.

The Superintendent reported that a census of children not yet attending school would be completed by October 17, 1969.

There was some discussion on the Bus Loading area in Viking. It appears that there are often cars parked in the bus loading zone and that possibly we should have some sign installed at the school.

Moved and carried that we request the Town of Viking to pass a by-law restricting the use of the loading area at the school from 8:00 a.m. until 9:00 a.m. and from 3:00 p.m. to 4:00 p.m. and that we will supply the sign.

A memo from A. A. Day, Supervisor of Industrial Arts, Department of Education, was presented to the School Committee. This memo indicated that we would either have to update our buildings so that we could offer the required courses or that we restrict the courses in one in Junior High and one in Senior High. Mr. Bruce advised that he would have more information for the November meeting.

Mr. Bruce reported that the enrolment in the schools on September 30, 1969, was 2,357 students compared to 2,302 at September 30, 1968. Mr. Neal, Bus Supervisor, attended at this time and presented a written report for the month of September.

The question of purchase of new buses was discussed.

Moved and carried that we call tenders for two 66-passenger and one 34 passenger, General Motors buses, for the December meeting.

Mr. Reid mentioned that the Scho l Committee and the County Council had discussed the purchase of a fire park for the repair of all school buses (both the bus repair and heavy duty repair section). He advised that he had received a price of $696.1 a 22 ton jack from New Line Equipment Ltd. It was the best price he was able to obtain on the type of jack.

As there was no further business to discuss, it was moved and carried that the meeting adjourn at 5:40 p.m.

Girls entertain boys at Tofield School

by Susan Ingram

The Tofield grade eight girls entertained the boys in the same grade at a Hallowe'en luncheon at noon on October 30 in the AU room of the school.

The Hallowe'en motif was used in the decorations. Black cats framed the place cards, while witch's hats were the table centres.

Dixie Gray, chairman for the occasion, called on Margery Hallenquist to say grace, and Sharon Haugen for the toast to the Queen.

After the luncheon was served by grade seven girls, a program of musical items was presented. Ruth Quiring, Susan Ingram and Joyce Thiessen entertained with piano solos. Ruth Quiring accompanied a group song, "Four Strong Winds" by Debbie Miskew, Sharon Haugen, Joyce Thiessen, Tamsis Shaw, Kelley Blacklock and Susan Ingram.

Guest speakers, Mr. Robson, Mr. Eastlick and Mr. Langtiff, thanked the girls for their invitations to the luncheon and expressed their views on the value of such occasions as this.

Committees responsible for this successful occasion were: Menu: Debbie Watson, Debbie Hoef, Heather Francis and Teresa Kalal. Decorations: Lael Astley, Ruth Quiring, Glenda Carlisle, Debbie Miskew, Ivy Mosby and Linda Eastlick. Invitations: Margery Hallenquist, Joyce Gould, Dixie Gray and Brenda Lee. Arrangements: Joyce Thiessen, Mary Laarbuis and Laura Boyko. Program: Sharon Haugen, Kelley Blacklock, Susan Ingram, Tamis Shaw and Marilyn Davisen.

Curlers delay annual meet

The annual meeting of the Tofield Curling Club has been delayed for three days because of harvesting operations.

The meeting originally was set for last night at the Curling Club, but was postponed until Saturday, Nov. 8, also at the Curling Club, beginning at 8:00 o'clock.

Officers to serve during the 1969-70 season are to be elected at Saturday's meeting, and general policies for the coming season will be formulated.

Club officials are anticipating a banner season, and are urging all shareholders and any other interested persons to attend this meeting.

Trees are a crop and good management requires periodic harvesting for highest yield.

War veterans

Members of the Tofield Branch of the Royal Canadian Legion joined their comrades across the country on Tuesday in honoring the dead of two world wars with ceremonies conducted at the War Memorial and at the Community Center.

—The Mercury Newsphoto.

War dead honored in three services

Remembrance Day Services were held Tuesday in Tofield, Holden and Ryley, as veterans honored their comrades of world wars who gave their lives in order that Canada, as well as other nations, might remain free.

HOLDEN

Remembrance Day Service was observed in Holden with members of the Legion, Ladies Auxiliary, Brownies, Guides and Leaders, ad others parading from the Legion Hall to the Cenotaph, where the Last Past was sounded by Gerald Baskerville; two minutes silence was then observed with colors being dipped; Gerald then sounding Reveille.

Wreaths were then laid in tribute to those of two wars—for the Legion, by past-president Comrade Bruce Budd; Ladies Aux. Mary, by President Helen Steeves; Village of Holden, by Mayor John Semeniuk; B.P.O. Elks, by Mr. Gordon Langford, and for the Provincial Government by Mr. Earl Hardy.

The parade then proceeded to the Community Hall for Public Service, with Mr. Jim Watson in charge. Pianist was Mrs. E. W. Good. Following the service, Legion members, their wives, Ladies' Auxiliary and guests met in the Legion Hall for a buffet lunch.

RYLEY

Led by the Sea Cadets, the parade formed in front of the Ryley Branch of the Royal Canadian Legion, from whence they proceeded to the war memorial. After tributes were paid and wreaths laid, the parade moved off to the Community Hall.

Services were then conducted by Rev. John Frecht, and was followed by a dinner held at the Ryley Branch of the Royal Canadian Legion.

TOFIELD

The parade formed across the street, from the Tofield Branch of the Royal Canadian Legion, and fell in at the war memorial, where tributes were paid to fallen comrades and wreaths were laid.

Following the ceremony at the war memorial, the parade marched to the Community Centre for service, conducted by Rev. R. H. Bessey. The parade was led by a color party consisting of flag bearers, RCMP and Town Police.

700 electors eligible to ballot in Division 3

Approximately seven hundred voters will be eligible to go to the polls in less than two weeks time to elect a Councillor for Division 3 on the County of Beaver, Council. An exact count on the number of eligible voters was not available today, but lists of electors are to be posted at three locations either late today (Thursday) or tomorrow morning. Lists will be posted at the County Office in Ryley, Bruce Post Office and at Larson's store just south of Bruce.

Electors will be choosing between incumbent William A. Dorin of Bruce and Gabriel Brisson from south of Bruce. Mr. Dorin has been a sitting member of Council since 1962, while Mr. Brisson is making his first attempt to gain a Council seat.

Two polls will be open on election day, Wednesday, November 26, from 10:00 o'clock in the morning until 8:00 o'clock in the evening. Polls will be located at the new Community Hall and the Charles W. Barber residence, south of Bruce.

The successful candidate will be elected for a two-year term, as all seats will become vacant in 1971.

No election had been needed in Division 2, which is the Viking area, as County Reeve John H. "Jack" Boddick was declared elected by acclamation on nomination day, held October 29. Mr. Boddick was first elected to County Council in 1960, and became Reeve in 1966.

Community Planning group is organized for Tofield

A Community Planning meeting organized by Mrs. Irene Warner, one of the local members of the Agricultural Advisory Board, was held in the Tofield Hall recently, with sixteen ladies present.

Mrs. Elizabeth Duce, District Home Economist for this area explained the programs that are offered by the Home Economics Extension Service of the Alberta Department of Agriculture.

Those present set the dates for various programs as follows:

There will be a Home Management series, 1:30 p.m. to 3:30 p.m. in the Tofield Community Hall on the following days: January 29 (Clothing and Textile), Feb. 5 (Food and Nutrition), Feb. 12, Home Design, Feb. 19, Management of Time, Energy and Money, Feb. 26, Family Living.

Everyone is welcome. If you are interested or know someone who is, please contact Mrs. Irene C. Warner, or Mrs. W. A. Swift of Tofield before December 1. There will be a small registration fee for complete course or for each of the 5 or a note book of information (plus other incidental expenses such as the hall and possibly coffee). Advance registration is necessary so we will know how many note books to bring. Mrs. W. A. Swift is in charge of registration at the course.

A Catering Workshop will be held on Tuesday, Feb. 3, and Tuesday, Feb. 10, at 1:30 p.m. Mrs. Lucy Boyles is in charge of registration.

A Clothing Construction Course will be planned for the new year.

Tofield seeks liquor outlet

The Town of Tofield is seeking a liquor outlet in the town.

At the regular meeting of Town Council on Monday, Nov. 3, members voted unanimously in favor of a resolution requesting a liquor outlet in the Town.

A petition containing over 500 name, had been forwarded to the Alberta Liquor Control Board earlier this year.

Previous attempts to gain a liquor outlet in Tofield in the past have all met with failure, but town officials are extremely hopeful that the resolution and petition will be received favorably by the Alberta Liquor Control Board, and that an outlet will be granted to the Town.

Recreation Board gets a $4,579 gov't grant

A. W. Gordey, Vegreville MLA, presented Thomas M Keelor with a cheque for $4,579 to officially begin the duties of the Beaver County Recreation Board. Mr Keelor is the board's president.

In making the formal presentation of the cheque, Mr. Gordey spoke of the growing need for organized recreation in rural areas and outlined the role that government must play in this area in the future.

The Department of Youth was represented at the ceremony, which took place Thursday evening at the County of Beaver Office, by Mrs. Rae Gowers, area consultant for the Provincial Recreation Board. Mrs. Gowers expressed the congratulations of her department to the County of Beaver for organizing in this field.

Special guests of the Board for the presentation were Ed Altweelt, mayor of Ryley, Dr. W. H. Freeburg, mayor of Tofield, and John Semeniuk, representing the Village of Holden.

Following the presentation, the Recreation Board held a short meeting to consider applications for the position of Recreation Administrator. A committee was selected to interview applicants who had applied from nearly every province in Canada.

The County Board is composed of six sub-districts, taking in areas about the same as the various school districts in the County—Kinsella, Viking, Bruce, Holden, Ryley and Tofield.

The goal of the County Board is to co-operate with the sub-district Boards to implement a varied recreation program for all age groups in the area and to secure capital facilities for the enjoyment of all County residents.

What's ahead in taxes?

The reaction of most of us to Finance Minister Benson's White Paper on Taxes announced last week will depend quite largely on where we sit. It's likely to be very highly popular, since basically it's a "soak the rich" philosophy involved, coupled with relief for the poor". Indeed, one in ten present taxpayers are expected to be dropped from the rolls completely, while an other forty or so per cent of taxpayers will find some relief at any rate.

Exemptions for married couples and it would seem this would be the most common category for taxpayers, would move up to $2,000 under Mr Benson's proposals or in other words just under the $3,000 line suggested as the poverty level by federal committees. If this is indeed the poverty line few taxpayers would object to exempting income under this level.

Probably few would disagree with increasing taxes over the $9,100 mark as such couples since this is usually regarded as a pretty fair income. However with new wage settlements becoming more and more workers are moving into this area, and many of them will feel quite [illegible] some reaction here.

We've watched [illegible] possibilities the capital gains tax [illegible] bring, and it would seem this is one of the areas for late fixing [illegible] over the past few years. Undoubtedly there is a good deal to be said [illegible] bringing under the tax tent many of the dollars raked in under the capital gain precept, and undoubtedly there are many who paid no taxes because of this who should have been subject to the tax principles as a matter of equity.

On the other hand, a great deal of judiciousness will be needed to apply such a tax in such fashion that supplies of money are not dried up. The U.S. has had such a tax for some time but Canada isn't the same as the States . . . we're a young, undeveloped, thinly peopled country, and a great deal of venture capital is still needed to bring about the development many of us would like to see. However, no amount of tax concessions can offset the real dollars which can be lost in such ventures and the stakes have to be high to attract sufficient money. Too heavy a hand on the taxes could move a lot of gambling money into conservative but guaranteed bond issues . . . and put a real damper on development.

All Canadians should be concerned with the principle involved in disposing of capital gains write-offs, expense allowances etc so as not only for the oil and mine companies but for all. We should view with the feature of [illegible]

MacDuff Ottawa Report

OTTAWA Nov 10 — The tough and [illegible] of governmental waste and extravagance since the Glassco Royal Commission reported seven years ago has been lobbied at Prime Minister Trudeau by two public servants and a newspaperman.

Taken [illegible] volume entitled To Know and Be Known it comes from the Task Force on Government Information headed by Dr. Roger Fortier our newly-appointed ambassador to Tunisia.

And the artistic design of an exclamation mark, suspense and question mark on its cover — it is just the first clue to its explosive contents.

Written in forthright journalistic style by a former magazine editor and Toronto columnist who collaborated with the task force it is [illegible] on the news that exists in government information services and makes more than 150 recommendations on how to right it.

"We found some good features in the information services, but the great weight of our evidence was unhappy" declares the report signed by Mr Fortier and his two fellow task force members, Bernard Ostry, an official of the Canadian Radio-Television Commission, and Tom Ford, a former reporter for the Toronto Star and Winnipeg Tribune.

"The Federal Government has no general information policy. It has no agency to help it either develop or implement information policy. There are simply no broad guidelines to enable central authorities as the Privy Council Office, Treasury Board and the Public Service Commission to give general focus to the assorted information efforts of the government."

At present says the Report there are some 880 men and women employed as information officers in 28 government departments and 44 agencies at an annual cost to the taxpayer of $14.8 million — and that's a lot of money.

The task force found [illegible] opportunities when [illegible] the public that most of the things [illegible] were of vital interest to many Canadians.

It may not be necessary [illegible] over about the solutions [illegible] been recommended.

Have you ever considered...

...when a chicken crosses a fine tax line?

You can find out about this fine line that divides a person that raises chickens from a chicken producer through a staff inspector of the Assessment Branch of the Alberta Department of Municipal Affairs. Other questions you may have about an assessment complaint that cannot be solved at local or by your appeal board can be referred directly to the Assessment Commissioner of the department. All standards and methods forming the basis of tax assessments are published in the provincial manual prepared by

members of the research team of the Commissioner's office and representatives will report to you on all matters dealing with adjustments or revisions originating from your request. Copies of the current Alberta Assessment Manual in use are available at a cost of $2½ per copy to assist all property owners and municipalities in the proper evaluation of taxes.

...who's saving the space you're going to need for safe travel?

An active program of control over all lands needed for highway expansion is just one phase of the safeguard work done for you by the Planning Branch of the Alberta Department of Highways and Transport. To protect the public's travel corridors throughout the province persons or businesses interested in space next to a highway require authorization from the Branch before proceeding with any development.

Planning engineers and technicians also undertake province wide location studies to determine the best and the most economical travel routes. They take continuous samplings of traffic and conduct vehicle counts to determine travel trends and make projections of road requirements, and the type of roads required. Speed studies, analysis of accidents, positioning all signs to give you proper warning along with recommending the raising or lowering of existing speed limits are additional traffic services undertaken to make sure you travel in safety and convenience on Alberta's extensive network of highways.

...becoming involved in a youthful happening?

You can learn how to participate in and even originate any number of new activities for young people by talking it over with a Special Projects Officer of the Alberta Department of Youth. Their range of involvement in youth programs depends on requests from young people themselves: student groups, schools, interested individuals, representatives from communities, churches, service clubs. One of the far reaching efforts of this special project organization is to act as provincial coordinator for the Young Voyageur Program, operated with federal assistance, offering young Albertans the opportunity and excitement of travelling to other parts of the country. Another plan includes the province-wide high school workshops to assist student councils. The prime service and aim

of the people in Special Projects is the development of new ideas into continuing programs and happenings for active youth all over the province.

...the kind of companies other people keep?

You can look into the history of any limited liability company you are interested in that has been incorporated or registered in the Province of Alberta at the office of the Registrar of Companies of the Provincial Secretary's Department. Documents on file with the Registrar are open to public inspection. You can look them over and obtain copies for a regular service charge. You can find out about directors, share structure, objectives, who the shareholders of an Alberta incorporated company are. The names of shareholders of extra-provincial companies registered in Alberta are not available. Checking on the availability of company names is another service provided for a nominal fee.

...arthritis need not disable a young person for a lifetime?

Quick recognition is one of the most important single things you must learn to prevent the crippling and deforming effects of Juvenile Rheumatoid Arthritis. This form of juvenile arthritis can strike fast. And early. That's why every parent and school teacher in the province should know about the assistance provided by the Division of Arthritis Services of the Alberta Department of Health. Working with family doctors, or personal physicians, a skilled professional physiotherapist is available for immediate investigation and accurate diagnosis. Patients are returned with a detailed report, as quickly as possible to the family physician, while further continuing treatment, drugs, appliances and physiotherapy are provided without charge for all juveniles and anyone up to the age of twenty five. A major benefit of the prompt clinical treatment enables young people to keep up with school work, or hold down jobs while taking treatment under the program of service.

...a better way to select beef on the hoof?

You benefit from the beef cattle performance testing program supervised by the Animal Industry Division of the Alberta Department of Agriculture, whose test records help both buyers and breeders. Livestock producers can readily check the animals with the best rate of gain in any particular grouping by looking at the index ratings processed and provided under the program. The only limitation on the size of herd for proper comparisons is a minimum of five calves of one sex in each test group. Other similar programs to assist in better selection are available for the sheep and swine industries. A province wide increase in applications for the beef cattle service occurred last year and the tenth annual report of completed tests is available on request without charge.

North Hereford breeders hold annual meeting here

Members of the Northern Alberta Hereford Club held their annual meeting in Camrose on Saturday at the Golf Clubhouse. The meeting started Saturday morning and continued well into the afternoon. Discussions centred around exhibiting policies, government regulations, and ended with the election of a board of directors.

Membership dues were dropped to $5.00 following the tabling of a fairly healthy financial statement.

Strong objection was voiced to the Edmonton Exhibition Board and the Alberta Hereford Association's entering of cross-bred bulls at the Edmonton Bull Sale.

The meeting agreed that recommendations should be given to the Alberta Hereford Association and carried through to the Joint Beef Breeds meeting that the class of cross-bred steers be opened up to allow straight bred and registered steers to be shown. The club fell strongly on the question of the government action to eliminate all but the cross-bred class. It was felt this was discrimination against breeders who do not raise cross-bred animals.

Members will be lobbying their MLA's urging the cancellation of the horn tax. They felt that the reserve of more than $1,000,000 now in the horned tax fund should be used in the building of a Bull Test station somewhere centrally located in Alberta, future studies of Vibramcin, and as capital grants for livestock purposes, as opposed to some type of continuing grant.

The summer tour next year will probably be held in the Edmonton-Bruderheim area, and the annual meeting will be held in Vegreville

The following list of officers were elected from the board of directors following the annual meeting: Oscar Peterson, Marwayne, president; Norman Wold, Alliance, 1st vice-pres.; Vernon Lysenz, Armena, 2nd vice-pres.; Mrs. Betty Elliott, Dewberry, secretary - treasurer; Keith Fissen, Paraburg, executive director.

Directors are: J. E. Duggan, Edmonton; F. J. Adby, Edmonton; Doug Evans, Forestburg, Len Berg, Sedgewick; Gordon Seigler, Vegreville; Arne Lane, Winterburn, Harry Long, Irma, Lawrence Kaldal, Tofield, Keith Fissen, Forestburg.

THANK YOU ALL!

The Ryley Legion would like to sincerely thank everyone who contributed to the Poppy Fund, and special thanks to all who took part in our Remembrance Day celebration.

Calgary Power proudly introduces

ANOTHER ALBERTA JUNIOR CITIZEN AWARD WINNER

BRIAN HUGHSTON

Brian, aged 16, is seen receiving his Junior Citizen Award from Lieutenant-Governor Grant MacEwan.

Brian received the award for his kindness and consideration in assisting his unfortunate neighbours. When a neighbour was severely injured on a tar accident, Brian took over the man's farm chores, including the care of a dairy herd. Refusing payment from the owner, Brian worked every afternoon after school, through the coldest part of winter. His understanding and ability were an inspiration to the man's wife and family, and allowed them to keep the farm operating.

We congratulate Brian Hughston and think Alberta's Weekly Newspaper Editors for their active participation in the Alberta Junior Citizen of the Year program, sponsored by Alberta's investor-owned electric utility companies.

Our special thanks to the Wetaskiwin Times and to Brian's nominator, Mrs. G. Hegquist.

Brian is one of our six winners for 1969.

Open market for feed rejected by farmers

LETHBRIDGE Nov 6 — Delegates to the 63rd annual meeting of United Grain Growers Thursday defeated by a fair margin a resolution that all feed grains be put on the open market and removed from the quota system.

A Standard, Alberta, farmer who rejected the resolution said: This resolution, in relentless logic, leads to eliminating all access to [illegible] to the Wheat Board.

He said if the grains are removed from the control of the Wheat Board the price of Tofield [illegible] to extremely low levels.

Mr. Lowe said [illegible] competition between farmers [illegible] moved [illegible] are [illegible] by the Wheat Board.

[illegible] the delegates [illegible] were approved [illegible] at the Tuesday meeting.

Ten of the resolutions approved dealt with grain marketing. One recommended that feed grains be under the pricing and control of the Wheat Board, while yet another requested that feed grains be allowed free movement between provinces.

(Mrs. Ellen Eaton)

Sunday visitors at the home of John and Mary Wood were their two daughters and families, namely Lorne and Jim Francis and three children of Viking and Evel and Vic Halwa and family of Edmonton.

Mrs. Ethel Wood of Edmonton spent the long weekend and Remembrance Day in this district at her farm home and also visiting her daughter Marg and Lorne Berreeloth.

Leroy and Shirley Eaton and little son Bonnie were Monday visitors at the home of Leroy's mother Ellen Eaton.

Donna and Frank Edwards and children of Elk Point were Saturday and Sunday visitors at the home of Donna's parents, Howard and Mae Ferguson.

Russel and Mabel Ferguson were guests of Russel's brother Howard and Mae Ferguson at their home Sunday and at a wedding anniversary supper in honor of both couples whose anniversaries are on the same day of the month.

Emil and Martha Tiedemann, who have sold their farm recently, moved out of their farm home on Monday and are making their home at the home of their daughter, Yvonne and Peter Brown of Ketchamont for the time being.

Remembrance Day visitors and overnight guests at the home of Carl and Mavis Jacobsen were their daughter Clarice Jacobsen and Mavis' father Julius Jacobson, both of Edmonton and Julius' brother Fred and Marie Jacobson of East Grand Forks, Minnesota who had arrived recently and were visiting Julius in Edmonton for a while.

"That was a great tackle you made on their cheerleader!"

(Mrs. G. M. Taylor)

Mrs. Sam Block is a patient in Tofield Hospital for treatment of a very bad cold and congestion.

His sister Maxine is also a member of the 4-H Dairy Club and received a trophy for the best Holstein calf at Achievement Day with his younger brother, Bernie, also a club member, being awarded a prize for Showmanship.

These young teen-agers are certainly a credit to their family and those in charge of 4-H Club activities helping to make our youth worth-while citizens of the community.

The family of Mr. and Mrs. J. A. Globenhaus are holding an open house in their honor Sunday afternoon, Nov. 16th from 2:30 to 6:00 p.m. when they will be celebrating their 50th wedding anniversary.

ELKS MEET

Holden Lodge BPO Elks held their regular monthly meeting on Monday, Nov. 10th with Exalted Ruler Earl Hardy chairing the meeting. Regular business was attended to and committee reports received. Bro. William Ogrodnick gave a report on the recently held bingo, proceeds of which go towards the Holden Community Hall Building Fund. The next bingo which they sponsor will be held Friday, November 14th.

Election of officers was held and the new slate of officers will be installed at the December meeting.

Cars as coffins and weapons

Crime in the streets turns out to be a joyride compared to slaughter on the highways.

Your chances of being injured in an automobile accident are almost ten times greater than your chances of being hurt by a mugger, burglar, would-be murderer or rapist. Traffic deaths last year reached 52,000.

In a shocking number of these deaths and injuries, the car has actually been used as a weapon. "There is a little murder and a little suicide in every man's heart" Dr. Karl Menninger, famous Kansas psychiatrist, observes ruefully. "Give him a weapon such as a car, inflame his irritations or frustrations or inhibitions, add alcohol or fatigue, and a murder or suicide may be committed."

Although poor automobile design is frequently at fault in traffic deaths, experts estimate that from five to ten per cent are caused by suicide. Drivers steer their cars off bridges and cliffs, turn into oncoming freeway traffic, crash into trees or lamp posts, and their deaths are almost invariably written off as accidents says Dr. John Fallund, a Kansas City pathologist.

Other drivers go for reckless drives in order to let off steam. Dr. Calvin Selzer, a psychiatrist at the University of Michigan concludes that nearly one out of five drivers responsible for fatal accidents is suffering from paranoia (irrational suspiciousness with delusions of grandeur).

But the most important medical profit in related to automobile accidents involves alcoholism. Held responsible by the National Highway Safety Bureau for fully half of last year's traffic deaths.

Natural death at the wheel also takes an unexpectedly high toll.

Dr. Irma West of California's Department of Public Health estimate that natural causes, particularly heart attacks, are and for nearly two per cent of highway fatalities.

Welcome to Tofield

The Tofield Community League is also deserving of commendation for the "Welcome Supper" they have planned for next Wednesday evening in the Community Hall. This is an ideal manner in which to really welcome newcomers to the area. Neighborly visits are fine, but it is a slow way of meeting people whereas a community gathering such as this will make new friends in large numbers and will no doubt, be much appreciated by the newcomers. This is just another example of the true community spirit that still exists in smaller centres where everyone can get to know everyone else.

This advantage that smaller centers have over large cities should never be forgotten or ignored. One can meet thousands of people on large city streets and never see a familiar face, and this can exude a great feeling of lonesomeness which never exists in smaller centers. Big cities have their advantages, but so do smaller communities

Liquor outlet sought

The Town of Tofield is once again seeking a liquor outlet. Such requests have been refused in the past, but on this occasion, the request has been accompanied by a petition bearing over five hundred names. It does seem a little silly that, in this day and age, the residents of the Tofield area must travel to another centre to purchase their beverages.

Liquor is regarded by many as being a problem and this is, without a doubt, true. However with the growing knowledge of the dangers of alcoholism, most people are avoiding any addiction. Arguments can be made both pro and con, to the advisability of having liquor more easily attained by those who want it. But, it should be pointed out that the harder or more undesirable you attempt to make something, the more it is wanted. The unattainable is always the most sought-after goal. Our friends to the south found this out when they tried prohibition and found that more liquor was being consumed than had been the case before the law was passed

Give them a chance

There are still people to sneer at the idea that recreation must be organized, or that recreation, outside of one's own home should be organized. While one hates to be critical of our older citizens it is, unfortunately the age group in which most of the recreation critics belong. Their contention is that "we didn't need it when we were kids so why should today's kids need it?" That would be a reasonable question if their memories were a little roomier. First of all, times change and people change and what was good enough for us is not necessarily good enough for today's youth. Secondly, most of us, especially those of us in the Tofield area, have had many opportunities for recreation that are not available to the younger members of today's society.

The County of Beaver now has a Recreation Board and the people involved are to be commended for having formed such a body. The experience they have gained in organizing various activities gives them the necessary know-how to help the Beaver Recreation Board. The new board must not fail, for if it does, the chances of ever getting recreation properly started. The failure of the various past organizations is a result of people thinking that recreation is something that is provided for them, and when it is not, they sit back and criticize. Recreation must be a community effort, and this is why the Beaver Recreation Board must succeed. Recreation is necessary for all ages, children, teens, adults and senior citizens. Each of these groups has many different interests and problems and there are many different activities that they can participate in. Some require more money and time than others, and if some

BE A READER

Tofield, Alta.
Nov. 16, 1969

Dear Sir,

Help your child by a reader—writes Eileen Morris in a recent issue of Chatelaine. No matter how much the McLuhans of our world stress new forms of communication, our children's education still rests on books.

The book is the power base of the group-research form of learning, where your child from nine up may be given a pile of books, a page of questions and the request to return to the class with everything he can find on a given subject.

Parents can do so much to make readers of children. Let your child talk about the books he reads, and listen as he discovers himself, his own emotions and reactions. Talk is part of the reading process. Surround your child with good books and reasons to read them. Link up books and life—you can search out the titles of authors your boy or girl enjoys by visiting your local library.

Trustee of 48 years still going strong

Elected by acclamation to the post of trustee of the Holden Drainage District when it was first set up back in 1921, Hans Huseby of Holden is still holding the same seat and still going strong. Thousands of acres of land have been drained over the intervening years, and Mr. Huseby feels the country is a great deal better off for it.

Named to similar posts with Mr. Huseby in 1921 were Frank Wenz and Peter Sorensen, but both men are now dead. Over the years there have been several office holders, and present trustees, besides Mr. Huseby, are Nick Laskosky and Owen Leyseth, Raymond Hovland being secretary.

Trustees hold office for three years at a term, and several times over the years Mr. Huseby has faced a contest, although several times he has also been returned by acclamation.

Mr. Huseby says the result of the drainage board's work over the years has brought many hundreds of acres under cultivation, which formerly were covered with sloughs or shallow lakes. The absence of these sloughs has made it possible to build far better roads, with solid shoulders, and draining has also substantially reduced the terrible problem of mosquitoes the district faced many years ago.

Latest project of the board was the drainage of Sand Storm Lake, in order to recover nearly a section and a quarter of arable land. The lake, situated about twenty-five miles east and a little south of Camrose, showed as much as eight feet of water in some areas.

Mr. Huseby recently came across a copy of the original order establishing the Holden Drainage District, which was the first one set up in the province. The order follows:

DRAINAGE DISTRICTS ACT, 1921

Order Appointing Trustees Holden Drainage District

WHEREAS under the provisions of the Drainage Districts Act, 1921, there was held at Holden, on the eighth day of August, 1921, an election for Trustees for Drainage District number one, known as the "Holden Drainage District",

AND WHEREAS the Returning Officer's statement of the result of the said election shows that only three persons were nominated for trustees for the said, as follows:

Hans Huseby, Holden.
Peter Sorensen, Holden.
Frank Wenz, Holden.

AND WHEREAS by the said Act it is provided that the Board of every district shall consist of three trustees:

THEREFORE it is ordered that:

Hans Huseby, Holden
Peter Sorensen of Holden
Frank Wenz of Holden

shall, and they are hereby appointed to be the first trustees of the said district.

Made and promulgated, this 12th day of September, 1921.

Holden man attends UFA convention

United Farmers of Alberta annual meeting in Calgary recently was attended by Allan R. Zwierschke of Holden. He was among more than 70 directors and delegates studying the UFA's financial position, which showed its sales volume for the fiscal year ending July 31 was the third highest in its history.

Ryley news briefs

(Mrs. Ruth Davick)

RYLEY — Mrs. Mary Erickson of Camrose was a Tuesday visitor with Mrs. Alma Adams.

FRIDAY PROGRAM

Guest speaker at the Lutheran Church Womens Thanksgiving program Friday evening, Nov. 21st will be Mrs. E. Thompson from Viking. Besides music from local family groups, the "Voices-Ties" will render a number of songs. Everyone is welcome to this program.

On Wednesday, Nov 12th, a miscellaneous shower was held at the home of Mrs. Noreen Johnson in honor of Miss Arlene Dorin, daughter of Mr. and Mrs. Ernie Dorin of Bruce, whose wedding will take place Nov. 29th to Clifford Fields, son of Mr. and Mrs. Ken Fields of Viking. Thirteen women were present to compliment Arlene with gifts and best wishes. Miss Joan Rausch made the presentation and also was hostess with Noreen to serve a delicious lunch. The evening was enjoyed with games etc.

Alf Anderson has returned home from Tofield Hospital and looking pretty happy to be home after spending some time there.

Mr. and Mrs. George Kast motored to the city Monday to bring home their baby daughter (Sharon Vivian) from University Hospital, a sister for Jean and Susan.

TIME FOR A RAISE? Prince Philip says that Britain's Royal Family is rapidly running out of corners to cut and will be tangled in financial red tape by next year. From the Royal allowance of 475,000 pounds a year, the Queen pays salaries to a reduced staff of 300, as well as covering housekeeping expenses. Treasury accountants have twice refused increases, but with the current public uproar, financial changes are likely to be made this time. — TTS Photo

Ketchamoot district news items

(Mrs. Ethel Carlisle)
(Intended for last week)

On Saturday, Mr. and Mrs. Herman Lawson, Mrs. Martin Lawson and Irene, Dennis and Wesley attended the wedding of Delbert Lee and Valerie Eccles at the McDougall United Church in Edmonton.

Mr. and Mrs. Herman Lawson visited with the Leonard Stauffers on Sunday.

On Tuesday, neighbors and friends attended the funeral services for Mrs. Julia Nomeland in Kingman Lutheran Church. The Nomelands lived in the Ketchamoot district for many years before Mrs. Nomeland went to Edmonton to make her home. She was greatly respected in the community and will be missed very much.

Miss Edith Turney celebrated her birthday last week, and many friends called to wish her "happy birthday".

Sunday visitors with Mr and Mrs. Don Carlisle and boys were Mr and Mrs. Ernest Tost and family of Wetaskiwin. Sharon Tost and Mrs Wayne Carlisle of Edmonton.

Mr and Mrs. Bill Ingram and Wesley were recent visitors with their daughter Donna and her husband in Edmonton.

The book we'd like most to have on a desert island is one that tells how to make a radio transmitter out of sea shells and gull feathers

Ministik news briefs

(Mrs. Jim Reddick)

Church services carry on, with Phillip Montgomery as student minister. Christmas Eve services will once again be held this year.

Mrs. Helen Hennessy was hostess at dinner on Sunday to Mr. and Mrs. James Moore of Whitecourt, Mrs. Joe Curtis of Edmonton Mr. and Mrs. Irvin Lignes and Mr. and Mrs Jacquest and family, all of Edmonton.

SEWING CLASS

Sewing classes will be held at Ministik Hall on Tuesday, Wednesday and Thursday of this week. Several young ladies will be in attendance.

Despite a stormy evening, several from our community attended the C.W.L. bazaar and bingo at Hasting Lake Hall. Andrew Ferguson was a lucky raffle winner, receiving a lovely tea set.

Norman Penrice, the Gordon Tibers and Pat Penrice were Sunday guests of Mr. and Mrs Alex Penrice. They enjoyed an afternoon of ski-doosing with this new fall of snow.

Mrs Annie Oliver has been a patient in Tofield Hospital with the flu. She recently celebrated her 89th birthday.

Mrs Frank Swabey also spent the weekend in hospital, having tests on her kidneys.

Mrs. Gladys Roddick returned to Edmonton on Monday, after spending ten days with Mrs Les Whitford and her son Bill and family.

Have you ever considered...

...how you can tell when something is prevented?

You can see the results of a specific preventive program in your local community when an undesirable social condition improves. Providing support and creating the opportunity for municipalities to establish needed programs such as homemaker services day care and family life centres is the prime long-range service offered by the Social Planning Branch of the Alberta Department of Social Development. Assistance provided takes the form of continuous consultations with locally appointed directors and cost-sharing of expenditures on particular projects. The service is available to all municipalities in the province and under local arrangement many neighbouring towns take advantage of shared resources to implement joint preventive efforts for the benefit of individuals and families in their combined areas. A folder outlining the concept and aims of preventive social service and the role taken by local directors is available from this Branch on request.

...who's curbing pollution with clubs?

Wise use of our natural resources is the objective of an unique program which is organized and administered by the 4-H and Junior Forest Warden Branch of the Alberta Department of Youth. Volunteers supervise Junior Forest Warden and Girl Forest Guard Clubs in a program for young people who love the great outdoors. Each year hundreds of boys and girls between the ages of 10 and 18, in all parts of the province, become involved in this long-range educational program. Week-end outings and summer time-camping are just part of their year-round activities which include regular meetings and community service projects such as tree planting, and campsite clean-up campaigns. Members learn to recognize erosion and pollution, understand the danger and how to take effective control measures in order to protect our forests, soil, waters, fish and wildlife. From the thousands of young people who first started as Junior Forest Wardens and Girl Forest Guards many have chosen future careers as biologists and foresters.

...when a hole in the ground becomes a mine?

Regulations governing safety in coal mining and quarry operations are administered by the Director and his staff of inspectors of the Mines Division of the Alberta Department of Mines and Minerals. The excavation of oil sands, and in simplified terms any digging for removal of minerals can be considered a mining operation and a permit to operate must be obtained before the operation commences. For the benefit of workers, all sanitary and other facilities must be approved by the Division. Managers and other supervisory staff must pass certificate examinations. Continuous safety checks are carried out by District Inspectors on all electrical systems, while machinery and equipment must meet approved standards. All mines and quarries throughout the province are identified by number and plans and maps are recorded and kept under the same number. These are also available for inspection by any interested person at the office of the Mines Division.

...confirming your facts about trust companies?

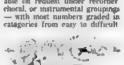
All trust companies handling money for you in this province whether provincially or federally chartered, must be fully registered with the Alberta Department of the Attorney General through the Director of Trust Companies. You can check with the Director about what regulations exist for your protection and confirm any facts you're unsure of concerning the type of services offered to the public by these companies. All such institutions in the deposit taking and investment certificate business are required to be members of the Canada Deposit Insurance Corporation, which automatically insures your funds up to a maximum of $20,000. The department's auditing and accounting staff continually process all annual financial statements, quarterly reports or monthly bulletins prepared by trust companies which must be submitted to the Director for examination and approval. Any public complaints relating to trust company operations in Alberta are investigated and immediately dealt with by the Director.

...the fight against discrimination?

An active program of assistance and providing means to help people of this province eliminate prejudice and discrimination is available through the Human Rights Branch of the Alberta Department of Labour. The full-time staff of this Branch work directly with community and church groups, service clubs, associations, schools and other institutions providing an organizational arm for informative discussions, forums, presentations and workshops dealing with the practice of human rights. A variety of publications, folders and pamphlets detailing the protective measures of the Alberta Human Rights Act are available on request. Display scrolls and printed wall placards are also available without charge. Any person who feels he has suffered discrimination in employment, public and apartment accommodation or public services because of his colour, race, religion, place of origin or ancestry may file a written complaint with the Administrator. All such complaints are investigated through the facilities and authority of the Administrator who acts to seek settlement and satisfaction for the person involved.

...music that is easy, or difficult?

You can choose your reference selections of sheet music from the extensive library of published music, including solo works, ensemble orchestrations and choral scores maintained by the Cultural Development Branch, Music Division, of the Alberta Department of the Provincial Secretary. This reference service is provided without a charge on a monthly basis. Complete listings are available on request under recorded, vocal, or instrumental groupings — with most numbers graded in categories from easy to difficult.



This year, thousands of musically talented men and women, boys and girls from all over the province also took advantage of the consulting service and local workshops that can be arranged through supervisors of the Division. Another major activity organized each year is the province-wide Summer Workshop series that draws many internationally famous artists and educators to Alberta to help develop local musical talent. Plans for the 13th annual event, to be followed by regional concert tours, are underway. Workshop fees include tuition, board and lodging.

WHO . . . ME? Julie Maloney (34-26-34), a journalism student at Ottawa's Carleton University, just couldn't believe that she'd been crowned Miss Canada 1970. The only daughter of Dr. and Mrs. Patrick Maloney, she was advised two years ago by one of her three brothers, Mark, that she could be a Miss Canada. When the 18-year-old Ottawa-Hull beauty phoned home with the good news, Mark answered: "Miss Canada's residence." — TTS Photo

Lakeshore - McKenzie

(Mrs. Ellen Eaton)

LAKESHORE - McKENZIE — Winter hit our district over the weekend with at least four inches of snow and up to two or three feet in the drifts, also the temperature having dropped below zero and quite strong winds. Today, (Tuesday) is a little warmer but quite overcast with a threat of more snow or rain. This has caused a complete halt to harvesting and many have most of their straw left in swaths, causing a shortage of feed.

On Wednesday of last week visitors at the home of Ellen Eaton were her son Leroy Eaton and little son Bonnie and Ellen's granddaughter Brenda Eaton, daughter of Walter and Evelyn Eaton all of Sedgewick.

Ruth Wickenberg left Sunday evening to spend a few days in Edmonton visiting with her daughter Mrs. Vivian Jones and other relatives.

John and Irene Warner were among the several guests from this district attending the banquet and dance following the wedding of Irene's cousin Dean Nemetz to Veronica Kavaliuk at Holden on November 8th.

On Thursday evening of last week, Emil and Martha Tiedemann, their daughter Yvonne and Peter Brown and children of Ketchamont and Melvin (Pat) and Isabelle Riley were visitors at the home of John and Mary Wood.

Mrs. John (Mary) Wood left Friday morning for a few days visit at the home of her daughter Mrs. Eric Hawke in Edmonton. While there she visited her uncle Geraldine Teddy Boone in the University Hospital. Mrs. Wood is mother of Teddy Boone. Mrs. Wood returned home on Sunday and Mary returned on Monday morning.

Several from this district were at the Ellsworth Lutheran Church in Camrose on Friday evening, to hear Mrs. Hewitt of Edmonton speak on "Will and Estate Planning".

Mr. and Mrs Harold Linsballe of Dawson Creek were weekend guests at the Melvin Beerman home and also visited with Harold's folks at Daysland on Sunday

Mr and Mrs. Gunard Barlund of Edmonton were weekend visitors at the Wilfred Johnson home. Mr. and Mrs. Esten Sturrett and Donna, also of Edmonton, were guests on Sunday.

Mr. and Mrs. Roe Phillips were weekend visitors in Edmonton with Mrs. Bob Phillips and family. They also visited their son Bob, who is a patient in a hospital there, following surgery.

UNLUCKY. Thirteen has again proven to be an unlucky number. Bright Quills (above), a gallant two-year-old filly, broke both a front and hind leg in a tragic fall at Toronto's Greenwood Race Track and had to be "put down." The next day, at the same track, one of Canada's leading three-year-olds, Grey Whiz, was also destroyed after breaking a leg in a feature race. — TTS Photo

UN observer

Don Mazankowski, Progressive Conservative Member of Parliament for the Vegreville federal constituency, left Ottawa Monday with a Parliamentary delegation to attend the XXIV session of the United Nations General Assembly.

Mr Mazankowski has been appointed to serve as a Parliamentary observer for a period of two weeks, November 17 to November 28. He is scheduled to remain in New York participating in various United Nations activities during that time.

The purpose of the delegation is to familiarize elected representatives with the functions of the United Nations and more importantly the role which Canada plays in the many U.N. projects. Of notable interest is that Canada is the eighth largest contributor towards the operating budget of the U.N. her contribution being $4.6 million for the current year.

Final rites are held for Charles Kathan

Charles Willard Kathan was born December 13th, 1894, at Round Hill Alberta. He moved with his parents, Mr and Mrs. Alexander Willard Kathan to the Rarling district in 1914. He attended Salt Lake school, Alberta College, and Camrose Lutheran College. He resided on the farm with his parents until 1917 when he moved to Ryley where he operated his own business until the time of his passing.

He was predeceased by his father, in 1940. He leaves to mourn his passing; his fiancee, Sophia (Sofie) Isaacson; his mother, Mrs. Nellie Mae Kathan; two brothers, Albert of Ryley, Willard of Medicine Hat, and Fritz of Camrose; three sisters, Dorothy (Mrs John Ritter of Ocean, Mary (Mrs. Lee Canfield) of Edmonton, and Annie (Mrs. Orville Reum) of Virden, Manitoba.

Funeral service was held in the Calvin United Church at Ryley on Thursday, October 9, at 2:00 p.m., with Rev. Watson officiating. Interment took place in the Round Hill cemetery. Pallbearers were Bud Johnson, Bill Mossland, Bill Winnerup, Ted Jacobsen, Ed Albright and Ernie Brown. Hovland Funeral Home was in charge of all arrangements.

FLORAL TRIBUTES

Mother Kathan, Albert and Theda, Dorothy and John, Willard and Olive, Fritz and Ivy, Mary and Lee; Annie and Orville, Sofie Isaacson, Sarah Ali de Nicone and Nephews, Dave, Judy, Jerry and Ruth, Sam and Shirley, Mr. and Mrs. Norman Redmond, Mr. and Mrs. Ernest Brown, Mr and Mrs. A. With president Ron Taylor in the chair the Tofield sub-local of the Alberta Teachers Association held its November meeting in the school.

Paid up school taxes?

So much attention is being paid to high property taxes, partly caused by the heavy load of education, that all sorts of varied ideas are being considered by taxing authorities to try to find ways of reducing the impact, and to spread the burden over a wider tax base.

One plaint that is heard frequently is from the elderly, whose children have long since left school, or those citizens who have no family, and who wonder why they should be called on to help educate the children of others.

There is nothing new about this, nor is there much change in the long established principle that the burden of education should be spread over the entire community, since all citizens share in the benefits of more education and higher education. Nor is there any chance of parents paying the whole shot for education during the few years their children are in school . . . the burden would be almost impossible for most small families, and especially so where there are several children in the family.

However, there's just a chance that a good deal of study should be given to the principle of calling a halt at some age to the continuing tax for education. The federal government, for instance, has long offered an extra $500 income tax exemption to the citizen over 65, and just possibly the same principle could be accepted in the field of education.

By the age of 65 for instance, most parents have paid property tax, directly or through rent, for thirty-five to forty years, and conceivably, this could be long enough to have averaged out any evils they incurred for their own families. There was a time when, such a consideration was more widely argued, he asked me a question of the press. One reporter enquired if he was hinting at expulsion for the West.

Mr. Thatcher looked thought better of what he was going to say and replied, "That's your job, not mine."

The following weekend Supply and Services Minister James Richardson, Manitoba member of the Federal Cabinet addressed a meeting in Winnipeg. [illegible] opposition of the Party. He has been very [illegible]

Revolutionary styles

The mini-skirt trend has produced volumes of interesting figures in many ways since it first started, but until recently, we hadn't seen anything in its impact on the hosiery business.

A study by the Canadian hosiery industry, however, declares that not since World War II, when nylon began making the silkworm partially obsolete has anything so revolutionary happened in the hosiery trade. In just three years the garments most famous as panty hose . . . but formerly known as leotards when they were made of heavier nylon and worn mostly by the ballydegun set . . . have grown so in pulse they now account in some cities for an estimated three-quarters of all hosiery sold.

Much of this growth has occurred within the past year, with older women we were startled, but the report unbewilderingly identifies "older women" as those over 25 adopting the shorter, if not the mini-skirts which were pioneered by the under 25's. Of course, pants hose still appeals primarily to the under-25's, said the buyer for one major industrial chain, "but we're selling them to grandmothers now."

Canadian production of panty hose has zoomed from zero in 1966 to over ten million dozen in 1969. During the same period regular hosiery not counting stretch nylons dropped from 12.7 million dozen to four million. Talk about an industry [illegible] with the times and adaptable to the market.

Like the mini-skirt [illegible] moved like a flash when the [illegible] are [illegible] area I putting mini-skirt getting [illegible] reason for that . . . Camrose retailer that made a for the short skirt, young women there're not even shocked girls" says this retailer.

MacDuff Ottawa Report

(OTTAWA, Nov 26th — Recent events in the ranks of Liberals on the Prairies against the federal Liberal government is brewing.

Premier Ross Thatcher of Saskatchewan came to Ottawa in mid-November and conferred with Prime Minister Pierre Trudeau about the current White Paper proposals for taxation reform. He had received from comment on the speculated tax changes until he saw Mr. Trudeau.

When he emerged from his luncheon meeting at 24 Sussex Street the Prime Minister's official residence he met the press and launched a strong attack on the White Paper. He was clearly irate over many of the proposed taxes and made it clear that he would lead the Western forces in a determined drive to convince Ottawa they must be altered.

He even hinted that if the federal government persisted with such taxation plans it might lead to Saskatchewan and other Western provinces seriously considering separating from Confederation.

SEPARATISM AGAIN

Privately he informed fellow Liberals that there was mounting talk of "separatism" in the West while he thought that was too drastic a move to consider at this time, he believed that any effort by Ottawa to impose taxation of such a confiscatory nature, would give a tremendous impetus to such talk.

Western Canada has been labouring under a disadvantage compared with the central provinces insofar as tariff and freight rates are concerned. He pointed out Trudeau asked us that burden as a penalty of not used labor [illegible] that will downgrade the [illegible] relative to develop Western resources. [illegible] much to [illegible] the Prairies to boot.

It was [illegible] home values [illegible] was not contemplated [illegible] the disadvantages in the tariff and freight rates what [illegible] Ottawa to the West [illegible] with [illegible] he asked me a question of the press. One reporter enquired if he was hinting at expulsion for the West.

MORE FROM THE WEST

NOBODY LISTENING

Strangely—as was the case in Quebec — these rumblings have had little repercussions in central Canada. The quiet revolution in Quebec which has now flared into open demands for separatism among a very vocal minority, was at first disregarded by the rest of Canada. It was not until violence began to occur more and more frequently and unrest and discontent among Quebecers became very apparent that Ontario and the rest of Canada began to ask plaintively "What does Quebec want"

The same pattern is now being repeated insofar as the Prairies are concerned. There is a vast stirring of discontent and dissatisfaction among the rents of Manitoba and Saskatchewan and to a lesser extent among those in Alberta and British Columbia. When a federal Liberal Cabinet Minister speaks out publicly against the neglect of the East on the economic [illegible] situation has gone beyond the [illegible] of a few isolated comments to be ignored.

Mrs Norton was one of the three persons who won the $2 500 main prize at the mah jongg in Camrose, recently. It was decided on a three-way split which left each of them the winner of a nice sum

The residence in the Ryley Hardware is nearly completed. The work was done by a long time friend, Hugh Bruce. It has panelling and features a suspended ceiling. The hardware is operated by Mr. and Mrs. Lougheed

Mr. and Mrs. Rick Stotz and family and Janice Daviek motored to Stettler on Sunday, to visit the Ed Stotz family.

Visiting in Ryley at the home of Rev. and Ruth Daviek were Mr. and Mrs. Oscar Knudsden, and Mr. and Mrs. Milton Landin and family, from Viking.

Mr and Mrs. Gordon Flatt of Edmonton visited with Mr. and Mrs. Randy Norton and with other friends over the weekend.

Thankoffering program presented

The third annual thankoffering program of the Bethel Lutheran Church Women was well attended well received and enjoyed last Friday evening.

Following "Welcome" by Mrs W. Magnesen, devotion by Mrs G. Hilleord and items by Mrs A. Bugge the Church Women's Chorus sang a mission hymn "Do Not Pity Sisters Sing" "We Gather Together" and then a trio composed of Darlene and Elaine Hammer and Diane Hilleord favored with a number. An enthusiastic chorus, made up of the George Knudsden and Elvin Knudsden children sang "Michael, Rowed the Boat Ashore", and a duet by Mavis and Vanessa Maurer, "Just a Closer Walk With Thee" was sung

Before and after the challenging message by the guest speaker Mrs F. Thompson of Viking, the Voice-A-Tiles rendered "Treasures of Earth", "Standing On the Promises", and "Take Time To Be Holy". Offering meditation and prayer was given by Mrs H. Berke and the thankoffering was presented on the altar. Closing hymn "Through the Love of God Our Father" was led by Mr. K Robson and a girls chorus led Pastor Preyde pronounced the benediction

Following the program, lunch was served and many guests were again entertained by the Voice-A-Tiles Quartet (L. Wickstrom R. Lvalo, I. Snortheim and D. Albrecht).

HOW TO CARE FOR WOOD FURNITURE

I am often asked the proper way to care for the various types of wood furniture There are literally hundreds of preparations on the market, so maybe these guidelines will help you in choosing a polish

The type of finish on the wood, not the wood itself, determines the best polish to use for that piece of furniture. Since many new finishes are constantly being developed for furniture, it is best to check with your furniture dealer when buying new furniture to determine the best care for that particular item.

High Luster Finish—Furniture with a glossy mirror-like surface may be both cleaned and polished with ease by using a spray or self-polishing polish Many of these have a silicone ingredient which gives a high degree of protection as well as being easy to apply Or, if you prefer, use a non-oil-base furniture-buffing polish and wax as directed

Low Luster Finish—To keep a dull satin finish, use a non-abrasive non-oil cream polish There are many specially formulated for this finish

Oil-Rub Finish—Never wax this very popular finish for contemporary furniture. If oil finishes are treated with other substances they cannot be re-oiled Rub occasionally with boiled linseed oil which you can buy or an oil recommended by the manufacturer

Antiques — Use paste wax for antiques as well as furniture with worn or cracked finishes Paste wax will give a maximum amount of protection as well as produce a rich sheen

Bamboo, cane, reed, and wicker furniture—Dust with a clean cloth or vacuum with a dusting tool This furniture can be washed with warm water and mild detergent Soapy lather immediately and dry thoroughly

Sealed leather tops and laminated plastics — Soapy, sheen-polishes and non-oil base polishes and waxes recommended for high gloss finishes are recommended for these surfaces

If you are unsure of what type finish your furniture has, test your polish or other finish on an inconspicuous spot

FRIENDSHIP MEET

The Friendship Group met for their regular monthly meeting on Thursday, November 20th at the home of Mrs Carrie Olson with 11 ladies present.

Devotions were taken by Mrs. Campbell who also gave a reading from The Observer. The next meeting will be held at the home of Mrs. Campbell on December 18th. this being the Christmas meeting It is held as a social afternoon, with everyone pitching in the Christmas season being given for the roll call.

Mr. and Mrs Roy Nichols were visitors in Edmonton last Saturday when they were attending the Convocation ceremonies held by the University of Alberta at the Jubilee Auditorium, at which Mrs. Nicholas son, Ralph Gerrie received his Master of Education degree.

Chris Christenson was celebrating his birthday on Monday, November 24th and receiving congratulations on the occasion from friends.

Mr and Mrs Roy Nichols had their family from Ponoka visiting with them for the day this past Monday.

TEEN DANCE

The Holden Teen Club is holding a teen dance on Friday, December 5th in the Holden Community Hall from 9 30 p.m. until 1 30 p.m. "The Ice" will be supplying the music for the occasion.

The pot-luck supper held Monday evening, November 24th in the United Church parlors for members of the congregation and their families was enjoyed by very well attended event, with all enjoying a delicious meal.

At the conclusion of the supper, a business meeting was held with Rev. Miller of Vegreville being the guest speaker. Mr. D. H. Allen gave the report of the finances of the church for a nine month period with Mrs. Campbell giving a talk regarding the annual canvass which will be held shortly, this being conducted by members of the congregation and various church groups.

A recent event of interest to Holden and district residents is the marriage of Beverly Balog, daughter of Mr. and Mrs. Joe Balog of Camrose, to Wayne Winkelman, son of Mrs. E. Isaacson of Edmonton, which took place Saturday, October 25 at the Messiah Lutheran Church with Pastor Kapperud officiating at the ceremony. The Balogs farmed in the Holden district for several years before selling the farm and moving to Camrose a couple of years ago. The happy couple are making their home at Eckville.

Winder - Christenson vows solemnized October 25th

(Mrs. J. A. Anderson)

Salem Lutheran Church at Kingman was the scene of a pretty wedding on October 25th at 2:30 p.m., when Miss Sharon Christenson, only daughter of Mr. and Mrs. Wyman Christenson of Kingman, was united in marriage to Larry Winder, son of Mrs. Louisa Winder of Todield. Pastor O. Lakkeru performed the ceremony, and Miss Mabel Simonson played the wedding music.

Entering the church on the arm of her father, the bride was radiant in a full-length gown of white brocade, featuring lily-point sleeves, and short veil of net with bow of brocade. Her bouquet was of Talisman roses and wheat.

Her bridesmaid, Elaine Bjorgum, was attired in a streety length, dark green dress of velvet. Her flowers were of bronze and yellow daisies.

The groomsman was Daniel Christenson, the bride's brother. Ushers were Wayne Schmidt and Chris Christenson.

Mother of the bride chose a brown velvet dress with gold accessories, and the groom's mother wore a green print velvet dress with black accessories. Both were corsages of yellow roses and white carnations.

While the couple knelt at the altar, Mrs. Lyle Christenson sang "O Perfect Love" and "The Wedding Prayer" during signing of the register.

A reception for some 100 guests was held in the church parlours. Ingvald Ness was the master of ceremonies. The bride's four brothers sang a song to the tune of "Sugar in the Morning", words to the song being composed by the bride's mother, Mrs. O. Lobben sang a solo. The bride's table was centered by a 3-tiered wedding cake, baked by the bride's grandmother, Mrs. Stan Davis and beautifully decorated by Mrs. Jean Mason of Camrose, a friend of the family. A congratulatory telegram was received from Mr. and Mrs. Lloyd Raine of Bombay, India.

For going away, the bride wore a tan tweed suit with brown accessories, and wore an orchid as corsage.

The happy young couple left on a honeymoon to Sunshine and the mountains

More expansion for Kingman phone unit

A $182,000 project will be commenced next April by Alberta Government Telephones to provide additional facilities at the Kingman microwave radio site.

The new facilities are required to provide a link in the Northern Trans-Canada Microwave System. The system will provide 1,200 communications channels through the northern part of the province from Lloydminster to Boyle, 960 channels from Boyle to Peace River, and 1,200 again from Peace River to Dawson Creek. A 1,200-channel spur line, through Kingman, will connect with the Southern Trans-Canada Microwave System.

The new microwave system is the most complex undertaken by AGT to date. It is scheduled for service on October 2, 1970.

NOTICE

COUNTY OF BEAVER NO. 9 AGRICULTURAL COMMITTEE WINTER PROGRAM

By Rex Boyles, Ag Fieldman

Brucellosis Vaccination

The response to the Fall Banes campaign has been good to date around 120 applications have been received. Notice cards will be mailed December 1 and vaccinating will commence about one week later. Farmers are reminded to check the age of their calves as heifers over 9 months will not be done. Purebred breeders should check with their veterinarians regarding testing at a future date. We will gladly furnish further information in this matter.

Pests

No poison baits will be released for rodent control this winter due to the increase of field mice. Poisoned pellets will be released for magpies and if used properly is by far the best way of getting rid of these pests. The use of County traps on a demonstration basis has not proved satisfactory as farmers do not build their own traps or return the County traps after 10 days use. We can expect increased damages to Shelterbelt and Fruit trees by mice and rabbits this winter. We have information on control measures and will be glad to discuss them with you as

Tree Planting

The tree planting programs will be carried out the same as last year. All trees will be pre-boxed by RYLEY and picked up from all parts of the County. A reminder I would be to check our list of available trees and to send in your order as soon as possible as there will be a shortage of some trees. Robert Park 1-A or myself can give further information.

Clean Seed Grain

Good seed grain may be in short supply this spring. However some excellent samples are being picked up at the COUNTY Seed Cleaning Plant. The manager will be [illegible] to supply farmers with information regarding local supplies and request farmers to get their cleaning done before the Spring rush.

[illegible] typical. He and his Liberal Government are apprehensive about the proposed capital gains tax.

The Premier said there were 700 stocks, companies doing exclusively work in Northern Saskatchewan. He could tell that already some of the companies have warned that if Ottawa persists in imposing the capital gains provisions as set out in the White Paper they would likely close down their exploration work.

UNFAIR TIMING

Ontario and Quebec have decided that the provinces will establish their own resource taxes. It was added that a province could impose a penalty on [illegible] resource development in Saskatchewan which has been agreed to by Mr. Thatcher and signed.

He added however that if the proposed capital gains tax is imposed on the capital gains effects of the United States his province possibly would be able to [illegible].

However the proposed treatment of small business could be very harmful. In addition Saskatchewan is also disadvantaged by the 5% attitude towards bond interest. It would affect future bond issues making it more difficult for the province and municipalities to float issues on the money market.

Prime Minister Trudeau assured Mr. Thatcher that the White Paper was merely a proposal. Ranges of up for tax changes were subject to change.

General Motors of Canada produced its seven millionth vehicle today at Oshawa. It was a bright red Pontiac GTO. Accompanying it was a Pontiac built at Oshawa in 1926—the first in Canada—and a group of engineering, purchasing and sales department people in clothes of the 1920's. They included: Michael Stoner, Fran Mitchell, Bill Cruining and Virginia Foley.

The first car, a McLaughlin Buick Model F, was built in Oshawa in 1908. It was also on hand. The seven millionth vehicle was driven from the line by Tom Graham, who has the longest seniority of any hourly-rated employee at Oshawa. He was given the use of the car for two weeks.

SEED CLEANERS

The regular monthly meeting of directors of the County of Beaver No. 9 Seed Cleaning plant was held Monday evening, November 24th in the office of the secretary, Ray Hovland with the plant manager, Robert Potts also attending and Rex Boyles of Ryley. This was the re-organizational meeting, the previous slate of directors being returned to office and Jim Tymchuk being nominated for a further term of office as president and Victor Romaniuk as vice-president. Regular business was attended to with accounts presented for approval and passed for payment.

The next meeting will be held Monday, January 12th, 1970 to make plans to attend the annual meeting which will be held January 19th and 20th, 1970 in Edmonton.

Rex Boyles gave his report on the scoring system that will be set up pertaining to the class of permit for the plant operation. He also suggested that "better housekeeping" be instituted as a policy for the plant immediately.

The treasurer's report was given and approved and the monthly report of the plant was given by Robert Potts.

It was also decided that the de-bearder be advertised for sale as it is not used or required any longer. The working committee was set up with the president and vice-president to over-see and supervise operations.

Monday afternoon visitors with Mr. and Mrs. Roy Nichols were her nieces and husband and baby daughter of the Viking district.

Have you ever considered...

...how tax weight is lifted on Alberta estates?

With the proper kind of planning any person meeting qualifications prescribed by this province can take advantage of the estate tax rebate program regulated and administered by the Alberta Department of the Provincial Treasurer. Helpful information as eligibility for rebates to reduce tax burdens can be obtained thro the office of the Administrator of the Estate Tax Rebate Branch. Since April 1st 1967 when this type of rebate was first offered to Alberta estates over 10,000 complementary reference booklets outlining benefits and explanatory notes have been widely distributed. Copies are still available on request to individuals interested in planning their personal estates. Speaking engagements or seminars with professional or other groups can be arranged through the Administrator. All applications by executors are processed and the amount of rebates payable under the program are calculated by this Branch as a service to heirs or beneficiaries.

...who separates the seeds from the weeds?

In a major project to help farmers help themselves, over 18 million bushels of seed are processed annually through provincially-assisted, municipally-located, locally-operated seed cleaning plants throughout the province. This is just one of the many crop improvement programs undertaken for the benefit of farmers by the Plant Industry Division of the Alberta Department of Agriculture. Over 20,000 farmers are involved in the project which results in lower individual farm input costs, more efficient production, better crops and a further ultimate saving of money that would otherwise be spent on weed control. Sixty-five seed plants are now in operation and two new plants, one at Manning, the other at Vilna, will soon be completed. An annual summary of grain cleaning operations is available through the Field Crops Branch of the Division.

...a 'blue print' of water and where it goes?

By contacting the offices of the Water Resources Division you can get detailed information about almost any lake in this province—including maps and such valuable facts as relative water levels over the years and depth soundings for safe boating. A complete listing of over 140 lakes and their recorded data is available through this Division of the Alberta Department of Agriculture. Originally established to administer the use of water by license, its areas of service have been extended to include all aspects of development, conservation and utilization of water for agricultural, domestic, industrial and recreational application in the province. The director and staff of technicians and engineers cooperate and administer root-sharing arrangements with cities, towns and municipalities in developing water projects. Day-to-day and long-range programs of licensing, planning, control and use of all surface and sub-surface water in the province are developed by this Division. A comprehensive "blueprint" of our water resources including precipitation and flow charts is available on request without charge.

...taking a trip through flowerland?

You can enjoy a summertime atmosphere and flourishing displays of flowers any time during the year by taking a tour of the Government Greenhouse maintained by the Physical Plant Division, Alberta Department of Public Works, on the legislature grounds in Edmonton. Over 30,000 visitors a year tour these facilities which are the source of seedlings and bedding plants for the flowerbeds decorating various provincial buildings throughout the province. This Division is also responsible for tree pruning and the upkeep of the lawns and grounds surrounding buildings. During winter months all sidewalks, roads and parking areas are cleared of snow by work crews employed by the Physical Plant Division whose other employees also operate and maintain the heating, air-conditioning and housekeeping of the government buildings.

...who checks the cost of going and coming?

Reducing the price of imported merchandise through effective analysis and negotiation of transportation rates and charges is part of the over-all objective of the Alberta Freight Bureau. It also assists local industries and manufacturers broaden their marketing outlook through studies of total distribution patterns. The transportation analysis and researchers of the Bureau work directly with municipal agencies or private concerns developing projects to attract new industries to specific areas. Many suppliers take advantage of the facilities and records maintained by this Bureau in evaluating trends in costs for moving goods within the province, across the country, or to world markets with the eventual aim of creating more jobs and improving the provincial economy.

...asking for a licence, for your protection?

Working with businessmen and other agencies to resolve problems, particularly in the area of direct selling, is part of the broad scope of service undertaken by the Licensing Branch of the Alberta Department of Industry and Tourism. While the effect of licensing is important in maintaining protective standards for over 40,000 business operations throughout this province it also offers built-in protection for you as a consumer. Before signing a contract or making a down payment for any goods or merchandise you can be sure any responsible soliciting salesman will readily show you that he and the company represented is properly licensed to do business in this province. It's a wise measure of protection to take, and all you have to do is ask for it. Any further doubts or complaints you have can be checked out with the Director or other officers of this Licensing Branch through main offices in Calgary and Edmonton.

Giebelhaus' honored on 50th anniversary

(Mrs. O. H. Taylor)

Mr. and Mrs. John A. Giebelhaus were honored by their family and friends on the occasion of their 50th wedding anniversary on Sunday, November 16th, held in the Holden Community Hall.

The celebration began with a family dinner, followed by an open house for relatives and friends in the community.

Those present for the family dinner were: Mr. and Mrs. Albert Pedersen and sons of Camrose; Mr. and Mrs. Reuben Giebelhaus and family of Sherwood Park; Mr. and Mrs. Don Weekes of Jasper; Mr. and Mrs. Richard Corser and family of Edson; Mr. and Mrs. Harold Giebelhaus and family of Holden; Mr. and Mrs. Lorne Bell of Edmonton; Mr. and Mrs. Mathew Frelich of Gordonsville, Nevada; Dr. and Mrs. Earl Giebelhaus of Kimberly; Miss Carolyn Giebelhaus of Victoria, B.C.; Mr. and Mrs. Art Corser of Victoria, B.C.; Mr. and Mrs. Lloyd Bell; Mr. and Mrs. T. A. Lidder, both of Holden and Miss Linda Bourgeoi of Killam.

Gifts and a short program were presented by the family following the dinner.

Out of province relatives included Mrs. Clara Haight of Oregon Mrs. Helen Roemer of Wisconsin and Mr and Mrs. Bill Giebelhaus of Kamloops, B.C.

Over 300 guests signed the guest book presided over by Mrs. Both Campbell and the granddaughters of the honored couple. Earl Hardy spoke on behalf of the community and conveyed greetings from the Village of Holden.

Master of ceremonies, Dr. Earl Giebelhaus read telegrams of congratulations from Prime Minister Trudeau also a certificate from Premier Strom and Lieut. Gov. Grant McEwan, also Mr. and Mrs. Gordon Hadso of North Hollywood, California.

The bride of 50 years was lovely in a gold three piece hab suit complemented by a yellow and gold corsage.

The tea table was centered by a three tiered cake, baked and decorated by their daughter Ruth. Gold tapers and bronze chrysanthemums completed the table decorations. The tea services were presided over by their daughters and daughter-in-law.

Extend date for damage claims from wildlife

Because of the amount of unharvested grain crops still left in the field, provision is being made to extend the date from December 1 to January 1 for accepting claims for damage to unharvested crops by wildlife.

Under the Wildlife Damage Fund Regulations the Alberta Department of Lands and Forests collects $2.00 from each person buying a hunting licence and this is placed in a wildlife damage fund. Farmers who suffer damage from wildlife to unharvested grain crops may make a claim for compensation from this fund. These claims are dealt with by the Hail Insurance Board who set the amount of compensation payable. The regulations state that $15.00 per acre is the maximum amount payable for loss or destruction of any crop.

Kingman

(Mrs. J. A. Anderson)

KINGMAN, Nov 26th.—Mrs. Norman Smith (nee Beulah Hamann) of Langley, B.C. spent a few days last week with her brother-in-law and sister, Mr. and Mrs. Willie Bjergum.

Mrs. Erik Johnson and Mrs. Ingrid Hovelsen were Tuesday evening guests at the Louis Espe home.

Mr. and Mrs. Vernon Stevns, and Mr. and Mrs. Merril Stevns were Sunday guests at the Marvin Bjerge home. Mr. Basil Lahore a number of other people gathered for a shiv-aree party.

SUCCESSFUL HUNT

Allen Espe and two friends from Camrose were on a big game hunt in the Rocky Mountain House area over the week-end, and bagged a moose.

Mr. and Mrs. Larry Asp of Edmonton were weekend guests at the Herb Asp home. Mr. and Mrs. Jim Buckingham and son were Sunday visitors.

Final rites are held for Henry Heitman

On October 30th, 1969, Henry Paul Heitman passed away suddenly at his home in Tofield at the age of 60.

Mr. Heitman, son of the late Mr. and Mrs. Henry Heitman was born March 17th, 1909 and received his education in Minnesik. On December 30, 1935 he married Miss Rosie Schuller of Irvine, Alta. and to this marriage were born four children; John of Manitou; Theresa (Mrs. Jack Elliot) of Edmonton, Richard of Manitou, and Margaret (Mrs. Pete Hunly) of Edmonton.

Henry farmed with his wife and family in Minnick until 1972 when they moved to Tofield Since then he had been mailman on routes one and two until July 1968 when failing health would not permit him to carry on.

Many friends and relatives attended the funeral which was held at St. Francis of Assisi Church in Tofield on October 22nd with R. L. Serven officiating. Interment was at South Cooking Lake cemetery.

Pallbearers were Gordon Kephart, Leo Schuller, Frank Sabey, Joseph Ploc, Fritz Kiebuhn, Ernie Schuller and Bill Tiedemann. In addition to his wife and four children, Henry is survived by two sisters, Mrs. Hertha Kephart of Fort Saskatchewan and Mrs. Mary Card of Fort Frances, Ontario and three grandchildren, Beverly, Liana and Paula Heitman.

Tourism committee plans new ventures

Suggestion of a third brochure, or hand-out, for the Battle River Tourism Association was made last Thursday, when the executive held its monthly meeting. With Bill Fowler of Camrose in the chair, several points were considered over both brochures already printed, but another brochure outlining the sub-stages of this area for winter sports was heard with considerable enthusiasm.

The members present agreed it was too late this season to produce such a winter sports folder, but felt the idea was well worth consideration for next season, and should be developed in ample time for effective distribution.

A number of points were also mentioned regarding the value of making major changes in the original tourist brochure for this area, such as for instance, including major points of interest like the Alberta Game Farm, even though they are actually outside the boundaries of the zone. Past president Leo D'Albertanson of Wainwright voiced the opinion that would be far better received by the actual travellers than the inclusion of some of the weaker "attractions" within the zone. He mentioned the Ribstone near his own area, which, he suggested, were chiefly of interest to archaeologists, and dull to casual tourists.

The executive were told by provincial government tourism representatives, D. Williams, that his offices already have a good supply of brochures on hand, but that they look for the major run of distribution to start early in the new year. On this basis, the brochure committee was instructed to start immediately studying the amendments necessary to the detail of the brochure, to including new member areas in the listings, and such other changes as they felt necessary, with the idea of expediting production of a next season's promotion piece.

A study of the financial situation indicated the group seems to be in very sound financial shape, and indications are that it can move confidently into another active season.

The conflict of times with the Christmas season, it was agreed to hold no meeting in December, but to wait until the New Year.

Modern etiquette

Q. Does courtesy demand that a man always get out on his side of the car, even on a traffic-congested street, in order to run around and help the girl he is with to exit from the car?

A. No indeed, not when his safety is endangered! In a case like this he is in perfect right to limit across the girl's lap (excusing himself of course), open the door for her, and after she gets out, he scoots across the seat and follows her out on the right side of the car

Q. How do I answer a boy when he asks me at the beginning of a date where I'd like to go or what I'd like to do for entertainment?

A. Best in this case to suggest a number of different things representing a number of different interests and costs — which will then give your date the opportunity to hint at his preference.

Q. My 13-year-old daughter has asked us if we think it proper for her to take her fiance with her to keep her company on her next baby-sitting job. We're somewhat dubious about this. How about you?

A. I likewise dubitate. A babysitter sits best who sits alone.

Q. May a man ever ask another man to take him to his club as his guest?

A. Definitely not! Although this is sometimes done, it is one of the worst branches of etiquette. One should always wait for an invitation.

Vikettes win another by edging Red Deer

The CLC Vikettes won an important basketball game in Red Deer on Friday evening when they staved off a last-half rally by the Queens to emerge with a close 38-31 victory.

Showing some of last year's form, the Vikettes took a 21-11 lead by half time against their league opponents, only to see it in the second half to be out-scored by the home team to the tune of 20-14.

Tofield's Marjorie Moore was the big gun for the Vikettes as she scored eleven points, with Yvonne Johnson coming through with an eight-point score Martin of the Queens was the top point-getter in the contest with 12 points.

CLC Vikings lost their second game in a row in the College Conference, when they bowed to the Red Deer Kings 89-65 as they fell behind 48-32 at half time, although they out-scored the opposition 43-41 in the final half.

Neil Johnson was the big gun for the Vikings as he accumulated 17 points while Saunders of the Kings was the game's leading scorer with 24 points.

CLC is idle this coming week-end and then, December 5 and 6, travel to the southern part of the province for two important games. On December 5, they play against SAIT, and then on December 6 they play Medicine Hat. This is a weekend that could decide the Vikettes chances of winning the conference championship.

Summaries:

Vikettes 38, Queens 31. For Vikettes: Johnson 8, M. Moore 11, Lipsett 2, T. Moore 2, Paisen 3, Mock 6, Tipsana 1, McClements 2. For Queens: Schultz 8, Martin 12, Oppelt 6, Depner 2, Rose 1, Shaw 4.

Quartette to perform in Vegreville series

The next Overture Concert of the 1969-70 series will be held in the Peter Svarich Auditorium in Vegreville on Tuesday, December 2, at 8:30 p.m

The presentation for this Concert will be a Negro quartette of very talented performers. The quartette comprises Leonela Johnson, soprano, with a very wide repertoire ranging from folk music to opera and everything in between. Pianist Edith Clifton acts as solo pianist and accompanist for the rest of the group.

The two male members are Kenneth Bates, tenor, who has sung as 1 member of the "Porgy and Bess" company, and has also toured with the Norman Luboff choir. Last, but not least, comes Arthur Webb, bass-baritone, who has toured with the Philadelphia Solo Quartet and the DeCormier Folk Singers.

This promises to be a very rewarding evening, with a varied programme, including something for all tastes.

Out of town visitors may attend the Concert, paying $3.50 per person at the door.

Tofield's Dominion Day will feature a new look

by Grace Phillips

July 1, 1970, will have a new look in Tofield. The Beaver Hills Light Horse Association is planning to put on a gymkhana for the entertainment of the Dominion Day crowd. This new show will replace the jumping and cutting horses which have been in Tofield on July 1 for several years.

This change in the July 1 celebration was agreed on at the regular December meeting of the Tofield Community League when a delegation from the Beaver Hills Light Horse Association, headed by Norman Oshaus, presented the proposal, which was accepted by the League.

The League will also sponsor a turkey bingo on December 17, the Carol Festival on December 18, and the New Year's Eve dance

Lyle Jacobsen and Marjorie Ferguson, members of the Tofield High School, asked the League to sponsor a dance later this month for teens, where music of various types would be featured. This dance would be predominately but not exclusively for young people. The League agreed to sponsor the dance with the teen-age promoters accepting some of the responsibility for the arrangements.

The League will celebrate its twenty-five years of community service at the annual meeting in January. Bill Davison and Reed Burchard, charter members, will set the date and make the necessary arrangements.

Friendship supper was a big success

by Grace Phillips

A capacity crowed attended the Friendship Supper arranged to welcome new residents to the Tofield area by the Tofield Community League. Welcomed at the door by Tofield's mayor, Dr. W. H. Freebury, Mrs. Petra Stauffer and Mrs. Rita Halverson, the guests were introduced to each other and to the older residents of the community by representatives of the Lions' Club.

The Library room of the Community Centre was the scene of the buffet table, where quantities of food contributed by the ladies of the community were set out. In the main hall, tables were set up to accommodate the crowd.

Following the supper, the guests were welcomed by Mayor Freebury, who called on representatives of many Tofield organizations to speak about the work these groups did for the community. A talk and demonstration on "1001 Uses of Gas" was given by a representative of the Northwestern Utilities.

The ladies in charge of the Friendship Supper, Mrs. Petra Stauffer, Mrs. Georgina Christensen and Mrs. Marie Worton, would like to thank all those who assisted in preparing and serving the food and in cleaning up after the evening's entertainment was over. Without this willing and able help, the Friendship Supper would not have been possible. The president of the Tofield Community League, Bert Everitt, also extends his thanks for the co-operation received in planning and carrying out this project.

Ryley, Vegreville split basketball doubleheader

by Ruth Devick

On Monday night the Vegreville High School basketball teams travelled to Ryley to attempt to gain revenge on the hometown teams.

The Ryley girls started very strong and led 10-2 after the first quarter and 14-7 at half time. The Ryley girls seemed to lose their effectiveness as Vegreville gained momentum in the third quarter. This set the stage for a wild and very exciting finish. Vegreville pulled ahead with two minutes left and edged Ryley 21-20. Debbie Norton led Ryley with ten points. Other scorers were Brenda Albrecht, 4; Carol Manderson, 4; and Lorraine Sadowsyk, 2.

The Ryley boys played hard and fast and took a quarter time lead of 19-11. Ryley doubled Vegreville's second quarter output to give them a 33-19 lead at half time. The teams matched points in the third quarter giving Ryley a 46-30 lead heading into the final eight minutes. The Ryley boys out scored Vegreville in the last quarter and easily downed the Vegabonds 64-53. Dan O'Brien had the hot hand for Ryley as he netted 26 points. Glen Magnuson also placed high with 15 points. Other scorers were Rick Dueck, 7; Wade Magnuson, 6; John Monchuk, 5; Bryce Albrecht, 3; Ken Page, 2; and Delbert Boettger, 2. Top scorers for the Vegabonds were P. Fages with 17 points; J. Van Moel, 6; D. Pooke, 4; T. Didiuck, 4; and A. Sanford, 4.

The Ryley teams will travel to Tofield Friday night for their first league encounter.

Tofield teams win invitational tourney

by Grace Holborg

The annual Tofield Junior High Invitational Basketball Tournament held on November 28 proved to be very successful with both Tofield teams winning trophies.

The Tofield girls won their opening game against Stroome by a score of 17 to 4; this win advanced Tofield to the finals as Ryley girls secured their position in the finals by defeating Hardisty 23-8.

In the boys' first games, Tofield defeated Hardisty 20-18 while Stroome won over Ryley 25-24, leaving Tofield and Stroome to play off for the trophy.

The consolation winners were the Stroome girls who defeated Hardisty 19-11 and the Hardisty boys who out-scored Ryley 17-15 in overtime.

In the finals, the Tofield girls defeated Ryley in a real thriller when Lois Koon sank the winning basket with three seconds to spare, making the score 17-15. The Tofield boys were also successful in winning their hard-fought battle, defeating Stroome 34-26.

Mr. J. C. Lampitt, vice-principal of the Tofield school, presented the trophies to the winners.

Friendship 'spiel opens Tofield club

Ice making at the Tofield Curling Club is progressing favorably and is expected to be completed by this weekend. Rocks at the club have all been sharpened and everything is in readiness for the start of another season.

The 1969-70 season will begin next week with a Friendship Bonspiel. This 'spiel is open to everyone and entries may be made by contacting Bob Wyllie, Ron Goeglein, George McFadzean or Andy Helberg by Saturday evening of this week.

The Tofield Afternoon Curling Club has organized for the coming season and have elected Ron Goeglein as president with Armand Gouhault as vice-president and Vera Walker as secretary-treasurer.

The club will commence its schedule following the completion of the Friendship Bonspiel. Draws will be made by Armand Gouhault and Bob Wyllie. Anyone wishing to curl in this league should contact either of these two men or Ron Goeglein or Earl Rose.

Santa is coming Saturday

Santa Claus will be coming to visit his young friends in Tofield on Saturday. The Jolly Old Gentleman from the North Pole will come down Main Street and go to the Community Centre, where all his little friends will be waiting for him. Unless his reindeer run into high winds on the way, Santa will arrive at the Community Centre at two o'clock.

Door prizes will be presented and Santa will be giving candy treats to all his young friends. Following Santa's visit, a Walt Disney movie will be shown.

Santa's visit to Tofield is being sponsored by the Tofield Chamber of Commerce, backed by the support of the Tofield Branch of the Royal Canadian Legion, Lions Club and the Tofield Community League.

HOMECOMING A SUCCESS

Tofield High School teams took season start some last weekend. Playing, as from in a capacity crowd the high school girls defeated the alumni by a count of 39-30. In the nightcap the taller, more experienced alumni boys crowed to victory by a score of 61-37.

This Friday evening Tofield hosts Ryley in the Beaver County League opener. Indications are that the action should be fast and furious with the outcome not being decided until the final whistle.

ning teams The trophies were accepted by Lois Koop on behalf of the girls and by Robert Schacher and Ken Thiessen on behalf of the boys. These two large trophies had both been broughy and offered for competition by the Big-3.

The entire tournament, especially the last games drew a large crowd of fans. This support helped to make the day successful.

The Junior High greatly appreciated the work of Mr. von Hachtenberg who had organized the tournament, and of Mrs. Phillips who was in charge of the concession.

Carlisle - Tost vows exchanged in October

First United Church in Wetaskiwin was the setting for a lovely wedding October 4, when Linda Jean Tost, daughter of Mr. and Mrs. Ernest Tost, became the bride of Wayne Douglas Carlisle of Tofield.

Rev. Robert Moriarty officiated at the late afternoon ceremony. The church was decorated with a large assortment of flowers, with pew markers of white. Wedding music was played by Mrs Len Meier.

The bride, given in marriage by her father, was radiant in an A-line gown of white organza over satin accented with a cape collar and lace trim. She wore short white gloves. The gown featured a train flowing from the waistline. A shoulder-length veil of silk illusion was held in place by a pearl and lace headpiece. She carried a bouquet of red roses centred with a white orchid.

Her attendants, Miss Sharon Tost of Edmonton and Miss Barbara McIntee of Wetaskiwin were White gowns of baby blue accented with ruffle and bows fashioned from the empire waist, around the v-neck and along the train flow in front to empire waist. They also had white gloves, and had matching bows in their hair. Yellow roses of carnations formed their bouquets.

Best man was the groom's brother, Keith Carlisle of Tofield and groomsman was Eddie Tost of Wetaskiwin. Ushers were Ron Tost of Wetaskiwin and Terry Carlisle of Tofield.

A reception followed in the hall of the United Church, with Mr. Tom Jeene officiating as master of ceremonies and the Rev. Moriarty offering the bride's blessing, was given by the bride's father.

For her daughter's wedding Mrs. Tost chose an A-line dress of navy blue with matching accessories and a corsage of pink roses. The groom's mother wore a green dress and a corsage of pink and white roses.

The bridal table was centred with a beautiful three-tiered cake. Following the dance held at the Angus Ridge Hall, the newlyweds left for a wedding trip to Banff, Hasham, and parts of B.C. The bride chose a Wascherry dress accented with white collar and cuffs as her travelling outfit. She wore a white orchid corsage.

On their return, they will reside in Edmonton.

Carol Festival has top choirs

by Grace Phillips

The annual Christmas Carol Festival, sponsored by the Tofield Community League will be held on Thursday, December 18, in the Community Centre.

In addition to the choirs from all the local churches, the Knox United-Hub Trinity Youth choir will be featured. With tradition of years gone by Tofield choirs and modern interpretations from this year choir this should be an evening of beautiful music for all.

The second event which ushers in the Christmas season has always been well attended by members of the community. George Michaluk

The Community League Christmas Concert will be held in the large kitchen of the lobby of the Community Centre, thanks to the work of several Grade Nine students. So if you are tired of eating, dancing and socializing, you can be sure Tofield people will be there. Entertainment for the evening will be provided by the students of the school.

Everyone is welcome to join Santa Claus at the Community Hall Dance that evening. Bring your canned goods and a little cash where it will be placed in the basket. Don't forget all your local friends may see you wear a green dress and a corsage

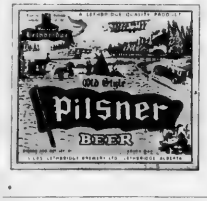
a dog riding shotgun?



A dog named Hoss, at that. And a rabbit who's at home on the reins. Anything can happen on a Lethbridge Pilsner label. One thing never changes, though: the beer behind the action. It's Alberta's original Pil – still brewed the slow, natural way by folks who really know how to deliver that old time flavour.

Modern etiquette

Q. Is it all right for a young widow to "accept the attentions" of a most active within a year of her husband's death?

A. Depends. If her first marriage was a happy one and every one knows this, she will probably be thought heartless if she begins going out regularly with another man before at least a year passes.

Q. Is it customary for a mother to attend her son's graduation in a young out-of-town woman whom he has invited to their home for a weekend?

A. It is customary, proper, and courteous for a mother to offer her a friendly little note of invitation.

Q. My bridegroom's parents, who live in another city, are planning a reception for us about three weeks after our wedding when we return from our honeymoon. May I properly wear my bridal gown then?

A. Yes—but not your veil.

Ketchamoot news

(Mrs. Ethel Carlisle)

On Tuesday morning, friends in the district were shocked to learn of the sudden passing of Ray Lee, in Edmonton. The Lees lived in the Ketchamoot district until four years ago, when they moved to Edmonton. Roy had been unwell for the past summer. Friends and neighbors attended the funeral on Tuesday at the Andrews-McLaughlin Funeral Home, in Lloydminster.

Several friends of Mr. and Mrs. Vern Peterson surprised them with a house-warming on Friday evening. Contests and visiting were enjoyed, followed by a delicious lunch served by the ladies.

Mrs. Agnes McGuttie was a guest with Mrs. Adams in town on Thursday.

On Sunday, Mrs. Agnes McGuttie was a guest of Mrs. Andrew Thompson and Doreen.

HUNTERS SUCCESSFUL

The big game hunters arrived home the other day, with five moose three elk and one deer. In the party were Geo. Funk, Henry Thiessen, Fred Hostetler, Jack Thiesen of Lethbridge, and Henry and Darcy Funk of Lemburn. The game was tagged in the Grande Prairie area.

Have you ever considered...

...who keeps industry healthy for you?

The investigation and control of occupational health hazards in industries throughout the province is the function of the Industrial Health Services Division of the Alberta Department of Health. The Division has a team consisting of an occupational health physician and hygienists, chemists, an engineer, radiation health officers and an occupational health nurse consultant. The service is available on request to any employer who is concerned with maintaining a sound healthy working environment. Work related to problems such as those connected with chemicals, dust, fumes noise

radiation can be investigated and control and advice given on methods of control or elimination of the hazard. The aim is to keep Alberta workers healthy and occupationally productive

...who 'tells all' about Alberta's government?

Keeping you and as many other people as possible fully informed on government activities and services is the responsibility of the Alberta Government Publicity Bureau. Although a branch of the Alberta Department of Industry and Tourism, the Bureau's scope of activity includes all departments and, to keep the public informed, it utilizes many forms of communication. Advertisements such as this, news releases provided to all media, a variety of free periodicals all are employed to help keep you informed on the activities of your provincial government and the services it performs on your behalf

...who surveys and divides a subdivision?

Before houses can be built or

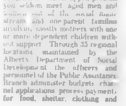
the Land Titles Office and are subsequently reflected in the series of maps produced by the Mapping division of the Surveys Branch.

...counting the mink for coats in Alberta?

The hundreds of primary producers who raise Alberta's annual two million dollar fur crop must be kept up to date on all technical improvements and techniques if they are to keep their output up and their overhead low. The Fur Farms Branch of the Alberta Department of Agriculture keeps them informed by regular news bulletins as well as field days,

shows and meetings. Regular ranch inspections by personnel of this Branch of the Veterinary Services Division also help maintain the industry whose furs are exported mainly to New York and European markets. An information service is available to the buying public on mink chinchilla, fox and other ranch raised furs through the Branch which supplies fur tips and keeps a register of fur farms in the province.

...why is rabies really helped by assistance?



the control programs of people receiving social living assistance under our Social Allowances Program or hands upped persons you seldom meet, aged men and women out of the social assistance lines and one parent families in addition, enrols mothers with one or more dependent children without support. Through 33 regional locations maintained by the Alberta Department of Social Development at the officers and personnel of the Public Assistance branch administer budgets, channel applications process payments for food, shelter, clothing and expenses needed to keep up health education and other standards. They also examine and analyze the effectiveness of active operating plans and trial projects in rehabilitation services offering guidance training and counselling to help as many individuals and families as possible to get back on the track to self-support, self determination and independence

...fast action for accidental poisoning?

Immediate information about poisonous substances is available to your family doctor, hospital nurses and, in emergencies, directly to parents through the Poison Control Services maintained

by the Alberta Department of Health. Antidotes, or the proper treatment for various poisonous substances are on hand at all times and when not in use are kept in refrigerators. Special treatment of antidotes and poisons is immediately available to doctors or hospitals

Wideman-Springer vows exchanged in Edmonton

Baskets of red gladioluse and white carnations created the setting for the wedding in the Bruenor Baptist Church in Edmonton on October 4th, at 3:30 p.m., when Constance Faye, youngest daughter of Mrs. Ronald Linden Springer of Vancouver, B.C., exchanged vows with Gilbert David, eldest son of Mrs. Lavanda Wideman and the late Floyd Wideman. Pastor Stanley Shantz of Edmonton performed the ceremony.

Entering the church on the arm of her eldest brother, Keith Langevin of Vancouver, B.C., the bride was lovely in a full-style gown of white Lagoda crepe, the bodice trimmed with lace and seed pearls, lily-point sleeves and a train trimmed with lace and seed pearls falling from a petal rose. Her shoulder-length veil was held in place with a floral headpiece and she carried a bouquet of white roses and red carnations.

The maid of honor, Miss Linda Marvin, a friend of the bride, and bridesmaid, Miss Janet Langevin, niece of the bride, were identical floor-length gowns of red skimmer satin, fashioned on A-line empire style, with a train falling from the shoulder, and were headpieces of red net held in place with red roses. They carried bouquets of white and red carnations. The flower girl, Leah Langevin, niece of the bride, wore a gown identical to the bridesmaids, with a headpiece and bouquet of white carnations.

Attending the groom were James Lauber, a friend as best man, and Lawrence Wideman, brother of the groom, as the groomsman. Kerl Springer and Murray Lehman served as the ushers.

Nuptial music was played by Janice Silver and soloist was Mrs. Sanford Boettger who sang "The Wedding Prayer" and "Whither Thou Goest".

For her daughter's wedding, Mrs. Springer wore a dress suit of green and grey paisley fortrel with grey trim and accessories with a corsage of pink roses. Mrs. Wideman, mother of the groom, chose a two-piece blue wool suit with a light grey fur collar and grey accessories with a corsage of pink roses.

Following the ceremony, a reception was held for 160 guests at the Highway Motor Hotel in Edmonton. The bride's table was lovely with a large cake which was a replica of a wedded church, joined by a bridge to a pillared cake.

Mr. Wilmer Hudson, brother-in-law of the groom, served as master of ceremonies. Mr. Lloyd Hemsbell proposed the toast to the bride to which the groom ably responded. Colleen Birrell was in charge of the guest book. Out-of-town guests included friends and relatives from Camrose, Vancouver, Saskatoon, Ft. St. John and Yellowknife.

For going away, the bride chose a suit of eggshell fortrel, a blouse of yellow skimmer satin with yellow and eggshell accessories and a corsage of yellow roses.

Following a honeymoon in the mountains, the happy couple will reside at Sherwood Park.

Final rites are held for Henry Heitman

On October 30th, 1969, Henry Paul Heitman passed away suddenly at his home in Tofield at the age of 68.

Mr Heitman, son of the late Mr and Mrs Henry Heitman, was born March 17th, 1898, and received his education in Minburn.

On December 30, 1925, he married Miss Rose Schuller of Prague Alta and to this marriage were born four children John of Minitah, Teresa (Mrs Jack Elliot) of Edmonton, Richard of Minitah, and Margaret (Mrs Fred Hardy) of Edmonton.

Henry farmed with his wife and family at Minitah until 1963 when they moved to Tofield. Since then he had been mailman on routes one and two until July, 1968, when failing health would not permit him to carry on.

Many friends and relatives attended the funeral which was held at St Francis of Assisi Church in Tofield on October 22nd. with R L Scriven officiating. Interment was at South Cooking Lake cemetery

Pallbearers were Gordon Keppart, Leo Schuller, Frank Beatty, Jacob Ploc, Pritz Krabolce and Bill Tuchtenan. In addition to his wife and four children, Henry is survived by two sisters, Mrs Hertha Kephart of Fort Saskatchewan and Mrs Mary Card of Fort Frances, Ontario, and three grandchildren, Beverly Lynn and Paula Heitman.

MRS. SIGRID MOHR PASSES

PALMER - EARLING, Nov. 28 — Mr and Mrs. Charles Sieg left recently by train to attend the funeral of her mother, Mrs Sigrid Nohr, 93, who passed away on November 20th in Vancouver, B.C. She was born in Sweden and lived south of Holden where she and her husband farmed and raised a family of 14 children After becoming a widow, she moved to Vancouver to live near her daughter, but in her own home, even up until her death, she followed the current events and loved to knit and crochet as a hobby. Mrs. Charles Sieg (Sergina) of Holden south and Mrs. Lewis Rilland (Nina) the ninth child, now of Vancouver, B.C. are the only two who are or were Holdenites

Mrs. Amelia Noulette is a patient in St. Mary's Hospital.

Lewis Purse spent two days in St. Mary's Hospital in Camrose for tests, returning home Thursday.

Bekker heads Ryley curlers

by Ruth Davich

George Bekker was elected to head the Ryley Curling Club for the 1969-70 season when the club held its annual meeting recently at the curling rink.

Other members elected to serve one-year terms on the executive are Harold Hokon as vice-president, Darryl Albrecht as secretary and Ernest Brown in the post of treasurer.

The club had a very successful "moccasin bag" to open the 1969-70 social season on November 10th with a good turn-out of members and guests. Mrs. Mary Zowtiuk of Holden was the winner of the door prize.

To start the curling season off on the right foot, members decided to hold an open mixed bonspiel and this 'spiel is now underway.

Dates for four other bonspiels were set at the annual meeting. These are Farmers Open, January 14-17, Ladies Open, February 7 and 8th. Men's Open, March 18 to 22nd, and Family Bonspiel, February 8 to 14th.

Dear Sir

In a recent letter to the editor reference was made to a business position as was editorial [illegible] in previous issue.

In the particular position [illegible] took issue with the actions of [illegible] in their advocacy of the dupes. I do feel most people are avoiding celebrations. Currently we have had a [illegible] to [illegible] on the most [illegible] would satisfy [illegible] [illegible] for us. [illegible] [illegible] [illegible]

A visit to the United Nations

Donald W. Mansbridge, M.P.

Last month I had the opportunity of attending the 24th Session of the United Nations General Assembly together with four colleagues of the House of Commons and two members of the Senate.

While it is somewhat difficult to completely absorb the intricacies and complexities of the UN to the UN, that they were looking organization in a period of two ing for our expressions of opinweeks, because of its enormity ion on certain matters. Emand its diversity, I was able to phasis was placed on a review make some worthwhile observa- of our very own domestic probtions and formulate some dis- lems at home. However, I was cussions on the Canadian scene, particularly at the grass roots level. I thought it was very significant that the members of our immediate delegation relied on the opinions and the reactions of the average Canadian on the street. I think it must be remembered that these people are deeply involved in many misunderstandings and, I would suspect, that at times it might be rather easy to have a tendency to overlook some impressed at the fact that

The Government is to be commended for attempting to end the carnage on our highways, although it still remains to be seen whether or not their efforts will result in a reduction in the number of lives lost each year as well as a resulting reduction in the amount of property damage accumulated from the many collisions.

There are two major weaknesses in the province's attempt to reduce the death toll, with the biggest being the fact that other provinces do not take the same steps. Until all provinces unite in a concerted effort, the death toll will continue to mount. The other weakness lies in the courts. This is not the fault of the men who administer justice, but rather, the law that is in the book. When a man is in an intoxicated condition and ends up in an accident that is his fault and someone dies, the punishment must be severe enough to deter others from taking the same risk. But, often, due to the charge that is laid, a man will escape with a penalty of one thousand dollars or and a brief suspension of his driver's license. The people of the province are not concerned with what charge has been laid as they assume that the correct charge has been laid and then shock sets in when the magistrate gives his sevenday penalty and it is considered quite inadequate. One thousand dollars and a temporary suspension of driving privileges is hardly correct when a life is lost and that very same person will, sometime in the future, have another opportunity to do the same thing again. If we must have a law, then there should be a law with teeth that bite, not just nibble.

Stiffer penalties and car check-ups should have the desired effect, but only if other provinces are doing the same. Our highways are open to people from other provinces twelve months of the year and these people can come in for a visit and because of a defective car, become involved in a serious accident in which someone dies. Let all the provinces unite to protect all drivers, passengers, and pedestrians.

Vehicle inspection has yet to prove its worth because so many parts of the province do not have it. Apparently the idea was that local governments would operate these centers and they were told that there would be a profit. According to most reports, there are no profits, but, rather there are deficits. As a result, most if not all local governments have refused to become involved. Therefore the provincial government is stuck with building and operating these centers in the unprospected parts of the province, but this part of the program seems to be moving rather slowly. The situation as it now exists is decidedly unfair. Either, all inspection centers should be built and in operation or the ones now operating should close their doors. Why should Edmontonians, for instance, spend many dollars to have their vehicles put in first class condition only to be smashed into by some other person from an unInspected part of the province with a defective car.

[illegible] opinions as to the structure, and the operation, of the institution.

Although the attendance of Parliamentarians is, more or less, a familiarization of UN activities, I think it must be remembered that it was made abundantly clear to us, at the very outset, by Canada's Permanent Mission [illegible] way is being made other than a high calibre of names calling taking place between the representatives of the Arabs and Israelis. Over and above the current conflict, the question of relief for the Palestine refugees which was established under a program entitled the UN Relief and Works Agency (UNRWA) in 1949, is a very contentious issue as well. There is something like 1.4 million refugees now living in Jordan, Lebanon, Syria and the United Arab Republic, of which more than one-half are under the age of eighteen. As a result the program has attempted to provide food, shelter, health and educational services to those displaced persons.

Contributions to UNRWA have been voluntarily made in the past however with the recurrence of the recent conflict, a number of countries which have taken partisan positions have curtailed their contributions. At present, the Agency is faced with a $4,000,000 deficit with prospects for the future being very dim. Canada has pledged $1.1 million this year and has contributed $26 million since the inception of this program. Certainly, we are doing our share.

The other question which the special Political Committee was dealing with has to do with the policies of "apartheid" practiced by the Republic of South Africa.

Apartheid is a form of racial discrimination imposed by white government of South Africa on the black Afro-Asian people living within the country. These people evidently are treated as second-class citizens and enjoying the privileges of their white counterparts, such as voting rights, inter-racial fraternization, inter-marriage etc.

The fact that this is somewhat of an internal problem has caused the UN, for some time, to be rather reluctant in becoming involved in the issue. However, it was eventually recognized that this policy was, in fact, a violation of the human rights which concurrently could lead to a full scale war. Hence under this interpretation, it was well within the limits of the charter to deal with the matter.

Resolutions for imposing economic sanctions have been proposed however the United States [illegible] and as a result [illegible] [illegible] [illegible]

Beaver Council meets

Following are the minutes of the part of the regular meeting of the Council of the County of Beaver No. 9, held on Thursday, November 13th, 1969

Present were: Crs. W. A. Dobie, A. L. Gibson, W. D. Johnston, G. Knudsen, W. Krepakevich, J. H. Reddeck and C. W. Sears.

The meeting was called to order at 10:15 a.m. by the Reeve, Cr. Reddeck.

It was moved and carried that the minutes of the meeting of October 9, 1969 be accepted.

It was moved and carried that the Financial Statement for October 1969 be accepted.

Cr. Reddeck reported on a Resolution that was presented and passed at the Senior Citizens Home Convention on November 8, 1969. This resolution requested that the Provincial Government allow an increase of a maximum of $30.00 per month in the room rentals for Senior Citizen Homes. Any home could then adjust their rents within that figure.

It was moved and carried that this report be accepted.

It was moved and carried that the Fieldman's Report for October be accepted.

The Secretary-Treasurer advised that a meeting of the Recreation Board had been held on Thursday, November 6, 1969. The Board went through applications for the position of Recreation Supervisor for the County of Beaver. They had reduced the number to four people who would be asked to attend an interview in order to make the final choice. Also a cheque had been presented to the Chairman of the Recreation Board, Mr. Tom Kerlee, in the amount of $4,397.60 as a repayment towards the operation of the recreation board.

It was moved and carried that this report be accepted.

A letter from the Department of Highways and Transportation, Bridge Branch was read in regard to Bridge File 72371 WSW 25-48-15-W4th. This was in response to our request that we would like to have a bridge installed at this location rather than the two culverts which had been recommended. The letter indicated that the water which goes through this ditch is presently being handled by two 3'6" x 3'6" concrete box culverts through Highway 14 and they have never been flowing deeper than 3½ feet. However, this letter indicated that if the Council still does not concur with the proposal that they will reinspect this site together with the Councillor. It was moved and carried that this site be reinspected together with Councillor Dolan as mentioned in the correspondence in correspondence from the Bridge Branch of the Department of Highways advised that the fol-

The White Gold of Christmas

Thousands of children in India and Korea would settle for a single cupful milk on Christmas morning. You can give it to them so easily. Just one dollar will buy 100 children a cup of milk. So simple, and yet you will be giving the priceless gift of life. We cannot aid everyone this Christmas or any other Christmas, but if we only help a handful we can sit down to our own Christmas dinner with an easier mind. If you can spare it, send a dollar today to the Unitarian Service Committee at 56 Sparks Str'et, Ottawa 4. Somewhere a child is waiting for YOUR Christmas remembrance.

Book commended by top authority

by Grace Phillips

Letters of commendation on "Tales of Tofield" have been received from Lieut Gov J Grant MacEwan, the Glenbow Foundation in Calgary, and Edmonton author Kitty Hoar.

Copies of the book sent to the bookstore of the Provincial Museum and Archives have been sold out.

It is hoped that every descendant of the early families in the Tofield area will have a copy of this valuable record of the community. Christmas would be an excellent time to give a copy of "Tales of Tofield" to someone whose name is mentioned therein.

Have you ever considered...

...how control cuts costs of school books?

With the flexibility of curriculum the standardized pruning of school books throughout the province by the School Book Branch of the Alberta Department of Education results in direct benefits, particularly to large families. All level books used in Alberta schools are distributed to independent dealers, teachers and school boards by this Branch which publishes an annual price list. School boards may sell the books to students at cost.

they may rent texts or make them available free of charge. A discount of 40 per cent off list price is allowed where books are provided free or are rented to students under rental plan regulations. About $4 million worth of texts are distributed annually.

...who checks 25,000 miles of pipelines?

Provincial regulations applying to over 25,000 miles of operating pipelines now on-stream from oil and gas wells and fields to market are administered by the Superintendent and staff of eight inspectors of the Pipe Line Division, Alberta Department of Mines and Minerals. All specifications are checked prior to construction. The finished line must pass a test under considerably greater pressure than under which it will be allowed to operate, prior to an operating licence being granted by the Pipe Line Inspectors. A continuous program of inspections is conducted on operating lines to insure maintenance of safety factors.

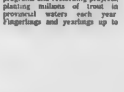
...the shape of car safety stickers?

There are four basic shapes of symbols of safety proof that the cars and trucks which carry them have successfully passed the requirements of the vehicle testing operation operated by authority of the Safety Division of the Motor Vehicle Branch Alberta Department of Highways and Transport. Square, triangular round and oval stickers are used each for a six month interval and after full validation in four of the six prime areas of inspection established throughout the province. There is a fee of $2.00 for each initial inspection and $1.00 for each inspection thereafter. Plans for the Safety Division service to be broadened by establishing a substantial number of permanent and mobile testing units in the near future. Information regarding that province-wide program can be obtained by contacting your local inspection centre or the Branch offices in Edmonton.

...what it takes to sell insurance or real estate?

In an effective measure to safeguard your interests, all companies and any person you deal with directly in the insurance or real estate business in this province must be licensed under statutes administered by the Insurance and Real Estate Branch of the Alberta Provincial Secretary's Department. All new applications and annual renewals of licenses are handled and controlled through the office of the Superintendent of Insurance and Real Estate. Examinations for men and women wanting to enter these fields are held on a scheduled weekly basis. An average of one out of seven applicants fails to pass or write his test. In addition to licensing of agents, salesmen and adjusters, a major program of surveillance of insurance company financial operations is maintained and staff inspectors investigate reported incidents of business practice. Information dealing with insurance or real estate is available through this Branch.

...carry can cause a lot of harm?



To control the spread of undesirable fish that could crowd our trout into extinction and ruin the pleasure of sport fishing in this province, Fish and Wildlife Officers employed by the Fish and Wildlife Division of the Alberta Department of Lands and Forests keep a watchful lookout for careless fishermen who might use live bait. Carp are the main concern along with other species that multiply rapidly including perch, minnows and suckers. In an active program to maintain our fish population department biologists conduct continuing research programs and restocking projects, planting millions of trout in provincial waters each year. Fingerlings and yearlings up to eight inches long are used and typical planting operations involve children's and beaver ponds, lakes, reservoirs and locations where spawning does not take place. All licenses and permits issued for fishing, hunting and trapping are controlled by this Division.

...how you can get in on the act?

You can take part in any number of active programs directed by the Drama Division of the Cultural Development Branch of the Alberta Department of the Provincial Secretary. All are designed to stimulate activity and get people actively involved in the contemporary theatre work of this province. There's more to the making of a play than just acting, as thousands of enthusiastic students and adults find out by participating in the workshops, schools, festivals and playwriting competitions held by the Division throughout the year. Working directly with community theatre groups and schools, the Division's broad scope of service includes assistance in speech movement directing, stagecraft and design, musical theatre, make-up and creative drama. Two major annual events drawing internationally famous names to Alberta as teachers are the annual Provincial one-act High School festival and a 6-week residential Summer Drama School. Catalogues of a complete resource and script library and various guidelin booklets, are available on request through the Division.

County Council briefs

(Continued from Page Five)

2. That a letter be forwarded or a phone call two weeks ahead of the actual work, and
3. That in addition to getting in touch with the outside engineer in Edmonton that we contact Mr. Bob Lowry who is in charge of the Vegreville establishment.

Mr. Attwood advised that he would attend the meeting in January, 1970, to obtain the map mentioned in item one.

Correspondence from Stewart, Weir, Stewart, Watson and Hein-richs was read, which indicated that if we require extension to the planking on the C.N.R. crossing at the north boundary of Sec 30-50-16-W4th we should submit prints of this request, together with the formal request.

Moved and carried that this formal request be sent to the Canadian National Railways to extend the planking on the above crossing.

Moved and carried that we approve a request of the Farm Electric Services Ltd. to extend their line onto the N.E. 22-48-15-W4th

A letter addressed to the Village of Ryley from Frankl and Associates was read. This letter was in regard to the installation of flashing lights at the C.N.R. crossing at Ryley. It had previously been approved to install flashing lights at the west crossing in Ryley; however, the village had made representation to have the centre crossing made a public crossing and that lights be installed at this point. The letter from Frankl and Associates indicated that the approval had been obtained to make this a public crossing and lights would probably be installed at this location.

Moved and carried that if the lights are installed at the central crossing in Ryley that the County of Beaver share with the village equally the cost of installation and maintenance.

As there was no further business, it was moved and carried that the meeting adjourn at 5:15 p.m.

Tofield - Ryley split in basketball games

Friday night, the fan enthusiasm ran high as both Tofield teams provided fast pressing action, in well - played basketball games, moralized by very efficient officiating. Both games saw the winner come on strong in the final quarter.

The Tofield boys led from the opening whistle until the final 30 seconds when Ryley closed the margin, which had been as high as 18 points, for a three - point victory. The final score stood at [illegible].

Ed Wiens and Wally Fraser placed the high scores for Tofield with 11 and 10 points respectively, while Dan O'Brien scored 19 points for Ryley.

In the opener, the Tofield girls led in points and all-round play, although they were unable to hit from the outside. At half-time the score stood at 7-3 in Tofield's favor. The whole team did an excellent job on man-to-man defense.

During the third quarter Ryley tied the score at 16-all, and the Tofield girls put the pressure on to bring the score to 20-15 at the sound of the final buzzer.

This Friday, the Tofield teams travel to Viking.

Lang . . .

(Continued from Page One)

ndividuals, reducing their expenses by taking all their land out of production for a year or two, and waiting for quotas and normal sales to eat up the huge stocks they already hold.

There is a real challenge in finding ways to use land taken out of production in such a way that surpluses are not built up in other products, he agreed.

Asked the possibility of Board handling other products, like feed grains, Mr. Lang replied there is at the moment no policy in this area, since there are many problems involved, such as whether a farmer should be able to sell his own feed grain to himself for his animals. If this is allowed, why should not the straight feeder have the same opportunity? Mr. Lang said there is genuine concern over the problem of selling at distress prices, and possibly some answer may be found to this one phase.

Experience has shown there is no virtue in cutting grain prices on the world market said Mr. Lang and Canada has for years been the stabilized proponent of an orderly marketing system. There is a very limited world market, he said, and Canada has recently gone through a very trying experience in price setting following desperate efforts of other countries, he said, Canada taught these other nations a very sharp lesson, by proving that no more bushels are really sold in the end.

He continually pointed out that in spite of the strongest efforts to sell, there is a definite ceiling to the ability of the market to absorb any given product, and there is absolutely no sense in producing past this point.

Lions hold supper meet

Tofield Lions Club held their regular December supper meeting in the Library Room, with Lion President Alma Warner in the chair.

Reports were in hand that the skating rink is becoming well, the snowmobile meet slated for February 8, next; and a mixer drew the evening before.

Fifty dollars has been donated to the Library Fund, and $165 to CNIB from the Annual Canvass. A Club draw was discussed, but not completed. A Raffle is to be sponsored before New Year's Day.

Other matters will be taken care of at an Executive meeting to be held on December 18, in the Town Council meeting room, this in lieu of another supper meeting this month.

Ryley School plans a very busy schedule

by Mrs. Ruth Dovell

This coming Friday, December 12, Ryley High School will host the Holden High teams in their second league basketball game of the season. We hope for an exciting game, with plenty of fans to support the teams. Games start at 7:00 o'clock.

On Saturday, December 13, Ryley welcomes everyone to attend their annual Home-Coming games, when former students return to play Volleyball and Basketball. Activities start at 7:00 p.m.

Monday, December 15, will bring the Ryley High's presentation of Dickens' "Christmas Carol" to the Community Hall at 8:00 p.m. This play has as much meaning for Canadians in 1969 as it had for Englishmen in 1850. Bring your families out for an evening of enjoyment.

MacDuff Ottawa Report

OTTAWA, Dec. 8.—Hope for a new deal in agriculture lies largely within farmers themselves says Agriculture Minister H A (Bud) Olson.

The tool he offers is national marketing schemes. Recent undertakings between federal and provincial authorities make them possible but little can be done until the farmers themselves are ready. There has been little indication that they are.

Farm people are proud of their rugged individualism and independence and have cherished these qualities in the face of organized effort in nearly every other business endeavor. The only group to match them in lack of organization has been the consumer. Both have suffered in the market place.

PATH IS CLEAR

In the past, one of the major obstacles to national commodity marketing schemes has been constitutional responsibilities of government. Marketing is a provincial matter then a federal responsibility. This difficulty, says Mr Olson, is now largely cleared away and if egg, milk, meat or producers of any other farm commodity want to get together in a national marketing plan, the way is open.

Such schemes might be helpful, Opposition has risen largely on the fact that they inevitably place some restrictions upon the members. These, many farmers are not ready to accept.

Illustration of a successful marketing plan is the Ontario Flue-Cured Tobacco Marketing Association. It limits production to the amount of tobacco leaf it believes the market will absorb from year to year by licensing growers and setting acreages for

This column is a regular weekly feature prepared by the Family Financial Counselling Service of a national personal finance corporation, P.O. Box 2020, London, Ont. All questions submitted to the above address will be answered, in order of receipt, but questions will not be used in print. However, all questions should be accompanied by a complete name and address.

Dear Mr. Martin: A few months ago my company initiated a cost control program. Just recently they published the results of the savings of this program. I was astounded at the number of dollars saved. Maybe a similar cost control program could work in the family financial system. Mr. P. C.

It certainly would. Since a business is not too unlike a family unit, it surely would be advisable for the family cost control consultant to seek out the source of soaring family operating expenses.

And similar to a cost control specialist in business, the family "consultant" should head for the places where experience has shown are the most likely places to locate the leaks. In business it's such things as long distance telephone calls, extravagances in the use of paper and postage stamps, overprinting and overstocking forms, in other words, unnecessary expenditures with which most people tend to become careless.

It's the same in the home. The average home economy car buyer or major appliance buyer will look long and hard before making his decision to purchase. Yet, you can bet that he'll fritter away dollar after dollar in a month's time on impulsive, unnecessary overpriced purchases related to normal, everyday household operation.

One good way of starting your own cost control program is to prepare a checklist of those little items that eat away at your spendable income. Like the checkbook. For instance, don't keep a high balance in your checking account but just sufficient money to serve the basic purpose . . . paying bills. If you find yourself with an overbalance you don't need, cut down on your checkbook deposits and put the money in savings where it will do you the most good.

Another drain on the family financial system is a whole string of small checks — two, three dollars or so — that you write for various purposes. Check stubs make wonderful receipts but remember that for every 10 checks you write you've spent another dollar. Try to keep a few dollars on you to pay for the little items. Do this and you'll plug up one of the leaks that fritter away your money.

I'll be discussing in future columns more about these little leaks . . . and how to stop them . . . but in the meantime put your own cost control thinking to work.

NOW YOU KNOW

A recent Daily Bulletin of the Bureau of Statistics. The Financial Post says, bravely declares: "By census definition, when both husband and wife have present in the home, the husband is head of the family." This may be reassuring, but a newlywed groom would do well to break it gently to his mother-in-return from the honeymoon. Even the case-hardened DBS may have problems in selling it to the Royal Commission on the Status of Women

In 1965 there were 883 deaths from emphysema, not complicated by bronchitis, among Canadians. Emphysema with bronchitis accounted for an additional 960 deaths, making a total of 1,852 deaths from these respiratory diseases.

each of them. Subsequently it grades and sells the crop by auction.

PROBLEMS COULD MAGNIFY

Organization of the tobacco industry was comparatively easy. The area of production and the number of buyers is limited. There are no regional problems such as would be experienced with other crops. But the fact remains that stringent controls built in production and selling have been necessary. What would happen if quality tobacco on a large scale developed in Quebec or the Maritimes is not known. If tobacco marketing remained on a purely provincial basis it would likely break down.

There was a lengthy debate on agriculture when the Liberal party held a think-in at Harrison Hot Springs. It was productive of many questions but few answers. Much of the time was spent on the plight of grain growers on the Prairies. Immensity of that problem made it paramount.

FARMER WON'T TAKE ADVICE

One thing can't through lust and cheer. The farmer is unwilling to listen to government advice on the amount of wheat he should grow. For years he was told to grow wheat and the Government would sell it. It worked until the world market collapsed. Upward of a billion bushels of grain, mainly wheat, are now in the unsold Canadian reserves.

Mr Olson reveals any suggestion the government has not been helpful in the face of this situation. Up to last weekend it had advanced $238,800,000 for grain still on the farm and expects the outlay will rise much faster when Parliament approves advances for grain still in the field and unthreshed due to bad harvesting conditions.

HUGE INVESTMENT

The Wheat Board has 650,000,000 bushels of grain in the elevators for which it has made an initial payment of $1.30 a bushel. Government part in this is to guarantee repayment of money borrowed from the banks to pay for it.

The federal government has a considerable investment in dairy products. Latest DBS figures show it has 150,000,000 pounds of skimmed milk in storage, purchased at the support price of 20 cents. It would take a sharp salesman to get more than 5 cents for it on today's world market. It also has 85,000,000 pounds of butter on hand, and 1,000,000 pounds of cheese.

OVER-PRODUCTION IS KEY PROBLEM

It would appear there is still an overproduction in the mass-

featuring milk industry. Some cutback can be expected as the most fancy pays when the money available for subsidy will be cut by $40,000,000. Likely result is that more smaller producers will be eliminated.

This is illustrative of what can happen when marketing schemes take over rationalization of production. The Dairy Commission is a variation of a marketing board, with the federal government holding the money bags.

Restriction is inevitable with marketing schemes. What the farmer must consider is is there any other way out?

Position of the Federal Department of Agriculture is that such schemes are available where needed and on demand, it will go no further.

Jogging is not the answer to better health for everyone says Dr. Harry J Johnson, chairman of the medical board of the Life Extension Institute in New York. In a report in Office Equipment and Methods, Dr. Johnson advises the executive over 50 that jogging can have serious consequences ranging from painful backs and heel bruises to heart attacks and sudden death.

He says that the cure o' his problem is a neglect of ...ar form a exercise by most people, because of the technological conveniences, which can be solved largely by walking, an activity which requires no special clothing, equipment or environment.

Ryley hoopsters enjoy having a winning year

by Ruth Davick

The Ryley High School basketball teams had a very busy and successful weekend.

Friday night ... girls evened their league record at one and one by defeating Holden, 36-31. Holden led 10-7 at half-time. Lorraine Sadowyk and Brenda Albrecht led Ryley with 18 points each Other scorers were Carol Manderson 3, D. Norton 3 and Lorna Stauffer 1. Janet Slobchuk netted 10 points for the losers.

The Ryley boys, led by Glen Magneson with 28 points, remained the only undefeated team in the league as they down Holden 45-33. Dan O'Brien also had double figures with 14 points. Also spitting the nets for Ryley were John Slobchuk 4, Rick Dorck 2 and Delbert Boettger 3. Scoring for Holden were Brian Michlich 11, Larry Bilyk 10, Ron Heber 6, W. Stambaugh 3, Dale Fodness 2, Ken Bacyk 2 and Dan Dunlak 1.

Saturday, Dec. 13, the Annual Homecoming games were played, with the High School winning both contests. The High School girls mubbed out a last half effort by the Homecomers to win 36-30. Brenda Albrecht, Debbie Norton and Lorraine Sadowyk led the High School with 10, 10 and 8 points respectively. Scoring also were Carol Manderson 6, Lola Schmerel 2 and Bernice Hrabec 1. Homecomer scorers were Mary Ann (nee Onada) Kushniuk 12, Evelyn Kosak 8, Peggy Kozaway (nee Fish) 2, Darlene Kubin 4, Ethel Kope 2, Susan Kushnik (nee Kudrowich) 2, Bonnie (nee Wideman) Maurer 2, Other players were Gail Booth (nee Lyons), Mavis Hostolier and Vera Hyde (nee Bouh).

In the boys' game, all the High School players scored, as well as most of the Homecomers. Scoring for the High School were Dan O'Brien 29, Wade Magneson 11, Glen Magneson 8, Delbert Boettger 6, Bryce Albrecht 4, Ken Pope 3 and Rick Dueck 1. Scoring for the Homecoming Boys were Bob Dueck 1, Don Wideman 9, Lorne Lehmus 6, Warren Kushniur 4, Garry Wiens 1, Robert Lyslo 2, Roger Osland 8, Lorne Maurer 5, Barry Albrecht 2, Dwayne Kubin 2, Tom Anneke, Barry Seniuk, Ken Boettger 2, Lorne Booth, Richard Sadowyk, Gordon Pope.

Even though the High School had only seven players, the score was still 65-42 in their favor. This was the first time in many years the High School team has beaten the Homecomers.

Bring back Christmas

It is almost time to celebrate Christmas again and everywhere preparations for the big day are in full swing. People are rushing hither and yon buying last-minute gifts and necessities to make the day that much more enjoyable. Everyone is smiling and anxious for one and all to enjoy themselves, because Christmas is a festive occasion and must be celebrated to the fullest. Parties are planned down to the last minute detail, to see that nothing is overlooked and the occasion will be one that will be long remembered.

Businessmen are pushing last-minute sales to squeeze the last dollar from the buying public as, unfortunately, Christmas becomes more commercial each succeeding year. Woe to the poor merchant who decided to delay the Christmas season, because he will be left behind by the opposition. The leaders lead and the rest must follow or face tremendous loss ; and in this highly competitive day and age, no true businessman can afford such a luxury . . . willing or unwilling, he must join the pack.

In all this hustle of business or pleasure, often the true meaning and origin of Christmas is overlooked and forgotten. Christmas is now a big holiday and the reason that it exists is not considered. Atheists all over the world are screaming for the removal of prayers and services at any and all public functions and have even gone so far as to ask the United States Supreme Court to disallow any religious readings or prayers from the astronauts. Fortunately, the justices denied this motion. But, atheists are becoming more and more pleased with Christmas all the time as people forget about God while losing themselves in their worldly pleasures.

This Christmas, why should not all the God-fearing people of the world unite in their demonstration in their belief of the true meaning of Christmas? It is time to demonstrate that we know the true meaning of this joyful day and let the world know that we are not ashamed of our feelings.

On behalf of all The Mercury staff and correspondents, may we wish each of you a truly Merry Christmas and a Happy New Year.

Palmer - Earling

Miss Jan Earling, daughter of Mrs. Lorraine Earling of Edmonton and the late Lawrence Earling of Ryley, became the bride of Mr. Ronald Palmer, son of Mr. and Mrs. Richard Palmer of Ryley, in a ceremony performed at Ryley United Church on the afternoon of December 6th at 2 o'clock.

The bride was given in marriage by her father. She wore a floor length gown of white satin with a fitted bodice and long sleeves. Her veil was held in place by a pearl headpiece and she carried a bouquet of red roses and white carnations.

Miss Linda Earling was her sister's bridesmaid. She wore a floor length gown of red velvet and carried a bouquet of white carnations.

Mr. Ken Palmer was his brother's best man. Ushers were Mr. Ken Earling, brother of the bride, and Mr. Ken Hall.

Mrs. Palmer, mother of the groom, received guests at the reception held in the church hall following the ceremony. She wore a floor length gown of blue velvet with white accessories and a corsage of white carnations.

Assisting at the reception were Mrs. Ken Earling, sister-in-law of the bride, and Mrs. Ken Hall.

Mrs. Palmer cut the wedding cake which was decorated with a miniature bride and groom and flanked by red candles.

Mrs. Ken Earling presided at the guest book and Mrs. Ken Hall served punch.

Following the reception the couple left on a honeymoon trip to Banff. For travelling the bride wore a navy blue dress with white accessories and a corsage of white carnations.

The couple will reside in Ryley.

TWO BIRTHDAY

Today marks the second birthday of Tofield Mercury Publishing Ltd. Two years ago this week a new business was born in Tofield. Its birth was heralded by the publication of the first issue of The Tofield Mercury. Since that time the business has grown and prospered and has become a valuable asset to the community.

Today the Mercury is published by the Tofield Mercury Publishing Ltd. Shareholders in the company are Mr. and Mrs. Ed. Clinton, Mr. and Mrs. Ken Hall, Mr. and Mrs. Ken Earling, Mr. and Mrs. Ron Palmer, Mr. and Mrs. Ken Palmer, Mr. and Mrs. Lorne Osland and Mr. and Mrs. Ernie Pidruchney.

Mr. Clinton is the editor of the Mercury and Mrs. Clinton is the publisher. Mr. Hall is the manager and Mrs. Hall is the bookkeeper. Mr. Osland is the sales representative.

Mr. and Mrs. Ken Earling are the parents of the bride and Mr. and Mrs. Ken Palmer are the parents of the groom.

Vegreville Overture scores huge success

Concert 70 which came to Vegreville on December 7, 1969, was a concert that will long remain a highlight of Overture in this town.

Four talented artists presented a concert ranging from sacred to concert-hall singing, via the operatic stage, and gave the audience a performance that was unforgettable. Starting with the whole company together, they first came on set the stage for the rest. "My God doth Magnify the Lord" was a blending of remarkable voices in perfect harmony, and the following number increased the pleasure.

Lawrata Johnson's magnificent soprano filled the audito rium in her solo numbers, and it was with reluctance that the audience saw her final bow. We could have listened to a lot more of the same.

Arthur Webb, baritone, kept up the quality, and his rendition of "Cindra Mai Fu" was exceptional.

Operatic selections from La Boheme and Faust left us all desiring some of the audience wishing that the whole programme had been an opera. The trio from Faust was exceptionally good.

Miss Edith Chilton has to be a most gifted person, her accompaniment of the vocal numbers was [illegible] and of a high quality throughout. The "Asian Etude" was a beautiful piece of work. To finish topping words of the Elves and the giant should [illegible] music held everyone spellbound. Her [illegible] in turning [illegible] was a delight to the ear.

Premier's Christmas message

I appreciate this opportunity to extend on behalf of your Provincial Government sincere and hearty Christmas greetings to each and every citizen of this Province.

Once again the day has come when we pause amid the rush and turmoil of life, to commemorate the birth of the Prince of Peace. Christ came to bring peace in our hearts. None can deny that this holy event has influenced the course of humanity more than any other in the long history of mankind.

No words of men can improve on the message voiced by the heavenly choirs when they heralded the birth of the Prince of Peace on the world's first Christmas Eve. They sang, "Peace on earth, good will towards men" and their song has echoed and re-echoed in the hearts of men throughout the world ever since. Even though the fulfilment of that ancient promise of Christmas may seem beyond our present reach, its ultimate realization is assured to all who recognize that peace on earth and good will among men are bound up inseparably with allegiance to Him and to the practical daily application of the Christian way of life.

The past year has been marked by far-reaching world developments which have given even greater magnitude and added importance to the agedold problem of human relationships as between men and nations.

As we celebrate this Christmas in joy and happiness we should not forget that we will live our "tomorrows" and celebrate our future Christmases in a world that we ourselves will make.

In our keeping of Christmas, let us not forget those less fortunate than ourselves, the stranger in our midst, the homeless and friendless, the sick and afflicted, and all who are in need of understanding and a helping hand, whether they be here, or in other countries.

May all of you, in your homes, enjoy a blessed and joyful Christmas with your loved ones and your friends, and may I, personally and on behalf of your Government, wish for each of you the best and happiest festive season you have ever known.

Diseases of the lung claimed more victims during 1968 than did motor vehicle accidents. Chris mas Seals fight these fatal diseases.

BY-LAW No. 300

A By-Law of the County of Beaver No. 9 to regulate the operation of Snow Vehicles on Municipal Highways.

WHEREAS the Council of the County of Beaver No. 9 has been requested to authorize persons to operate snow vehicles on portions of highways under its direction, control and management.

THEREFORE, by virtue of the powers vested in it, under Section 14 of the Snow Vehicles Act, being Chapter 100, Statutes of Alberta 1969, the Council of the County of Beaver No. 9 enacts as follows

THAT all untravelled highways and the right hand ditch of all travelled highways contained within the boundaries of the County of Beaver No. 9 and under the direction, control and management of the Council, shall be authorized for the use of persons operating snow vehicles during any hour of the day or night, provided that when snow vehicles are being operated on the highways as stipulated herein they shall not travel abreast, but must remain in single file.

THAT the operator of a snow vehicle may cross any highway including the roadway, if,

1. The operator stops the snow vehicle before entering on to the highway or portion thereof to be crossed.
2. All passengers disembark from the snow vehicle and any vehicle or thing attached thereto before he commences to cross.
3. The operator yields the right of way to all other vehicles and persons on the highway, and
4. The operator crosses over the highway or portion thereto to be crossed by the most direct and shortest route of travel available to him.

THAT every person who contravenes this by-law is guilty of an offence and liable on summary conviction

(a) for the first offence to a fine of not more than $50. and in default of payment to imprisonment for a term of not more than 30 days, and

(b) for a second or subsequent offence to a fine of not more than $100. and in default of payment to imprisonment for a term of not more than 60 days.

Lieut.-Gov.'s Christmas message

Although we are at a time of spectacular change, there are those customs and institutions we would not disturb—one of them being Christmas. And so, I hasten to extend my best wishes in the old fashioned way, hoping that wherever possible, families will be re-united and homecomings will be happy ones, that appetites will be big and tables still be loaded with the good fruits of Canadian soil.

And while most of our people are enjoying the festivities in family circles, we should not forget those who may be denied such pleasures, those who are ill or far removed from homes and friends and those whose duties in public service will keep them at work.

Of course, Christmas should be more than a time for celebration. It should be a time for serious thought about sharing and about the Christmas theme, Peace on Earth. When that theme is sounded I hope it will be in the best sense, with thoughts of men being at peace with the whole of Nature's community. It should mean something more than silencing the big guns of human warfare. I find it hard to understand how there could be the desired peace among men while mankind is still at war against Nature and all her glorious possessions. I am a part of the great complex of humans and other living creatures, soils, forests, flowers, air, water, minerals and so on, and if I seek genuine Peace on Earth, I should strive to so live that I commit the least possible offence against any of those marvellous works of Creation. In other words, a state of harmony with my surroundings.

And finally, my wish:—that Christmas 1969, will be filled with joy and the Peace that Passeth Understanding

MERRY CHRISTMAS

She is survived by two sons, Tegner and Trifod, seven daughters, Elsie, Tina, Sergina, Alma, Nina, Elvie and Helen, also 24 grandchildren and 34 great grandchildren.

She was a member of Hardjedalen Gefiet and also a member of the B.C. Social Credit League.

Mrs. Nohr immigrated to Canada from Sweden with five children in the year 1906 to join her husband Magnus who had immigrated to Canada two years previously, settling in the Holden, Alberta district and homesteading here, where six more children were born to them.

The family settled on a farm in the district going through numerous hardships up to June 1941, when Mr. Nohr was called home to rest at the age of 82.

Mrs. Sigrid Nohr with her youngest son, Sigfried continued farming the home place until 1945 when they sold the farm moving to Burnaby, B.C. where they took up residence.

Mr. and Mrs. Herman Voigt were visiting Friday, December 12th at Viaha Lodge, Viking when they entertained guests at the Lodge with Mr. Voigt playing the accordian and singing carols, and all there joining in singing hymns and old folksongs. Everyone enjoyed the entertainment but the time seemed too short and Mr. and Mrs. Voigt were invited to visit again very soon. Mr. and Mrs. Voigt thanked the Matron of Viaha for the lovely lunch and cordial welcome from all.

Mr. and Mrs. Charles Sizer have returned home after spending a few days at Burnaby, B.C. when they were attending the funeral of Mrs. Sizer's mother, Mrs. Sigrid Nohr, who passed away November 26th, also staying with relatives while there.

Ray Hovland with his father, Chris Hovland were Camrose visitors Wednesday evening, December 10th at the home of Mr. and Mrs. Lewis Perry to congratulate Mr. Perry who was celebrating his 72nd birthday.

Maurice Rushenvold of Woodlock was a business visitor Friday of last week also visiting with his son Gerald and family.

Mrs. Annie McGinitie, Mrs. Lawson and Mrs. Edith Turner, aunt of Miss Ethel Brown, all of Tofield were visiting Wednesday afternoon and evening with Miss Ethel Brown.

Mr. and Mrs. Harry Chopka, Miss Joan Bodnarchuk, Mr. and Mrs. Manderson and Mr. Nedelcoh all of Edmonton, were recent Sunday visitors with Mr. Chopka Sr. and Bill Lashosky, guests at Viaha Lodge, Viking.

Percy Burlow who had been staying for the past week with his daughter Beth and family, the Ernie Merins at Viking, returned home the end of the week.

Fair enough. Because the crows could have sworn they saw two dogs. And if you look closer, you'll probably think you see four Indians. Or is it six?

No two people in our brewery agree on just how many there are of what on the Lethbridge Pilsner label. But we're all together on one thing. How to brew the great beer behind it – Alberta's original Pil. That's done the slow, natural, old-time way. For a flavour you can always count on.

Ryley and district news items

(Mrs. Ruth Davies)

RYLEY — Mrs. Elia Skiles and Mrs. Alma Tomlinson from Irma were recent visitors in Ryley with Mrs. Martha Hilliard.

Mr. Ed Mehus of Edmonton, formerly of Ryley, passed away on December 12th at the age of 83 years.

He was predeceased by his wife Amanda in 1967. He is survived by one son Arthur Mehus of Edmonton and four grandchildren and two sisters in Texas.

Funeral services were held on Tuesday from the Calvin United Church in Ryley with Rev. J. A. Watson officiating. Interment was in the family plot at Ryley cemetery.

Visiting with Mrs. Alma Adams on Sunday was Donald Erickson of Camrose.

Ed Mehus came to Ryley in the early twenties to take over the barber shop and start a trade cutting hair in which he cut many generations.

Tony Kallal is a patient in the Tofield Hospital.

Mr. and Mrs. Hugo Heilesen entertained on Saturday evening at a turkey supper at their home. Invited guests to help Bob Greig celebrate his 40th birthday were Mr. and Mrs. Ben Jacobsen, Mr. and Mrs. Tommy Harris. A very enjoyable evening was spent by old friends.

Have you ever considered...

...how to keep yourself a well-informed homemaker?

One of the largest single sources of useful information is readily available to you through any one of 30 province-wide district offices established by the Home Economics Branch as part of the broad overall service provided by the Alberta Department of Agriculture through the Extension and Colleges Division. Staffed by Extension Home Economists and specialists in four prime areas — home design, food and nutrition, home management and consumer affairs, clothing and textiles — the Branch's day-to-day operations make vital and significant contributions in upgrading housing and the well-being of individual families and, in general assist in the areas of consumer competence and community development. In addition to work with individuals and groups a newsletter of general interest is distributed free to a mailing list maintained for this purpose, and each year thousands of homemakers, teachers, firms and organizations keep themselves well-informed by referring to publications covering almost 200 varied topics and techniques. A list of informative publications is available on request from your local District Home Economist or the Home Economics Branch in Edmonton.

...the first three steps to safety in gas control?

In a constant, all-out drive to provide you with a set of rigid protective safeguards, the Gas Protection Branch of the Alberta Department of Labour exercises a primary three-part province-wide control program. This covers natural and gas propane installations and related distribution systems within the corporate boundaries of village, town and city limits. Initially through permanent control measures, every individual gas fitter in the province must pass strict qualifications of certification to ensure he is capable of top standards of workmanship and before any job begins, whether it is a new installation or an addition to an existing one, a work permit must be obtained and recorded with the Branch. To follow-up on these safety practices, a continuing series of year-round spot checks are made to make sure standards are maintained. In addition to these steps, the Branch staff examines, tests, rejects or approves any new gas appliance or product offered for sale in this province. To give proper direction and interpretation of the gas code and to promote gas safety, over 4,000 copies of a regularly published news bulletin are sent to the trade and contracting industry.

...how securities selling is regulated?

Through the Alberta Securities Commission of the Attorney General's Department, wide investigative and control powers have been established to make sure that all Alberta investors have the kind of protective regulations they need in the complex business of buying and selling securities. All investment firms, including mutual funds and other investment contract companies, or any company intending to sell securities to the public, must first file and record a copy of their prospectus or contract with the Registrar of the Commission who ensures the document gives a full, true, and factual disclosure of the company and its operations. Buying of securities under primary distribution can only be made under terms of an official prospectus. Continuing audits of registrants' financial statements are conducted by the Commission to uncover any possible fraudulent, illegal or misleading practices. A complete program of registration and regulation of individuals engaged in marketing of securities is maintained. This includes brokers, dealers and salesmen. Supervision of the Calgary stock exchange is another function of the Commission which maintains day-to-day contact with national and international securities fields, and works in co-operation with similar commissions in other provinces and the United States.

...the costs and conditions of credit?

With the continued application of credit on the market for consumer goods and services you need to know what you are doing when you "buy-on-time". You can get some useful facts on the subject through the service provided by the Consumer Credit Branch of the Alberta Department of the Provincial Treasurer. In an effort to help individuals avoid unmanageable financial burdens and complaints, over 10,000 free folders titled "Using Your Credit" have already been distributed to people throughout the province. Copies are available on request. To further this active program of informing buyers and sellers, discussions can be arranged through the office of the Supervisor. Other responsibilities of the Branch include conducting inquiries into business practices involving credit charges, rebates and other matters relating to consumer credit.

...how bridges are put together for you to cross?

All modern bridge building, replacement and design in rural areas of this province are co-ordinated through facilities of the Bridge Branch of the Alberta Department of Highways and Transport. In a three-part program involving over 10,000 bridges, many innovations such as precast concrete structuring have resulted in substantial savings in time and costs. Year-round inspections, regular maintenance routines, research and development projects are just part of the work involved in improving main highway bridges to ensure they are safe and adequate to handle the ever increasing volumes of traffic. Replacing old narrow steel bridges on the secondary road system in the province, and removing antiquated bridges which have become hazards to high speed traffic on local roads result in about 100 new bridge and overpass projects a year being added to our surface transportation network.

Roy William Lee passes

ROY WILLIAM LEE

Mr. Roy William Lee, son of Mr and Mrs. William Lee, was born July 27, 1901, near Renfrew, Ontario. He moved with his parents and brothers to Tofield, Alberta, in 1907.

In 1929 he was united in marriage to Mildred Lawson and farmed in the Ketchamont district, until poor health forced his retirement in May 1965, when they moved to Edmonton.

After nearly five months of illness, most of which was spent in hospital, he passed away on November 29th 1969. He leaves to mourn his passing: his loving wife, Mildred, two daughters, Doreen (Mrs. Walter Webber) of Calgary, Shirley (Mrs. David Nichols) and one son, Roy Delbert, both of Edmonton; five grandchildren; one sister Viola (Mrs. A. Edgar) and a brother, Howard, both of Edmonton. He was predeceased by a daughter, Patricia Anne, his parents, and three brothers.

Funeral services were held on Tuesday, December 2nd, at 3:30 p.m. from Andrews-McLaughlin Chapel with Reverend Sydney Bell and Reverend W. H. McDonald officiating. Interment took place at Mount Pleasant Cemetery.

Card of Thanks

We wish to express our heartfelt thanks to our many friends and neighbors who helped in so many ways throughout his illness and at the time of the passing of our beloved husband and father, Roy William Lee Your many kind deeds will always be remembered and cherished. To Reverend Bell, Reverend McDonald, the pallbearers and those who sent cards, letters, memorials and flowers, a special "thank you" God bless you all.

HOLIDAY ENTERTAINING

Holiday time is party time when everyone likes to enjoy the festivities with family and friends

Preparation

Organization is the key to relaxed unhurried hospitality. Get out a pencil and paper and make a list of everything you have to do. With everything down on paper, it is easier to delegate something to each member of the family. Christmas will have more meaning if each person has a part in the preparation

Decorating

Good taste and imagination are more important to Christmas decorating than money. Try to keep things simple and avoid clutter. Natural evergreens can be used to make fragrant and attractive centre pieces or wreaths

For Children

You can make a "Lucky Pie" centrepiece which is a collection of tiny wrapped gifts with a long string attached—green for boys, red for girls. The gifts are encased in a top table bowl by a top "crust" of Christmas Paper Mache dinner, each child pulls a string and at a given signal everyone pulls and the pie bursts open. (Remove the dishes first)

Buffet Meals

To make the holidays more relaxing and enjoyable for you, serve your guests buffet style With the buffet all set up before the guests arrive, you can enjoy the party.

For the comfort of your guests, see that each person has access to a small table (such as a T.V. tray)

Freezing

Freezers are a wonderful convenience during the holiday season Many things can be prepared ahead of time and frozen.

Cakes and cookies may be baked ahead of time and frozen in air-tight packages When you wish to use them, thaw at room temperature in unopened packages to prevent sogginess

For the main dishes such as chili con carne and meat pies, try to avoid high seasonings Pepper, cloves and garlic, and others may become strong and bitter. However, salt, onion and chili seem to lose flavor. Salt increases the rate at which fat becomes rancid, so it should be omitted if the food is stored more than a month It may be best to add spices when you are reheating

Whatever you make or do for Christmas, let the youngsters help Their memories of Christmas will be of what you did together and not what Santa Claus brought

Albertans competing at Ookpik Carnival

GREENWOOD, N.S. — Winter's flapjacks and Burns' sausages grip on this Annapolis Valley air base will be loosened on February 1, 1970, when Alberta-born servicemen and their wives pitch joyously into a week-long festival of sporting, artistic and social activities known as the "Ookpik Carnival".

This is Ookpik's fourth year at Greenwood—it was conceived as an introduction to the base centennial celebrations in 1967. Some thirty events are competed in by teams representing Canada's ten provinces, with points awarded for such activities as float design, snow sculpture, tug-o-war on ice, and water basketball played while floating on auto inner-tubes in the base swimming pool.

Alberta has a small representation at Greenwood, and has not yet amassed enough points to "win" a carnival—but in other ways, these sons and daughters of Alberta do more than wave the provincial flag during Ookpik week. Many a ball frozen competitor or fan has refished the frozen waters of the base swimming pool with a hot toddy in the other hand.

Albertans are urged to send letters, postcards or posters to: Albertans at Greenwood, % Ookpik Central, CFB Greenwood, Nova Scotia.

Once more the Christmas season is here—a season of peace and good will. As we enjoy the festive season, let us not forget the people of other lands who are less fortunate than we are, and that they may enjoy the Christmas season

Mrs. Robinson joins with me in wishing all our friends and The Mercury staff a Merry Christmas, and let us venture forth into 1970 with faith and hope.

Lord make me an instrument of Thy peace—
Where there is hatred, let me sow love;
Where there is injury, pardon;
Where there is doubt, faith;
Where there is despair, hope;
Where there is darkness, light;
Where there is sadness, joy.

GAIN BUSINESS

Tofield,
Dec. 13, 1969

Dear Sir:

In recent letters to The Mercury there has been a great deal of controversy over the proposed liquor store in Tofield. Well, it is my opinion that if the people of this town want the youth to remain here, they will have to bring in new business of any kind. The old people who are against the vendors are putting religious principles before moral principles. It is high time that the offset majority stopped setting back progress. Instead of travelling 20 miles to get a bottle of "cheer" it would be much easier to go to our own vendors and at the same time keep the money in our own town.

Your very concerned citizen.

UCW MEETS

KETCHAMOOT — The Ketchamoot UCW held their monthly meeting at the home of Mrs. Stanley Brown. The evening began with a sing-song led by Mrs. Lilly Schultz. Election of officers for 1970 was held. Mrs. Kay Coombs elected president; Mrs. Martin Lawson, vice-president; Mrs. Peter Brown, secretary for another year. Other offices remained as they were.

Mrs. Florence Ingram showed slides of their trip across Canada which was very much enjoyed after which exchange of gifts took place. A delicious lunch was then served to draw the evening to a close.

Out of the district visitors for the meeting were Mrs. Irene Warner of Lakeshore, Mrs. Bangs of Tofield and Mrs. Fred Williams of Port B. James, B.C.

Sunday visitors with Mr. and Mrs. Harold Schultz were Mr. and Mrs. Nick Runka and Brian and Francie Schultz all of Edmonton.

Sunday dinner guests with Mr. and Mrs. Ray Williams to help Leroy celebrate his birthday were Mr. and Mrs. Lloyd Williams and George, Mr. and Mrs. Gerald Whitlam and family of Cooking Lake, Mr. and Mrs. Frank Thomas, Ronald and Terry, Mr. and Mrs. Ken Ovelson, all of Edmonton.

Mrs Fred Williams and Mr. and Mrs. Dave Anderson of Port B. James, B.C. have been visiting with Mrs. Williams and Art, also with other relatives and friends in Tofield and district.

Mrs. Annie Lee is a patient in the Tofield Hospital

Bill and Nancy Mitchell and Larry of Edmonton visited with Marie and Ivan Mitchell on Sunday.

Generation gap not in Tofield

by Grace Phillips

"Generation Get-Together!"

This catchy phrase is the name given to the post-Christmas dance planned for Saturday, December 27, after the show in the Tofield Community Centre. This special event, arranged for all from 8 to 80 who like to dance, is sponsored by the Tofield Community League at the request of a group of young people represented by Marjorie Ferguson and Lyle Jacobsen.

The Travellers will supply the music to which all ages can convert from 10:30 p.m. to 1:30 a.m. Lunch will be available.

Tickets will be sold at the door, but advance tickets are also being sold by Lyle and Marjorie, and one of these will entitle its lucky owner to a fine door prize. Tickets are $1.25 each or $2.50 per couple.

Palmer - Earling

(Mrs. J. Knudsen)

TWO OLD-TIMERS PASS

PALMER — EARLING, Dec. 13 — Ludvig Sembeck, 81, former Palmerite passed away on December 8th at the Vilas Lodge, Viking, where he had been a resident the past three years when he retired from farming south of Holden and sold his farm to Cecil Stensrud. His hobby was fruit trees, crabs, apples and plums at his farm home. Funeral services were held Saturday, December 13th at the Holden Lutheran Church with Pastor Prachl officiating. Interment at the Holden cemetery.

Chauncey Larson, 71, north-west of Daysland, passed away December 8th at the Camrose Chronic Bethany Hospital after a lingering illness. He and his wife farmed near Daysland and also at Earling. He leaves to mourn his loss, his wife Alice Larson, three sons, Raymond, Clarence and Glen. Funeral services were conducted December 11th at the Hoveland Funeral Chapel with many relatives from Earling attending and the Zion LCW served lunch following at the Larson residence. Rev. H. Haugen officiated.

Community League will celebrate 25th birthday

by Grace Phillips

Twenty-five years of service to the Tofield community, including the building of two community halls, will be celebrated by the Tofield Community League on Wednesday, January 14, at a pot-luck supper in the Community Centre at 6:30. The charter members of this service organization will also be honored on this occasion.

The Tofield Community League was organized on January 20, 1944. The first slate of officers was composed of Herb Chandler, Father Schmeltzer, George McFadzean, Reed Barnhard, A. B. Chatterham, Fred Imber, Mac McDonell and Stan Sears. At the end of the first meeting there were 45 paid-up members. Many of these charter members are still active in the League. Two of these, Bill Davison and Reed Barnhard, are in charge of the arrangements for the Anniversary supper. Any charter members who can be reached are being issued special invitations.

Joseph T. Kallal, a former Tofield resident who will be remembered by many for his prowess in baseball, will be the guest speaker at the Anniversary celebration.

Following the supper and preceding Joe Kallal's remarks, the annual meeting of the League will be held.

Everyone is more than welcome at this event. It is hoped that many who were guests at the Friendship Supper held by the League in November will come out to this supper and renew acquaintances made then. Please, new residents, consider this your invitation to attend on January 14.

As the group of people to be invited specially includes those former residents of Tofield, many of whom were active members of the League and who have been sorely missed when League activities are underway. If it is at all possible for former residents to attend they will be assured of a warm welcome.

Dorin wins 'spiel

Ernie Dorin of Bruce won top honors at the East Bonspiel staged at the Tofield Curling Club on Saturday, December 27.

Dorin's rink stopped Armand Goubault of Tofield 11-8 in the finals to emerge undefeated in three games and take the $40 top prize money. Warren Kindree of Ryley won the 2nd Event by beating Norm Osland of Tofield.

Eight rinks entered the day long bonspiel.

A spokesman for the Tofield Curling Club said yesterday that the club appeared to be headed for its best season, as a total of 64 rinks have entered the various leagues that will operate throughout the winter months. This is an increase of twelve rinks over last winter. The increase in men's leagues is four rinks, while the balance of the gain comes from a new women's league that is operating for the first time.

Christmas card is well received

by Grace Phillips

The Tofield Community Leagtue Christmas Card competition this year was well supported.

The card made for the League by grade nine students, Greg McKernan, Grant Jacobson, Larry Hlady and Rick Kinnee and has been in the window of the Central Service Centre for some time past, reading: Christmas and, as donations were received, at the Tofield Co-op Store and at Everett's Foodland names of the donors were posted on the card.

Those whose Christmas greetings were extended through this medium were: Mrs. Ethel M. Wood, Mr. and Mrs. J. E. Stanton, Mr. and Mrs. Tom Lyle, Mr. and Mrs. H. E. Christensen, Dan and Faye Dodds, Neil and Grace Philips, Rev. and Mrs. S. Bussey, Mr. and Mrs. J. B. Baergen, Dr. and Mrs. G. M. Price, Mr. and Mrs. Emil Halvorsen, Mr. and Mrs. J. R. Good walker

Mayor John E. Semotiuk recently set a good example and a good pace. He took part in a student-sponsored "Walkathon" to raise funds to pay for an addition to the Holden Community Hall. A total of $1,700 was raised by walkers. Mayor Semotiuk led the race by securing a total of $225 in pledges for his 20-mile walk to Bruce and back. Sponsors paid Mr. Semotiuk in amounts ranging from five cents to one dollar per mile walked.

A crisis of belief

Perhaps the most apparent characteristic of the past decade is that of change. Change is not something new, but the speed of change and the radical nature of the changes which are taking place present the human race with a new phenomenon. Only a few years after man first travelled in space he was able to walk on the moon. The world-wide student revolt, the demand for a radical change in values and the determination to have a new type of human Society were all practically unheard of at the beginning of this decade.

From time to time in the mad rush of life events cause us to question some of the assumptions upon which life today is built. The outburst of barbarism in Montreal, the climate of violence, the relevance of college curriculum for a world in which so many people are starving, the spectacular changes and achievements have not provided for a life of meaning and significance. There is no psychiatric interpretation for human destructiveness. While Vietnam, civil rights, poverty and the increasing pollution of the environment are but a few of the problems which demand reform.

In many circles today it is hardly respectable to speak about belief and traditional Biblical concepts. One of the least popular Biblical teachings concerns evil, which is largely considered to be in the realm of superstition. But to build human life on the assumption that evil is not a dynamic force is to build on false-hood. The British historian, Herbert Butterfield, has said, "It is essential not to have faith in human nature, such faith is a form of heresy, and a very dangerous one." The Biblical view of man is that man's hope is not in education, in maturity or in progress, but in becoming a child of God. To consider "development" simply in terms of economics and social and political events is to fail to appreciate the nature of man and many of his basic human needs. It is becoming increasingly clear that many of the developing nations will never achieve their dream of a decent life for their people and peace and justice until there is a radical God-directed outlook on life and attitudes and changes in the character of the people.

The Bible contains the answer to great demand and the Gift that is Today's English Version New Testament has sold almost 12 million in the last two years. It has been found to contain the solution to the local explosions and unrest, these are not at the heart of the rebellion. The real cause of the unrest is "the crisis of belief" according to Joseph Califano who, under the Ford Foundation, recently completed a study of student unrest. This is a crisis which will not be resolved by the end of war or by major reform.

It is time to look at our own basic beliefs and to recognize the significance of belief in the world. What people believe is important. This month the Canadian Bible Society is making a special appeal for $85,000 to provide a Greek New Testament for each of the 80 000 second grade school students in Greece. This is but one of the projects being carried out. The regular work of translating, publishing and distributing the Scriptures in hundreds of languages in 150 countries at a time when the demand for the Scriptures is the greatest in history requires increasing resources in men and money. Here in Canada as the percentage of the population which has no active relationship with the churches increases, the need to make the message of the Bible available to them through the Scriptures becomes greater.

To treat the crisis of belief to its effect upon the churches is shortsighted. Belief determines the basic convictions and ideals of individuals and of nations and is the basic direction of human life. The crisis of belief in the world today will not be solved by outlawing all other paperbacks including "Valley of the Dolls" and "Rosemary's Baby" indicates that millions of people are looking for something to give their lives meaning and significance. Man has physical needs which must be met and our affluent society is a clear indication that something more is needed to give meaning to life.

And a Happy New Year

Lang may yer lum reek, as the Scots say in hoping the smoke will rise in your chimney far into the future. And as this column has done now for more than a generation, once again we offer our toast for a better life and a fuller living:

PURPOSE FOR THE YOUNG,
POISE FOR THE MATURE;
PEACE FOR THE AGED

A New Year Toast

As the Sixties fade into limbo, says a writer for the United Church in Canada, few will shed tears. Though its technological successes have been spectacular, it has been a noisy, bloody, intemperate and inhuman decade.

Occasionally it has been brightened by some significant human advance—our Centennial Celebrations and Bill of Rights; the American Civil Rights Bill which won for American Negroes their legal rights . . . rights which have the firm support of millions of men of good will, even though their full implication has yet to come. This has been a beacon lightening the strident ugliness of a permissive society carried perilously toward its logical end, anarchy.

In the epic moon flights we have seen human courage of a high order, and the magnificent moral courage of Martin Luther King Jr., the Kennedys and Tom Dooley. They shattered our corporate torpor, but on balance our spiritual and rational assets have been depleted rather than enriched . . . witness Biafra.

What we need in the Seventies is a resurgence of discipline, especially self-discipline. When men live in complex communities, "doing your own thing" is a totally inadequate response. Witness the failure of the Rochdale cooperative, dedicated to "freedom".

Freedom is possible only when adults carry the unspectacular responsibilities of responsible citizenship—issues, voting, participation in enterprises that build rather than destroy. Man cannot live in a cognitive world of some mutually agreed upon agreement to others. That is what life is all about.

A New Year's toast then to discipline and self-control. They have been away too long. May we march toward a "just" society committed to the tedious, often heart-breaking effort required to achieve it.

Advance cash on grain in field, study distress and illegal sales

. . . Wheat Board minister

"Keep quiet so I can enjoy the new mother I got in the Wrat Ads!"

Cash advances on unharvested grain were provided for in a Bill given Royal Assent on December 18, announces the Hon. Otto Lang, Minister responsible for the Canadian Wheat Board.

"I had hoped that the advances would be available before Christmas, but unfortunately this has not been possible", Mr. Lang said. "The Canadian Wheat Board has taken steps to have the necessary forms available as soon as possible—probably early in January," he said.

The Bill was introduced when it became evident a substantial number of farmers, particularly in the northern areas of the Prairies, would be unable to harvest crops this fall and therefore would be unable to obtain cash advances in early them through the wheat [illegible]

Mr. Lang said the question of the [illegible] for feed grain [illegible] to the Standing Committee on Agriculture for a thorough investigation.

He [illegible] that while [illegible] have been [illegible] each has limitations [illegible] to be the Committee [illegible] to do more [illegible] on the feed grain [illegible] more [illegible] with [illegible] suggested by Mr. Lang.

He [illegible] that the Wheat Board [illegible] the position of the feed grain [illegible] to the Standing Committee [illegible] the whole question [illegible] movements of grain and the need for a much firmer policy [illegible] Lake transportation.

Mr. Lang [illegible] he has received [illegible] from many farm groups [illegible] individual farmers [illegible] dead lines of a million dollar wheat sale. [illegible] Soviet Union [illegible] the Canadian grain [illegible] This is [illegible] to be made [illegible] the sale [illegible] the last on forty [illegible] who has lost the crop," Mr. Lang said.

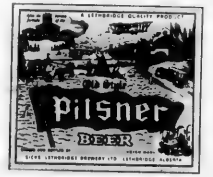
It is important that all concerned realize that those who break the rules are in effect stealing from those who obey them," Mr. Lang said. Without Participation [illegible] If the public is to have respect for the law, the law must be upheld, not only by the Government and prosecution of offenders, but also by the imposition of penalties that measure up to the purposes of the law and the circumstances of the case.

Mr. Lang said rules about quotas and movement of grain were made by Parliament to do justice between farmers. "Anyone who thinks the rules are wrong may seek changes in the rules, but he should obey them while they exist", the Minister asserted.

He attended the meeting at Nakram in response to a request from the Board of Trade to discuss with farmers and businessmen the way in which Canadian wheat is sold and the reasons for the difficulties in sales over the past two years.

During the meeting he discussed in detail the sales mechanism of the Canadian Wheat Board and the role played by private grain companies in the Canadian sales effort. He added that his confidence in the Wheat Board should not be taken as an indication that he believes no improvements are possible in the Canadian selling system.

The problems of developing the Canadian sales system so procure maximum possible share of the world market is one on which the Grains Group chaired by Mr Lang is focussing its attention and on which it will have proposals in the coming months.



Rocketing across the East Side of the Lethbridge Pilsner label is the hottest Humpmobile in town. That's them. The original Bunny and Clyde. And they've got trouble, see? 'Cause there's a shotgun-totin' sheriff in that stagecoach. And if he doesn't nail them, the Mad Bomber in the biplane will. Unless Crazy Horse and the Seven Nations get there first.

It's a razzamatazz old world on our label. Happily though, things are much quieter inside the bottle. There you'll find Alberta's original Pil – brewed the slow, natural way for honest flavour's sake. No one can steal that.

The Christmas story in last issue, "Silver for Christmas", by a Sword grade nine student was enjoyed so much! The teacher, Mrs. Ledoux; student, Judy Gallant.

The Shaw Community Centre held a new program on December 20 basis arrived to pass out bags of treats and oranges.

The Zion Christmas program, held on December 20 at the church, had a good attendance. It continued with the Christmas services with Pastor B Harshbarger giving the message. The Missionettes and Zion ladies' group rendered messages in song. The Tim L C W presented the Pastor and his wife with a satin bound colored blanket.

CONFESSION

Last week, we are sorry we overlooked re the Shaughnessy Christmas at Mrs R Vossberg's, to mention that Christmas carols were sung and lastly the hostess, Mrs. Vossberg, served a delicious lunch. Christmas cake and ice-cream goodies.

The Tim L C W held their Christmas party at the home of Mrs. Clifford Bratrud, when a large crowd attended and members exchanged gifts. The Bible study was led by Mrs. Lyle Bratrud.

On behalf of the community, the Shaughnessy L C W president, Mrs. Richard Vossberg, accompanied by Alice Aker and Mrs John Bruce, motored to Camrose on Monday to present Mr. and Mrs. Lewis Pierce with a cash-you-need gift for their new home in Camrose. A purse of money was taken of remembrance from the district where they had resided the past forty-three years. The intended gathering at the Shaughnessy Church, December 7, was cancelled due to Lewis Pierce's inclement health.

Mr. and Mrs Eddie Knudson and Tim, Allan, Joanne, Lance and Larry left by bus December 26 to spend Christmas Day with her sister and family at Winfield (near Kelowna, B.C. and then on to Vancouver to see Grandma Mrs. Muriel Bergman, and family. Aberhart and James Lees are doing the chores during their absence.

what they're doing to the country".

There were murmurs all around the conference table. Finally the chairman said, "From what you have told us, there doesn't seem to be any sense in the Soviet Union spending vast sums of money for new weapons against the United States.

"Therefore I make the following recommendation:

Everyone hold his breath.

The chairman said, "We all sit tight."

NOTICE
TOWN OF TOFIELD
PROPOSED PAVING PROGRAM

Council intends to undertake a paving program based on available finances. The proposed program is as follows:

On	From	To
51 Street	Highway 14	51 Avenue
50 Street	51 Avenue	Cookson Avenue
53 Avenue	48 Street	51 Street
54 Avenue	48 Street	51 Street
55 Avenue	49 Street	51 Street
56 Avenue	49 Street	50 Street
57 Avenue	49 Street	50 Street

The proposed frontage rates for repayment on a yearly basis are as follows.

For Curb and Gutter	$0.38 per front foot per year
For Paving Residential Streets	$1.00 per front foot per year
For Paving Commercial Streets	$1.25 per front foot per year

On this basis the prepayment rates are as follows:

For Curb and Gutter	$ 3.45 per front foot
For Paving Residential Streets	$ 9.12 per front foot
For Paving Commercial Streets	$12.30 per front foot

Prepayment of the special assessment can effect a considerable saving to individual property owners. For example, a Residential lot with 50' of frontage located on a street on which curb and gutter and pavement construction is proposed, the following would apply:

(a) If payment was made on a yearly basis the annual cost would be

For Curb and Gutter 50' @ $0.38	$ 19.00 per year
For Paving 50' @ $1.00	$ 50.00 per year
	Total $69.00 per year payable for 20 consecutive years.

Therefore the total repayment would be $1,300

(b) If the local improvement was prepaid the following would apply

Prepayment of Curb and Gutter 50' @ $3.45	$172.50
Prepayment for Paving 50' @ $9.12	$456.00
Total Prepayment	$628.50

NOTE The amount of lump sum prepayment is less than one half of the gross total if repaid on a yearly basis for 20 years

Council will consider adding to the program proposed if property owners living on streets not included in the initial program express sufficient interest in prepayment of the cost of paving and curb and gutter involved. If 50% of the property owners on a block indicate their wish to prepay the costs, Council will consider this to be sufficient interest to warrant inclusion of that block in the program provided the location of the block is such that it allows continuity of the program

The extent of the program will not be finalized until after Council meets with the Minister of the Department of Highways regarding financial assistance for the Secondary Highway through Town

Miquelon Lake Park to get improvements

The steady increase in the number of visitors to Miquelon Lake has resulted in the Provincial Government deciding to further improve the recreational facilities that are now available.

A total of $90 000 has been earmarked for improvements that includes the development of picnic grounds, camping area and beach improvement, provision for electrical power, a trailer sewerage dumping station, and a water distribution system. Approval of the improvements was given recently by the Hon. R. A. Speaker, Chairman of the Human Resources Development Authority, and Hon. Manmohan Kaur, Provincial Minister of the Department of Regional Economic Expansion.

Government officials pointed out that the expenditure will not only increase facilities for recreation, but will also provide employment for local people both in the construction and operation of the park.

Miquelon Lake is one of the fastest, if not the fastest, growing recreation areas in the entire province. Figures of attendance in 1964 showed a total of 114,000 visitors while the 1968 figures showed attendance of 239,323, an increase of 107.5% over the four year period. 1969 figures are not yet available

Alberta minimum wage gets two-stage boost

The Hon. Raymond Reierson, Minister of Labour, announced last week that the Cabinet approved a recommendation from the Board of Industrial Relations to increase the minimum wage of employees 18 years of age and over to $1.40 per hour effective April 1, 1970, with a further increase to $1.55 per hour effective January 1, 1972. The minimum wage for employees under 18 years of age will be 15 cents per hour less than the minimum established for those 18 and older. The present minimum wage of $1.25 per hour has not been increased since January 1, 1966.

The recommendation follows consideration of submissions made to the Board of Industrial Relations at public hearings recently held in Edmonton, Calgary, Grande Prairie and Lethbridge.

In reviewing all the factors presented at the public hearings, the Board took into account the interest of the people, the increase in prices with result and reduction of the purchasing power of the previous minimum $1.25 per hour and the significant increases in wages and salaries paid to the working people of this Province since January 1, 1966. The Board also recognized the numbers of people affected by this increase in minimum wages and the resultant cost to the employer.

The Province of Alberta was the first jurisdiction in Canada to effect minimum wage legislation. With these increases the Province of Alberta again leads the way in the establishment of minimum wages

Drama of Junior Citizens to be shown on Channel 3

The drama and warmth of the award presentations to Alberta's 1969 Junior Citizens will be shown to Northern Alberta television audiences in the next few weeks.

The film, "We Have Overcome", was produced by Danny Ranson, an Edmonton photographer, for Calgary Power Ltd. It will be shown on CFRN, Edmonton, January 3 at 9:15 a.m.

The Junior Citizen program is co-sponsored by Alberta's investor-owned electric utilities and the Alberta Weekly Newspaper Association.

It is open to young people in the province, between the ages of 6 and 16, who have excelled in some act of citizenship. This may fall into the category of courage, resourcefulness, heroics or any area where the young person has displayed outstanding citizenship.

The film depicts the emotional and dramatic moments when Alberta Lieutenant-Governor Grant MacEwan presented the awards to the youthful winners at a banquet during the annual convention of the weekly newspaper association.

The newspaper group plays an important role in the program. All entries are submitted through editors of weekly newspapers across the province.

The story of each Junior Citizen is told in the film, to the visual emotions of the young people as they receive their awards from Alberta's First Citizen.

The cameras follow the group as they tour the Alberta Legislative Buildings in Edmonton, hosted by Deputy Premier Fred Colborne

Calgary Power plans a local personality, David Wood, to handle the off-camera dialogue. He had become associated with the Company over the years as the voice of "Alberta Message" on radio.

DEAR MR. MARTIN. Ever since I can remember, the rule for buying on time has been: make your down payment as large as you can. This way you pay finance charges on a smaller amount and save money. Recently I read that so-called smart borrowers are making small down payments and financing as much as they can. What's an smart about that?

—J M M.

Supporters of the small down payment philosophy are betting on continued inflation, and if they're right, they're smart borrowers. The theory is this: Inflation means the value of the dollar is declining—that is, it will buy less tomorrow than it can buy today. So it is smart to pay as little as you can with today a dollar's dollar payment until tomorrow when your dollar will be worth less. It's true, of course, you will be committed to larger payments tomorrow and thus a larger interest cost. But if prices continue [illegible] they went up almost 4 per cent in the last year, you will still be saving money by paying in inflated dollars tomorrow for a purchase you made today.

But keep in mind there is the other side of this coin. Should [illegible] unemployment [illegible] or even an extended period of [illegible] other family benefits and thus [illegible] payments as can [illegible] finance payments [illegible] [illegible] [illegible]

Giant greeting

The idea of a giant Christmas card such as was erected in Tofield, is one which possibly should be looked into by other communities for more reasons than one. It is a unique idea that takes advantage of a Christmas habit, turning it into a community project that results to the community's own good. Everyone sends Christmas cards each year and this is time-consuming because you must spend time buying, addressing and then mailing these cards. Add to this the cost of the cards and postage, and it might shock you.

Then look at the advantage of one giant card, extending greetings to everyone and your contribution looks like a pretty good bargain. Not only does it save you time and money, but it extends your wishes and the money is then used to the community's benefit, whereas under other circumstances, you might still be asked to make contributions and still have to send out season's greetings.

This is not the first year that a giant Christmas card was used in Tofield, nor will it be the last. It has worked well, so well in fact, that other communities have expressed interest and may have their own greeting next Christmas. In this instance, it is another example of the tremendous community interest that abounds in the Town of Tofield and surrounding area.

Lawrence's
POWERVAC SERVICES
in operation soon!

REDUCE FIRE HAZARD AND COLD WEATHER BREAKDOWN.

YOUR HEATING SYSTEM SHOULD BE CLEANED REGULARLY—

HERE ARE SIX GOOD REASONS:

1. **Fire hazard.** A dirty furnace is a dangerous fire hazard, gas poisoning and fire could be prevented. Don't take that risk.
2. **Savings on repairs.** A thorough cleaning prevents corrosion and rust, which causes failure in your heating system.
3. **Healthier atmosphere,** a must for allergy sufferers and nose and throat irritation.
4. **Housework made easier,** why dust every day, since most furnace filters are only 30% to 50% effective? The POWERVAC method will remove dust before it reaches your living quarters.
5. **Decorating and cleaning bills cut.** Dirty heating plants pour out grime and soot this means extra cleaning and decorating expense. POWERVAC can eliminate this extra expense.
6. **Fuel costs lowered.** Dirty gas, oil or coal heating systems reduce efficiency up to 30%. Cleaned regularly, you will get more heat with less fuel cost.

(Mrs. G. H. Taylor)

Mr. and Mrs. Lloyd Bell with Mr. and Mrs. Gerald Rushton

Minnistik

(Mrs. Jim Reddick)

Leanne Thor of Edmonton spent from New Year's Day to the following Sunday with her grandparents, Mr. and Mrs. Alex Penrice.

Mr. and Mrs. Claude Leach, Mr. and Mrs. Joe Davenport and girls and Bill Davenport were New Year's Day dinner guests of Mr. and Mrs. Ralph Leach and family.

Upon seeing the ad in The Tofield Mercury, a "Tales of Tofield" book was purchased at Christmas time by Mrs. G. A. Anderson, and her daughter Margaret (nee Barber). They were former residents of our district before moving to Vancouver Island at Duncan and Campbell River. This once more proves the fact "It pays to advertise."

Mr. and Mrs. Lloyd Grummett, Bert and Debbie were New Year's Day guests of Mr. and Mrs. Albert Gladue of Hastings Lake.

veld and baby daughter were at the University of Alberta who visiting last week with Gerald's family. Mr. and Mrs. Maurice Huskenveld and family at Westlock, also visiting with Mr. and Mrs. Oscar Huskenveld who are resident in the Barrhead Nursing home, and returning home the evening of New Year's Day.

Mr. and Mrs. Garry Sorensen and young daughter of Oroville, Washington, who have been spending the Christmas vacation for two weeks with his family, Mr. and Mrs. Alfred Sorensen left at the weekend on their trip home.

Veronica Kahanny, student at NAIT who was spending the Christmas vacation with her family, Mr. and Mrs. Lawrence Kahanny has returned to Edmonton and school.

Bob Sreyk, student at the University of Alberta has returned to Edmonton after spending the holiday season with his family, Mr. and Mrs. William Sreyk.

Miss Anne Appleby who was visiting for the holiday season with her family, Mr. and Mrs. Bert Appleby returned to Drumheller Sunday afternoon, where she is on the staff of Drumheller School. Colleen Appleby, student spent the holiday vacation with her parents, Mr. and Mrs. Bert Appleby has returned to Edmonton to classes.

A member of an old-time pioneer family of the Holden district, Mrs. Fred Nordwoski passed away Friday, January 2nd at the age of 75 years. He is survived by his wife Tillie of Ryley; two daughters, Mrs. John (Agnes) Stambaugh of Holden and Mrs. G. (Audrey) Teske of Ryley; four grandchildren; six sisters, Mrs. Frieda Doria of Camrose; Minnie Mattis and Gustie Brown, both of Daysland; Mrs. Emily Day of Portland, Oregon; Mrs. Ann Milner of Calgary and Mrs. Myrtle Logan of Edmonton; a half-sister, Mrs. Katherine Domerwski of Chicago, U.S.A. He was predeceased by a brother George in 1942.

Funeral service was held on Tuesday afternoon at 2:00 p.m. January 6th in the Ryley Lutheran Church with Rev. H. Heitmann officiating. Vegerville cemetery and interment was in the family plot in Holden Cemetery. Mr. Nordwoski and family farmed for many years in the Tofield district and on retiring from farming, Mr. and Mrs. Nordwoski made their home in Ryley being active in community and village affairs. Mr. Nordwoski has been in poor health for the past few years and was a hospital patient the last two or three months.

Mr. Nordwoski's family settled in the Holden district in the early 1900's and had to use a team of oxen to break their homestead land. Fred having many amusing stories to tell of the early days. Many old-time friends from Holden and district attended the funeral to pay their last respects to Mr. Nordwoski.

The Pioneer Group are holding their regular monthly meeting at the home of Mrs. J. A. (Gerbe)haus, Thursday, January 8th, this being postponed from the first Thursday which was New Year's Day.

Sam Black received the sad news Monday night that his brother, George Black of Vancouver had passed away suddenly after suffering a severe heart attack. The Black family were one of the old time families of Holden, their father starting up in business in the store now the M & M Store George assisted his father in the store for several years. He moved into the Coast district business for himself in the building now occupied by the Village of Holden Garage. After a few years selling this and moving to Vegreville where he was the Ford car dealer for several years, then moving to Vancouver where he has been in real estate as well as being located the Holiday Motors Lodge [illegible]

aids, instructional supplies, textbooks, home economics and industrial arts and certain instructional equipment would be budgeting by each school. In this way the school staffs would be better able to evaluate their own needs and set their own priorities in the school system Fiscal responsibility and control would be retained in that each of the budgets would have to be approved by the Superintendent of Schools prior to final approval by the School Committee

It was moved and carried that the School Committee approve in principle the method of budgeting whereby each school budgets certain of its own requirements

At an earlier meeting the School Committee directed that the Regulations relating to County-Owned Housing Units", Teacherage Rental Agreement and Outline of Checkout Procedures be revised during the meeting. It appeared that effective date for rental rates would be July 1, 1970. Further that these be applicable to policy and regulations for teacherage

ated into the County of Beaver Handbook of Policies and Regulations

As there was no further business it was moved and carried that the meeting adjourn at 4:30 p.m.

Tofield Chamber plans January 20th meeting

The Tofield and District Chamber of Commerce has arranged an interesting agenda for its members and all interested persons for Tuesday, January 20, in the Tofield Community Hall at 8:00 p.m. All members and all town and country persons interested are invited and asked to attend.

The Chamber will report on its progress in regards to projects such as Senior Citizens Home, Liquor Vendors, etc.

The Chamber has invited the M.L.A. representative, Mr. A. W Gordie, who has a very interesting format prepared. Mr. Gordie will be pleased to clarify any questions that may be asked The Chamber has also invited the new County recreation director, Mr Herbert Harris, to speak on the newly appointed recreation programs that was recently established in this county.

The Chamber of Commerce feels that the town and district are not just land and buildings but its people. Therefore its people must arbitrate and co-operate within their community and agree by majority as a democracy, and set out then, as one, big format prepared, Mr. Gordie will be pleased to clarify any questions that may be asked The Chamber has also invited the new County recreation director, Mr Herbert Harris, to speak on the newly appointed recreation programs that was recently established in this county.

Search for Talent goes in Holden this Saturday

Search for Talent for 1970 kicks off with the first show of the year scheduled for Holden on Saturday January 17, under auspices of the Holden Elks Lodge This will be the ninth show of the twenty-third season of Search for Talent and will be followed with weekly shows to April 25, when the finals will be held at CFRN-TV.

The fall series of shows, right in all, showed a marked improvement over the first eight shows in 1968, and Search for Talent officials predict a continued improvement in 1970.

Wade Blundell, retiring Talent Director for the Associated Canadian Travellers, credits the improvement to a reviving interest in local talent and increasing recognition of the many years of voluntary effort by A.C.T. members in their humanitarian work with needy crippled children in northern Alberta

Weekly shows following the Holden Show on January 17, are Warburg, January 24, Lac La Biche, January 31; Wadasheena, February 7, Dewinton Valley, February 14 and Two Hills, February 21.

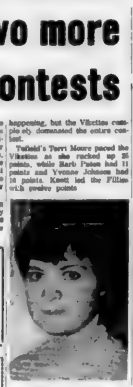
Vikettes win two more ACAC league contests

Camrose Lutheran College Vikettes took two giant steps in the direction of their first ACAC basketball championship over the weekend when they ran their winning streak in league play to eight games by taking victories over Olds and Medicine Hat, Friday and Saturday. With only four games remaining in the schedule, the two victories really puts the pressure on Red Deer and Mount Royal of Calgary, the only two teams still in contention for league honors.

Vikettes put up 105 shot's in walloping Olds Fillies on Friday evening to the tune of 72-26. 100 shots in a girls' game is a rare happening, but the Vikettes complete ely, dominated the entire contest.

Tofield's Terri Moore paced the Vikettes as she racked up 26 points, while Barb Pyken had 11 points and Yvonne Johnson had 10 points. Knott led the Fillies with twelve points



TERRI MOORE

Vikettes ran up an 18-5 first quarter lead on the Medicine Hat Kudas on Saturday, and then edged the Kudas 30-26 over the balance of the game for a relatively easy 48-34 victory

Yvonne Jonnson paced the Vikettes with 13 points, while Tofield's Gwen Klassen hooped 11 points Donovan and Love each swished ten points for the losers

Vikings didn't have much good luck, as they lost both of their games to remain winless in league competition after eight games. They bowed to Olds 85-74 on Friday and were walloped by Medicine Hat 85-61 on Saturday. Neil Johnson of the Vikings fallib hichest scorer in the league at the Christmas break had 24 points on Friday, but was held to one more seven points on Saturday.

Vikettes will try and run their unbeaten streak to nine games in a row when they travel to Lethbridge and Calgary next weekend for league games with the Kodiaks and Vikettes.

Final rites are held for Wesley Ingram

An old-timer of the Tofield district, Wesley Ingram, passed away in his 83rd year, at his home in Victoria, B.C.

He was born December 11th, 1876 at Putnam, Ontario, moving to Prescott, Iowa in 1877. In 1904 he came to the Tofield district with his mother, eight brothers and sisters.

Following his marriage to Theresa Nordhus in July, 1908, he farmed in the Farmington district until 1928 when he moved to Victoria, B.C.

He passed away December 31, 1969 and came home to Tofield. Funeral services were conducted by Rev. S. Bensey with burial in the family plot at the Tofield Cemetery. Pallbearers were all nephews, Allan Owen, Karl Kindley, Sherrit Ferguson, Gary Sears, Wesley Ingram and Bill Sears.

He is survived by his wife Theresa and one sister, Carrie Overton of Indianola, Iowa; also nieces and nephews.

Final rites are held for Fred Nordwaski

On January 2nd, 1970, Fred Nordwaski of Ryley passed away at the age of 78 years. He is survived by his wife Tillie and two daughters (Alma) Mrs. Jack Stambaugh of Holden; (Audrey) Mrs. Gordon Tasha of Ryley; four grandchildren, and six sisters.

Funeral services were held from the Ryley Lutheran Church with Rev. Heisenman of Bruce officiating. Interment was in the Holden Cemetery with Andrew-McLaughlin Funeral Chapel in charge of arrangements

Fred Nordwaski came to Canada with his family in 1923 and they settled south of Holden, where he spent his childhood. He married Tillie in 1920 and they farmed south of Ryley until he retired when they moved to Ryley and lived until his passing.

Fred was elected to town council, as he was always interested in what was going on about him. He took pride in what he did and was a good citizen.

Modern etiquette

Q My fiance wants five of his friends to serve in our wedding party, one of them as his best man and the other four as ushers. Since I am having only a maid of honor and one bridesmaid, I am wondering if it's proper to have this imbalance of men and women?

A Certainly. There is no rule at all stating that the number of male and female members of a wedding party must balance.

Q Is it absolutely necessary when I introduce my father and his second wife (my own mother is dead) for me to say, "This is my father and stepmother"? It would be much easier for me to refer to her as plain "mother", especially since I think of her as such.

A It's perfectly proper to call her "mother", if you wish.

Lead poisoning warning issued

A warning has been issued by the Food and Drug Directorate of the Department of National Health and Welfare for the general public to be wary of lead poisoning from some hobbies and pottery jugs.

Cases have been reported of poisonings and death resulting from persons drinking liquids from pottery jugs made in private homes for sale in souvenir shops.

Poisoning in Alberta, from all sources in 1968, claimed the lives of 117 persons, with another 2,686 having been admitted to hospital for treatment. Children under four years of age were the most vulnerable, with treatment needed in 2,456 cases and three babies dying.

Oscar's life at stake in Magistrate's Court

Oscar was the subject of close scrutiny in magistrate's court on Tuesday afternoon and, although he raised some mild objections, he didn't say a word.

Of course he couldn't talk, because, you see, Oscar is a duck.

Kenneth Turlock, owner of the Union Hotel in Bawlf, was charged with keeping a game bird in captivity The bird in question was the duck named Oscar.

Bernard Johnson, an employee of the accused, was the first Crown witness called by Crown Prosecutor Const. Lloyd Franke of the Camrose Detachment of the R.C.M.P. He told of Ed Larson, Fish and Game Officer, arriving at the hotel in Bawlf on December 19 with a search warrant and subsequently finding a duck in the basement, which he took with him.

David Meares, a wild life biologist in Red Deer, testified that the duck had all the characteristics of a mallard duck except for size Oscar weighed about eight pounds, five ounces, while the average mallard ranges from slightly over two pounds to nearly four pounds.

Ed Larson, Fish and Game Officer, testified to going to the Union Hotel in Bawlf with a search warrant and finding what he termed a "mallard" duck in the basement. Mr Larson said that all mallards are wild by nature

Mr Turlock conducted his own defense and called three witnesses including himself The first witness Ernest Cross of Bawlf, testified that he purchased two week-old ducklings from Mulloy Hatcheries in Camrose and that, in December, he gave one such duck to Mr Turlock for Christmas.

Christine Jacobsen of Bawlf testified that he had raised ducks for quite a number of years, and that he had ducks of similar size and characteristics to Mr. Turlock's duck on his farm and that they were tame, and wild He said that if Mr. Turlock's duck were put with his own ducks, no one could pick it out

Mr Turlock then took the stand on his own behalf and submitted into evidence a receipt from Mulloy Hatcheries for ten baby ducks sold to Ernest Cross in May, 1969.

After Crown and Defense had summed up, the case was adjourned for judgment to Friday January 30, at 2 00 o'clock

In the meantime, Oscar will be a guest of the Fish and Wild life Division, and will learn on the 4th whether he'll become a member of a wildlife sanctuary

Be wary of the conditions at the beginning and end of winter Temperature changes cause ice to break easily

Home management series begins on January 29th

The Home Management Series, a—How to stop worrying and start living.

There will be a small charge of $3.00 per person, which will cover the entire five days. This will help pay for a notebook which Mrs. Durie is having constructed at a cost of around $2.00. Each day she intends to give out material on that day's instruction, which is to be added to the booklet. The remainder of the $3.00 charge will go towards hall-rent, and coffee after each session

It is hoped that the ladies will take this opportunity to help make this a pleasant, friendly afternoon A different ladies' organization plans to serve coffee each day. This project has its own much interest already Mrs. Joyce Swift is in charge of organization for these days.

The "Catering-Workshop" will be held the afternoons of February 3 and February 10.

February 18—"Management of Time, Energy and Money"—A work plan that works. Ways to save time and energy. Home accounting

February 26—"Family Living".

Snowmobile meet set for February

Final plans were laid Tuesday night by the Tofield Lions Club for their annual Snowmobile meet, scheduled for Sunday, Feb. 8.

This year the event will encompass two days of festivities, starting Saturday night with a mixer dance in the Community Hall from 9.00 p.m. till 1.00 a.m. As refreshments are to be available at the dance, everyone must have a ticket, and these will be available from any of the Lions members at $3.00 per couple

Sunday will kick off as usual with a pancake breakfast at 8.00 o'clock at the Curling Rink and will continue to 1:00 p.m. Admission here is $1.00 per person, children free

Racing will start at high noon, and as an added feature this year there will be two competitions for local machines, and with the number of machines in town this should be very interesting. Admission here again is $1.00 for adults and 50c for children. The wind-up of the hog event will be a supper in the hall from 5.00 till 7 00 p.m Sunday afternoon and will feature the presentation of trophies

As this is a ASHA sponsored event it will give everyone the opportunity of seeing the biggest and fastest machines in town Don't forget to attend competing on Sunday, Feb. 8

Everitt is re-elected as League's president

by Grace Phillips

Highlighted by a pot-luck supper, a resume of the past 25 years' activities by Bob Davison, the cutting by George McFadzean of the anniversary cake presented by Verner's Bakery, and an inspiring speech by former Tofielder, Joe Kallal, the annual meeting of the Community League was held on January 14, in the Tofield Community Centre This was the 23th anniversary celebration of the League, although it is actually 26 years since it was organized.

President Bert Everitt thanked the committee, Reed Burchard and Madge Jacobs, for arranging the supper and the ladies for their contributions. Mr Everitt also voiced his appreciation of all those who had assisted him during his 1969 term of office. Since this had been the year of Tofield's Diamond Jubilee celebration, several extra events had been held These necessitated extra work on the part of many of the members and helped to make 1969 a successful year for the League

Mr Kallal who said that he still regarded Tofield as his home town, employed the chart, to tell the effects of the struggles of the pioneers and recalled that the closeness of family life in those "early days" provided the opportunities for discussions of base issues that now seem to require formal seminars He felt that in a small community such as Tofield there are no problems of alienation and no identity crises as are found in cities. This favorable condition is due to the ease of participation in community activities. There is always something to do in a small town.

Agriculture, industry and education must go hand in hand, said Mr. Kallal. In fact, education has a special responsibility to overcome the stultifying effects of a purely mechanical job; mind as well as muscle becomes useless if allowed to stagnate. On the other hand, academic work should have a counter balance in a practical application.

Much as Mr. Kallal reveres Tofield's past, he feels that its citizens should look toward the future rather than dwell on the past. Trees should be planted, community spirit maintained, and the future planned for with vision.

Following Mr. Kallal's speech, the regular and the annual meetings took place It was reported by treasurer Hans Christensen that the debt on the Community Centre had been reduced to $5,336 during this past year.

The 100-club winner for December was Henry Nachtigal. Bingos were planned for January and February.

The Library report was given by Georgia Christensen, revealing that 3,394 books were on the shelves at the present time and that 109 volumes were circulated each week to 83 adult, 81 youth and 26 rural subscribers.

The nominating committee presented a slate of officers for the coming year. Since no other nominations were forthcoming, this slate was accepted. Bert Everitt will fill the office of president for another year. Other officers for 1970 are- W. R. Davison and George McFadzean, vice-presidents; Georgina Christensen, secretary, Hans Christensen, treasurer; Mabel Boyles, Petra Stauffer, Marie Warton, Grace Phil.

Golfers plan 'big' meet

The fate of the Tofield Town and Country Golf Club will be decided at a meeting on Tuesday, January 27.

The meeting will be held in the Council Chambers and will get underway at 8:00 o'clock.

The club has been a borderline operation for the past few years, and Tuesday's meeting will determine whether or not to continue the struggle or concede defeat and cease operations.

The club's executive are hoping that a good turnout will be on hand for the meeting so that everyone will have a say in the final decision.

Chamber gets support in drive for a 'Home'

Members of the Tofield Chamber of Commerce were told, at a meeting on Tuesday, that both the County of Beaver and the County of Strathcona would back their bid to have a senior citizens home constructed in Tofield.

Both Councils promised their full co-operation towards this end However, guest speaker at the meeting, Mr. Gordley, MLA, warned that construction would depend on the government's budget, which has not been finalized.

As regards to a liquor outlet in Tofield, he added his initial warning as regards the budget, but stated that he felt Tofield had an excellent chance of getting both buildings.

No decision has yet been reached by the Liquor Control Board regarding permission for construction of an outlet in Tofield

It was decided that the annual meeting would be held in February, at which time a new executive would be elected and the various committees appointed

Members were told that the annual Santa Claus parade had been a huge success

Herbert Hartley, new superintendent of Recreation Parks for the County of Beaver, addressed the meeting, as some never familiar with re-duties of the Town

Tofield girls and Ryley boys still unbeaten

The Tofield girls brought their record to 4-0 in the County of Beaver by defeating Ryley 16-13 in a game played at Ryley on Friday night. The entire Tofield team saw action and played a tight defensive type of ball Ruth Dinham paced the shooters with 8 points.

The Ryley boys won another tough contest as Tofield pressed them all the way The final score was 43-41 with the difference coming at the free throw line. Tofield converted only 4 of 20

This Friday night Tofield hosts Viking in the last league home game. The parents of all team members managers and cheer leaders have been invited to attend as guests of the Tofield Student Union.

Rempel has Tofield title

Briar playdowns were concluded at the Tofield Curling Club on Saturday with the Ken Rempel rink winning the right to advance to Zone 13 playoffs. Members of the rink include John Wall, Ed Begehr and Johnny Thessen. The Zone 13 playoffs will be held in Sherwood Park.

Other playoffs set for Tofield are, FCA on January 31, and mixed playoffs on February 1st.

Many people in the past week have asked — Why is the Department of Agriculture organizing and presenting a Family Living Series?

Why — Because the Department is interested in farm families and also town families. Our entire social structure is built around the family unit. We feel it is most important that we understand this family unit.

Mrs Edna Clarke, Regional Home Management Specialist, Calgary describes the course this:

"The Family Living Series gives average people the opportunity to share and exchange ideas respecting those qualities which contribute to stability and security in home life.

Discussion focuses upon the importance of the family as the source of durable values, human adequacy, and wholesome attitudes.

It is accepted that no one can say positively what a family should do in any given situation Each is unique unto itself, and decisions must be made according to background and circumstances We can, however, evaluate family research material and determine its worthfulness in the light of our own experience

Persons attending will be encouraged to question and comment on material given in lectures, films, and panel presentation."

This course is a family series —that means everyone, including mom, dad, children and grandparents are all welcome.

Family Living Series will be held in —

VIKING — Monday evenings 8-10 p.m January 26, Feb 2, 9th, 16th, 23rd and March 2nd in the Viking Community Hall

Sewing course well attended

by Irene Warner

The first day of the Sewing Courses which started in Tofield January 13, was very well attended. More than 40 ladies came and most of them registered for the future classes that are to be held during the months of February, March and April in Tofield under the capable direction of Mrs. E. Durie, District Home Economist and her assistant, Miss Janet Larsen.

Mrs Durie had expected that six more days of instruction here would fully accomodate all the ladies who wished to take the classes but because of the heavy enrollment, it was necessary to set aside 21 days for instruction of sewing at Tofield.

All the ladies have been divided into three classes with each lady expected to construct a cotton dress for herself during the first three days of their particular class and a wool or tartrel dress, the second three days of instruction There will be an added feature this year, Mrs. Durie intends to hold an "Advanced Sewing Class," three days in length in April at which time the seamstress might construct a coat-dress ensemble, dress-jacket ensemble or slack-suit set.

The ladies are very fortunate to be able to have these classes in their home towns with no expense to themselves except their own supplies and a small charge which is contributed to the building in which it is held. Inorder to save time the ladies should bring their own lunch but tea or coffee could be made at the classes.

Much credit is given to each lady who attended and supported these classes on such a cold day. It is only by such support that interest and future courses can be maintained in Tofield.

At AGT your dimes buy more than conversation

THINK ABOUT IT.

Last year to keep Alberta's 650,000 telephones ringing, we spent about $13 a month per telephone or, 3½ times your monthly phone rental fee. That all adds up to well over 100 million dollars.

THINK ABOUT SPENDING MONEY.

Every time someone spends even a dime, someone else benefits. So, when we spend money in Alberta, or when our employees spend money in Alberta, other Albertans are on the receiving end.

THINK ABOUT $8 MILLION DOLLARS.

Last year we paid more than that to 6,300 pretty important people. Our employees. They in turn spent a lion's share of that money right here in Alberta.

THINK ABOUT WHAT MONEY BUYS.

Last year our 890 vehicles used over a million gallons of gas. We ordered everything from pens, pencils and paper to giant-sized buildings right here in Alberta. We even paid over two million dollars in property taxes.

We want Alberta to grow. So we spend our money in Alberta because we live here, too.

Beaver Council meets

Following are the minutes, in part, of the regular meeting of the County of Beaver No. 9, held Thursday, January 8.

Present were Crs. G. A. Bellward, A. L. Gibson, W. D. Johnston, G. Knudsen, W. Kropielnicki, J. H. Roddick and C. W. Sears.

The meeting was called to order at 10:00 a.m. by the Reeve, Cr. Roddick.

Business From Minutes

Dr. Freebury and Jim Ramsbottom attended the meeting at this time in relation to their request to have the County Council approve a home for Senior Citizens in Tofield. Dr. Freebury gave the history of the request and Jim Ramsbottom outlined the meetings that they have had with the Department of Public Welfare in regard to these homes. He said that there are two ways that the home could be set up. One was to join the present foundation and the home would be under the operation of the present board, or a new foundation could be set up to take in part of the County of Beaver, part of the County of Strathcona and the Town of Tofield, and possibly the Village of Holden. However, this was exploratory at the present time, as approval had to be obtained from the various Councils before a representation could be made to the Department of Social Development.

After Dr. Freebury and Mr. Ramsbottom retired, it was discussed quite thoroughly by the County Council, and it was moved and carried that the County Council has no objection to the formation of another home in the Town of Tofield under arrangements which would be outlined by the Department of Social Development, and that Cr. Roddick attend the meeting, together with representatives from the Town of Tofield when they meet with the Minister of Social Development.

In regard to the operation of the Agricultural Advisory Committee, it was moved and carried that Mr. Vern Koppel be appointed to the Advisory Committee.

By-Law No 387 in regard to the closure of road diversion was presented to the County Council for a third reading after being approved by the Minister of Highways and Transport.

Third reading was carried.

Correspondence

The Secretary-Treasurer advised that he had received correspondence from the Department of Highways and Transport advising that our road grant had been approved.

Correspondence from the Alberta Wheat Pool advised that they had passed a resolution requesting all Municipal Councils to suspend coyote control operations during the winter of 1969-70.

Moved and carried that this correspondence be received and filed.

Correspondence from the Department of Social Development advised that Robert Cross and Douglas Lathman had been approved as Welfare Officers.

Correspondence from the Department of Municipal Affairs advised that if we wish to take a census for use in 1970 it would have to be completed by January 25.

Moved and carried that we do not take a census at this time.

Correspondence from Alberta E.M.O. indicated that a meeting of E.M.O. Officials together with Municipal Officials is to be held in the Palliser Hotel Calgary February 5 and 6, and that the Mayors and Reeves of the Counties in Alberta are requested to attend.

Moved and carried that two members of the E.M.O. Committee attend, together with the Co-Ordinator, Rex Boyce.

It was moved and carried that approval be given to Farm Electric Services Ltd to extend their line to the S.E. 12-50-20-W.4th as requested.

Moved and carried that the Annual Meeting of the County be held on March 31, at 1:30 p.m. in the Legion Hall, Ryley.

Cr. Brissard said that he had been approached by some residents in the Viking area in regard to the use of Snow Vehicles. He said that where ditches were not practical for the use of snow vehicles he had been requested to suggest to the County Council they amend their By-Law so that the untravelled portion of the road could be used. No action was taken by the County Council in this respect.

As there was no further business, it was moved and carried that the meeting adjourn at 4:15 p.m.

Bantams top Ross Creek

Tuesday night in Tofield the Bantams entertained the Ross Creek Chipman Combines in a regularly scheduled game. Tofield emerged the victor in their first outing of the season by a score of four to one. In the sports event Paul Halverson narrowly missed a shut out for Tofield and Kerry Blackbeck scored all the Tofield goals.

ATA sub-local holds meeting

by Grace Phillips

The chief item of business to come before the members of the Tofield sub-local of the ATA at the regular January meeting was the report of the Professional Development Committee, given by Tofield's representative, Dick Thiessen.

Mr. Thiessen presented the schedule of events planned for the remainder of the school year; these are designed to assist in the professional growth of the teachers of the County of Beaver.

On March 7 a Social Studies workshop will be held in Holden for the teachers in Grades 4 - 6.

On April 21, the Tofield teachers will be hosts to their colleagues in the County on the occasion of a meeting with Mr. M. S. Bruce, Superintendent of Schools, who will outline his philosophy of education under the headings of the teachers' responsibilities and roles, the school and the community, the future of education.

This meeting will take place in the Tofield School auditorium at 8 p.m. After the meeting, lunch will be served by the Tofield group.

On May 4 and 5, a testing and evaluation workshop for the teachers of Grades 2 to 6 will be held at Holden.

It was also announced by president Ron Taylor that the annual Beaver Bash, consisting of a banquet and dance, will be held at Viking on February 21st.

The meeting also featured a film, "Teacher Authority or Automation" presented by the program committee of the sub-local.

Recreation Board conducts survey

The Tofield and District Recreational Board held its last meeting on Monday evening of this week in the Town Hall.

In attendance at this meeting was the new recreational director for the County of Beaver Recreational Board, Mr. Herbert Hartwig. Mr. Hartwig, who comes to us from Prince Rupert, B.C., and who is very well qualified in the field of recreation, accepted the position of regional director as of January 11, 1970. Although Mr. Hartwig and his wife are presently living in the Town of Tofield, his office will be in the Village of Ryley. During the next few weeks Mr. Hartwig will be assisting the local boards all he can, but his main function will be with the regional board through which he will co-ordinate all recreational activities through out the County of Beaver. Any interested parties can contact Mr. Hartwig through [illegible] recreational boards.

During the course of the meeting, much discussion took place in regards to the local board [illegible] and overall recreational functions within the local and municipal district.

A survey has been distributed throughout the area in order to find out what recreational facilities are desired by the people. [illegible] Edgerton, Chairman Harold [illegible] Irma Sevilla Hodson and Valma [illegible] are ladies from Vegreville and Mundare Lodges also [illegible] dance.

The [illegible] was to meet and welcome the Supreme Honored Royal Lady of the O.O.R.P., Mrs. Le[illegible] Derby of Woodstock, New Brunswick, who was visiting various localities in Alberta, this being her first visit to Alberta, also celebrating the 20th birthday of Viking Lodge, which was held [illegible] January 1950 in Holden Lodge and for the past Deputy Presidents Assembly [illegible] P.S.H.R.L. Phoebe McCullough of Edmonton and P.S.H.R.L. Irene Jones of Camrose were also honored guests all being presented with a corsage by the H.R.L. of Viking Lodge.

S.H.R.L. Perley was escorted to the head of the hall by the Viking Band Boys and a guard of honor comprised of two ladies from each of the other lodges. After receiving a warm welcome she addressed the ladies, thanking them for the very warm welcome and kindness shown to her and gave a most inspiring talk on the "Principles of the Order".

P.S.H.R.L. McCullough, who is on the Dead Devotion and Benevolent Committee and was one of the originators of the project, which is a principal endeavour of the B.P.O. Elks and O.O.R.P. Purple Cross Fund, gave a most interesting resume of its start and of the work that it has and is being done of Deaf Division of ladies from birth and young children, showing a film of this important work. The [illegible] is in Saskatchewan and it is hoped to have one established in Alberta in the future.

H.R.L. Stubert now requested S.H.R.L. Perley to present 10 charter members of Viking Lodge with a gift for their 20 years membership. Lady Helen Pascia of Viking Lodge then made a presentation to the S.H.R.L. from every enjoyable evening.

Holden curlers win High School crown

by Mrs. G. H. Taylor

The High School Boys' Zone Curling Playdowns were held Saturday and Sunday, January 17 and 18, in Viking, with rinks from Tofield, Ryley, Holden, Viking and Sedgewick competing in a double-knockout competition. Holden and Viking were the winners of sections A and B respectively, and met in the final play-off to determine the representative rink.

The Holden rink was comprised of four students from Braze, attending high school in Holden, coached by Joe Frenal. The Holden rink came through Section A with no losses, while the Viking rink losing one game in Section A to its co-op in Section B, but continued on to win this event.

Holden and Viking then met in the finals, which saw Viking eliminated by the Holden rink, thus forcing a second game as Holden suffered their first loss.

Competition was very keen, with spectators intermittently high during the second encounter between the two teams.

Playing the last end with a tied score, Holden was laying one when Dale McLaren, skip of the Viking rink, prepared to throw his last rock. Appearing to be a perfectly executed shot his rock curled and appeared to take to pass out the Holden curler, when one of the Viking players stumbled and hit the ice in motion. The automatically disqualified the play, giving Holden the winning point.

Holden Rink personnel Reg Dary, skip; Dale Fisbrey, 3rd; Wes Scarbrough, 2nd; Wes Symbaluk, lead; Joe Frenal, coach.

Viking Rink personnel Colin McLaren, skip; Brian Mahseth, 3rd; Carter Oakes, 2nd; Dick Davis, lead; Darrels Dobey, coach.

DOBEY WINS
by Ruth Davies

A rink headed by T. Strickholt, with D. Solberg at 3rd, D. Albrecht at 2nd and D. Wasney at lead, lost out to the D. Dobey rink of Viking in the right to represent Zone 12 at the Northern Alberta Curling playdowns to be held in Edmonton the first part of February.

The Ryley four-some lost to D. Dobey in the first game and then went on to defeat Tofield, Sedgewick, Sherwood Park and Lacombe to win the "B" Event, and in the final lost out to the Ryley rink who won the playdowns.

FARMERS' 'SPIEL

With Peter Mutsak at lead, Stewart McMullen at 2nd and Vernon Pratt at lead Joe E. Dorn rink stole the last two ends of the final to take a game played against Bill Davy rink of Ryley to capture a very good game the eliminated a most successful spiel.

Winners of the events were: 1st Event — Art Sedunk, Ryley 4th Hafner Viking; 2nd Event — Int. Zwozdiske, Holden 2nd Lambie Ryley, led.

A delicious buffet lunch was then served, the table centred by a Bethlas cake beautifully decorated in white and purple and Lodge emblems. A social hour was spent to conclude a most enjoyable evening.

Golfers attempt to keep club open for '70 season

An emergency meeting of the Tofield Town and Country Golf Club was held Tuesday, Jan 27. Two important issues for discussion were payment of rental arrears and possible operation for the 1970 season. It was decided to run a raffle to raise some of the required funds.

A recommendation was made to have a social event in the near future. Watch this paper for further notice. Mr. Davison appeal[illegible] to rent lease for 1970 season at same rate as 1969, but warned that in future an increase of 50% would be added for the 1970 season.

to the rent. This would be necessary due to higher assessment value and increase in taxes.

Mr. Ramsbottom represented the Recreation Committee and [illegible] offered some helpful information.

The life of the Tofield Golf Club appears to be in jeopardy due to lack of public interest and qualifying funds. A survey will be taken in connection with the Recreational Committee and if sufficient interest and help is forthcoming, an attempt will probably be made to carry on.

Should get some action

Farm people really weren't surprised by the revelation on farm machinery prices contained in the recently released report of the Barber Commission, and many of them have known or suspected this sort of thing has been going on for years. What was refreshing, says the Alberta Wheat Pool Budget was Mr. Barber's courage in naming names and calling a spade, a spade.

The fact that machinery purchasers have been systematically gouged is readily apparent. Farmers and farmers organizations have been saying these things for years, but their protestations have largely fallen on deaf ears. Now the proof has been clearly established and the matter has become one of national government, and of conservation from one end of the country to the other.

The callous and cavalier treatment of the Canadian farmer demands immediate government indignation and action. Action must be initiated to curb the farming out practices and the unwarranted profits that have characterized the machinery industry. The greatest level of extortion known in this country over a period of many years.

Some guarantees aimed at reducing the difference in pricing, more or less along the lines of the auto industry pact, must be sought, and some compulsion must be instituted to keep Canadian farmers from again being rooked on this massive scale. And even though it may hurt farmers for a while, tariffs which would even double the extra imposition may have to be resorted to.

There is a lesson to be learned here, somewhere, and we suggest that it again points out that the Canadian government must take steps to avert Canadians losing control of every important segment of our industry as has been happening so rapidly in the past. Even at the cost of slowing down our development we cannot really afford to find ourselves in the position where there is only one firm in Canada, the farming of tractors and [illegible] Canada, to balance the

Tractor price commission

Under the above heading, The Budget official publication of the Alberta Wheat Pool, made the following comment on implications of the findings of the recent Barber Commission on farm machinery, which proved conclusively that Canadian farmers are being charged prices far higher, even into the thousands of dollars per unit, than American or British customers for identical pieces of equipment.

Oh Canada. We have not guarded that [illegible] control of our most profitable industries to fall into foreign hands. We have excused our laxity by pointing out that they are friendly foreign hands, which would keep our heritage for us, and would not harm to. We were wrong.

Canadians will not care much about the Barber Commission report. It deals with a declining industry, agriculture, and the sale of tractors is not of much importance to Canadians; they will tell themselves. But it contains a story known for urban and rural Canada, it explains what has been happening to the very fibre of Canadianism.

Once there was a Canadian-based Canadian-owned farm implement company. It prospered and grew, and became international in its scope. At the same time there were several other farm implement companies which operated here. In time they absorbed each other and diversified until there were only three large ones left, and one of them of medium size, besides "your own."

Canadian industry incentive and tax structure did not retain the operations headquarters of its home owned companies and at time it went on privileging its tractor part- in one fiscal country assembling them in another, and selling them here.

Of course the companies which had always been foreign based did not locate in Canada except to build assembly or sales plants if, in there was a tax advantage to do so. Usually it was only necessary to set up a subsidiary using the word "Canada" in brackets behind the company trade name.

All this would not be harmful if Canadian agriculture wasn't barred from the healthy competition of several manufacturers competing for its trade. It would be nice to report that Canada's [illegible] had created [illegible] place and industry [illegible] peace), [illegible] that our farmers bought tractors for even less than they could be obtained for in the friendly country.

Alas, Oh Canada, it is not so. Prices for Canadian sales, higher than those prevailing in U.S.A. were determined by two [illegible] based here. The other two [illegible] which includes the original Canadian manufacturer, [illegible] to compete, but instead to use the [illegible] for sale across [illegible] Canada. Lack of a viable [illegible] Canadian company now [illegible], says the Royal Commission.

These readers was only treasury now know what foreign ownership did to one industry. Those of us who have benefits or associations or employment or a business and other items might worry. And well we should.

Barber Report jolts Olson into action

Federal Minister of Agriculture, Hon. H. A. Bud Olson of Medicine Hat reported yesterday he has already made plans to talk with Versatile Farm Equipment of Winnipeg about the cost and profit picture involved in manufacturing farm tractors, following disclosures in the Barber Report on the farm machinery traffic. Versatile is the only all-Canadian manufacturer of tractors at the present time.

Mr Olson gave little indication of what action may be taken by the government after receiving the report.

The January Ladies' Club meeting was postponed from last Wednesday to this Wednesday. It is the annual meeting and business will include election of officers for 1970.

MP suggests Canada develop own suppliers

by Donald F. Mazankowski, M.P.

OTTAWA, Jan. 19. — After a three week Christmas recess, Parliament is back in full swing again. A number of developments have occurred during the first week which have occupied the spotlight and provoked some interesting debate and reaction. I will attempt to give a brief resume together with some projections of future activities.

Of course, a major development was the turning point in the Nigeria - Biafra civil war which resulted in formal surrender by the Biafrans. I might point out that this international issue occupied significant interest and debate in the House throughout this 28th Session and probably will continue until such time as this area is rehabilitated to the point where peace, law and order is restored. Conflicting reports continue to emanate from various observers and journalists such as mass starvation, the threat of genocide and famine on the other hand, some sources say that Nigerian relief workers, under the auspices of the federal government of Nigeria, are well engaged in a program of rehabilitation in the distribution of food and medical supplies and in assuring the victims of safety and security.

Canada-relief, the Canadian relief agency is providing food and medical supplies during the conflict have not yet been able to secure permission to fly supplies into Nigeria. As a result, some 12,500 tons of food awaits distribution on the island of São Tome. The position of the Nigerian government, at the time of writing, is that these food supplies can not as far as they are concerned. They maintain they are not interested in allowing any agencies, who became involved while the conflict was underway, to participate.

Canada is assisting in the airlift of supplies under permission from the Nigerian government. The position of the Canadian government has been to recognize the Federal Republic of Nigeria as the official government of the area and obviously their position will remain the same.

The Minister of Agriculture tabled an interim Report on Farm Machinery Prices, dealing specifically with tractor and combine pricing which is as conducted by Dr. Clarence Barber, a Manitoba economist. He commenced his investigation in 1966. While not having the opportunity to study the report in detail to say the least it was a strong indictment against the multi-national machinery companies and their pricing policies within Canada. Dr. Barber claims that a British built 80 - 75 H.P. tractor sells in Canada at wholesale level for $1,381 more than it does in Britain. Part of the cost would naturally be accounted for by the saved shipping costs, distribution costs and other factors relative to the Canadian market. However, he points out this would only account for part of the difference. He suggests that one-third of the difference was attributed to higher profits realized in Canada than in Britain. Take for all of these factors into consideration he points out that if farmers had been able to import tractors directly from British dealers, they would have saved $13 000 000 on the year 1966 and probably a similar figure for 1967. To overcome these discrepancies Dr. Barber makes some specific recommendations to the government which it might consider:

1. Parent companies should be asked to give assurance that tractors sold in Canada will be priced at the same profit level as those achieved in the country of manufacture.
2. The federal government should instruct the Combines Investigation Branch to review the charges made in the Report with a view to possible action.
3. The government might consider establishing arrangements for Canadian farmers to import directly from foreign countries in other words the restrictive clauses recently inserted by manufacturing companies, prohibiting British dealers from transacting business directly with Canadian farmers should be reviewed
4. The government may wish to commence negotiations with suppliers in Czechoslovakia or Japan, who presently manufacture tractors in supply of low-cost tractors.
5. The government should consider imposing a reverse dumping duty which would equal to 100% the amount by which the price to the Canadian purchaser exceeds that charged to the equivalent selling organization in the country in which the tractor was built.

I could not help but recognize what I consider a glaring omission in the recommendations prescribed by Dr. Barber in that there does not appear to be any recommendation suggesting the development of more farm machinery manufacturing facilities right here in Canada. He points out quite correctly that one Canadian tractor manufacturer, based on 1967 prices, is able to produce a four-wheel drive tractor at 694 per draw bar horse power as compared to $951 and $1,134 for two other representative multi-national makes. It seems to me that the Canadian agriculture industry can, with government incentive create and support a healthy and viable farm machinery manufacturing enterprise. I also feel that such manufacturing concerns when established would have a keen interest in the welfare of the agriculture community as well, which would add significant strength and power to the whole agri-business sector of Canada.

I feel such time as more complete farm machinery enterprises are established in Canada, I submit that very little pressure will be influenced and exerted by our present farm machinery companies who merely distribute and merchandise goods in Canada. No doubt much debate will take place regarding this report. Let us hope that it does not find its way to the shelf to merely collect dust, as have so many other reports.

At long last, the Standing Committee on Agriculture has been summoned to meet. Many have considered the reason for the delay, particularly in light of the continuing advertising and determination in the Agriculture community. The first meeting was called for January 13th some twelve weeks since Parliament met. Its purpose, at present, is to examine and make recommendations to Parliament regarding the Canadian Dairy Policy in light of the proposed cut-back in Dairy subsidy of $10,000,000. It appears the biggest issue is the Minister's attempt to convince members of the Committee that Dairy producers will benefit by this cut-back and hereafter realize a more equitable return for their products. The majority of the members fail to see the evidence in this approach and are adamantly objecting to this proposal advanced by the government. The present subsidy amounts to $125,000,000 of which $80,000,000 finds its way to Quebec and Ontario. With the proposed decrease it will be reduced to $115,000,000. The underlying problem is one of the enormous surpluses in skim milk powder which resulted in losses of some $22,000,000 in export sales of skim milk powder in the last dairy year. Here again, we have witnessed the deliberate creation of large enterprises which were to provide stability and viability to the Dairy industry but in reality the result has been the reverse. It is the powder surplus which is difficult to market, further aggravated by huge storage costs, which now threaten the whole dairy industry. The other side effect is that the small producer and particularly those in the Canadian North have seen their quotas vanish to the larger producers and in particular to those in Central Canada which has threatened the opportunity of maintaining and preserving a viable mixed farming operation in the West.

The Public Accounts Committee, of which I am a member, resumes sittings on Tuesday, January 20. The first topic to be dealt with is an investigation into the financial affairs and an analysis of the present debts of the publically owned CBC. Particular concern has been in a matter of some $100,000,000 in federal government funds which the CBC feels as loans and really has no hope of ever repaying them. I am once again looking forward with keen interest to some of the revelations the Public Accounts Committee is apt to uncover. You may recall it was this Committee that revealed the somewhat irregular overhead expenditures of the refit of the Bonaventure, previously considered the $20 million tariff remission to a major motor car company and investigated into the highly controversial expenditures involved in the development of the Hydrofoil.

Another committee which is said to be of considerable importance is the Standing Committee on Finance and Trade and Economic Affairs which is currently studying the White Paper

DIETING

This year did you make a resolution to diet? Unfortunately there is no easy way of getting thin. The only way is to eat fewer calories and use up more energy.

Don't Starve Yourself or you will soon become discouraged and go off your diet. A woman should plan to have at least 1,000 calories. It is better to have a diet of 1,200 calories over a long period of time than a diet of 600 calories which is so limited that you're encouraged to cheat more often. Also, an 800 calorie diet does not provide adequate nutrition. Men will require at least 1,600 calories depending on what type of a job they do.

Plan a Good Diet. Start by having three meals per day or several smaller meals. It is important to have **breakfast.** The body has gone without food for nearly 12 to 12 hours between supper and breakfast. If breakfast is forgotten, there is usually a decrease in energy, an increase in irritability, and an increased tendency to overeat at other meals in Canada's Food Guide as a basis for your diet.

Don't Fall For Fad Diets

Book stands and food shelves are full of ideas and aids for quick weight loss. They promise an easy way of being sprung from the prison of overweight without having to serve a prolonged sentence on diet bread and water.

Almost $300 million will be spent in North America by people who are not prepared to face the fact that the best method of losing excess fat is to **push your self away from the table.**

Quick diets are a real boom on the market, but they are deceiving. The information they pass on is misleading as well as dangerous. A number of malnutrition cases have been reported as a result of fad diets. A food fanatic is usually one who prohibits certain foods, who promotes "wonder foods", or who warns you about dangerous food combinations.

Nothing is more effective than a balanced diet provided you don't eat too much. The most important purpose of dieting is to learn how much to eat and exercise. The healthiest way to diet—follow Canada's Food Guide which includes the 30 essential nutrients required for good health.

If you are interested we are offering a Losing to Win class based on the Food Guide and exercise course. Two courses begin in Vegreville on Tuesday, February 10 (8:00 - 10:00 p.m.) and Wednesday, February 11 (1:30 - 3:30 p.m.), and continuing for 5 weeks. We meet every second week. For more information on Losing to Win, contact Elizabeth Durie or Janet Larson.

Grant MacEwan attends Wood golden celebration

On Saturday, November 29th, Mr and Mrs. John Wood were honored guests in the Tofield United Church Hall, where more than 300 friends and relatives gathered to help them celebrate their golden wedding anniversary.

The couple's five children, Lorene (Mrs. Jim Francis), Lucella (Mrs. Robert Goubault), Kathleen, Evelyn (Mrs. Victor Halwas), John, and their families were all in attendance.

The room was attractively decorated with a profusion of flowers and golden bells. The head table laid with a hand crocheted cloth, was centered by a wedding cake, baked by Mrs. M. Hannan and decorated in white and yellow. In addition to two gold-colored candles in crystal candlesticks, the cake was flanked by bouquets of gold and white chrysanthemums.

Mrs. J. Majskyy greeted the guests as they arrived. In charge of the guest book was Mrs. Al Innes.

Mr. Bill Hollans, nephew of Mary and John, was a capable master of ceremonies. To begin the program he called upon the bride and groom of fifty years ago to cut the cake.

Following this, Miss Kathleen Wood introduced Dr. Grant MacEwan. As Lieutenant Governor, he extended greetings to the honored couple. He also presented Mr. and Mrs. Wood with two scrolls, one on his own behalf, and another on behalf of Premier Harry Strom.

Next, Mayor Dr W. H. Freebury of Tofield offered congratulations.

Mrs. J. MacDonald then read a delightful, original poem entitled "The Wedding of Mary and John".

Grandchildren Patti and Leigh Francis, accompanied by Mrs. J. Reishus at the piano sang two duets. A delightful resume of family history in verse form was read by Mrs. Jim Francis. The eldest and the youngest of the granddaughters, Gail Halwas and Cathy Wood, respectively, made the presentation to their grandparents of twelve long stemmed red roses.

Johnny Wood on behalf of the Wood family, thanked the guests for attending, the Ladies Aid for their splendid catering, and everyone for having made the afternoon such a memorable occasion.

Presiding at the tea and coffee urns were Mrs. Clara Rogers, Mrs. A. Holmes, Mrs. E. Gorgelen, Mrs. Emil Teckenmann, Mrs. Frank Shupe, Mrs. Gertie Chapman, Mrs. Ethel Wood, Mrs. Mabel Bailey and Mrs. Peter Brown.

Congratulatory messages came from Leader of the Opposition, R. Stanfield, Senator Harry Hayes and Prime Minister P. E. Trudeau.

Guests were present from Chuliwack and Nelson, B.C., Calgary, Okotoks, Red Deer, Rimbey, Edmonton, Drayton Valley, St. Albert, Glendon, Ryley, Holden, Viking, Bremner, Ross Creek and North Cooking Lake.

Mary and John Wood both came to Alberta with their parents at the turn of the century since that time they have lived in the Lakeshore district north of Tofield. At this significant milestone in their life together we take pleasure in wishing them health and happiness.

Burgar selected for Golden Rule

For the fifth straight year, Burgar Funeral Home Camrose Ltd., 4617 - 51st Avenue, has been selected for membership in the Order of the Golden Rule.

The Order is a non-profit, world-wide organization which invest states funeral directing firms and accepts those which are found to be worthy.

Membership is not automatically renewable, for a firm is re-evaluated each year to assure that it continues to merit the public trust.

There are presently some 1,000 firms in the Golden Rule affiliates with in most instances only one to a community.

Vikettes are 'champs' in college hoop league

Camrose Lutheran College Vikettes clinched first place and the championship of the Alberta College Athletic Conference on the weekend when they registered victories over NAIT and Mount Royal.

The victories were the 10th and

GWEN KLASSEN

11th of the season for the Vikettes, and with only one game remaining cannot be caught in the race for the championship as both Red Deer and Mount Royal have lost three.

Vikettes have one game remaining and that is against the Red Deer Queens in Camrose on Friday evening. The local team will be trying for an ACAC record as no women's team has ever gone through the schedule undefeated.

Vikettes also have another target to shoot at, as CLC will host the Alberta Junior Ladies' Basketball championship Friday and Saturday, February 27 and 28. Besides the Vikettes, entries have been received from Mt. Royal of Calgary and Lethbridge. There is also a possibility of at least one other entry.

Gwen Klassen scored eleven points on Friday to pace the Vikettes in their 50 - 27 victory over NAIT, and then on Saturday, in Calgary, Vikettes rolled over Mount Royal by a score of 61-32.

Vikings lost their 10th and 11th straight on the weekend as they bowed to NAIT 94-52 on Friday and were bombed 130-51 by Mount Royal on Saturday. In an exhibition game on Wednesday, Vikings walloped Canadian Union College of Lacombe 123-40, as Neil Johnson scored 34 points to lead the way to victory.

NAIT 27, Vikettes 50 For NAIT: Ries 6, Wagner 4, Mackie 4, Kram 7, Nicoll 4, Doherty 2. For Vikettes: Meeks 8, Klassen 11, Johnson 6, McClements 7, Paans 6, M. Hoover 8, T. Moore 2, Lyseng 4, Tipping 4.

NAIT 94, Vikings 52. For NAIT: Butlin 43, Wyrostok 2, Clark 24, Larson 5, Golanza 4, Brake 6, Burkavic 6. For Vikings: Torpe 8, Anderson 12, N. Johnson 18, Nyestvold 4, Smisiad 3, Henderson 9.

Lacombe 40, Vikings 123. For Lacombe: Wilson 18, Densmore 4, Abel 4, Childers 2, Mera 4, Will 10, Unruh 3. For Vikings: Sanders 2, Torpe 7, Anderson 7, N. Johnson 34, Nyestvold 13, T. Johnson 13, Smisiad 9, Annes 2, Henderson 34.

Individual scoring of the CLC-Mount Royal games were not available.

J. Davick elected to Ryley Council

Jorgen Davick has been elected by acclamation to serve on the Ryley Village Council.

Mr. Davick will be completing the term of Fred Nordwood, who passed away recently.

Careful with can of DDT!

Indiscriminate dumping of DDT insecticide down household drains and sewers could create greater pollution problems than those which governments are trying to resolve, warns Alberta's agriculture minister H. A. Russ. Reviewing to the recent decision of the federal government to sharply limit the use of DDT, Mr. Russ said present stocks of DDT can be used in accordance with instructions and warnings printed on the container. However, after present supplies have been used up, the number of food crops on which the insecticide may be used will be reduced from the present 42 to 12.

Where householders wish to dispose of any small amounts of DDT rather than use it, this should be done by normal garbage pick-up for burial at garbage disposal sites. Farmers without access to such disposal are advised to bury the chemical and the container at least 18 inches deep in a location away from streams, water courses, dugouts, wells and other water supplies.

For a number of years, said the minister, the Alberta department of agriculture has recommended the use of less persistent insecticides, and will continue to do so.

Lions ready for "racing"

Tofield Lions are finalizing plans for their big Snowmobile Race Weekend which gets underway on February 7th.

There will be a Mixer Dance on Saturday, February 7th with tickets being available from Lions only. A refreshment booth will be open at the dance.

Sunday will commence with a pancake breakfast and then the races will start at noon. There are two classes planned for local drivers.

A concession stand will be open on the grounds during the afternoon and the event will climax with "Supper" at the Community Centre at which time winners will receive their trophies.

Locals around town

Any boys interested in joining Scouts, ages 11 to 14, may do so on Tuesday, February 3rd at the Scout Hut on the school grounds at 7:30 p.m. If sufficient interest is shown, there will be a winter camping weekend arranged.

Celebrating Emma Reger's birthday on January 31st were Clifford and Ruth Gibson, Russell and Louisa and Debbie Uslin, Axel and Nita Kindley, Borghild Erickson, Agnes Haukedahl, Petra Stauffer, Orval Erickson, Inga Hardy and Emma Ferguson.

Birthday Club members met at Mr. and Mrs. John Riel's on Monday, January 19th to celebrate Mike Stutsmas, John Riel and Emma Reger's birthdays. Sixteen members were present.

Tofield Lions Club held their last January supper meeting in the Tofield Community League meeting room on Tuesday last, with Lion president Alan Warner presiding.

Matters for attention were Lions-Legion Bonspiel, a report that a caterer has been arranged for, Layer project planning and setting up of a thermometer for same, snowmobile meet on February 8th, Charter Night, Friday, April 10th, sale and replacement of Lions bus. Lion Vermetz reported that he had been well received in asking for trophies for the snowmobile meet.

BIRTHS

A number of local youth staged a surprise birthday party on January 30th for George Abernathy. They regaled themselves on hot dogs, buns and a wonderfully large cake, then appropriately presented him with a lovely tie and cuff link set.

Our bread wheat

For many years Canada has claimed the distinction of providing the world's best bread wheat. We elevated to gross hard spring wheats in a climate which provides high baking quality wheat, though it tends to limit yields. Canada became aware of the value of wheat quality very early, and our research through the past forty years has aimed to retain high protein, strong gluten and fast proteins first, and strive for other qualities second.

Of course our climate is not unique, and similar geographic and seasonal circumstances can be found in Australia, Argentina, Russia and southern Africa. The surprising thing is that these countries wanted so long before Canada-grown wheat home and adopting it to their requirements.

In recent years many countries have done this and after a good year for quality which Queensland and New South Wales had a year ... Australian Ag. Hall ... many countries ... spring wheat increased 35 percent production and will be augmented at 14 per cent.

The U.S. grows a wheat in ... which is ... Southern Spring ... and ... Agronomists ... 3.4 per cent ... to 16 per cent protein.

Three Tofield girls are playing prominent roles with a basketball team that has an excellent chance of winning a Canadian championship. The three girls, Gwen Klassen and the sister combination of Marjorie and Terri Moore all played valuable roles in Tofield High School's surge to a top spot in this Zone's girls' basketball and are now doing the same thing for Camrose Lutheran College.

The CLC Vikettes are now the Alberta College Athletic Conference champions having gone undefeated through the regular schedule and all four of their games played. Large cheering crowds, as well as enthusiastic support from the student body and Mardon Brown, as well as energetic basketball supporters Terri, while not a member of the basketball team herself, did her part in supporting her sister and friends towards championship and is to be commended.

Vikettes are now preparing for the Alberta Junior Ladies championships which will be staged in Camrose on Friday and Saturday, February 27 and 28. Should they win this playoff and they are favoured to do so they will advance to the Canadian finals. And get this, the Alberta winner will host the Dominion playoffs, so that, if they win, all their friends and relatives could easily be on hand to watch them play in a D nation final. An opportunity like this could be a once-in-a-lifetime affair because it is very unusual for a small college like CLC (student population 350 to put such a powerful team on the floor.

Tofield is rapidly becoming well-known as a hotbed of basketball and we wish Gwen, Marjorie and Terri much success in whatever they undertake in the future.

RYLEY — Friends and relatives gathered on Saturday evening, January 24th for a miscellaneous shower in honor of Elida Heiegland, now Mrs. Ken Heilmer at the home of Mrs. Ken Bratvold. The evening was spent in playing games in which the men also joined. A few readings were given by Diane Bratvold, Debra Heiegland and Marilyn Campbell. Seated at the newly laid table were the bride, Elida, her mother, Mrs. Brenda Heiegland Debra Heiegland bridesmaid. Presentation of the gifts was made by Debra. After opening the lovely gifts, Elida in her gracious way, thanked all present for the honor accorded her. A tasty lunch was served and enjoyed by all.

The Ryley United Church Women met in the church kitchen on January 28th for the monthly meeting. Last year's financial review and a summary of the year's activities were given by the secretary-treasurer. Plans were initiated for the 1970 edition of the amateur program, scheduled for March 14th. Watch The Mercury Future Dates for additional information the latter part of February. At the close of the meeting, Mrs. Alice Albrecht served lunch.

The Ryley 4-H Clothing Club is holding a bake sale on Saturday, February 14th at the Jensen Ryley Food Market at 9 a.m until the baking is sold.

Thirty-five members of the Ryley Luther League chartered a bus and went to Edmonton for a night of roller skating. The champions were Noreen Johnson and Orval Johnson. On the way home they stopped at the A & W for a snack. A very enjoyable day was spent by all.

Despite the cold, quite a number of people were on hand to honor Mr. and Mrs. Bobby Hansen who were married in Edmonton recently. The couple was met at the door by Miss Evelyn Konak, and Dale Pope, who pinned corsages on them and escorted them in the head table.

A number of games were played which kept everyone in gales of laughter, Otis Phillips, accompanying himself on the guitar, sang a song telling of some incidents in Bobby's life. Harold Johanson presented the gifts to the young couple in a modal mobile home pulled in by Billie Rhonda Knudslien and Douglas Pope. Bobby and Rose received many lovely gifts including a 57-niece dinner set from the community, for which they ably thanked everyone.

Seated at the head table with the happy couple were Mr and Mrs. Lloyd Hagan, Mr. and Mrs. Roy Reynolds, Rose's parents, Mr. and Mrs. Ole Hagan, Bobby's parents.

OOKPIKS WIN

The Ryley Ookpiks Hockey Team played their first game of the season against Holden and won the encounter 7-4. Scoring for Ryley were Wade Mazurenn with three goals, Bryce Albrecht two goals, Donald Kurach, two goals. Scoring for Holden was Ken Boeyh with all four goals.

If you need a high analysis nitrogen fertilizer, then we hope you know all about Anhydrous Ammonia.
It's used quite extensively in this district. Perhaps because the Elephant Brand Dealer does most of the work! He has the specialized equipment for rent or he'll do the complete custom application with his large fast applicator.
Anhydrous ammonia is the ideal fall fertilizer. The soil holds the ammonia against leaching or run-off. This is because it's injected under the soil surface where it's held fast at freeze-up. In the spring, it spreads through the root zone and goes to work on your hungry young crop.
Next time you're in town, ask your Elephant Brand Dealer the above question. Bet he'll tell you all about Anhydrous Ammonia.

News from Ministik and district

(Mrs. Jim Reddick)

Philip Montgomery, student minister, was back taking services at the United Church, after being in hospital at Wetaskiwin for ten days

Andrew Ferguson returned home on Tuesday, after being in Tofield Hospital for a week.

Mrs. John Vandervoort spent four days in Tofield Hospital, returning home on Friday.

Doris Davenport and Ricky Paterson are at home from school these days with chicken pox.

Darrel Reddick and Keith Horricks continue to play hockey on one of the Ardrossan school teams. They play games at least twice a week. Darrell's dad, Bill is their chauffeur to most games.

Mrs S George went to Edmonton on Sunday with her son Walter to spend a few days.

SKATING PARTY

A skating party at the local rink, with a social evening following at the hall, was enjoyed Saturday evening by the "teens" of the community. They were under the supervision of the Community Club.

Mrs. Gladys Reddick returned home to Edmonton after spending an additional week with Mrs. Les Whitford

Mr and Mrs. Norman Penrice and Wayne, of Ardrossan, and Mr. and Mrs Gordon Thor and family and Pat Penrice, of Edmonton, were Sunday visitors of Mr. and Mrs. Alex Penrice.

WHIST DRIVE

The whist drive held at the hall on Friday evening was a huge success. Proceeds went to the hall. Mrs Keith Williams was convener. Ladies' winners were, first, Mrs. Claude Leach; second, Mrs. Lawrence Gul; consolation, Mrs. S. George. Men's: first, Mrs. Keith Williams (playing as a man); second, Mr. Verden Sears; consolation, Mrs. Roden Bowerman (playing also as a man).

We read in the Edmonton Journal that Mrs. Edward Leggard passed away in Regina at the ripe age of 93. She and her family were once residents of our community, living where Michael Nasichuk now lives.

We recently heard of the sale of another "Tales of Tofield". This one being a gift from Mr. W. F. Davenport of Tofield to his daughter, Mrs. George Armstrong, of North Surrey, B.C.

By popular request, a whist drive was announced for Friday, February 6. Everyone welcome. Lunch will be served. Funds will go towards upkeep of the community hall.

Third Overture Concert on Feb. 16

Performed in the present series of overture concerts will be held in the Jubilee Auditorium on Monday, February 16, featuring Michael Sullivan and his guitar.

Mr. Sullivan studied classical guitar under Aaron Shearer, who is now the Professor of guitar at the Peabody Conservatory, and Flamenco guitar with several different teachers.

Mr. Sullivan introduces, and comments upon, the various selections comprising his programme, and this Concert promises to be an unusual and diverting evening.

The Executive held a preliminary meeting last week to study a "package deal" sent by Mr. Zukerman, Vancouver based executive of Overture. It was decided to hold four concerts again next season, providing there are sufficient funds subscribed to cover the cost. The budget will be approximately the same as for the current season, and it will be possible to renew membership at both the coming Concert and the final concert in April. New memberships will also be accepted at both these Concerts

UCW has 25th birthday

A milestone was passed this month when the Evening Unit of the Tofield United Church Women celebrated its twenty-fifth anniversary.

Originally, the group was known as the United Church Young Women, but due to the passing of time is now known as the Evening Unit of the U.C.W. Mrs. Marion Merritt, the first president, was honored at the anniversary meeting. Out of the eight or ten members who attended the first meeting twenty-five years ago, six of these were present at this meeting, namely: Mrs. Ella Mann, Mrs. Bessie Christenson, Mrs. Marjory Elliott, Mrs. Ella Hatch, Mrs. Jean Hatch and Mrs. Ingrid Jacobs.

Much fun and laughter was enjoyed as the members reminisced, recalling the many unique ways they chose to raise funds for the church.

A delicious lunch topped by an anniversary cake complete with 25 candles, was served.

Tofield loses season opener

GRAND FORKS 5, TOFIELD 1

The first game of the newly reorganized Tofield Senior Hockey team could only well be an indication of Tofield's return as a power in Central Alberta hockey.

Even though the well-balanced Grand Forks team had little difficulty in outscoring Tofield, the Tofield squad with little more than a single practice under their belts, showed great possibilities, and what is even more important, a spirited desire to become a respected challenge in district hockey.

Weather for last Saturday's game was poor, as a near-blizzard hampered both teams in clearing the park because of drifting snow and small drifts on the ice. It was evident then that a covered arena for Tofield is a must for the development of both senior and junior hockey.

A return match will be held, but no date has been set.

Anyone wishing to join the club is asked to come to the practices on Monday and Wednesday nights at 9:00 o'clock.

Miss Olga Shewchuk was home from Montreal for Christmas, and she and her father, Mike Shewchuk then went to Montreal. Mr. Shewchuk has just come home as of Wednesday of last week. He is now convinced that air travel is the only way.

Viking Juniors topple Holden

On January 29, the Holden Junior High School basketball team played at Viking, where Viking teams defeated both Holden boys' and girls' teams.

In the girls' game, the score was 26-13. Viking's top scorer was Betty Amundsen with ten points. Also contributing to score was Debbie Henry 7, Susan Wemp 4, Marjorie Nestfield 3, and Karen Thompson 2. The points for Holden were made by Lynda Scherger 4, Darleen Micklich 6, Dianne Osadchuk 3, Laura Wright 2.

The score for the boys' game was 29-20. Point-makers for Viking were Finn Jensen 6, Percy Pon 5, Len Sorenson 4, Kevin Kindley 4, Laun Dell 4, John Dodd 2, Rob Hardy 2, and Gordon Gresiuk 2. Holden's points were scored by Bill Scott 6, Dan Wemp 4, Dennis Sydia 4, Kevin Stambaugh 4, and Greg Ozeredniuk 2.

Mr. and Mrs. David O. Ragsdale have exchanged their farm home with Mr. and Mrs. John Sirois for their residence in Tofield. They will move shortly.

Friends of the Tofield Library were entertained by Mrs. W. A. Swift and Mrs. W. Christensen, at the home of Mrs. Christensen on Thursday last, when ten ladies were present in appreciation to Mrs. W. H. Freebury as Chief Librarian for her interest and time spent in keeping the library operating. The friends of the library spend one day each month donating their help in keeping the library operating.

Valentine Tea preparations about complete

(by Grace Phillips)

Students of the Tofield Junior High School are preparing for their annual Valentine Tea.

Tickets sold for each Valentine Queen candidate will determine who is to be crowned at 7:15 p.m. on February 13th by last year's queen, Debbea Watson.

Candidates this year are Heather Appleby, 7A; Carol Ann Franko, 7B; Susan Ingram, 8A; Sharon Haugen, 8B; Alice Baerg, 8A; and Grace Hellberg, 9B.

The theme for the 1970 Valentine Tea is "Sweethearts On Parade" and the decorations will illustrate the theme.

Tea will be served from 2 to 5 o'clock in the school auditorium. A baby-sitting service will be provided.

All persons interested in the students or the school are cordially invited to continue the splendid support of this event that they have extended in the past.

Don't shoot the customers

The other week at a meeting of businessmen a businessman, George Williams, president of Proctor & Gamble, deplored the opinion some people in government and some others have about profit. These critics (and the businessman implied he was alarmed by the error of their ways) appear to believe that business cannot be trusted, that its only idea is to chase dollars, and that it has no concern for anyone else's welfare.

He fears "legislative overkill", something that will benefit no one in the long run, certainly not the consumer. It will, of course, make more work for more civil servants.

What these critics overlook is a re's that was being observed by the great majority of business long before they knew anything about economic theories—live and let live. Prosperous producers need prosperous wholesalers, prosperous wholesalers need prosperous retailers, prosperous retailers need prosperous customers.

Gouging is more in the eye of the critics than in fact.

Ryley boys advance to Zone 'C' playoff

by Ruth Davick

The Ryley High School Boys defeater Hay Lakes 57-43 on February 6, to take a 12-point lead in the two-game total-point series. Don O'Brien and Glen Magneson split the nets for 22 and 17 points respectively. Wade Magneson also hit double figures with 10 points.

The Ryley Girls took a 9-point lead on a fourth quarter comeback. Brenda Albrecht made 14 points, 11 of which were in the last quarter.

On Tuesday, Feb 10, Ryley travelled to Hay Lakes to complete the two-game series. The Ryley girls were surprised 45-28 by the Hay Lakers, and failed to qualify for the Zone playdowns to be held in Irma, Feb. 20-21.

The Ryley boys once again turned back Hay Lakes 73 points, the score being 47 - 33. Three Ryley players hit double figures. Glen Magneson wished 18 points, Wade Magneson 12 and Don O'Brien 11. The Ryley boys will compete in the Zone playdowns at Bashaw, February 27 and 28.

Teachers check on insurances

by Grace Phillips

Group automobile insurance, disability and salary continuance insurance were the chief items for discussion at the regular February meeting of the Tofield sub-local of the A.T.A. held at the Tofield School on February 17, with the president, Ron Taylor, in the chair. Mr. Taylor reported on the possibilities of group automobile insurance, and Peter von Stackelberg reported on the advisability of the salary continuance insurance.

The teachers were also reminded of the annual Beaver Local party to be held in Viking on February 21. This will consist of a bonspiel during the day and a dance at night. Tentative plans for observance of Education Week, March 2 to 6, were discussed. Since this week has Teachers' Convention on March 5 and 6, as well as the preliminary games of the Junior High County basketball tournament on March 3, finding a suitable time and entertainment poses more of a problem than usual. The program committee is investigating the possibilities of arranging a program, and will announce their plans later

It was announced that a general meeting of the Beaver Local will be held in Holden on March 11, starting at 7:30 p.m.

Tofield, Ryley win County hoop titles

by Ruth Davick

The County of Beaver High School basketball tournament, held in Ryley Saturday, February 14th, featured no upsets as the Ryley boys and Tofield girls each picked up their third trophy of the season.

The girls' game results were: Ryley girls swamped Holden 37-16. Marg Fredericks had seven points for the losers and Carol Mandrosen equalled that for the winners. In a close and very exciting game, Tofield edged Viking 26-28. Phylis Foshaug and nine points for Tofield and Lynn Barber was tops for Viking with 11 points. In the consolation final Viking doubled Holden 40-23. L. Barber again led Viking with 11 points, E. Erickson picked up eight points for the losers. In the girls' final, Ryley, despite 13 points from Debbie Norton and 10 from Lorna Stauffer, could not upset the well balanced Tofield team Tofield won 35-27. Jan Murray led the winners with seven points.

In the boys' games, Viking started out strong but run into foul trouble and bowed to Holden 47-36. Welch, Sarsin and Symlor each contributed eight points for Viking. Brian Mackich turned in a fine 16-point performance for Holden. Dan O'Brien and Glen Magneson scored 41 points between them to overwhelm Tofield 85-53 O'Brien netted 23, Magneson netted 18 points. Rod Baergen had seven points for the losers. In the consolation final, Tofield clobbered Viking, 37-33. Viking, who once again ran into foul trouble, were led by H. Welch with 10 points. Tofield got 12 points from Schroeder, 11 from Wiens and 10 from Heiberg. In the boys' final Ryley knocked off a 17-point performance from John Monchak, downed Holden 37-28. Glen Magneson had nine points for the losers.

At the conclusion of the tournament, the Ryley boys and Tofield girls were presented with the league champions trophy and the tournament trophy for their respective divisions.

For the Tofield girls, it was the fifth consecutive year that they had received the Macleod's League Trophy and the seventh time in eight years.

Tofield team leads Pee Wees

The Tofield Braves, coached by Don Roth, completed the Highway 14 Pee Wee Hockey League schedule with a 3 and 1 record. The game scores were Tofield 6, Ryley 2; Tofield 9, Holden 1; Holden 7, Tofield 6; and Tofield 4, Ryley 2. Scoring for Tofield in regular league play were: Cameron Baergen 9; Chelsie Hallett 4; Grant McKernan 4; Grant Baergen 2; Danny McLeod 2; Francis Dansberger 2, Darrell Nachtigal 1; and Nell Sorken 1.

Before entering the playoffs, Tofield must await the winner of the Ryley vs. Holden game which will be played in Holden on Saturday, February 21, 1970 at 12:00 noon.

A win for Holden on Saturday would move them into a first place tie with Tofield.

Ryley boys down Fort

by Ruth Davick

The Ryley High Boys easily defeated a taller team from Fort Saskatchewan on Thursday, Feb. 12, in Ryley. The local boys were in command throughout the whole game, with the final score being 57-36. Glen Magneson netted 21 points for the winners, while Dan O'Brien had 13.

The Ryley girls, however, got off to a slow start, but came on strong as the game progressed. They were still on the short end of a 33-26 score when the final buzzer sounded. Scoring statistics were unavailable

Tofield Bantams league leaders

Tofield Crusaders took over undisputed possession of first place in the Bantam Power Line Hockey League last night with a convincing 4-2 victory over Holden in Holden.

In the hard fought contest the scorers for Tofield were R. Sears, D. Jeffery, Kevin Blacklock and Kerry Blacklock.

The league standings are: Tofield in first, Chipman second, Ryley third and Holden in the basement.

City drivers dominate snowmobile races

Edmonton racers dominated the snowmobile races in Tofield on Sunday, Feb 8, before a large crowd of interested spectators.

Support your correspondent

After receiving a message of sympathy from a reader in one of the rural district of the county extending his condolences to The Mercury on the lack of news from his district it seems appropriate to ask for some support and help for our correspondents. Certainly we would like to point all local news from every part of our area and that is certainly our correspondents would like to send it in for ... However there are for ... most part busy housewives with ... to feed and homes to look after. Some have outside jobs ... such ... working in stores and assisting ... on the farm wife. They must be considered people figures is ... which in the way of financial rewards ... their efforts as the neglect for ... which is necessarily limited. They are not equipped with a phone that brings them all the information of community happenings automatically. They need YOUR help in gathering the news. You can assist them, taking a few notes at club meetings or gatherings listing the winners at your next bonspiel, letting your correspondent know if you hear of someone having visitors from afar or taking off on a trip. Some correspondents have regular weekly callers who pass along items of interest. It's easy to enclose your local newspaper but if you aren't willing to assist by sending along tidbits of news that come your way, she ... ing to be very short of news most weeks and likely doesn't have the time to spend hours out looking for it. Will you help by giving her a ... general interest in the community. Show your interest in your own part of the world by letting us know through your correspondent what goes on in your area.

Heirloom or investment?

Among the numerous contentious points found in Mr Benson's White Paper on Taxation is the proposal to add an item to the list of items which will be taxed periodically under the capital gains tax provisions and in some sections of the country the proposal is stirring up a storm of controversy.

Defending his department's proposals, Mr Benson pointed out that many people buy antiques paintings and other valuable objects of art as an investment, and if the value of these investments go up, he claimed they should be taxed in exactly the same way as investments in Bell Telephone, Imperial Oil or any other commodity.

Naturally on the other hand quite ... many little people with pen ... on prized family heirlooms from one generation to another will probably have to sell some of them just to raise the ... for the tax on added income.

... there are not guns. And this may very well be applied to the professional investor or collector of art, who definitely considers the probable increase in value of his purchase over a period of years.

But surely exemptions could be granted to those prized possessions which genuinely have been passed from one generation to another, so long as they continue to remain in the same family. Intrinsic value, be it ever so high is bad as real in these cases as the sentimental attachament which binds it within the family, and ... realize at far more meaningful to ... siders" than it ever could be outside the clan.

Such items are among those which help establish family values, family ... and identity which we so desperately need in this day and age of ... traditions or roots. When the time ... comes for ... to ... such ... items from ... as they pass along from ... to ... or ... will not ... the ... which ... the ... real wealth ... hold ... the past.

At AGT your dimes buy more than conversation

THINK ABOUT IT.

Last year to keep Alberta's 650,000 telephones ringing, we spent about $13 a month per telephone on repairs. That's three times your monthly phone rental fee. That all adds up to well over 100 million dollars.

THINK ABOUT SPENDING MONEY.

Every time someone spends even a dime, someone else benefits. So, when we spend money in Alberta, or when our employees spend money in Alberta, other Albertans are on the receiving end.

THINK ABOUT 88 MILLION DOLLARS.

Last year we paid more than that to 6,850 pretty important people. Our employees. They in turn spent a lion's share of that money right here in Alberta.

THINK ABOUT WHAT MONEY BUYS.

Last year our 800 vehicles used over a million gallons of gas. We ordered everything from pens, pencils and paper to giant-sized buildings right here in Alberta. We even paid over two million dollars in property taxes.

We want Alberta to grow. So we spend our money in Alberta because we live here, too.

AT AGT YOUR DIMES DO BUY MORE THAN CONVERSATION

MEAT

Out of every $100 spent on consumer goods, 46 is spent on meat. That means that 5% of what you buy is spent on meat. Most meaters on about 25c of every dollar. It has been estimated that 25% of the meat is thrown out because of:

1. Poor selection — tender and less tender cuts.
2. Wasteful cooking.
3. Improper storage — prevent spoilage.

Make Your Money Go Further

1. The real value of meat is in the amount of edible servings it contains. A high proportion of bone or fat or too lean meat is not economical—unless it is very low in price. Consider the price per serving and not necessarily the price per pound. Allow ¼ to ⅓ lb. per serving for boneless meats; ½ lb. per serving for bone-in meat.

2. More tender cuts are usually more expensive per pound if they contain less bone than they can be economical.

3. Less tender cuts are generally the least expensive if you know how to cook them and if they don't contain a high percentage of bone. Purchase larger less tender cuts at a low price and then cut them up for pot roasts and for braising and stewing meat.

4. Economical cuts of pork are the picnic shoulders, boston butts, blade or shoulder steaks, pork hocks, and shank portions of the ham. Rib and loin cuts are in greater demand and are the most expensive.

5. Back bacon is a better buy than side bacon. About 70% of side bacon is left behind as fat, so you are paying for fat and not lean meat.

6. Variety meats are an excellent source nutritionally and economically. You are not paying for fat and there is very little waste, when variety meats are used. Variety meats can be very tender. It is overcooking that causes toughness and makes organ meats less desirable. If cooked properly they can be very delicious. Heart, kidney and tongue require low, slow cooking with moist heat.

7. Check the ads for specials. Know what the regular price per pound is. If it's a real bargain purchase two—one to freeze and one to cook.

8. Be willing to cook the different cuts of meat, then you won't be throwing away your meat because of improper cooking.

9. Generally all cuts of pork and lamb are tender enough to be cooked with dry heat. Cook the neck and shank with moist heat.

10. Improper storage — Store meat at the proper temperature and for the correct length of time to prevent spoilage and waste.

UNSOLICITED MAIL

Most of us receive mail we do not want but just what should we do about it

Record and Book Clubs: Many send out advertising free trial or free offers, and the first shipment contains a message to the effect—"If you don't want any, write and send a card saying so and you would take more, do nothing". Often the recipient does not read or understand these conditions and fails to return the card, therefore, these companies records, books, statements, etc. Be sure to reply promptly as to your wishes, also make certain that you don't a member of your family sending in coupons to order "free" offers.

Credit Cards: There is nothing illegal about sending unsolicited credit cards through the mail. However, in the literature that comes with it, invariably there is a message stating that the person named on the card is responsible for all purchases made by any person using the card. It is entirely up to you to decide if you should keep the card. If you do not want it, then destroy it as that is one case can sue it. Report to the company immediately if you have lost your credit card.

Sweeping Credit Packages of cards are sent out requesting you make payment to the firm. Often it is suggested that payment will assist a needy cause. What to do does pose a problem. You are under no legal obligation to either purchase the cards or to return them. The Post Office Department have no legal right to interfere with ordinary business carried out by mail. But you as a citizen have the right to refuse unsolicited mail, simply by marking "refused" on the parcel, signing it and returning it to the Post Office. Then the Post Office dispose of it in accordance with postal regulations.

Remember These Points:
1. Read all orders carefully.
2. Understand the conditions of acceptance of any unsolicited proposition.
3. You are not required to pay for unordered merchandise.
4. It is against the law to send unordered merchandise by C.O.D.
5. Check all invoices carefully
6. If you do not wish to retain unsolicited material mark it "refused" and return to the Post Office
7. Report any suspected misuse of the mail to the Post Office Department, Ottawa.

SWEET TALK

Honey Queen—Girls, have you entered the Miss Honey Queen of Canada Contest? Last year the Honey Queen was Devra Drysdale of Vegreville, and you could be this year's Queen also. All the particulars concerning this contest have been sent to every Home Economist teacher. If you haven't yet entered, ask your teacher for this information. Remember the deadline is February 21.

Honey is a natural unrefined sweet containing minerals and vitamins. The most familiar way that you don't a member of your family sending in coupons to order "free" offers.

Perhaps you are one who thinks honey is honey and associate one flavour. This is not true. There is a wide variety of flavours, ranging from a light mild to a darker and stronger flavour. Next time you purchase honey, check, to see the type you are getting.

Creamed honey — this is pure honey, nothing is added. Creamed honey is made commercially by introducing finely crystalized honey into liquid honey. Under controlled temperature conditions the honey is then agitated until it is creamy and spreadable. It is a honey with no drip and does not require refrigeration.

Where do you store your honey? It should be kept in a warm dry place. Heavy smells and retains moisture. Do not put honey in the refrigerator unless you wish to hasten granulation. Freezing does not injure the color or flavor of honey.

Should the honey granulate it can be restored to liquid easily by heating in a pan of warm (not hot) water. Overheating destroys both color and delicate flavour. Granulated honey is not spoiled. It can be used as a spread or ingredient for baked goods.

Try these ways to use honey:
Add in a cake mix for better texture and flavour. One tablespoon of honey will enhance your favourite cake mix. The cake will stay fresher longer, too.

Freeze fruit in a honey syrup. Prepare a light syrup by bringing four cups of water to a boil, remove from heat and stir in 1½ cups of honey. For a medium syrup, stir in two cups of honey. Fruits frozen in a honey syrup will not darken or discolor. No need to use Vitamin C or ascorbic acid.

You can prepare honey syrup in quantity and store in refrigerator ready for use.

Honey-butter spread is made by combining equal amounts of honey and butter. Store honey-butter in the refrigerator ready for toast, hot cakes, or spicy upside down cake.

Honey improves many foods; it enhances the flavor of pork and poultry, keeps baked goods fresh and moist, and sweetens fruit without masking its fresh flavour.

Use honey in place of other sweeteners in your favourite recipes. When the recipe calls for 1 cup of sugar or syrup, use 1 cup honey and reduce the liquid by ¼ cup. Then reduce the oven temperature by 25 degrees to prevent over-browning.

Honey is easy to measure if you first warm the cup or spoon by holding it under the hot water tap.

Approximately 70% of all people disabled by arthritis are of working age.

Former area resident passes on January 31

AGNES SEMELIA HOFLIN

Agnes Semelia Hoflin was born October 17, 1894 in Effingham, South Dakota. She came to Canada with her parents, brothers and sisters in 1908 and settled at Lake Dennay, in the Camrose area. She was confirmed in the Lutheran Church.

She worked for a number of years in the Holden, Camrose and Edmonton areas. In 1934 she moved to B.C., where she worked in the Vancouver and New Westminster areas.

Miss Hoflin passed away on January 31, 1970, in New Westminster, B.C. She was predeceased by one brother and one sister.

She leaves to mourn her passing: one brother, Arthur Hoflin; two sisters, Helen (Mrs Creek) of Delia, B.C., and Mrs. Hanson in the Bethany Home, Camrose; also by a number of nieces and nephews.

Funeral service was held in the Salem Lutheran Church on Thursday, February 5, 1970, at 2:00 p.m. with Rev. Lokken officiating. Interment was made in Kingman cemetery. Pallbearers were Elton Hoflin, Larry Wynder, Rodger Hoflin, Peter Macibarsky, George Ulrich and Rudy Dublin. Howland Funeral Home was in charge of arrangements.

Mr. and Mrs. Thomas Harris observe golden wedding

(Mrs. J. Knudson)

PALMER-EARLING, Feb. 2. —Open house was held recently in the Ryley Legion Hall where many friends and neighbors of Mr. and Mrs. Thomas Harris gathered to honor the couple on the occasion of their fiftieth wedding anniversary. Also present were friends from Edmonton, Camrose, Earling, and Mardden, Saskatchewan.

A three-tiered wedding cake centered the bridal table. It was made by Mrs. Garnet Burnstad and beautifully decorated by Mrs. Paul Vouglin, of Ryley. Seated with the honored couple were Garnet Burnstad, emcee; Mrs. Burnstad, and Rev. David Bloom of Tofield. Pastor and Mrs. John Prescht, and Bishop and Mrs. Stauffer were also present, of Ryley. A scrumptious lunch was served by the Ryley Ladies' Auxiliary to the Legion. Congratulatory messages were received from Prime Minister Pierre Trudeau, the Progressive Conservative leader Robert Stanfield, Lieutenant Governor Grant MacEwan, Premier Harry Strom, Opposition Mandamus, Mr. M.P. for Vegreville, and Ed Albrecht, mayor of Ryley.

Mr. and Mrs. Harris were married in Aberdeen, South Wales on November 20th, 1919 and came to Alberta in 1926, settling in the Lakeshore district, near Tofield. The following spring of 1927 they moved to the Thule district north of Ryley, where they farmed until 1941 when Mr. Harris left the farm to serve in the RCAF returning to the farm in 1945. In 1954, the couple moved to the village of Ryley where Mr. Harris started hauling the rural mail on routes No. 1 and No. 2, north and south of Ryley (including Earling). During the past 15 years he has retired only twice, due to winter storms blocking the country roads in places. Mr. Harris also served as Village Constable.

Two sons were born to the couple, David passed away in 1967. Captain Ted and Grace Harris and three grandsons reside in Cookeville, Texas. Due to his duties, Austin Harris and family were unable to be present for the happy occasion. Mr. and Mrs. Harris had visited their son and family in Ontario, in August during their holidays.

The honored couple both expressed their thanks and appreciation for everything, including a purse of money from the community and friends.

Avoid phony Ottawa cheques

OTTAWA, Jan. 29. — The Department of Supply and Services has asked that banks, business firms and citizens be on the alert to avoid the possibility of being victimized by persons passing fraudulent Government of Canada cheques. Some time ago, a number of government cheques in denominations of $100 were stolen en route from the printer to Quebec City and the bulk of them are still missing.

The cheques involved bear the series number 342, in heavy print, which appears as a prefix to the cheque number, located in the upper right-hand corner of each cheque. In some of the forgeries, extra numbers were printed ahead of the legitimate serial number.

When stolen, the cheques bore no signatures, nor payee names. Up to date, up to 70 of these cheques with forged signatures and amounts inserted, have been cashed in Canada. In many cases, forged or stolen social security cards were used as identification.

In an effort to prevent more of these forged cheques being cashed, the entire 342 series has been withdrawn from use and no further cheques in the 342 series are being issued.

IN MEMORIAM

WESLAKE.—In loving memory of our dear dad and grandpa, George Weslake, who passed away February 20, 1961

Softly the leaves of memory fall,
Gently we gather and treasure them all;
Unseen, unheard, you are always near—
Still loved, still missed, so very dear.

—Ever remembered and sadly missed by his Loving Family 2Sp-4839

CARDS OF THANKS

This column is a regular weekly feature prepared by the Family Financial Counselling Service of a Canada-wide consumer service. Mr. Martin, BBA, LLB, specializes in the above address will be answered, by mail or by return mail. Names will not be used in print. However, no personal counsel be encouraged by a complete name and address.

DEAR MR. MARTIN Down with budgeting! You've made our lives so black and bare that I think I'm going to crack up. You wrote recently in one of your columns that every family ought to have a budget and that's exactly what my problem is. The budget my husband has worked up is so rigid that there is hardly a penny for anything outside of the absolute necessities. There is no extra money in the food budget, for instance, for an occasional dessert or snacks for the children. I admit we didn't manage our money very well before, but I think we've gone from the ridiculous to the ridiculous. I don't even dare mention getting my hair set because I know it isn't in the budget. It's easy for you to sit up there in your ivory tower and dish out pettue advice. I wonder what you would do if you had to face a real life situation every day.
—UNHAPPY.

Even though I dispense advice, I can assure you I don't do it from an ivory tower. If that's the impression I give, then I truly regret it. My advice to readers of this column is based on my own personal experiences and the experiences of many others. Obviously, it's easier for me to advise the reader what to do about I'm looking at the situation objectively. I'm not directly involved in the particular problem so that I can be more rational . . . and hopefully more helpful. Anyway, this is how I try to operate. Now, if I may, I'd like to explain my side of the budgeting story.

At the outset, let me stress that I do not "require" or recommend or even condone a rigid, inflexible budgeting plan like yours. Only in an extreme emergency should such a schedule be followed. And only for a short time. Just enough to get the family back on a financial feet. (Even then it's imperative that both husband and wife (and children) understand in the beginning that they will have to do without frills for awhile, or long enough for them to become solvent.

My point is this: Business can't operate without a budget and neither can a family sustain it well without some kind of money plan. It need not be any more than a device to let you know how much money you have coming in . . . how much is going out . . . and how much you can make adjustments to get the most from your money.

You shouldn't stick to a rigid budget. Life moves at a rapid pace these days. Every family no matter how budget-conscious they may be, needs a certain amount for entertainment and relaxation. It's absolutely necessary to keep the family together . . . and happy.

Winsnes rink wins the Farmers' 'spiel

The Dale Winsnes rink from Ryley took top honors at the annual Farmers' Bonspiel at the Tofield Curling Club held last week with a total of 32 rinks entered. Competition was keen all week and when Friday afternoon arrived, Winsness found himself facing the Stannard rink from Ardrossan, which was anticipated to be a real battle. However, the Ardrossan rink had its problems and conceded the game after completing eight ends.

The Winsness rink each received large wrench sets from Tofield Service Garage and the Bank of Montreal Trophy, up for annual competition during the Farmers' Bonspiel. Members of the rink included D. Albrecht, H Bekker and J. Nichols.

This was the second year in a row that Winsness and Albrecht were members of the winning rink at the Tofield bonspiel. Last year, they were members of the I. Saortheim rink that took top honors.

Finishing in third and fourth places in the First Event were E. Regehr and D. Lawson, both of Tofield.

Tofield downouted the Second Event as Vern Walker won the Tofield Texaco Trophy by defeating Ron Googlein in the only close game in the finals. Ken Rempel finished in third place while C. Jacobson was fourth.

C. Stannard of Ryley won the Dr. Frostbury Trophy for the Third Event as he defeated A Francis of Tofield in the finals L. Rude finished third and L. Ferguson was in fourth place Both are from Tofield.

In the Fourth Event, Harry Shyba of Holden creamed Andy Helberg of Tofield to annex the FUA Trophy while A. Grabanski of Tofield finished third and L. Westherill of Tofield was fourth

Pete Swiinski of Tofield won the curling sweater that was lotterried during the bonspiel.

LADIES BONSPIEL

The next big event at the Tofield Curling Club will be the Ladies' Bonspiel which will get underway Friday evening with 20 rinks entered. The finals are slated for eight o'clock Sunday evening.

NEWLYWEDS HONORED

PALMER - EARLING, Feb 12

The Shadesmens Church was the scene Friday night, February 6th of a niece bridal shower for newlyweds Mr. and Mrs Chester Forre when many friends assembled to meet Chester's bride from Camrose. The groom grew up in the Palmer-Earling district.

Marvin Bruce of Tofield was master of ceremonies for an amusing program that began with "Blest be the Tie that Binds", reading by Edna Aker, a prayer for the bride and groom, song, "Love, Wonderful Love", by the Shadesmens Ladies Group, reading, "The Farmer" by Mrs Wills Bolding duet "How Great Thou Art" by Mrs. Tom Brown and Mrs. Joe Knudson (by request of friends), "Now that I am Forty" read by Lawrence Hovland; a contest, Valerie's pantry, conducted by Mrs. W Bolding and Mrs. E. Bruce, the groom's childhood favorite song "The Little Shirt My Mother Made For Me" sung by Mrs. T. Brown, Mrs. H. Roth and Mrs J Knudson, double reading by Mrs. Eric Thorne and Mrs L. Forre of Camrose, closing song "May the Good Lord Bless and Keep You" by ladies group, followed by a letter "Dear Chester" read by Mrs. J. Knudson

On behalf of the district, Ray Aker presented the couple with a purse of money. Chester and Valerie both expressed their appreciation. All enjoyed lunch at the church kitchen The happy couple will make their home in the Palmer-Earling district on the groom's farm.

The finals between Camrose and Tofield was a see-saw battle until the last two minutes of play, when Tofield lost three key players via the foul route and couldn't get a sustained attack going, and the Cougars succeeded in putting away the game with a 42-32 victory. Janice Daley led the winners with 13 points, while Nyhus had an even dozen points Lena Schroeder led the losers with 11 points, while Judy Moore parred up ten points. Tofield had gained a berth in the finals by trouncing Sedgewick 44 - 30, as Lena Schroeder racked up 17 points, and then edged the defending champions, Castor Camrose, 33 - 21, with Schroeder again leading the attack with 14 points.

The loss for Tofield was its first of the season after twenty consecutive victories. The Jolly Green Giants, as they have been dubbed by the Press, had 18 victories in a row before playing in the finals, played hoopwell and added two wins to their season - streak before losing in the finals.

After having to Camrose in their first outing, Viking bounced back with two successive victories to take the consolation trophy Viking edged Wainwright 27-24 in the semi-finals and then downed Pigeon Lake 39-24 in the finals

WOULD COMMANDER BYRD AND LEIF ERICKSON MIND SURRENDERING MY WHITE TABLE CLOTH AND LET MESSRS. SHARP AND TRUDEAU SETTLE THE ARCTIC SOVEREIGNTY?

A nice try

The City of Camrose, on Saturday evening, was given an excellent example of the community spirit that exists in Tofield. The example was "on the floor" and in the stands as the girls' basketball team from Tofield played the city's high school girls' team in the Central East Alberta finals. The CCHS gym was packed, but the fans from Tofield dominated the scene as they outnumbered the city fans in their own backyard.

One Camrose school official, in the afternoon, advised students to talk everyone they could into attending the finals as past experience had proven that Tofield would be well supplied with fans He proved to be a prophet in this field as Tofield fans easily outnumbered Camrose's fans. The game itself was an exciting one and Tofield had every reason to be proud of their representatives. The girls conducted themselves in an excellent manner, both on the floor and off, and earned the admiration of everyone attending the playoffs. It is unfortunate there has to be a winner and a loser, because neither team deserved to lose. Camrose and Tofield were easily the class teams of the tournament, with Castor a step behind For Camrose, it was essential that they win this year, as their rapidly growing school will graduate to the 'A' level next year

This is restraint?

In spite of all the urging for everyone to do all he can to cut down the dizzy spiral of inflation, Alberta's government came in last week with a budget that increased over last year's by a MERE seventeen percent. Not seventeen.

In spite of drastic slashes to the highways budget, and cutbacks in several others, the huge demands of education, taking more than a third of all the budget by itself, and health, taking nearly a fifth, account for more than one half of the largest budget, at more than a billion dollars, in the province's history

One MLA wrote to us, saying: "It . . . reveals at what a fast rate the general economy and services of our province are rising."

This is the kind of nonsense that perpetuates such unrealistic budgets . . . the services of our province may be rising at something like a seventeen percent level, although we're far from convinced. But the reports from all sectors of the business community report the general economy is far from seeing a seventeen percent increase This member represents a rural constituency . . . how many of his constituents can report their economy is rising at this fast rate?

The only defence we can see for this outrageous increase is that the Department of Education seems to have decided it had to make a sort of end run around the field of education in order to contain the runaway and uncontrolled costs over which it had no control. It seems to have decided it was worth spending a real bundle to get out in front of these costs and then rein in on them to the extent of an annual increase of not more than six percent per pupil

The department also took this step in order to be able to promise some relief to property owners in the way of lower supplemental requisitions for education over at least a three year period. At least in this area, it seems a concerted effort is being made to answer the plaints of homeowners and credit is due for this long range plan Pay-off will be seen over a period of years, whether the plan was good or bad

But seventeen percent overall? We know a lot of taxpayers who wish their economy were rising by anything like so much

Horner takes issue with "rebate" costs

by Dr. H. M. Horner, M.L.A. Lac Ste. Anne

Back in 1968 the Social Government of Premier Manning decided they needed to get some more revenue and decided the farmers should pay an additional amount In spite of hostile objections by the Conservative Opposition and, indeed, the entire Opposition as that time, the Social Crediters voted for the three cents a gallon to be applied on farm fuel. This, in spite of the fact that they stood before farm groups and said they were against it—they still went into legislature and on a two-day vote voted for the implementation of this tax

Subsequently when they went back in their Ridings the heat was on and they had to come up with something in regard to the three cents a gallon on farm fuel So at the 1969 logics are the Provincial Secretary, who is in charge of this particular Act, brought in some amending legislation in which he said they would be rebating the three cents a gallon to the farmers for the farm fuels that they bought after the first of June, 1969 Of course, this was after the major Spring work was done so that they wouldn't have to rebate the tax to the farmers for the majority of their inputs on the 1969 crop However, the following is evidence of the sincerity of the Social Government when, up until February of 1970, they had only refunded $90,000 out of a total collected of $4,000,000 In fact, they had only rebated 2.5% of the amount of money that they have collected. Surely this is hypocrisy at its worst! The regulations they formulated for the rebate of the tax are complicated. Most farmers have simply thrown up their hands and let it go.

I had a more interesting problem than that is that I have some knowledge that it has cost the Provincial Government in administration costs $27,000 to handle this rebate. If you consider that a total of 3,000 vouchers or more were mailed by farmers for a rebate, you can at least see a fine Public relation and has another $25,000 to well over half of the amount that they rebated was taken up in administration costs. A perfect example of bureaucracy gone wild —we have to spend a dollar to rebate two dollars back to the farmers Why couldn't a simple Bill be introduced abolishing the tax on the farm fuels? Save all this bureaucracy, save the farmers some money, and really do been a service at this time when agriculture is in a serious situation

Salty history... fact and fable

—The story that Lot's wife turned to salt as she looked back upon Sodom and Gomorrah is found in Genesis 19:26. It is also mentioned in Luke 17:32 and Wisdom 10:7. The Hebrew word used to tell the story means "a pillar of salt."

Many writers have suggested that Lot's wife looked back because she was curious about the fate of her friends. Others have suggested that she was overcome with grief at the loss of her home and possessions. Still others have suggested that she was overcome with fear at the sight of the destruction. Whatever the reason, she disobeyed the command not to look back and was punished for her disobedience.

Some people have suggested that Lot's wife was a pillar of salt because she was a woman of great wealth and importance. Others have suggested that she was a woman of great beauty and charm. Still others have suggested that she was a woman of great wisdom and understanding.

In some areas of the Far East, people used to save their dead in salt. They would wrap the bodies of their loved ones in salt and then bury them in the ground. In some parts of the world, people would preserve their dead in salt and then bury them in the ground. In some parts of the world, people would preserve their dead in salt and then bury them in the ground.

1200 teachers ready for annual convention

Creativity and Education is the theme of the Central Eastern Alberta Teachers' Convention, March 5 and 6, in the Chateau Lacombe.

Twelve hundred teachers from Beaver County, Camrose County, Flagstaff County, Camrose City, Castor, Provost, Neutral Hills, Wainwright and Vermilion will attend

Four of North America's leading authorities on creativity will be featured. Speaking will be Dr. Roy Edelfelt from the National Education Association, Washington, D.C., Dr. Bill Clarke, Polk County Board of Education, Dr. Ray Meyers, University of Victoria, and Dr. Calvin Taylor, University of Utah.

Concerned about the lack of creativity in teachers, students, and curriculum, the Polk County School Board originated "Project Impact". Dr. Bill Clarke and Dr. Calvin Taylor both assisted in "Project Impact", an in-depth study to initiate creativity into the school system and will bring to Alberta teachers the benefit of their experiences

Recognizing and developing creativity has long been accepted by educationalists as the key to effective teaching. The convention seeks to assist teachers in being creative as well as re-organizing creativity in the students.

Holden district news

(Mrs. G. H. Taylor)

Mrs. G. H. Taylor was a Monday visitor in Edmonton, spending the day with a friend Mrs. J. H. Muir, a one-time pioneer Holdenite.

Mr. and Mrs. Joe Shanley returned home last weekend from Edmonton where they had been visiting the past three weeks with their grandchildren, while their daughter and husband, Mr. and Mrs. Peter Nebo were on a holiday trip to Hawaii.

Mr. and Mrs. Stanley Komarnisky and Harry Olson returned home the end of last week from their holiday trip to Mexico.

Mrs. Mary Wandis is a patient in an Edmonton hospital where she has been for the past three weeks having a checkup and treatment.

Mr. and Mrs. Cyril Jones had their eldest son, a student at the University of Saskatoon, visiting with them for a few days last week and at the weekend, having holidays after writing examinations, between semesters.

The Pioneer Group will hold their regular monthly meeting on Wednesday, March 4th instead of Thursday, March 5th meeting at the home of Mrs Blanche Olson.

The fire brigade was called out about 5:30 a.m. Saturday morning when a fire broke out in the old Kachman garage building. It was thought that a car Mr Kachman had in the building had somehow shorted, with the battery exploding and the front of the car and tires burning then burning through the roof, luckily the fire was soon controlled with not too much damage being done.

Mr W G Langford received word at the weekend that his mother had had two heart attacks and was very ill. Mr. and Mrs. Langford left by plane for London, Ontario Monday morning and Mrs. Langford's mother arrived from Calgary to look after the children until their parents return home.

Holden

(Mrs. G. H. Taylor)

Friends were saddened Monday morning to receive the news that Allan Baldwin of Camrose, a former resident and business man oldest son of Mr. and Mrs. Algot Baldwin of Holden, had passed away in St. Mary's Hospital after a short illness. He had been a hospital patient for about three weeks or so the end of December and early January, then home for a couple of weeks when he was again hospitalized his condition being serious at the week-end he succumbed to his illness. He leaves his wife Alene (Lee) and daughter of Camrose, his parents, Mr. and Mrs. Algot Baldwin and brother Donnie of Holden and one sister.

Allan was active in many community affairs while living in Holden and reorganized the fire brigade.

PRAYER FOR PARENTS

Dear Heavenly Father, make me a better parent. Teach me to understand my children, to listen patiently to what they have to say and to answer all their questions kindly. Keep me from interrupting them, talking back to them and contradicting them. Make me courteous to them as I would have them be to me. Give me the courage to confess my sins against my children and to ask them forgiveness when I feel that I have done them wrong.

Help me I calmly hurt the feelings of my children Forbid that I should laugh at their mistakes or cause them to shame and ridicule as punishment.

Let me not tempt my children to lie and steal. Set guide me hour by hour that I may demonstrate by all I say and do that honesty produces happiness.

Reduce, I pray, the meanness in my May I cease to nag, and when I am out of sorts, help me, O Lord, to hold my tongue.

Blind me to the little errors of my children, and help me to see the good things that they do. Give me a ready word of honest praise.

Help me to grow up with my children, to treat them as those of their own age, but let me not expect of them my judgments and convictions of adults. Allow me not to rob them of the opportunity to walk upon themselves, to think, to choose and to make decisions.

Forbid that I should ever punish them for my selfish satisfaction May I grant them all their wishes that are reasonable and have the courage always to withhold a privilege which I know will do them harm.

Make me so fair and just, so considerate and compassionate to my children that they will have a genuine esteem for me. Fit me to be loved and imitated by my children".

(Mrs. Jim Reddick)

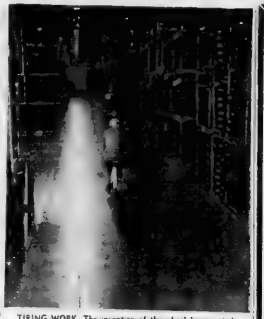
Tom Jones has been a patient in Tofield Hospital. He plans a trip to England the beginning of May.

Mrs. Mac McIntyre took her little grandson Sean McIntyre back to Devon on Monday after a five week visit.

Mr. Frank Soobey is taking therapy treatments on her knee and is coming along very nicely.

On Sunday the Bill Reddick family, Byron Klassenbruch and Mr. and Mrs. Jim Reddick and Mr. and Mrs. Gerald Pyrenne motored to Wetaskiwin to enjoy the Youth International show. Some of the talent on the platform and in the audience did a terrific job. It would take at the state and were well over the mark. If this could be done this would become an annual affair. It appears that it was most successful and will be just that.

The annual Rural Electrification meeting was held Monday in the local hall. Coffee and doughnuts were served following the meeting and a film shown.



TIRING WORK. The invention of the wheel has created a lot of work for mankind — particularly for the chap in this photograph. Without his bicycle he'd be lost in his job as a shipper at a tire warehouse that is big enough to hold seven football games all at once. — TTS Photo

CALGARY POWER

P. E. T.

This titanic mass of ice was sculptured by students at CLC and is supposed to be Canada's Prime Minister, Pierre Elliott Trudeau. Hopefully, Mr. Trudeau won't melt away before completing his idea of a "just society".

YOU ARE THE DETECTIVE

"The commercial photographer, James Maxwell, lies dead on the floor at the foot of the ten-foot-high stepladder in his studio. As you walk across the asphalt-tiled floor to examine the body more closely, your eye is caught by the huge black-and-blue welt over his left temple.

Suzanne Moreau, pretty young blonde model, and her fiance, Dick Richter, are standing together in one corner of the studio. Richter is attempting to soothe Suzanne, who is sobbing into a handkerchief.

"It was his heart combined with the fall from the ladder", exclaims Suzanne. "Jim had a history of heart trouble and I guess the fall was too much of a shock. It happened so suddenly."

Dick Richter chimes in. "I didn't care much for him personally, but I'll have to admit he was a genius with a camera. I dropped in to pick Suzie up this afternoon. I was a little early. Maxwell was climbing up the ladder there for his special overhead shots at Suzy who was posing against that backdrop over there. He was standing smack on the top of the ladder when he decided to make some sort of adjustment on his camera. Suddenly he let out a yell, waved his arms around trying to recover his balance, and before I could jump to his assistance he fell striking his head a sickening blow on the floor. He must have died instantly, because he didn't move a muscle after he hit just lay there as you see him now."

You rest reflexively, then pick up Maxwell's camera from its table next to you, examine the lens and some of the adjustment controls, then you turn to Suzanne and ask, "Had he taken any pictures previously to this last one he was working on?"

"Oh yes, at least a dozen. We had been working here for almost an hour before Dick arrived."

"Which one of you phoned in the report of this to headquarters?"

"That was me", says Richter

"Suzie was too much shaken up. I was, too. Maxwell wasn't an admirable character . . . I didn't like the idea of Suzy's working with him, because he had a well-known reputation of being a wolf with some of his models. Suzy had a little trouble with him recently, but I straightened him out. But regardless, I still hated to see this happen."

"Did either of you touch or move anything at all before I arrived?" you break in.

"Not a thing", replies Richter. "I know better than that"

You shake your head slowly. "And you should know better than to try to hoodwink us. Your story is not quite good enough!"

What has aroused your suspicions regarding this case?

SOLUTION

According to the story told you, Maxwell had his camera in his hands at the time he was supposed to have fallen from the top of the ladder. Yet you found the camera resting on the table —despite the fact that Richter denied that he and Suzanne had touched or moved anything after the "accident".

WORTH NOTING

A visitor to a Better Business Bureau office recently was discussing "frauds". He was well-qualified, since he earns his living exposing frauds — and he made a remark which might be worth passing on. In practically all cases he had investigated— he reported— the customer had made payment for goods or services in advance of delivery or performance

AFA-FUA merger gets unanimous OK by AFA

Amalgamation of the Alberta Federation of Agriculture with the Farmers' Union of Alberta was endorsed unanimously by delegates to the annual meeting of the U.F.A. in Calgary last week

The F.U.A. signified its approval in December, where 947 delegates voted in favour of the constitutional amendment which authorized the F.U.A. executive and board of directors to proceed with the proposed amalgamation Only 172 delegates voted against the amendment.

In a joint statement issued at the close of the three-day A.F.A. meeting, Nelson Malm, president of the Federation and Paul Babey, president of the Farmers' Union, said the decision reached by delegates to this meeting destroyed the myth that farmers and their organizations cannot speak with one voice.

"Farmers have opened the door to even more serious discussions of their common problems and have provided for the opportunity to come to conclusions which can now be presented in stronger unified voice", said A.F.A. President Malm.

Mr. Babey agreed the decisions made by the two organizations did not necessarily mean all conflicts between commodity groups had been resolved, but he said he looked forward to "a more realistic opportunity for producers to rationalize the different problems they face and find solutions to them". He emphasized that this would be the first step in unifying farmers in their common objectives

Both Mr Malm and Mr Babey, along with elected officers of both organizations now prepare a joint brief to the provincial cabinet in place of the two presented annually to government. The brief will make recommendations based on a combined examination of what both leaders call "the palatable farm income situation".

Before the A.F.A. annual meeting ended, joint committees were set up to attend to the various necessities leading to a founding convention of the yet un-named new organization, which will probably be held in the latter part of March.

Final rites are held for late Allan Hultholm

Funeral services were held this afternoon at 2:00 o'clock for the late Allan William Hultholm, who passed away early Monday morning in St. Mary's Hospital after a lingering illness

Born in Ryley 25 years ago, he moved with his family to Holden, and came to Camrose seven years ago to work with the sales staff of Crawford Motors, rising to the position of sales manager, as his sincerity and gentleness, coupled with keen drive, were recognized by the public.

He is survived by his wife, Alice, a son Kevin, and a daughter Brenda, his parents, Mr. and Mrs. A Hultholm of Holden, and a brother and sister

Funeral services were held at Messiah Lutheran Church, with the Rev. Carl Kopperud officiating. Interment followed in Camrose Cemetery, Hoveland Funeral Home in charge of all arrangements.

Modern etiquette

Q. I've been told that a bride is not supposed to take an active part in the rehearsal for her wedding is this true"

A. Not for reasons of propriety. It is only custom or superstition that has always decreed that a bride sit on the sidelines observing, suggesting, or directing, while one of her good friends assumes the role of "bride" in the rehearsal.

Q. Is it proper to blow one's nose at the dinner table?

A. Certainly . . . if necessary and if done unobtrusively and with as little fuss and noise as possible

Q. My fiancee and I are planning a double-ring type of marriage ceremony. Am I supposed to buy both rings?

A. No; you buy your bride's ring, and she buys yours.

Q. Certain people are forever urging us to visit them "sometime", but never mention any specific date. How about this?

A. I know what you mean, and feel as you probably do — that such invitations would appear more sincere if they were more definite

Q. When carrying your tray of food in a crowded cafeteria, are you supposed to ask permission of a stranger to sit at his table?

A. This is not necessary

BACK FROM HAWAII

Miss Evelyn Nowak of Ryley and a friend Miss Joyce McKnight of Fort Saskatchewan, returned home from two weeks in Hawaii at the Waikiki Biltmore, across from Waikiki Beach. During their stay, they toured the city, viewing many historical and modern sites. They also attended the Don Ho Show, which proved to be one of the highlights of their holiday. A trip to Pearl Harbour also proved rewarding and interesting. The girls were with Dave Cunningca and the CHOY Fun Seekers Among home from Honolulu they were met at the International Airport on Saturday, February 28, by Johnnie and Clara Kozack, and Gladys Klatwitter and Sandra. The girls had a most enjoyable time.

Miss Joan Banack was also touring and holidaying in Hawaii, and has arrived home with a lot of memorable times.

Mr. and Mrs. Otis Phillips attended the funeral of their aunt, Mrs Grace McKeith in Edmonton on Monday. She had been fatally injured in a car accident last week.

(Mrs. G. H. Taylor)

Eleven members including HRL Mary Semotiuk of Holden Lodge OORP visited Tuesday evening February 24th with Kinsella Lodge OORP taking the Travelling Gavel which they presented to HRL Makar of Kinsella Lodge with a short agenda. Ladies from Wainwright, Irma, and Viking Lodges were also present. A sumptuous lunch was served at the conclusion of the meeting by the hostess Lodge and a social hour enjoyed

Mrs. Phoebe McCullough of Edmonton, a PSHIL of the Order of the Royal Lady has been making an eleven-day tour in the Peace River country and the Northwest Territories where she gave talks and showed films at each town visited on the Dominion project of the BPO Elks and OORP organizations, the Deaf Detection and Development for babies from birth. Their aim is to install a clinic in every province, the first clinic was opened last fall in Regina, Sask with financial help from the provincial government. Both organizations are buying special instruments which can be used in community hospitals with the approval of the doctors, and the workshops to train nurses to use them will be held in the provinces. Mrs. McCulloch has visited many times in Holden with the OORP Lodge and is known to others in the district.

Many residents of Holden and district were in Camrose Wednesday afternoon, February 25th attending the funeral and paying their last respects to a former Holden resident and business man Mr. Allan Hubbden. Several former school chums also attended the funeral

Reuben Hovland was a business visitor in Camrose on Saturday afternoon.

Gleb Shyorka, visiting for an evening at the weekend with Mr and Mrs. Earl Hardy had the pleasure of speaking to his wife Marilyn who is presently visiting with her mother Mrs Anne Burka in Ottawa with the Lou Ruskenveld's. With both Lou and Earl being radio ham operators they were in rather difficulty over the radio and also can recall Mr. Adams who taught school in Holden a couple of years ago and is another ham operator residing in Newfoundland

HOLDEN — Mrs. Marilyn Shykora with her mother, Mrs. Anne Burka, left on a holiday trip last week to Ottawa where they will visit with Mrs. Burka's daughter and family, Mr. and Mrs. Lou Ruskenveld and two daughters.

A number of ladies of the Pioneer and Friendship Groups met at the home of Mrs. Campbell Saturday afternoon of last week, packing a large bale of quilts and childrens' clothing for the Mission near Hong Kong, also trimming used postage stamps for mailing to Ontario for the Leper Mission and a good sized parcel of used Christmas and greeting cards which they were sending to Taiwan, Republic of China and are used by the Missionaries in Sunday School for the Leper patients. Mrs. Campbell served a delicious lunch after the busy afternoon's work.

Chris Christenson was a visitor for a day early the past week in Edmonton, on business and also calling on his sister, Mrs. Elma Parsons

Mrs. Mabel Sizer is presently visiting with her daughter and family, Mr and Mrs. C Hammer at Viking Gurene driving up the early part of last week for her mother

The new post office in Holden is rapidly nearing completion, and is scheduled to be ready for opening on or about March 15th

Mike Manchur of Edmonton a former Holdenite was a Friday visitor in Holden, calling on relatives and friends

Word was received Wednesday of last week that J. Langford's mother had passed away after suffering two severe heart attacks. Mr and Mrs. Langford left for London Ontario the beginning of the week and arrived before his mother succumbed to her illness. A relief manager is in charge of the Royal Bank during Mr. Langford's absence

Mrs. Grace McKeith, sister of Mrs. Algot Hulthoim held in Edmonton on Monday.

Mr. and Mrs. Algot Hulthoim and son were also in Edmonton attending the funeral of Laura's sister, Mrs. Grace McKeith. Mr. McKeith is a hospital patient with severe internal and other injuries and has made very slight improvement since the accident.

Mrs. Mary Wandio returned home the latter part of last week from Edmonton where she had been staying for about three weeks while taking treatments from the doctor. She had not been a hospital patient but had stayed with relatives there.

DRAINAGE MEETING

The Board of the Holden Drainage District No. 1 held a regular meeting Monday afternoon, March 2nd in the office of the secretary with Trustees Hans Hansby, Oscar Aleth and Nick Lashuki present with the secretary-treasurer present.

Regular business was attended to with accounts being presented and approved for payment. The auditors' report and the financial statement were read and discussed. The annual meeting of the Drainage District will be held Wednesday, March 11th in the Gladstone Curling Rink, commencing at 2:00 p.m. Nominations for one trustee for a three year term will also be open at the conclusion of the meeting

News from Ministik and district

(Mrs. Jim Roddick)

MINISTIK — Communion services, conducted by Rev. Jeff Challener, supervising pastor of this area and minister of the United Church in Sherwood Park will be held in the Ministik United Church on Sunday, March 8th.

Mr. and Mrs. Baden Bowerman, Mr. and Mrs. Joe Davenport, Mr. and Mrs. Keith Williams, Mr. and Mrs. Albert Horricks and Mr. and Mrs. Bruce Jenks attended the Boy Scout social evening and dance on Friday evening.

On Sunday at Sherwood Park, 480 Scouts, Cubs, Girl Guides and Brownies met at a rally in honor of their founders Mr. and Mrs Baden-Powell. Baden Bowerman designed the programs used that day. He, along with sons Myron and Brent attended this rally.

Myron Waters of Edmonton spent five days with his uncle and aunt, Mr. and Mrs. Michael Nasichuk last week. They took him back Sunday afternoon and were guests of his parents, Mr. and Mrs. Niel Waters.

Mr. and Mrs. Frank Shupe of Tofield and Mrs. Effie Nasichuk were Tuesday afternoon guests of Mrs. S. George.

LADIES HAVE OUTING

Sixteen members of the Ministik Ladies Club enjoyed their annual outing Wednesday at dinner at the Highway Motor Hotel with the matinee performance of "Hello Dolly" following. A most enjoyable day was reported by all who went.

Mr. and Mrs. Hector Hamilton of Fort Macleod were recent visitors with Mr. and Mrs. Russell Rowland for two days.

HOCKEY

Hockey has been on the sports menu at Ardrossan rink for Darrell Raddick and Keith and Clifford Harricks this last week-end. The Bantams team on which Keith and Darrell played lost out by scores of 5-0 and 8-1, but are not dismayed as Fort McMurray, their opponents are a real hockey town. They look forward to victories next year. Fort McMurray were entered in both midget and ban'am provincial playoffs and 12 carloads of fans and players motored down for this occasion.

Hockey players from Fort McMurray were billeted in homes in the Ardrossan and Ministik area with Robert Pank staying Saturday evening with Mr and Mrs. Albert Harricks and Clifford and Keith. Darrell Raddick also stayed overnight to be ready to play hockey again at 8:30 on Sunday morning. The Midget team of Ardrossan of which Clifford had been a player, was both their games from Fort McMurray, and will go on to the next winner, not yet known in the provincial playoffs.

The white drive sponsored by the Ladies Club is to be held on Friday evening, March 6th

Joe Davenport is at present a patient in Tofield Hospital for an operation having various veins removed from his legs.

Mr. and Mrs. Verden Sears had their grandchildren Darren and Crystal Dekinder staying with them for the weekend. They returned home Sunday evening.

Brent Bowerman was the winner in his class of the Kamsack races (chuckwagons on ice) at the Bay Scout rally at Sherwood Park on Sunday. Ribbons were received for their fetes in the different classes.

Courteous Customers

A child learns as much by talking as by listening and doing. His confidence as a person is integrally bound up with his speech. If we interrupt him, require him to be "seen but not heard", only half-listen to and often ignore him how can he acquire the self-assurance that every youngster needs?

Using The Golden Rules:

To ask a parent to line up to a set of rules every day is unreasonable. We all get angry, exasperated and tired: cares and worries often weigh us down. We all want to respect our children's feelings, but at times our irritation does away with our best intensions. WHY?

I believe the answer is that we tend to look on our children as appendages of ourselves. We are bound up in them, and feel we are judged by their intelligence, their attractiveness, and their behavior. Their every action is a reflection of the way we have brought them up. Often our anger is caused by dissatisfaction with ourselves. When we truly realize this we will be willing to give them a chance to disagree with us, assert themselves, and be treated as independent people long before they are grown up.

The above is from an article by a sociologist Annabelle B Motz. Ph.D., Specializing in Child Study Research)

Recreation Director sets records straight

by H. J. Hartwig

There is apparently some confusion about the relation between the Regional Recreation Board and the various local boards, particularly with regards to budgeting of programs and facilities

Under the agreement establishing the Regional Board, all operating authorities (Tofield, Ryley, Holden, Viking and the County of Beaver) will be paying into the Regional budget, which is administered and spent by the Regional Board Because of the existence of this agreement, all available grants from the Department of Youth must be applied for through the Regional Board

The regional budget will be spent on such programs and projects wherein the entire county will benefit For example, money is budgeted to send people to the new organization. Tofield's Leadership School in Drumheller and to hire these people, upon their return, as playground supervisors or other summer program leaders. Since all six districts have at least one playground area, the entire county will benefit from the training and hiring of these people at no extra cost to the local authorities other than the expenditures towards the regional budget. A similar type of arrangement should also work for development of some recreation programs. The Regional Board will be unable to handle all requested activities, but will sponsor and cover costs of as many county-wide programs as the budget will allow. From this point on, as far as programming is concerned, any other activities will be the responsibility of the local boards

The actual programs sponsored by the Regional and local boards will be dependent upon the results of the various surveys which have been, and will be, circulated throughout the various districts I would suggest that those programs and activities which tend to be wanted throughout most or all of the county would be the extent of the regional budget, be administered and sponsored by the Regional Board These activities which are wanted in only one district will, or should, be handled through local boards.

Next week, I want to explain some possibilities and proposals regarding capital expenditures and grants on both the Regional and local level

A Rip of the fox: To Tofield, Ryley, Bruce and Viking for the great work done in circulating Leadership School in Drumheller and tabulating the various recreation surveys over the past month. There's a lot of work to be done in such a project and I want to congratulate everyone who has been involved

To the many families in both towns and rural areas who took time to fill in the surveys Without your co-operation, we couldn't offer what you want

PROCLAMATION

Acting agriculture minister Ray Reierson (right) has designated March as Good Seed Month in Alberta and in his official proclamation said use of good seed is one of the basic principles of good farming practice.

With Mr. Reierson is O. G. Bratvold, head of the provincial field crops branch.

Beaver School Committee meets on February 9th

Regular meeting of the County of Beaver No. 9 School Committee was held on Monday, February 9. Present were: Cvs Beinard, Gideon Knudsen, Kruger Mitchell, Reddish and Sears Representing Tuscna and Villages were C. Nord, H. Wilkie, John Allen and Nestor Sereniuk. Mr. Marvin Bruce was also present. The meeting was called to order by the chairman, Cr Reddish.

It was moved and carried that the minutes of the meeting of January 5th, 1970 be accepted.

A letter from the Metropolitan Edmonton Educational Television Association was read, indicating that a change has been made in the fee for participating jurisdictions.

Moved that the County of Beaver School Committee enter into an agreement with the MEETA to join on September 1st, 1970, as well as a submission on the costs of the renovations. These are being prepared by Mr. Sirusinski and the plans are being interpreted by Bob Evans at the Viking Industrial Arts Shop.

A motion that this report be accepted. carried.

Moved and carried that minutes of the Zone 3 meeting of January 19th, 1970 be accepted.

The Secretary mentioned that as we will be involved in the Young Voyageur Program for this coming year that a committee should probably be set up to start organizing the reception and disbursement of students.

It was moved that a committee be composed of C. Nord, Nestor Sereniuk, Marvin Bruce Robert Cross and Doug Lehman. The motion carried.

A letter from the Department of Highways and Transport—Highways Traffic Board was read in regard to the use of mufflers on school busses. Mr. Reid, the Bus Supervisor, had replied to the Highways Traffic Board, to the effect that he feels that probably the new regulation would be acceptable since there is a noise problem from these busses. Carried.

The Secretary-Treasurer advised that he has been asked by the Bus Supervisor, Neil Reid, to mention to the School Committee the possibility of putting in another door at the west end of the County Repair Shop in Ryley. This would mean three doors in the west end, and this would enable them to install a new hoist in the centre of the bus garage and leave the north stall free. They consider that this would be a much better arrangement and would also assist with keeping the center stall less of a storage area

Moved and carried that a centre door be installed in the west end of the bus repair garage in Ryley.

Moved that the salary negotiating committee be authorized to go through the 1969-70 salary agreement and notify the teachers' association of any changes which we will require in the agreement for the 1970-71 school year. Motion carried.

In view of the fact that the annual meeting will be held on March 16th, 1970 at 1:30 p.m. it was moved that the School Committee meet on March 16th at 10:30 a.m., to discuss the School operation and the financial statement. Carried.

A new regulation in regard to bursaries for teachers-in-training was presented to the School Committee. This new regulation outlined a change in the payments for bursaries. The first year would be $400, and the second and third year $500. There would also be arrangements made whereby if a teacher paid back a bursary it could be used for further bursaries.

Moved and carried that Regulation 3010 as presented at this time be accepted.

Policy 3015 and Regulation 3015 be accepted

Moved and carried that Regulation 3010 in regard to operating procedures of the bursary program as presented to the School Committee. Under this policy the School Committee sets the amount of money allocated each year to the bursary fund and the number of students to be assisted bursaries.

Moved that Policy 3015 and Regulation 3015 be accepted Motion carried.

Mr Bruce mentioned that the Municipal Association in Viking had requested use of school facilities for various during rooms, for the discussion of items such as drugs, smoking and this sort of thing. He mentioned that our policy precluded the use of school facilities for religious organizations However the School Committee agreed that that cannot be construed as a religious meeting and that school facilities could be used for this type of meeting.

As there was no further business, it was moved and carried that the meeting adjourn, at 3:30 p.m.

Wrong suggestion

In attempting to provide the Social Credit Government of Alberta with top Opposition, Progressive Conservative Leader Peter Lougheed may have made a suggestion that indicates a lack of close connection with many of the School Boards in the province when he hinted that members of these Boards should be totally responsible for the raising of their own funds.

The suggestion that School Boards have their own responsibility in raising needed school funds may not be a bad one by itself, but, Mr. Lougheed's idea that if the taxpayers did not agree with the expenditures of the School Boards, they could solve the problem by rejecting these members at the next election is, for the most part, laughable.

This might be a good move in regards to MLA's or MP's, but, in this province, more often than not, elections to the School Boards are not needed as few people are interested in running and members are often elected by acclamation. In many instances, members on the School Boards fill vacancies only because no one else could be persuaded to take these positions. Therefore, such a threat to keep School Boards in line as regards expenditures is wasted. If Mr Lougheed wishes to make the School Boards responsible, the first logical step would be to adopt the system used by Counties whereby members of the County Council are also members of the School Committees. In most towns and cities, the local government and school boards are entirely different personnel with neither knowing what the other is doing.

Nationalized education

Coleen Wilson
(CCHS Student Editorial)

The educational system in Canada should be nationalized. As it is right now, each province has a different education system. This is a terrible disadvantage to the youth of today. Now, more than ever, education is being stressed. There are very few jobs available for any without a Grade 12 diploma. The jobs available for these people are ditch-digging, waitress work or some similar line. Even if you have your diploma many jobs are still closed. You need a university degree if you want to get a decent job with a good wage. We must have an education if we hope to get ahead in this world. It is hard enough to get this needed education without the added burden of different systems. Many families are moving, schools are receiving many new students. It is very difficult to adjust to different surroundings and it is even more trying to understand and catch up on a different educational system.

My family is one that has moved quite often. I have been taught under the Ontario, Manitoba, and Alberta systems. In Ontario, French was taught from Grade 1 up; when we moved to Manitoba, I continued to learn French until Grade 7 and, when we moved to Alberta, French wasn't taught until Grade 9. This didn't upset my education . . . but what about a person who moves from Alberta to Ontario?

There are many other differences in the educational systems. My Grade 7 Social Studies in Manitoba involved Early Man, that is Egyptians, Greeks, and Romans. This course is part of the Grade 10 Social Studies in Alberta.

There is one thing even worse than education differences amongst provinces, that is, differences within the province This is an even greater problem' In Alberta, there are two different Math texts for Grade Nine This is very difficult for students who might move during the school year Another difference in the province is the French courses. In Grade Nine I used the new French text; this same text is just this year coming into use in Camrose

These different educational systems are cumbersome and confusing. Canada is developing, advancing into the future. New people are crossing her borders, new areas are opening, people are moving. We must have a nation-wide education system . . . one that will benefit all.

MacDuff Ottawa report

OTTAWA, March 9.—If many people sincerely believe that their Member of Parliament or M.P.'s in general are not worth $18,000 a year, they will have a pretty hard time swallowing the idea of a pay increase of over $5,000 annually, for them

But this increase could curve about in a few months, when the task force, recently appointed by the government, presents its report.

The problem with the members' pay is that some of them do not deserve that high a salary, while many others who are doing a decent job just can't manage to make both ends meet with that amount.

If one considers the financial responsibilities of a Member of Parliament it is well seen that they are many and often onerous For example: in maintaining a home in both Ottawa and in the Capital and keeping open house especially if he must commute to his family A decent apartment with one or two bedrooms will cost from around $200 a month, sometimes much more

Transportation costs are also peculiar to members when they MP from a riding. Some MP's have to travel great distances by train, while others board the mail truck to save on money To do that, they must often have to wake up around four a.m. and then ride for half of the day

Another factor is the social duties of the member Quite often, he will have to send flowers or entertain his electors or make a financial contribution to some cause or other.

Even his phone bill when all is said and done, may come to a substantial amount.

I know of a case where a low-income member of an MP was performing his duties. And the result is embarrassing and unfair. But no more than should be mentioned and it is up to the electorate to remedy.

MP's sometimes advise individuals with a financial problem to see a lawyer and ask him to present the case for free. These expenses are not covered by the government and the members have to pay for them themselves.

Even in such a case could be avoided, for one of the members of Parliament many people are not really in need that they deserve a better pay.

As a matter of fact it is pretty hard, for anybody who earns $6,000 a year, such as the postal worker, or less, such as the thousands who are below the poverty level, to understand how one can't live on $18,000 a year

It is true that the government's timing in announcing the appointment of the task force was bad, if not deplorable

One could complain that "one day Ottawa fights inflation, the next it creates it."

Surely it is unthinkable that while the federal government preaches restraint, especially to wage earners, it also favors a big increase to its most privileged employees, the Members of Parliament.

But still, this is the case and there is not the slightest doubt that the special committee will recommend a substantial increase in pay

So a compromise will have to be reached before any action is taken In this regard the government will have to consider other main factors which

It must not alienate the

It must satisfy the aspirations of the members

It must make [illegible] of MP an attractive job possible to [illegible] candidates

In the first place the government will have to find a formula to put the increase into effect and also make it [illegible] acceptable to the public

Secondly the government will have to take into consideration the fact that many people are in a bad financial state and that inflation has had its effects on them. Some are quite willing but how are not the means

But more important than that is the fact that it is required in many quarters that the salary of MP's could be highly increased if the pay was better Many argue that the Parliamentary would be much better represented if some people would be attracted to [illegible] But [illegible] some people say that $18,000 a year is [illegible] for [illegible] and [illegible] [illegible] others earn much more that the $37,000 allowed [illegible] to [illegible] Executives in [illegible] crown ministers

In any event, the task force has been created and [illegible]

Heisler-Helgeland vows are exchanged in Strome

by Ruth Davick

The marriage of Elida Audrey Helgeland, only daughter of Mrs Brenda Helgeland and the late Joseph Helgeland of Ryley, and Kenneth Henry Heisler, son of Mrs Anne Heisler and the late John Heisler of Strome, was solemnized on December 27, 1969, in Our Lady of Fatima Catholic Church, Strome, Alberta. Father McCarthy performed the double-ring ceremony.

Entering the church on the arm of her brother Douglas, the bride was radiant in a full length gown and train of cut velvet. Her mantilla veil of guipure lace was held in place by a crown of pearls. Her only ornament, her grandmother's golden locket, and her bouquet was of deep red cascading roses.

Matron of honor, Mrs. Helen Helgeland, was attired in a full length gown of rose green velvet, trimmed with silver. She carried a silver beaded evening purse to which was attached yellow rosebuds. Bridesmaids Penny Hauch, cousin of the groom, and Debra Helgeland cousin of the bride were similarly attired in green velvet with yellow rosebuds and silver purses.

Groomsmen were Allan Heisler, brother of the groom, Andrew Helgeland brother of the bride and Thomas Kwoich, nephew of the groom.

The mother of the bride chose a suit of Forrel knit gold and blue print, with beige accessories and corsage of red roses. The groom's mother wore a coral suit of Forrel with white accessories. Her corsage was of yellow roses.

Mr. Paul Voerlin sang "The Lord's Prayer" before the ceremony, and "Bless This House" during the signing of the register.

A reception for some 125 guests was held in the Strome Elks Hall. Mr. Glenn Nichols was master of ceremonies Mr Voerlin proposed the toast to the bride, to which the groom responded, and Mr Allan Heisler proposed a toast to the matron of honor and the bridesmaid. The bride's table was covered by a three - tiered wedding cake, baked by the aunts of the bride and beautifully decorated by Mrs. Freda Voerlin

Relatives of the groom from British Columbia and Saskatchewan attended the wedding along with many out-of-town guests.

Following the dance in the Elks Hall, the newly couple left on a trip to the Banff, Jasper, Edmonton area. On returning they will reside in Viking.

The couple are making their home in Viking.

SUCCESS IN MARRIAGE

Curtain elements are always present in happy marriages and always missing in unhappy ones. The elements listed are present in happy marriages; for each element that is missing there is a corresponding drop in happiness.

1. Avoid arguments as often as possible by being patient and understanding.

Both of you are human and therefore subject to periods of irritability which are the result of any one of a number of causes. During these periods, arguments start easily and the things said in these arguments can have a lasting effect on your relationship. Usually only one of you is irritable at a time. During these times, like when you need exercise patience and understanding, ignoring the opportunities for arguments as tactfully as possible is the best solution.

There is absolutely no sense at a time like this, because nothing is ever settled by them, and the only possible results are unhappiness.

2. Brighten lives by kindness.

A tender kiss, a little gift, an unlooked - for compliment, an occasional bit of praise — these are things which will brighten the heart of anyone. They are small acts of kindness, but require only a little thought and a very small effort, but they are repaid with a big smile and a great deal of happiness.

3. Be generous in all things.

He who gives freely invests well, for his return will be far greater than his outlay. When two people share the same life and the same home, giving it attention and much of all things they are. If they give time prodigiously, only resentment can result. If they give generously, they are making an investment in happiness

4. Lo humility speak for you

It is just plain good manners when you have done something for someone, to let the deed stand on its own merit. If you insist on pointing to yourself with pride later on while you recount that it was a fine thing you had done, you will find people looking at you with distaste. In an association as close as marriage there is no need to brag about what you have done, and there certainly is danger in incurring the distaste of your partner

5. Observe the rules of politeness and kindness

Courtesy and politeness are marks of respect that we extend to those with whom we come in contact But for some strange reason, as we get more familiar with people we tend to be less courteous, to show this respect Actually, the better we know and like a person, the more courteous and polite we should be

6. Make a career of unselfishness

[illegible]

7. Work hard at maintaining a pleasant conversation

[illegible]

8. Trust each other implicitly and never allow a trace of suspicion to enter

[illegible]

9. Be truthful and sincere at all times

It goes without saying that truthfulness is an important part of marriage.
These rules may be summed up in the other

10. Be generous and sincere in all things

to say that if each partner is a marriage strives constantly to see that the other partner is happy, without regards for himself, then the marriages cannot help but be happy.

Tragedy averted by 'man's best friend'

- Mrs. A. Normant

Nils Haugejorden of Daysland was saved from a freezing death Monday night, March 9th, by his neighbor's friendly dog. Mr. Haugejorden fell while walking home at midnight and was unable to get up. It was eight degrees below zero this night and snow was falling.

No one heard his cries for help, except this dog which came and stayed with him throughout the next four hours until he's barking and whining aroused Mrs. Bobby Conniberr at four o'clock in the morning. She went to the window to look for the cause of the dog's barking and then heard Mr. Haugejorden's cry for help. She awakened her husband, who immediately went to his aid, phoned for an ambulance and got the helpless man off to Boshaw General Hospital where his condition is reported to be good, except for a frozen hand.

Had the dog not remained with Mr. Haugejorden, licking his face and keeping him awake by his frequent barking, no one would have awakened or noticed him in the snow at this time.

Mr. and Mrs. Conniberr, and the dog known as "Lonesome", are to be credited with the saving of this man's life.

"Lonesome", belonging to Norris McIntyre, had recently recovered from shotgun wounds. He received the name "Lonesome" due to the fact that he was a dog without a home until Mac gave him a place in his home.

Sorenson-Kallal vows exchanged in Edmonton

Church of the Assumption, in Edmonton was the scene of a lovely wedding on January 10, when Linda Anne, daughter of Mr. and Mrs. C. F. Kallal of Edmonton and Paul Gordon, son of Mr. C. T. Sorenson of Stettler, were united in marriage Father Bonner performed the ceremony, assisted by Father Purcell

The bride, given in marriage by her father, chose to wear a short white lace dress and a chapel veil. She carried a nosegay of pink sweetheart roses embedded in white mums.

The bride's attendant was Miss Kathryn Groff of Edmonton, wearing a short powder blue dress of lotted. A nose-gay of white mums was chosen for her bouquet

Attending the groom was Mr. Edward Whyte of Tofield. Brothers of the bride, James and Gerald acted as ushers

For her daughter's wedding, Mrs. Kallal chose a grey-silver knitted suit with a corsage of pink feathered carnations

A reception was held at the Highway Motor Hotel in Edmonton. The bride's table was centered with a lovely three-tiered wedding cake. Mr. Edward Whyte acted as master of ceremonies Father Purcell gave the toast to the bride in which the groom ably responded.

After the reception, the guests went to the home of the bride's parents, where the bride and groom opened their wedding gifts

On Sunday they left for Toronto where Paul is presently attending the University of Toronto.

Ministik news briefs

(Mrs. Jim Raddich)

MINISTIK — There was keen competition when 42 rinks from several town and country points met last week in Tofield for the open bonspiel The two regular rinks from the Ministik district didn't make much showing in the competition but Russell Hourland's rink, with team mates Niel and Wes Waters and Ron Guggemos came second in the 4th event.

Grace Swobey is a patient in the Royal Alexandra Hospital in Edmonton

Mrs. Helen Hennessy is also a patient in the Royal Alexandra Hospital having had a severe case of the flu which developed into pneumonia.

Mr. and Mrs. Phillip Montgomery and children were Sunday guests of Mr. and Mrs. Pat Paterson, later being guests of Mr. and Mrs. Claude Leitch.

The dance sponsored by the Community Club was a huge success on Saturday evening So much so that another one is scheduled for Saturday, April 11.

Joe Davenport, who had been a patient in Tofield Hospital, returned home last Tuesday. He says his leg is still sore but otherwise he is as good as new.

Donald Crummel of Calgary spent three days at the weekend visiting relatives and friends and taking in the club dance.

The CWL annual Easter Ham Bingo, which was scheduled for March 21st, is re-scheduled for Friday, March 20th. Lunch will be served by members of the club.

OLD-TIMER PASSES

Another of our Ministik old-timers passed away Monday, March 16, at the age of 90 years. He was Sidney L. Edwards, who came to this district and homesteaded on the land one mile west of where Tom Jones lives in 1914 he purchased the quarter where Jim Holmes now lives from Robert George. He later married Isabella Ferguson and lived on his farm until retiring to the west coast in 1944. After many years there, they returned to Edmonton where they have since lived. Funeral services were held Wednesday, March 18 at 1:30 at Hainstock's Funeral Chapel with burial in Mount Pleasant Cemetery. He is survived by his wife Isabella and many brothers and sisters-in-law, nieces and nephews

LADIES CLUB MEETING

Sixteen members of the Ministik Ladies' Club met on Wednesday afternoon for their March meeting. Mrs. Verden Sears as president and Mrs. Donald Swabey as secretary took their positions after being elected at the February meeting.

In the business session a variety bingo was planned for April 3rd with Mrs. Albert Horricks as convenor. Funds are to go towards the annual summer picnic fund Wheat drives for April 10th and April 24th were also planned, funds to go toward the upkeep of the hall. Mrs. Keith Willams is to be convenor for these Mrs. Claude Leach, Mrs. Ronald Seabey and Mrs. Baden Bowerman enjoyed March birthdays and were recipients of a lovely birthday card each and a box of chocolates Hostesses for lunch were Mrs. Frank Seabey, Mrs. Les Whitford and Mrs. Baden Bowerman.

(Meant for Last Week)

There was a fine attendance at the United Church on Sunday when a communion service was conducted by Rev. Bell. Christian United Church, also later from Sherwood Park.

Joe Davenport is progressing very well in Tofield Hospital and hopes to be home soon.

THE MODEL FATHER

If you have done just enough reading of psychology books to confuse you, you might be interested in the following theory.

"If God is our Father, He is the perfect father Whatever qualities of relationship He established between Himself and His children would have to be a perfect system".

First of all God set down some rules — the **ten commandments.** They were definite and specific rules. They didn't say perhaps, or maybe or won't you please. They said, "Thou Shalt Not". And after you've read the rules you know exactly what you can and can't do.

There's no bedtime and the rules don't change from day to day. They are firm and constant.

In most of our homes there are lots of inconsistencies in the giving out of rules and orders. Sometimes we are firm about them, other times we relax. Sometimes punishment is passed out, sometimes it isn't, depending pretty much on how we feel So here is the place for **Rule Number One:** Establish a specific list of regulations. There shouldn't be too many; every one should be related to something important everyone should understand they are to be obeyed.

Then there is the matter of punishment. God is very definite about this, too! If you break the rules you are punished. The punishment isn't promised in a sense of anger, but it is an example of God's justice. But, God forgives, too if you are truly sorry about having broken a rule and if you make up your mind to obey the rules again.

Using this as an example, we should learn to wait a while before passing out punishment so that we can be sure about it instead of angry. Of course every small children must be taught the wrongs they have done immediately! Forgiveness should be a part of the plan, too, on the same conditions that God applies.

God calls for respect in His commandments and He also tells us to respect our parents So a few rules regarding respect would be in order. Things like good manners have faded out of a lot of family lives.

Of course the largest thing about God's system isn't the rules but it's the fact that God's book is full of love and God rules His home with love Of course love is something you can't legislate. You can't make a rule that says one has has to love the other The solution may be to sit down with the children and explain the whole thing very carefully. They will especially like the thought that you did this because you loved them and will try to show they want to especially with you because they love you.

Children are extremely sensitive to love and even sense it much more carefully than can we adults. When their actions are motivated by love, they are easy children to handle and delightful to be with. But they cannot be motivated by love unless you are

If you want to know real love in your family life, realize the fact that juvenile delinquency is caused by parental delinquency is caused.

Tofield clergyman passes in Victoria

Rev. Walter Hammett, 76, retired Anglican priest, whose last parish was in Tofield died March 5 in a hospital at Victoria, B.C. Born in New York, Mr. Hammett grew up in Gloucester, Nova Scotia, and moved to Winnipeg shortly before the First World War. During the war he served with the medical corps in France

On his return to Canada he worked with Windsor Coal Co. in Winnipeg before being transferred to their mine at Foothills on the Coal Branch, where he was assistant general manager until his retirement. He then moved to Edmonton, where he worked for two years at the Anglican Synod Office. This was the beginning of a second career, and he was ordained into the Anglican ministry in Edmonton and served in Holy Trinity parish in Tofield from September 1960 to June 1967, when poor health forced his retirement, and he moved to Victoria

Mr. Hammett was predeceased by his first wife, Violet, in April 1962. He married Mrs. Mae Weary of Winnipeg in July 1964, who survives him. Also surviving are three daughters, Lois (Mrs. Larry Webster) of Trail, B.C., Marjorie (Mrs. Rev. A. G. Hooper), and Joan (Mrs. Tom Ratchford) of Kenora, Ontario, and four grandchildren

A memorial service was held in Victoria, with funeral services and burial in Winnipeg. A memorial service was held in All Saints Cathedral, Edmonton, on March 12.

Legislative report...

A. W. Gordey, M.L.A.
Vegreville - Bruce

Recently, I have been questioned quite often regarding the power rate increase by the Canadian Utilities Ltd., and how the whole situation stands at the present time.

Contrary to the common belief that this matter came up just recently, the application of the Power Company to the Public Utilities Board was served as far back as March 3rd, 1969. The Board held a short preliminary hearing on March 18th, and set the date for dealing with the terms of the application for the first week in June and the last week in July. This hearing was concluded on July 29th and a date was set to hear representations during the middle of October.

At the October hearing 3 (smaller) cities were represented, 11 towns and communities, 3 counties, Alberta Union of Rural Electrification Association, and the Farmers Union of Alberta. At this time also one of the REA's wrote to me to register their protest against any power increases. I gladly complied with their request, and made their objection in writing, through the Power Commission, where I made a personal appearance on their behalf.

Under Section 81, (2) and (3) of the Public Utilities Board Act, the Board is required to fix "just and reasonable" rates; to determine a rate base for the property of a public utility which is used in the service of the public, and to fix a fair rate of return

Upon the evidence submitted at this hearing, the Board determined that 8% would be a fair rate of return for the Canadian Utilities Ltd. In approving this rate, such factors were taken into account as, problems of inflation, increased cost of labor and materials, increased demands for electrical energy, depreciation, and several others. It also came out in the hearing that the Canadian Utilities Ltd., in its over forty years of operation, this was the first time that it had made an application to the Board for the revision of its rates. During these years it had made several reductions, the last of which was in 1964 and 1965.

This hearing was concluded October 16th, and the Company was now able to file a new schedule of proposed rates in order to obtain the additional revenue required. It came out with this new schedule of increased rates in December.

The Board did not readily approve the presented increased rates, but granted an interim increase pending further submissions, hearings, and objections to the proposed rates. This was done upon an agreement that if the results of the hearings do not support the new rates, the funds received from the interims increases will be refunded back to the customers. These interim rates were made effective December 17, 1969.

Further hearings in this matter took place during the first week in February 1970, and will reconvene on March 31 to hear further presentations until all the disbursements are made, and given due consideration.

The Public Utility Board is a board of three members appointed by the Lieut. Governor in Council for the main purpose of setting rates of a great variety of public utilities, such as, gas, telephone, electric power, water, transportation, pipe lines, and many such others. Most provincial governments have Public Utility Boards because this has proven to be the best way in the interest of the public to handle a great variety of services to the people by many types of public companies or other concerns. For this reason these boards are given rather wide powers under the Act to carry investigations, hold hearings, settle disputes, set prices of expropriations, and many other such matters in their duty to make fair decisions where the public and any utility service is in question.

In the matter of the present dispute over the increased power rates, it is most unfortunate that the utility company has decided on such a large increase in rates this year—when the farmers and the smaller businesses in many towns and villages are finding themselves in a straight-jacket of economic and financial problems—worst since the years of depression.

Great amount of discretion, fairness, good diplomacy and justice should be employed on the part of all concerned to arrive at an equitable solution to this serious problem which will affect so many people in various parts of this province

Former Tofield man passes in McBride

David Alexander Pacterson, former resident of Tofield passed away quietly in the McBride, B.C. Hospital Wednesday morning, March 4, following a short illness.

Mr. Patterson was born July 16, 1885, in Dublin, Ireland At seventeen he immigrated to Western Canada where he got his first experience at farm life.

In 1911 he met and married the former Susie Phillips of Sampsonton (now Madden), Alberta. Shortly after their marriage they moved to Oregon but soon returned to Canada to settle on a farm in Southwest Saskatchewan. Their next move, five years later, brought them to the Blackfalds, Alberta area. Illness forced an early retirement in 1942 and following the sale of the farm east of Black falds, they moved to College Heights, Alberta.

When his son Clifford took over the newspaper at Tofield in 1952, Mr. Patterson joined him as bookkeeper and proofreader. He also served as Justice of the Peace for the town of Tofield. After the sale of the newspaper in 1961 he again retired, this time to be near his daughter Kilsea Willinger, at Lamming Mills, B.C. However he didn't really retire for he soon became the Lamming Mills correspondent for the local paper as well as secretary of the local Dorcas and Welfare Association.

Mr. Patterson was an active member of the Seventh-Day Adventist Church and in several communities he served as church elder. Besides his many other activities he has become known for his poetry and has published three books of his poems.

Besides his wife he leaves to mourn, four sons, Rube t, and Phillip of Berrien Springs, Michigan, Francis of Peters burg, Michigan, and Clifford of Oshawa, Ontario; two daughters, Sadie (Mrs. R. W. Brown) of Oshawa, Ontario, and Kilsea (Mrs. Frank Willinger) of Lamming Mills, B.C.; eighteen grandchildren and nine great-grandchildren, as well as a host of friends.

Funeral services, conducted by Pastor Robert Burton of Prince George, B.C., were held from the SDA Church at Lamming Mills, Monday afternoon, March 9th.

Interment was in the McBride cemetery. Those attending the funeral from distant parts included Mr. and Mrs. Robert Patterson, Mr. and Mrs. Francis Patterson, and Mr. and Mrs. Philip Patterson, all of Michigan; Mr. and Mrs. Clifford Patterson, Mrs. R. W. Brown and Miss Barbara Willinger, all of Oshawa, Ontario; Mrs. Sylvia Walker of Calgary; Mrs. Anna Wagner of Glendale, Calif., and Allen Willinger of Williams Lake, B.C.

IN MEMORIAM

HUTTER—In loving memory of Harold James Hutter, who passed away March 22, 1968:

We think of you dear Harold,
As we have done so often,
And feel once more the sudden pain
That does not seem to soften.
There was no time for a last farewell
Not even for good-bye;
You were gone before we knew,
And so we God know why
It is only Love's little space
To write how much we miss you
But it could take the rest of our lives
To fathom the day we lost you
—Loving memories shared and fondly missed by Dad, Mother, Sisters and Brothers.

Holden Pee Wees will host tournament

by Ruth Davick

Holden and Tofield will meet for the championship of the Pee Wee Hockey League Holden gained a berth in the finals by stopping Ryley 6-5 in overtime on Saturday in Holden

Ryley was forced to come from behind all through the game and tied the score at 4-4 with less than two minutes left in regulation time. Holden scored early in the overtime session, but Ryley came back again with the tying goal with only thirty seconds left

In sudden-death overtime, both teams battled an even terms, with checking being quite close until Holden banged in the winning goal near the 15 minute mark.

No dates were announced for the finals.

Inferno demolishes Bethlehem Lutheran

A fire of undetermined origin completely destroyed the Bethlehem Lutheran Church early last Friday morning. Situated ten miles north of Camrose, the building had long been a landmark in the Duhamel district.

The fire was noticed about 5 a.m. by a neighbor who had noted a glow in the sky. Lawrence Hendrickson chairman of the Bethlehem congregation was notified. He contacted the Camrose Fire Department who responded quickly to the alarm, but the fire had progressed too far to be halted.

The congregational church board met later in the morning, coming to the decision that regular worship services will be held in homes until other arrangements can be made. A congregational meeting has been called for Wednesday, March 25, 8:30 p.m. at the Clarence Krueger residence, to determine the course of action to be taken. All members of the community interested in the Bethlehem congregation and Sunday School are requested to be present.

The congregation was organized in 1905 with the church building erected and dedicated in 1910. Throughout the years,

THE FUTURE

Dear Editor

You often hear from we in our second "childhood", "youth of today lack initiative and will to 'do-it-yourself'". Now, since I moved to town it seems that there have been but few days that I did not hear from some youth. Where can I get something to do but walk the streets" Time and again this winter I have seen boys cleaning ice on the skating rink that they and others might play

I read Dr. McClure, moderator of United Church of Canada "We have our place, organs and our rock piles, could it be that we should exchange some of our real estate for the development of our youth" And I remembered that the old covered hockey rink in Tofield is now converted to a church

Years ago in Lakeshore we had two basketball courts, one for the boys and one for the girls, and a nice baseball park on a hard pan field good for little and not for the big baseball field was cleared in an effort to raise more grain

There was a band of the town and a community hall

Not most of the town activities had a touch of some sort on at least once a week the hall was in use for this and that activities to many of us here today in the district of Tofield were a direct result of these early activities

But now it seems all we have to do is sit and watch the world go by on TV

Is this the future of our youth? Is this the future of our town? Is this the future of our country?

Are we of Tofield going to get on the band wagon?

Geo G Abernethy.

All of us could possibly use" The problem of the future is to furnish recreational facilities for those who are not at work.

Kierans Cabinet crisis

OTTAWA, March 25. — Prime Minister Pierre Trudeau must appreciate how his predecessor L. B. (Mike) Pearson felt when he endeavored to lead a cabinet that produced many ruts and rows.

More and more is the present cabinet beginning to behave and perform like the old Pearson establishment that attempted to govern Canada. Frequently the pilot of those days had to cling desperately at the wheel as waves generated by the storms that broke over his head almost wash-

ed Mr. Pearson overboard.

Resolutely Mr. Trudeau has been riding out storms that appear to be occurring in Ottawa with more frequency. His retort in newspapermen who interviewed him in the government lobby in mid-March, after rumors began to fly that Communications Minister Eric Kierans had quit, was an insinuation that all is not well.

Newsmen asked him if he had requested Mr. Kierans' resignation over the failure to bring peace and an end to the Montreal postal strike and labour disputes. Mr. Trudeau replied wryly that if he merited the resignations of every minister who got into difficulties he would be none all alone in the cabinet.

The reporters missed their chance. Had they re-phrased the question and enquired if Mr. Kierans had resigned they might have learned more.

The Communications Minister and Postmaster General had indeed presented his resignation to Mr. Trudeau. It was tying on the Prime Minister's desk. An emergency session of cabinet was summoned to deal with the situation.

Mr. Trudeau announced a typical Liberal compromise to stave off more trouble within the cabinet. He announced the decision to appoint a one-man commission in the person of Carl Goldenberg of Montreal. The Quebec lawyer has earned an excellent reputation as a labour trouble-shooter. He will examine the chaotic postal situation in Montreal and try to come up with a formula that will restore the postal service and at the same time keep the cabinet intact.

Mr. Kierans' handling of the postal mess in Montreal caused a deep rift in the cabinet. Labour Minister Bryce Mackasey who also comes from Montreal was clearly unhappy with Mr. Kierans' handling of the postal crisis. Mr. Mackasey had earlier made a deal with the postal unions which might be made on it and how to meet them. And surely it could be expected, when rate increases act ually were essential, to come up with a set of proposals which could be defended even against the most ardent exponent of s cialization.

While the easing of rates may be welcomed by customers all over, it does little to build confidence in the concept that the company knows what its doing.

"IT'S MY TURN TO PICKET SO YOU FEED AND BATH THE CHILDREN ROONEY"

Widening the gap

Surely the image of the private utility took another plunge to a new low this week, when Canadian Utilities reported it was amending its request for a rate increase, and offering lower rates, not announced, than the 17 percent increase it had earlier requested of the Public Utilities Commission.

The almost universal opposition in the North Country which was to bear the brunt of the requested increases must surely have struck home. And the move may possibly be only a temporary stratagem, waiting a propitious time for a follow-up.

To give CU its due, it held rates level over a period of substantial inflation, and actually reduced rates twice, although this latter was probably occasioned by the requirement of not earning too large a profit. On the other hand, this is no backyard operation. It's a modern, sophisticated, well run business in most aspects, and surely it could be faulted for not seeing beyond the page of the calendar currently hanging on the wall. Surely it could be expected to do more long-range forecasting than just the demands which might be made on it and how to meet them. And surely it could be expected, when rate increases act ually were essential, to come up with a set of proposals which could be defended even against the most ardent exponent of s cialization.

While the easing of rates may be welcomed by customers all over, it does little to build confidence in the concept that the company knows what its doing.

March

Following the wild swings of weather yesterday, which saw driving winds plug roads with blowing snow, only to switch around a few hours later and drive away the clouds which observed the mairzy sun, we can sympathize with the writer in The Montreal Star who wrote last week that March is a capricious month. It plays tricks on everyone, he said. The countryman who goes out one day to tap the maples may be fared next day by a blizzard. The weatherman finds his chief interpretations have a habit of getting mixed up.

Skiers discover that a snowfall in the valley is not a guarantee of snowy slopes. They may have been swept bare. A daytime of mud and slush may mean a frozen mass by midnight. Pussywillows appear in snowstorms. A street game of hopscotch on bare pavement can be hailed out.

But March is filled with promising signs. A person doesn't have to be an ornithologist to recognize the increasing bird population. Green grass fringes are appearing. Buds swell and barring

No matter what March does in the way of weather, there's no denying the feel of spring. Absent all else, March cannot resist the clock and the equinox. Those factors are even now hastening new life in the earth for the new season.

Pretty girls make a good news picture anytime but two girls petting a tiger is unusual. Genghis, a five-year-old Bengal tiger will be one of the attractions at the Edmonton Boat, Trailer and Sport Show, April 15 to 19. This animal weighs 400 pounds and is one of the 1200 wild animals trained for the movies and television by Gene Hatter. She has appeared in many wild animal shows. Genghis is listed as a wrestling tiger and will take on all comers at the Edmonton show.

NFU holds regular meet

Local 701 of the National Farmers' Union held their regular meeting at the Chipman National Hall on Friday, March 20. Approximately 125 members and visitors braved near-blizzard conditions to attend.

Lloyd Sereda, president, chaired the meeting. Committee chairmen Marshal Chmilar, Clarence Zelesy, Marcy Sereda, Ed Perfak, and William Dascavich presented their reports.

Orest Farrim of Vegreville, president of Local 714, reported on collective bargaining activities being carried out in liason with adjoining locals.

Maurice Letourneau, district organizer, explained the objectives of the NFU rally to be held in Edmonton on March 31, at which four Alberta representatives will be elected to the National Board.

Nick Seniuk acted as secretary. Other executive members were Sam W. Chmilar, vice-president, Albert J. Hennig and Adolph Frebrowski.

Recreation Ramblings

by H. T. Hartwig

The Beaver Regional Recreation Board will, sometime in the next several months, be applying for a capital grant from the Department of Youth. There are several things which must be done before the grant can be received. First, steps must be taken to survey all existing facilities within the county which can be used for recreation programming. This includes playgrounds, sports fields, rinks, arenas, church halls, curling halls, unoccupied buildings, public or municipally-owned land, schools, etc. Based on the survey, decisions will have to be made as a local level establishing priorities for developmental. From the local level, the priorities go to the Regional Board where another priority schedule is set up. A cost analysis is then done, plans are drawn up and sent into the Department along with a preliminary application for the grant. The final step, after receiving approval from the province, is to let tenders and contracts and submit the final grant application.

Since the maximum grant allowable is based on a per capita basis, the Regional Board is not planning any new building, but is looking towards the upgrading, further development or final completion of existing facilities. By going into new facilities, for example, arena or swimming pool, the entire recreation movement in Beaver will be deep in the red before it has a chance to work.

Some of the projects which have been mentioned, and which are within the grant limits are, upgrading of sports fields, hard surfacing of skating rinks, development of playgrounds, additions to community halls, etc. I would estimate that a two year minimum period will be required to develop any large range of recreation programming and within that time, anything sponsored can be housed adequately within the facilities already existing.

Next week I want to do a writeup on how to obtain large, permanent arts and crafts equipment through the Arts and Crafts Division's Equipment Loan Contract and perhaps mention a few things regarding co-operation between schools and the recreation boards.

Future bride honored with shower

(Mrs. G. H. Taylor)

Saturday evening, March 14th, a large crowd met in the home of the United Church to honor Miss Linda Mae Budd, only daughter of Mr and Mrs. Bruce Budd of Holden, whose marriage to Kenneth C. May will take place on Tuesday, March 31st.

The room had been [illegible] decorated in pink and white by Mrs. June Cooper, with white candles and white bride and groom being the head table. The committees in charge of the entertainment and lunch were Mesdames Pearl Allan, Doris Good, Jack Grace Appleby, June Cooper, Olive Good, Hazel Armstrong and Doris Hamelink.

On entering the room, the ladies present all sang "For she's a jolly good fellow", then Mesdames Allan and Grace Appleby seated seated on the bride-to-be and her mother, Mrs. Budd.

Seated at the head table with the guest of honor and her mother were Mrs. Grace Appleby and the two bridesmaids Miss Vivian Hamelink and Miss Barbara Budd.

PAYMENT EQUALIZATION PLAN
Our PAYMENT EQUALIZATION PLAN provides a convenient method of paying your regular monthly gas bill in equal installments during the year. Under this plan, your gas bill payments never vary. Your annual gas consumption is calculated, the total cost divided by 12, and you pay this amount each month — building up a reserve in summer for the higher bills of winter. Actual consumption is of course recorded monthly, and noted on your bill — and adjustment to actual consumption is made every 12 months. It is available to all customers on request. May is the month such regular payments normally are started — so we invite interested customers to contact us now.

Final rites are held for Allan Hultholm

Allan William Hultholm passed away at Camrose on February 25, at the age of 33 years. He was born at Ryley on May 17, 1936 and was baptized in the Ryley Lutheran Church. When only five years old, he moved with his parents to Holden, where he received his schooling. He was also confirmed in the Holden Lutheran Church. On July 4th, 1953, he married Alice Irene Lee of Camrose and to this union two children were born, Kevin and Brenda. At the time of his passing, he was in business with Cranford Motors as Sales Manager. He was a member of the Lions Club, and a past member of the Camrose Fire Dept.

He leaves to mourn his passing; his wife, Alice; one son, Kevin and one daughter, Brenda; his parents, Mr. and Mrs. Algot Hultholm; one brother, Donald of Holden; one sister, Mrs. Otis Philips of Ryley; three nephews and one niece; his grandmother, Mrs. William Hultholm, in Finland; several aunts, uncles, cousins and a host of other relatives and friends.

Funeral service was held at the Messiah Lutheran Church on Wednesday, February 25 at 2:00 p.m., with Rev. C Koppang officiating. Interment took place in the Camrose Cemetery. Honorary pallbearers were G. Crawford, Wes Sharp, Fred Knipe, Lyle Affleck, Lorne Bryon, Clare Rudosky and Merv Ogden. Pallbearers were Lynn Thornbert, Herb Hak, Lloyd Chapman, Henry Nordstrom, Jim Christianson, and Lawrence Hultgren. Hoeland Funeral Home was in charge of arrangements.

How did those six Sioux get on our beer label? (Six? Count 'em. Six.) To say nothing of three crows. And a Humpmobile. And twenty-nine trees. And our House of Lethbridge. How? Frankly, we don't remember. It all happened many moons ago. But one thing's certain: we'll never change our label. Or the great beer behind it. In Lethbridge, we go right on brewing it the slow, natural way, for real flavour. We have spoken.

Q. My wife's cousin is to be married soon, and we should like to give her a cheque for a wedding gift. Do we properly hand this to her at the wedding reception?

A. Indeed not! This would be in extremely poor taste. Correctly, you mail your cheque to the bride soon after receipt of your wedding invitation.

Report from Parliament Hill

by Donald F. Macaulay, M.P.

Finance Minister Benson unveiled his Budget last Thursday, and the Commons is presently engaged in debating the pros and cons of the document. It is generally acknowledged that it is a "nothing" Budget.

Mr. Diefenbaker ably described it by applying the words of Abraham Lincoln in the year 1858 when he described a budget by saying "It was as thin as the homeopathic soup that was made by boiling the shadow of a pigeon that has starved to death"

Mr. Benson has projected revenues for this year at $18.15 billion and expenditures of $18.8 billion, with a resultant surplus of $250 million. This represents an increase in excess of 100 per cent in budgetary estimates during the past ten years when governmental expenditures amounted to $8 billion in the fiscal year 1959-60.

Much of the criticism is being levelled at the government for its lack of consideration towards those on Old Age Pension and those on fixed incomes. Prior to the Budget speech it was rumoured by Senator Croll, the Chairman of the Senate Committee on Poverty, that total old age benefits would be increased to $1,500, which would have generally won unanimous support. However, the Finance Minister casually disregarded this assertion by suggesting that this was a matter for the Minister of Health and Welfare to consider.

The aged are not the only segment in our society who have been overlooked in this Budget. Certainly they are the victims most affected by the pressing and surrounding problems of inflation and the ever increasing cost of living. However, the future in industry, in labour and agriculture looks rather bleak as well. The Minister readily acknowledged the build-up of inventories—the fall in corporate profits—the decline of housing starts and a general slowing of the economy, particularly in the 1st quarter. He also pointed out that profits are "like" (to estimate) fall further in real dollar and per unit of output. He also acknowledged the fact that his government's efforts to curb and control inflation have failed, when he stated that "There has been no slowing down in the rate of increase of prices, wages and other incomes". He further acknowledged that the slowing down in real growth has not yet reduced inflation. In other words, the anti-inflationary war and the so-called policy of restraint has failed.

The Minister of Finances further acknowledged that employment will not rise at the rate similar to last year and the prospects of unemployment are definitely to rise rather than decrease.

In assessing the effects of this Budget and the Burkett of seven years of Liberal administration we can readily state that in the second year of a so-called just society we have the highest spending, the highest cost of living, the highest unemployment, the highest taxes, the highest accumulation of unsold wheat, the highest neglect towards the Prairie provinces and certainly the highest disregard for our veterans and old age pensioners.

Agriculture Minister Olson introduced legislation this week which will give the Cabinet sweeping powers in regulating the interprovincial and export flow of a wide variety of Canadian agriculture products.

This legislation will give the Cabinet power to create national farm products marketing agencies for individual commodities. Such agencies will have a wide range of responsibilities ranging from selling and pricing to transporting and storing. It also provides for the establishment of a national products marketing council which will oversee the operations of the respective agencies. Further powers authorize for the appointment of inspectors who will have the authority to examine books and documents of farmers. Any farmer who fails to comply with the regulations established by the marketing agency will be liable to a prison term of up to two years.

Other powers include the provision to determine the quantity, the price and the place at which a regulated commodity, and the variety, class or grade, which may be marketed interprovincially or exported. These agencies will, in addition, have the power to collect or levy charges to defray the operational costs of the agency, and provide for the operation of pool accounts wherein farmers will receive initial, interim and final payments.

As these proposals offer sweeping changes and place the emphasis on production control, rather than effective marketing measures, I am sure all farmers will be vitally affected. I would very much appreciate and welcome any comments or reactions which, I am sure, many will have on this program.

New Passport Service Gets MP's Off the Hook

A travel bureau in Ottawa has started Ottawa's first 24-hour passport service. Notices have been sent to more than 400 Canadian Travel agents offering to have passport applications processed within 24 hours for a fee of $5 per passport, plus the $10 fee for the government passport office.

R. M. Allan president of Allan's Travel Service in the capital says his plan has been given "the blessing of the passport office. We're getting the rush jobs out of their hair."

In addition the plan spares the passport office from MP's secretaries who expect same-day service for constituents.

Tourist zone to extend boundaries

A small addition of the territory from Lake west and north to the North Saskatchewan River was approved last week at a meeting of the Battle River Tourist Association. Omitting the city of Edmonton, of course, the addition was suggested as a logical move by the provincial tourist association, and recommended to Zone 5 for approval.

During the discussion, it was also suggested that interest had been shown in extending boundaries east of Edmonton, again to the North Saskatchewan River. The territory includes communities such as Lloydminster, Vermilion and Vegreville, but is part of the region which comprises a large number of lakes running a good deal north, and the suggestion was made that the two portions of the area had dissimilar interests. It was agreed to consider the desirability of adding this area, and see if the communities involved would be interested. It was pointed out there are both distinct advantages and disadvantages involved.

One of the major disadvantages was brought out by Leon D'Albertanson of Wainwright, who is chairman of the brochures committee. Mr. D'Albertanson pointed to the fact that two representatives of Reliable Printing at Edmonton were present at the meeting to discuss ideas for printing this year's brochure, but said it's hard to proceed until the boundaries are known.

Addition of the portion we t of Lloydminster would mean little difficulty in covering the map used the past two years, but adding the portion to the East would mean a major redesign of the whole folder.

Representing Reliable Printing, Don Fenner and Lorraine Hutton also presented a proposal for Aftershock and encouraged participating tourism and Bureau of Information. Under this system available [illegible] would be [illegible] Travel Bureau [illegible] Travel Information Centres [illegible] Travel Information Centres [illegible] Travel Information Centres

How did Elephant Brand Dealers get to be Best?
One way of becoming expert at your job is to learn as much as you can about it, and to have the proper equipment to do it. Your Elephant Brand Dealer fits both categories. In regular Elephant Brand Dealer training courses, he's kept up-to-date on the very latest agricultural research and requirements. He's trained to become quick and accurate with his soil sampling, target yield planning, and other vital crop planning and planting information. In addition, he's learned to keep his equipment in top shape, always ready to go for rental or custom spreading.
It doesn't take guesswork to see why so many people in this area depend on their Elephant Brand Dealer. They figure he's the best source of soil fertility advice there is.

The Homemaker

(Continued from Page Three)

for by keeping the self-esteem as high as possible all along the way.

An occasional change of hair style and make-up does more than bring a lift in morale. It helps keep the homebound young wife abreast a changing world so her feel she is part of it, and therefore better able to cope with it.

It is also good for those you love to see you in a new light from time to time. They do sooner or later, anyway, for there comes a day when those adoring youngsters who always thought Mommy was simply Mommy are her as "The fairest mother in camp", or "the only Mother without nail polish", or "The only mother who never gets her hair done in a new way".

A woman, let's face, is happier and pleasanter to be with when she is looking her best.

I wonder if young wives appreciate their right to spend on their looks.

In the budget-balancing years it probably seems more important that Junior should have a new folder for his schoolwork or Daughter should have a new dress than that Mommy should go to the beauty salon for "the works". But whether Mommy knows it or not, she needs from time to time the lift she gets from a beauty treatment. Not just a new hair-do, but the works — having someone giving attention to her, doing things for her. Considering her traits and looks, which is what she is constantly having to do for others

Take advantage of your visit to a salon to ask for advice about new make-up, your eyebrow shape, your skin care. If you need to shed weight, start dieting on the day you set your new look—when your spirits and your will are at their height.

Ring a chance on the woman who gets a new hair-do because she has somewhere to go that evening; to somewhere because you have a new hair-do—perhaps have your husband take you out to dinner or a show. You are then the important factor — as you should be on your day off

Modern etiquette

Q. Is the napkin properly used at the dinner table before drinking from the water glass?
A. Yes. This is one of the napkin's important functions, the idea being that by wiping the lips you avoid the possibility of leaving an unsightly smudge on the edge of your drinking glass

Q. May a son and daughter, both married, properly announce the marriage of their widowed mother?
A. Much better for the mother and her new husband together to issue this announcement.

Q. How long should a guest at a wedding reception pause before each member of the receiving line?
A. Never any longer than just a "pause". To linger in lengthy conversation with any member of the receiving line is extremely inconsiderate of the other guests behind you.

Tofield's Judy Moore is the top 4-H speaker

After winning the 4-H Public Speaking competition in the Tofield Beef Club on March 12, Judy Moore attended the County 4-H Public Speaking competition at Viking on April 1, along with Lyle Hesberg who had won second in the Tofield 4-H Beef Club.

They competed against 12 other 4-H Club members from the County of Beaver and again came out on top, winning 1st and 2nd. This gives them the opportunity to compete in the District Speakoffs to be held in Wainwright on April 17, representing the County of Beaver.

The district takes in all the counties in North Eastern Alberta. These members must have a prepared speech of 4 to 6 minutes in length and a topic of their own choosing. Judy had a topic, "What Is The Answer" Lyle's topic is "Stop Pest". Then they must give a one to two minute talk on a topic given them. They have one minute to think about this topic from the time they are given it until they start their talk.

Public Speaking is one of the highlights in the 4-H program and, educationally, any one participating gets a great deal from this.

Unifarm plans convention

Unifarm will hold its District 'County of Beaver' Convention on Monday, April 20, at the Holden Community Hall.

The role of direct membership and co-ops in commodity groups will be explained

The Convention will commence at 10 00 o'clock in the morning and run through until completion at 4:00 o'clock in the afternoon.

Holden 4-H has meeting

The Holden 4-H Beef Club was called to order on March 19, at the Holden School Gymnasium.

Billy Sheba led the pledge Following this each member gave there future occupation for roll call

It was decided to have a calf tour and judging competition at Mr. Grinde's on April 2

Public speaking was held. Winners were 1st. David Stuart, 2nd. Elzar Grinde. Judges were Mrs P. Allen, Mr. John Moore and Mr Herb Hartwick Lunch was served.

Curlers near season's end

The curling season for 1969-70 will end on Saturday as the Tofield Curling Club winds up its Friendship Bonspiel.

Twenty-four rinks entered the spiel, which began earlier this week.

The club will officially call it a season on Saturday, April 11, when the trophies for all the leagues will be presented. Also included on the evening's program will be turkey and ham shoot.

Tofield's 100-Club shows good receipts

So far this year, the Community League 100-Club has shown receipts of $1,700. This good news was announced at the regular April meeting of the Community League held on Tuesday in the Community Centre, with 14 members present.

The president, Bert Everitt, having been detained, the first part of the meeting was chaired by Bill Christensen.

Also in connection with the 100-Club it was announced that the most recent winner was J. B. Baergen, manager of the Tofield Co-op

Since this year, the Tofield Gymkhana Club will be active participants in the League's annual Dominion Day celebrations, the condition of the exhibition grounds and possible changes to accommodate the Gymkhana members came up for discussion.

Because several organizations use the exhibition grounds for different purposes, it was decided to call a meeting of representatives of these organizations on Wednesday, April 15, in the Community Centre at 8 00 p.m. The groups affected are; the Lions' Club, the 4-H Club, the Gymkhana Club, the Recreation Board, the Community League, and the Tofield Town Council This committee will compile the list of requirements desired by the various activities.

On April 18, the League is sponsoring its second Family Night Music will be supplied by five local orchestras—The Country Cousins, The Travellers, Jenner, Timberwolves, and Herman Lawson Admission will be $1 00 per couple and lunches will be sold by the C. G. I. T. Harold Sebulta will be master of ceremonies.

On April 22, a Variety Bingo will be held. League members in charge are J. B. Baergen and Bert Everitt. The March bingo netted over $100.

The Theatre report by Jack Whyte showed an increase in receipts per show since the new year.

ARENA NEEDED

Tofield, Alta.

Dear Sir:

The Tofield Senior Hockey Club is only about three months old, they haven't got any uniforms, they don't have a league to play in, and now they don't even have say ice. It would look like they haven't really done anything at all.

But before you start jumping to conclusions, you had better take a closer look at the situation. The fact is they have been a very busy group of men. Their aim is not just to have a little fun playing hockey themselves, but to add what they can to develope all types of junior and senior sports in Tofield. How can they do that?

Through the promotion of a covered arena which carries with it a price tag of about $50,000. But how can Tofield finance such a project? It won't be easy- hard work and lots of patience are the only answer.

There are grants available from the various governments to help communities, such as Tofield, carry the burdens of such expensive projects, HOWEVER, it is expected by these governments that only those communities that show a definite desire to help themselves in turn will be assisted. So, if we want to take advantage of this public money—the money that all taxpayers pay so that other communities may benefit—now is the time to put one foot forward.

The Tofield Lions Club have given the project an excellent launching and have collected pledged donations of nearly $20,000 to be paid over a three year period. But now it is time for the rest of our community to lend a hand. Almost every organization that we have will, at one time or another, wish to use such a building. The hockey club would like to extend an invitation to all of these groups to join them in this community development project.

To show that they mean to start some action, they are finalizing plans for a community auction sale, to be held May 2nd in Tofield. Already donations appear to be very generous and well varied.

If you have anything at all that you feel would be of more use to you as a donation towards an arena for Tofield, please phone 662-2173 or 662-3277. Arrangements will be made to pick up all donations.

Laurie Wentzell.

WHAT IS TRUTH?

Tofield, Alta.

Dear Sir:

When we speak of the rising costs of living, many of our urban friends feel that the farmer is getting the better of the deal. As for example, we read that the hog prices are $38.00 per hundred and that a select hog weighs 220 pounds, but, they do not know that all that the farmer gets is $61.20 without the premium.

Now, his wife goes shopping and she reads an advertisement, of a certain store, "owing to our efficient management and merchandising from production to the counter our patrons are getting outstanding savings", and at the counter she pays $1.25 per pound for pork, finding that the price is up some cents from the week before.

At another counter she buys some tools for her husband, a pair of shoes for her daughter and another pair for her son and notices that she paid XY% more than she paid a year ago for Christmas.

Arriving home, she turns on the radio and when she hears some valuable politician loudly proclaiming that they were preventing consumer's prices from rising and lowering the costs of living, she collapses on the floor beside the chesterfield, and when she comes to, her hand closes on an old paper and on the front page she sees an article by the same politician making the same claims just as dogmatically two or three years before.

When I was a boy I was taught that "A truth told with intent to deceive was a lie".

There is a lie in the above and I leave it to you to find, and decide who is the prevaricator.

George G. Abercrombie.

CENTRALIZATION IS OUT

Paradise Valley, Alberta,
April 1, 1970.

Tofield Mercury,
Tofield, Alberta.

Dear Sir:

Centralization of schools is an out-of-date policy.

In January of 1969 the Hon. Perren Baker, then Minister of Education, published a paper called "Rural Education in Alberta". In this paper he outlined the problems of rural education as he saw them, and suggested the system of school divisions which came into effect in the 1950's.

The paper became, with some changes, government policy. It soon became apparent that centralization of schools was to be the policy and centralization has remained government policy ever since, one could almost say the only government policy on education in rural Alberta.

We all know the story. It was "Class and bus". At first the rural schools were closed. Then rural centralizations were closed. Now it appears to be the policy where our village schools are concerned. It has made no difference how well a school or centralization was operated. If it didn't fit the departmental pattern it was "Close and bus".

No one has spoken for the children. In counting dollars and subjects the children have been forgotten. Today in many corners of our province we have grade one students who put in a longer

ALL-RISK CROP INSURANCE
BELOW COST Insurance for Alberta Farmers

Protection for your major crops against ALL natural hazards beyond your control — including drought, excessive moisture, hail, plant disease, insect pests, wildlife, frost, wind, snow, and fire caused by lightning.

One "Blanket Policy" covers ALL risks

- Insurable crops are — spring wheat, oats, barley and rapeseed. Mixed grains may be included
- Premiums are set for individual districts — and for individual farms.
- Your benefits are based on your own losses — not on average losses in your area.
- Discounts from premiums are allowed for good farming methods, larger acreage insured, and low-loss records.
- Farmers taking crop insurance are exempt from one-per-cent P.F.A.A. levy on ALL grain deliveries during the insured crop year, or years.
- This is "below cost" insurance. 25% of your premium is paid by the federal government, and all administration costs are shared by the federal and provincial governments.

Last year over 16,000 farmers had $56 million protection on their grain crops, and loss payments will total between five and six million dollars — nearly double the farmers' premiums.

Protect YOUR investment with All-Risk Crop Insurance — a sound programme for the business-minded farmer.

DEADLINE FOR APPLICATIONS IS APRIL 30th

HOW BEAUTY CARE CAN RAISE YOUR MORALE (Part 2)

What hints should women take to heart?

Perhaps the best advice a woman can be given is this: — If you want a lift to your morale, start from the skin out. Buy new and pretty underthings that make you feel good before you buy the new dress that is simply show-off for others.

— Don't be afraid to say to your hairdresser: "Transform me!" But don't expect her to do her best job on your first visit. She's a beautician — not a magician! It takes her at least two visits to get to know you and your individual cowlick — how your hair grows and how well you can handle it.

— If hair is very long — down to the middle of the back — or if it is quite short, it is easy to care for. It is the in-between length that is a problem. You needn't be conservative. With short hair, you can have a short haircut (even if you need a trim oftener) that will be easy to handle and won't need frequent complicated sets.

— A "straight-hair" permanent will last just as long as a curly one, so don't think you're getting more for your money if you get lots of curl. A "straight-hair" permanent lends itself to attractive styling and will help hold the set between shampoos.

— A good permanent lasts three to four months; don't try to stretch it to six.

— Own more than one lipstick and switch from time to time for the fun of a change.

— Find an attractive scent in toilet water and perfume and use it at bedtime as well as for parties.

— You can be pretty in pin curls — if you wrap your head in a fresh scarf or a piece of tulle. But don't go down town this way.

What Really Keeps That Look of Youth? It seems, too, from what you tell us that some of you do little or nothing about upkeep until everything seems to be collapsing. When should you start planning for good looks that last? Right now, whatever age you are. The round shoulders that put years on a girl in her twenties began perhaps in kindergarten, the coarse skin in the carelessness of the teens. You can't begin too young, and it is never too late to improve.

Exercise — a Fundamental — Put your faith first in the beauty basics — good food, good health, exercise, sun, fun and sleep — all in proper proportion. Reckless its own way, is enormously important — so don't shrug it off as boring old stuff.

Sleep, for example, does far more than give the tax-raveled sleeve of care. For in the hours of deepest sleep, the intricate machinery of the body slows down to a minimum pace, the wearing-out process is retarded, and so for a little while aging almost ceases. As for a well-balanced diet, it may make all the difference in the brightness of your eyes and skin, the beauty of your hair and figure.

But, you say, I'm healthy. I live right; what else can I do? A great deal, as you will realize if you think of the fresh young beauties who fade so early and plain girls who blossom into good looks as their years older.

What you think counts in your looks — The real enemies of youth is excessive mental and physical strain. Fixed habits, fixed opinions, fear of living anything new, the tendency to sit — these are characteristic of age as contrasted to youthful energy, curiosity, lively interests, love of change. Spirit is the quality above all that makes the difference. Never settle into a rut. Keep learning and doing, make the most of your contacts with younger people, weed the old stories and old chats out of your conversation. Hitch your wagon, if not to a star, at least to a breeze, and you'll always seem younger than the years you have lived.

Modern etiquette

By Roberta Lee

Q. Must a businessman, according to the rules of etiquette, introduce all callers to his secretary when her desk is in the same office as his?

A. If the secretary happens to be particularly busy and is paying no attention to the caller, it isn't necessary to break in on her concentration. Otherwise, it is the courteous thing to do.

Q. May I properly have a divorcee as matron-of-honor at my wedding?

A. This would not be in the best of taste.

Q. How are invitations to a cocktail party properly issued — by phone, by written note, or personally?

A. Any one of these methods is perfectly correct for an informal party of this kind.

Q. Is it acceptable to use your fingers as "pushers" at the table to help get a morsel of food onto your fork?

A. Definitely not! Keep your fingers out of your food. The only acceptable "pushers" are a piece of bread or the blade of the knife.

Modern etiquette

Q. Is it proper for a young woman, who has been operating a business under her own name, to continue to use that name after she is married?

A. Quite all right. If her maiden name is important business-wise. Generally speaking, though, the average bride is so happy and proud of her new name she uses it as often as possible.

work day? Is their parents with fewer coffee breaks. The children come to school tired from the long bus ride. What more need a parents say? Tired children can not study well. Yet they are bussed ever longer and longer distances in larger and larger schools.

Why?

Many administrators have mentally established everything beyond the city limits. It has become true in some teachers, too. Not long ago I was at an interprovincial conference of educators. During a coffee break one teacher said "What's the use of educating them anyway? The best I become fishermen and the girls will marry fishermen". An answer came, "And born in Alberta they'll just marry farmers!"

These points were assuming that the purpose of education was to educate the children away from fishing and farming. For what? I ask. For buying and selling only? Almost every issue of a daily or weekly paper contains a statement by a scientist to the effect that our society can have only so much food stored in the earth's surrounding population.

Rural Alberta is going to be here a long time. The present difficult economic conditions will pass and we will need every single person to help us solve the problems that will arise.

The centralization of schools has gone too far, and ought to stop now. It may even be that it should be turned back a little and that schools recently closed should be re-opened. We have reached the point where the closing of schools is going to make it impossible for certain of our communities to exist as communities. This is serious. Our children need communities as much as they need schools. They need the presence and help of friendly interested adults to encourage comment, criticism, and teach them as they grow to maturity.

What of the cost? The money will come from where it has always come. And if more of it has to come from provincial grants, so be it. Rural Alberta has been subsidizing the rest of the province in low food costs for as long as we can remember. Let us ban Alberta and urban Canada, doing very nicely throughout our agricultural crisis pay their share.

If there are problems in education let us seek for solutions. But centralization, a policy for 40 years, has gone too far.

Sincerely
Allen Monaghan

CLARIFICATION

Dear Sir,

I would like to clarify the position of the National Farmers Union with regard to charges that have been levelled at it by some shop keepers in the rural community that the NFU is out to destroy them through the collective bargaining process.

Our aim is to strengthen the economic position of the farmer by reducing corporate profits through collective bargaining.

The rural business community must come to grips with the realization that when there is no money on the farm then there is no money in town.

The fact that many rural business have had to fold up and board up their doors during the past several years is an indication that the rural community is in trouble and that this trouble was evident before the NFU moved in. I want to stress that by strengthening the economic position of the farmer the NFU can reverse or at least stem this trend but it will need the active support of the rural business community in the common objective of reducing corporate profits for our mutual gain.

In the past rural businessmen have generally accepted price increases on farm inputs with a measure of approval because it enabled them to increase their profit margin. This unrealistic attitude has contributed to the present economic difficulty facing farmers and which is reflected in difficulty faced by rural businesses. Corporate profits and expansion on the other hand are at an all time high and lending institutions are having a field day in high interest rates.

Gainful employment have indicated that they plan to move in to rural communities with business, hardening complexes where they will take farmers produce in exchange for any and all goods he requires. This will accomodate his financing needs as well all under one roof and on their terms.

It is any wonder then that they are out to destroy the Canadian Wheat Board and other producer marketing boards that would impede their operations?

I warn these suspect to local businesses with dismay because through this attitude local businesses are allowing themselves to be led lamb to slaughter.

Yours truly,
Wm. Dawatchi, Chairman
Regional Research Committee
National Farmers Union

Beaver Council meets

Following are the minutes, in part, of the regular meeting of the County of Beaver No. 9 Council held on Monday, March 9:

Present were: Crs. Brissard, Gibson, Kasulaitis, Kropielnicki, Johnston, Roddick and Sears; C. Nord, H. Wilke, John Allen and Nestor Semotiuk, representing towns and villages; and Marvin Bruce, superintendent of schools.

The meeting was called in order at 10:00 a.m. by the chairman, Cr. Roddick.

It was moved and carried that the minutes of the meeting of February 9, 1970, be accepted, including the name of Cr. Johnston as present at that meeting.

Business from the Minutes

The question of the purchase of Wallace Myers' bus operation in Viking was discussed. A committee report submitted by Cr. Roddick was presented. The report indicated that the committee consisting of Mr. Bruce, Mr. Reid, Mr. Shibinski, Cr. Kropielnicki, Cr. Knudsden, Cr. Roddick and Mr. Wilke, had met with Mr. Myers in regard to the purchase of his bus operation. The recommendation of this committee was that the County purchase Mr. Myers' operation.

It was moved and carried that the committee report be received, Cr. Bruce and Robert Cross be a committee to discuss the takeover of the operation with Mr. Myers, and to arrange for the transfer of buses to the County.

A letter was read from MEETA advising that they had received our notice of intention to become affiliated with the Association September 1, 1970, and that they would forward a certificate of membership prior to that time.

A letter from the Premier, Mr. Strom, was read in regard to financing arrangements for education in 1970. The letter indicated that the Premier would like to see any saving in school operations as a result of new financing arrangements passed on to the people of the Province.

New Business

A letter from the Department of Youth in relation to Provincial High School Student Council Workshops was read. This letter indicated that they are holding workshops in Edmonton and Calgary for student council members and advisory members.

A letter from the Tofield Launch Club indicated that they had accepted our offer to purchase a bus from us for $250. However, as the County School Committee was taking over Mr. Myers bus operation it was felt that we would not have any buses for sale until after December 31, 1970, as we will require all our buses until that time.

The Secretary-Treasurer advised that he had drawn up a contract for bus drivers, and that this contract had been approved in principle by the Chief Inspector of the Board of Industrial Relations.

It was moved and carried that a meeting of the bus drivers be called, and that the Salary Committee be appointed to negotiate the contract with the bus drivers.

The Secretary-Treasurer advised that a second driver-training program was now being held in Holden School.

Superintendent's Report

It was moved and carried that Mr. Karl-Gerd Lieh be appointed to the Ryley School Staff of the County of Beaver commencing February 16, 1970.

Moved and carried that the following appointments be made to the County of Beaver School Staff: James Douglas Collin, Miss Vivian Diane Carlson, Mrs. Christie Martha Parks.

A financial report was presented on the Zone 3 High School Drama Festival. It was also noted that the County of Beaver's fee of $40 for 1970 was now due.

Moved and carried that the report be accepted, and the fee of $40 be paid.

Mr. Bruce reported briefly on the teacher interviews in Edmonton and Calgary. The interviews in Edmonton had been very good, and the banquet in the evening at the Macdair Hotel with the bursary students had been very satisfactory. He advised that the interviews in Calgary had been below expectations in that the day had been filled by interviews each twenty minutes and that prospects looked very good for the coming year.

It was moved and carried that Tofield School be granted permission to hold a second parent-teacher interview during the spring term.

As there was no further business, it was moved and carried that the meeting adjourn at 5:00 p.m.

County council . . .

(Continued from page 2)

Lowry, Installation and Repair Foreman for Alberta Government Telephones at Vegreville, indicated that an error had been made in the location of request for removal of cable in the Hamlet of Bruce. The request had been in one area which is not served by buried cable, however, the ditching or the excavation was done in a different area which had buried cable and we would be expected to pay for the cost of repairs.

Moved and carried that this query pendence be referred to Cr. Brissard to check.

Correspondence from the Provincial Planning Board advised that conditional approval had been granted to the subdivision of 3.29 acres in the N.E. 36-47-13-W4th as had been approved by the County Council.

A letter from the Provincial Planning Director advised that the application to subdivide 5.19 acres from part of Blocks V and Z, Plan 238 A.P., adjacent to the Town of Tofield had been refused by the Planning Board, and also, correspondence indicated that an appeal had been submitted by the developer and that a public hearing would be held at a later date.

It was moved and carried that the County of Beaver be closed April 20 and 21, 1970.

As there was no further business, it was moved and carried that the meeting adjourn.

ALL-RISK CROP INSURANCE
BELOW COST Insurance for Alberta Farmers

Protection for your major crops against ALL natural hazards beyond your control — including drought, excessive moisture, hail, plant disease, insect pests, wildlife, frost, wind, snow, and fire caused by lightning.

One "Blanket Policy" covers ALL risks

- Insurable crops are — spring wheat, oats, barley, and rapeseed. Mixed grains may be included.
- Premiums are set for individual districts — and for individual farms.
- Your benefits are based on your own losses — not on average losses in your area.
- Discounts from premiums are allowed for good farming methods, larger acreage insured and low-loss records.
- Farmers taking crop insurance are exempted from one-half of P.F.A.A. emergency fee charges during the insured crop years.
- The 50% below-cost insurance premium is paid by the federal government and a corresponding amount is shared by the federal and provincial governments.

Stand back and take a long, hard look...

at what it will mean to you to lose your crops. You know it would take years to recover the losses of one disastrous year. You simply cannot afford to take the chance when you can be PROTECTED FOR ALL RISKS AT FAR BELOW COST

Last year over 8,000 farmers had $50 million in premiums and $25 million in costs and losses met by the insured farmers themselves. Premiums are shared by the federal and provincial governments.

Ross Creek district news briefs

(LS VanBuskirk)

ROSS CREEK — A large crowd of old friends, neighbors and relatives gathered at the Ross Creek Church on Saturday afternoon to honor Mr and Mrs. Bailey Schacher of Edmonton, formerly of this district on their 40th wedding anniversary. Mr. and Mrs. Schacher farmed here for many years before moving to Edmonton, and Mr. Schacher is still seen on his farm almost every day. Among those present were Mr. Schacher's nerves brothers and their wives and his only sister, Mrs. Schacher, a brother and sister and their daughter and son-in-law. Mr and Mrs. Earl Schmidt of Coleman. Their anniversary was on the 9th of April and that evening their family entertained them at a dinner at the Beverly Crest. One daughter, Mrs. Lillian Krenosky of Miami Beach was unable to attend as she phoned them during the evening. They received congratulatory telegrams from Mayor Dent, members of parliament, Premier Strom and Prime Minister Trudeau.

A post nuptial party was held for Mr and Mrs. Barry Rasmussen at the Salman School on April 3rd. On behalf of everyone present they were presented with a dinette suite.

Mr. and Mrs. Wm. Eglinski returned to Williams Lake last week where they attended the wedding of their son Constable Jim Eglinski.

Another wedding of interest took place in Edmonton on Saturday, when Janie Herndon became the bride of Ray Strand quist. Janie is the daughter of Mr and Mrs Ray Herndon who farmed here some years ago. Local folks who attended were Mr. and Mrs. Ralph Cossey and Mr. and Mrs. Maurice VanBuskirk, also Mr and Mrs. Donald VanBuskirk of Strathmore, B.C.

The UCW held their regular meeting on Wednesday afternoon at the home of Mrs. Harry Parrel. The ladies are having a whist drive in the Ross Creek Lower Hall on April 17th with proceeds going to the Intensive Care Unit of the Archer Memorial Hospital at Lamont.

The Malcolm families gather ed at the home of Mr. and Mrs. Bob Ferrel at Sherwood Park to honor Ivan on his birthday. Nine tables of whist were played.

Mr. and Mrs. Donald VanBuskirk and Mr. and Mrs. Maurice VanBuskirk enjoyed a trip to Drayton Valley on Sunday, where they were guests of Mr. and Mrs. Leslie Herndon.

Ministik

(Mrs. Jim Reddish)

MINISTIK—The variety bingo, sponsored by the Ministik Ladies' Club, which was held on April 3rd, was well attended. Proceeds were to be for prizes for the summer picnic to be held in June.

The whist drive that was to be held on April 10th is re-scheduled for April 17th with Mrs. Keith Williams as convenor.

Bruce George of Calgary spent Sunday with his mother, Mrs. S. George. He participated in the Oilmans' Bonspiel held in Edmonton. Mr. George went to Calgary with him on his return to spend a few days. Mrs. Walter George, Mrs. Paul Wens and Donny and Mrs. Jim Reddish went to Calgary on Thursday to Lung her home.

The Community Club dance held on Saturday evening was well attended and all enjoyed a good time.

Mr and Mrs Bill Reddish and Mrs Jim Reddish attended the sportsman show and film called "A Wolf Called Nahanni" by Tommy Tompkins at the Jubilee Auditorium on Wednesday evening. This film was filmed in the wilds of the North West Territories and is well worth anyone's admission to it.

Mr and Mrs. Michael Vasichuk, along with Mr and Mrs Lawrence Gill of Lindbrook were guests of Mrs Sydney Wright in Edmonton on Wednesday evening.

Mr and Mrs George Kleinschroth and Mr and Mrs Alex Kleinschroth motored to Consort on Sunday to visit with Mrs Kleinschroth's brother who is ill.

Mr. and Mrs D. Rabe were hosts to the Community Club on Monday evening. A box hop was planned for Saturday evening April 25th.

Rumanian wheat sale not as represented

. . . says Wheat Board head

A reported opportunity to sell Canadian Wheat to Rumania was not in accord with the story presented claimed W. McNamara, Canadian Wheat Board chief recently, following a good deal of publicity on the matter. Mr. McNamara's statement was reprinted in the current Wheat Pool Budget, but since it is of so much importance to readers in this area, The Canadian is also reprinting it for those who may not have seen it already.

The Wheat Pool publication went on to say that Mr. McNamara's statement by McNamara was long overdue. It will do much to explain the Board's position and will nail a lot of undue criticism to the wall where it belongs.

Mr. McNamara's statement follows:

The Facts of the Case

Premier Thatcher and two of members of the Saskatchewan legislature yesterday made some very serious allegations against the Canadian Wheat Board in connection with an alleged purchase proposal for Canadian wheat by Rumania. These allegations are totally unfounded The facts of the case are as follows:

(a) Mr. Puskas, farmer of Proval, Alberta, recently visited eastern Europe and talked to a number of individuals and organizations about the Canadian wheat situation.

(b) He reported to the Canadian Embassy in Vienna that he had a firm proposal for the purchase of 300,000,000 bushels of Nos. 1, 2 and 3 Manitoba Northern wheat from a Rumanian trading agency.

(c) The Commercial Counsellor of the Canadian Embassy immediately contacted the trading agency concerned, and in company with Mr. Puskas, visited the agency to discuss the report and purchase proposal. He was advised by the general manager that Rumania had no proposal or purchase offer, but if they could get an "interesting" price they would look for re-sale markets.

(d) Mr. Puskas subsequently contacted the Vienna Embassy twice, claiming a firm proposal. The Commercial officer again talked with the general manager who denied any interest in Canadian wheat or any proposal in Mr. Puskas. Subsequently, two members of the Canadian Wheat Board, Mr. G. N. Vogel, Assistant Chief Commissioner, and Mr. C. W. Gibbings, Commissioner, presently in Europe, explored this Sales potential with negotiative results.

(e) Mr. Puskas quoted a price for the top grades of Canadian wheat, on his own initiative, of $1.40 per bushel F.O.B. Montreal, which is from 6c - 8c per bushel below the current asking price at which Canadian wheat is selling internationally in competition with other suppliers.

(f) Rumania is a traditional wheat exporter and has actively competed with Canada for overseas markets. She has NO import requirements, and since 1964 has consistently exported wheat. The trading agency concerned would only be interested in acquiring any quantity of Canadian wheat at a concessional price which it would then attempt to sell in competition with the Canadian Wheat Board and its export agents, and only if our current trading levels were maintained.

POLLUTION!

One of the ever-increasing concerns of our country today is pollution—especially of our water and air resources (to say nothing of our minds!). It seems that not a newscast goes by but what pollution isn't mentioned.

Pollution is such a big problem, it is hard to imagine you and I are even helping. But we are! We can also do our share in overcoming it, too. So I want to put my "two cents" worth on just one phase, and that is the detergent-phosphate problem.

Detergents and Phosphates

Recently, detergents and their harmful effects on our rivers and lakes have been in the limelight. It used to be that mounds of frothy white suds were visible proof of a problem. That problem was solved by biodegradable based detergents. **Biodegradable** means that the suds are easily broken down in the municipal sewage plan thus preventing foaming and lowering treatment costs. However, pollutants are not all eliminated — the phosphates are still there.

How Do Phosphates Pollute?

Phosphates found in the laundry detergents we use cause **eutrofication**, or the accelerated growth of algae in the lakes and rivers. When this algae decays, it uses of oxygen. As a result, fish and game die.

Since Phosphates Are Harmful, Why Are They In Detergents?

The phospha... in laundry detergent keeps the dirt in suspension and prevents it from being re-deposited on the clothing during the washing process.

The solution to the problem then, is to find something that performs the function of the phosphate in detergent, yet does not act as a pollutant either. Research is being done to solve this problem, but as yet nothing satisfactory has been discovered. So this leaves up another question.

What Detergents Do We Use Now?

1. Don't pollute — but wait until something constructive can be done.
2. Use the detergent with the lowest phosphate content. You may ask in the stores for brand names or call or write the office. There is a chart here showing which are lowest.
3. Switch to soap and add a water softener. However, some softeners are also largely phosphate, so check them also.
4. Install a mechanical water softener, as that soap can be used alone.

Pick some method and do something to help prevent pollution.

Future bride honored by miscellaneous fete

A miscellaneous shower was held at the St. Gregory's R.C. church parlors on Friday, April 10, in honor of Miss Donna Ogonoski, daughter of Mr. and Mrs. Jack Ogonoski, with over forty ladies attending.

The bride-elect, her mother, Mrs. Ogonoski, her grandmother, Mrs. Joe Shanley, and the groom's mother, Mrs. Chappell, were presented with corsages by the guest of honor's twin aunts, Mrs Mary Komarnisky and Mrs. Vera Cook.

Mrs. Anne Komarnisky then escorted the honored guests to the head table, who were introduced by Mrs. Jean Grinde, including the three sisters of the groom-elect who also attended the shower.

The evening was spent playing several games, followed by a reading, "A History of Donna's Life", by Toots Lashosky Pulpeno, ing this, Mrs. Pearl Allan made the presentation of gifts, with the well-wishes of all for Donna's future happiness.

Donna very graciously thanked all for the lovely gifts and kind wishes, and for the most enjoyable evening.

Miss Donna Ogonoski will become the bride of Mr. George Chappell on Saturday, May 9.

Holden OORP holds meeting

(Mrs. G. H. Taylor)

Holden Lodge OORP held their monthly meeting Tuesday evening, April 14th. Regular business was attended to and committee reports received.

L. Kathleen Hurum gave her report of the County of Beaver School Workshop held March 13 in the Holden Community Hall.

The Lodge, as usual, is sponsoring the 1970 Cancer Campaign with Lady Hazel Armstrong as convenor, she and her committee will be making their canvass and hope for a generous support.

The Lodge received a request to cater to a banquet for the "Meet the Premier Night" with a committee being appointed to arrange and plan the banquet to be held in the Holden Community Hall on Tuesday, April 28th.

The usual donation was made to the 1970 Cancer Campaign, Purple Cross and Save the Children Funds.

Arrangements were also made for a car load of ladies to attend the district meeting to be held in Chauvin, Saturday, April 18th. The slate of officers for 1970-71 was presented by the nominating committee and accepted.

Lunch hostesses were Ladies Annie Rurka and Marilyn Shykora.

Ministik ladies will hold strawberry tea

(Mrs. Jim Roddick)

The April meeting of the Ministik Ladies Club was held at the hall with 10 ladies present.

Due to the illness of Mrs. Ronald Swabey, her sister, Mrs F. Swabey acted as secretary, with Mrs. Verden Sears as chairman. In the business session it was planned to have the annual strawberry tea on the 6th of June with Mrs. Andrew Fergu-

son once again as convenor. A raffle of a quilt winner will be held.

Mrs. Frank Swabey was once again asked to convene the the community picnic.

A small auction was conducted by Mrs. Melvin Loch and the funds were swelled by $8.65.

April birthdays were enjoyed by Mrs. Frank Swabey, Mrs. Joe Davenport and Mrs. Alex Kleinschrath, each receiving a box of chocolates and a birthday card.

Roll call for May will be "My Favorite Song".

Hostesses for lunch were Mrs. Andrew Ferguson, Mrs Joe Davenport and Mrs Stanley George.

Spinning Needles plan achievement

(Sheila Mizera)

On Tuesday, April 7th, the Ryley 4-H Spinning Needles held their ninth annual meeting in the Ryley Home Ec Room. It was decided that the theme for the achievement day, to be held on May 6th at the Ryley Legion Hall, would be "4-H Makes the Hit with Bodlac."

The club decided they would buy each member an award, that Diane Hillerude would receive the Royal Bank Award for winning first prize in the public speaking and Phylis Kurch would receive a plate from the club for winning second in public speaking.

The club received a letter from Mrs. Dury, saying she would not be able to come to the club's next meeting on April 21st.

How did those six Sioux get on our beer label? (Six? Count 'em. Six.) To say nothing of three crows. And a Hippopotamus. And twenty-nine trees. And our House of Lethbridge. How?
Frankly, we don't remember. What happened many moons ago. But one thing is certain: we'll never change our label. Or the great beer behind it. In Lethbridge, we go right on brewing it the slow, natural way, for real flavour. We have spoken.

Wheat sale . . .

(Continued from page 8)

If such an agreement were entered into it would not be an addition to Canadian wheat sales, but simply displace sales made in the normal manner. A proposition to decrease world price levels by approximately 50c per bushel, with no net addition to our sales, seems an incredible proposal from responsible officials

(g) The implications of such a proposal are enormous: The required reduction: (1) Would completely destroy the concept of price stability in cereal trade for which many countries and particularly Canada, has been striving for many months. (2) It would end, for a very long time, any measure of co-operation in cereal trading practices and policies between exporters which have painstakingly been developed in past years. Neither of these results are in the interests of Western Canadian agriculture. They could, in fact, destroy the industry.

The Canadian Wheat Board will and does fully investigate every legitimate prospect for the sale of Western Canadian grains. It is unfortunate that either an abundance of enthusiasm with not appreciation of the implications, or a sheer lack of knowledge on the part of the individuals, can frustrate the fundamental objectives of selling maximum quantities of grain at the highest possible price in the interests of the agricultural industry

Mr McNamara said, "I will be very interested in the reaction of producers and their organizations to proposals such as this, which represent 'fire-sale tactics' which would not result in an overall increase in the sale of Canadian wheat."

MISUSE OF LAND MAY BE PENALIZED

Abandoned gravel pits, bleak mounds of mine tailings and other blemishes on Canada's fair landscape need not remain that way. The Financial Post reports. Provincial governments are preparing to penalize such misuse of land. The reason is that land destructions could be as dangerous to life as any form of pollution. Here is what two provinces are doing about the misuse of land in Saskatchewan, the provincial government's new Environmental Protection Regulation for the Mineral Industry 1970, prohibits mines and mineral processing plants from ruining the surrounding lands. In Ontario, Mines Minister Allan F. Lawrence recently warned gravel pit and quarry operators that unless they clean up ugly worked out areas, they may be ordered at 1 to close down.

This could solve problems

Industries now paying municipal surcharges to get rid of their toxic liquid wastes. The Environmental Protection Board has been testing effluents now planned by the Oldman River Regional Commission. If these tests on the recently upgraded lime process developed by the CSIRC prove successful these industries may be able to discharge their effluent directly into the local municipal sewage treatment plant. This would do away with their own costly methods of disposal. Environmentalists say that the Canadian Industries such as fertilizer companies, food processors and pulp and paper mills could benefit from the new process. A Mr. Hutchinson of the CSIRC has been working on the fundamental chemistry of the process for the last two years. He said that the process could help municipalities and industries alike. Municipalities could save money on their sewage treatment plants and industries could recover valuable chemicals from their wastes.

Lucky Jade

Kathy Murray of Vancouver, rubs the world's largest piece of jade for luck and blows a kiss from the deck of the "S.S. Hi King" at the terminal dock of Vancouver Harbour. The 40,000 pound solid jade boulder, discovered at the Kuan-Yin Jade mine in the Northern B.C. interior has been shipped to the British Columbia Pavillion of Expo '70 at Osaka, Japan. For centuries it has been believed, in the Orient, that rubbing jade brings good fortune and it is expected that this Kuan-Yin Jade 20-ton boulder will be kissed and rubbed millions of times before the world exposition closes.

Tofield sets junior ball

Tofield junior sports commence meeting was held in the Council Chambers of the town hall on April 15. J. C. Lampitt, chairman, presided.

The main object of the meeting was to organize junior baseball for the coming season. Coaches are still needed and anyone interested should contact J. C. Lampitt.

It is expected about 100 boys will be trying out for baseball this spring.

The league schedules are being drawn up at this time and league games will be underway by May 11th.

Co-operation will be asked from all parents to provide transportation to league games as no bus will be available this year.

Holden curlers win in 'spiel

The Harry Shiba rink from the Holden Curling Club won the sixth annual Heather Bonspiel at Vegreville recently.

Shiba defeated Kosh of Edmonton in the championship game to take top honors in the spiel and the Vegreville Lead Co. Trophy.

Members of the winning rink, in addition to Shiba are Jim Tkaczyk, Dave Sorenson and Bob Kokolejn

Golf Club seeks new members

The Tofield Golf Club is eagerly seeking new members in order to keep the club alive and active.

The club's financial situation is critical, and only the addition of new members to the club's roll can keep the club from closing down.

Anyone interested in joining the club, or seeking any information, may contact Horace Bellar or Ray Pittet.

Harry Christen named as Unifarm president

The District Convention of Unifarm was held at Holden on Monday, April 20 in the Community Hall. As this covers the County of Beaver, the name "Beaver" was suggested, voted on and passed.

Election of officers followed. Harry Christen, past-president, was put in by acclamation. Mrs. L. Ash was voted in as vice-president. Other two past were: Secretary, a new secretary is to be chosen by the board. Among directors chosen from the various locals are Mrs. Manderson, Mrs. Lefsrud and Joe Laahus.

Cliff Dawley, M.P., Camrose spoke at length on problems of the farmer.

As it was Parent-Teacher Day there were only five members representing Tofield. Joe Laahus is the only director on the board from Tofield.

Resolutions were passed covering the Wheat Board and commodity groups. Check off would not come for a year or two.

Mrs. Pelechaty, president of the F.W.U.A. gave a very enlightening talk—especially in regard to the woman's place in the organization—the role she can play, a dual role in that she support her local F.W.U.A. and her husband in Unifarm.

Ashley Cooper, MLA Vermilion, answered questions on the 66 per cent to cut down on wheat, sowing to grass, etc.

Since Joe Laahus has been recently elected president of the local he asked members for support in turning out to meetings, both here and district meetings.

Tofield board plans 'budget'

The Tofield and District Recreation Board held their monthly meeting at the Town Hall on Monday evening, April 20.

The main topics discussed at this meeting was the establishment of the 1970 Operating Budget, and also the 1970-71-72 Capital Budget.

In regards to the Capital Budget, the board is presently considering the following: Reconstruction of the present tennis court, fencing the exhibition grounds, cementing the floor area of the curling rink, and possibly helping to finance the construction of a new arena.

At the present time the Recreation Board is sponsoring a baton twirling class for girls of all ages, and all interested persons are requested to contact Mrs. M. Worton in Tofield 662-3244.

The Tofield and District Recreational Board hold their monthly meetings every third Monday of every month at 8:00 p.m. at the Town Hall, and members of the board would like to encourage any interested persons to attend.

Report from Parliament Hill

by Donald F. Mazankowski, M.P.

The recent harassing and ultimately bitter attacks levelled against the Auditor General by the Prime Minister, the President of the Treasury Board and the President of the Privy Council can only be considered as another example of the present government's contempt for Parliament. Furthermore it must be considered as a deliberate attempt to upset the traditional manner in upholding the control and management of public funds.

It has been suggested that Mr. Trudeau has overstepped the bounds of his jurisdiction in his latest report, condemning the government's excessive spending practices in suggesting some $40 million has been spent for many ads or services which turned out to be unnecessary.

The effectiveness of the Auditor General has been stifled in the past two years because of the increased burden of work without a corresponding increase of staff. As a matter of fact, the Auditor General's staff was one of the first areas in which the government exercised its policy of restraint, even though a request was made for an additional fifty personnel.

The recent turn of events resulted in an emergency meeting of the Public Accounts steering committee in which it was decided to summon those who expressed their views on the role of the Auditor General. In the meantime, Mr. Trudeau has indicated the government's intention to bring forth legislation outlining the terms of reference of the Auditor General in accordance with his government's wishes.

It must be remembered that the Auditor General is an officer of Parliament and not the government. His duties are to bring to the attention of the public the abuse of public funds and particularly wasteful and frandulent expenditures. Precisely, his duties, as outlined in Section VII Chapter 67 of the Financial Administration Act are as follows— To examine and ascertain whether in the Auditor General's opinion—

a) the accounts have been faithfully and properly kept,

b) all public money has been fully accounted for, and the rules and procedures applied are sufficient to secure an effective check on the assessment, collection and proper allocation of the revenue,

c) money has been expended for the purposes for which it was appropriated by Parliament and the expenditures have been made as authorized and

d) essential records are maintained and the rules and procedures applied are sufficient to safeguard and control public property.

In light of the terms of reference, it seems to me if the government, or any member of Cabinet, has any axe to grind with the Auditor General, and the discharge of his duties, the place to do this is in the Public Accounts Committee the Parliamentary forum explicitly provided for the review of the Auditor General's report. It is in the Committee that the Auditor General must substantiate and defend his observations and comments as contained in his report. It is also in this committee that the respective departments must answer for any irregularities and extenuating circumstances drawn to the attention by the audit of the accounts.

The Auditor General and his staff truly is the watchdog of the public purse and that applies to any government. If it takes the teeth of any watchdog to remove the teeth of that watchdog through repressive legislation, then we can bid farewell to any system of responsible control of funds with the people's interest formed.

Holden and district news items

(Mrs. G. H. Taylor)

Alida Ewtershcke has been elected as a representative of the UFA Co-op Ltd., for this district. Alida is the son of Mr. and Mrs. Charles Zuterschke.

A miscellaneous shower was held Friday, April 3rd, in the parlors of the Holden Greek Catholic Church to honor Miss Jane Audrey Kachman, only daughter of Mr. and Mrs. William Kachman. On entering the room, which was beautifully decorated with pink and white streamers and wedding bells, by Mrs. William Ogrodnick and her daughter Vivian, the guest of honor and her mother were presented with corsages by the aunt of the bride. Seated at the head table, decorated with potted plants, were Jane, her mother and the two bridesmaids.

Bingo and several other games were played then Miss Vivian Ogrodnick made the presentation of the many beautiful and useful gifts with the well wishes of all for her future happiness. Jane very graciously thanked all for their kindness, the lovely gifts and good wishes. A delicious lunch was then served by the hostesses bringing a most enjoyable evening to a close. Jane became the bride of Guy Wayne Warnick, Saturday, April 18th at St. Joseph's Cathedral in Edmonton.

Mrs. Clara Armstrong has returned home after visiting for a few days with Mr. and Mrs. Wallace Giebelhaus and family, with several other friends also calling on her brothers Louie and Ted Holden of the Bruce district.

Norbert Stienwandt, who has been a patient in the Tofield Hospital for several days, having surgery, returned home this week.

John Tchir of Edmonton, formerly of Holden, brother of Fred and Mike Tchir of Holden, passed away Tuesday, April 14th. He leaves to mourn his loss, his wife Evelyn; one daughter, Mrs. John (Elaine) De Winkt of Langley, B.C., three grandchildren, three brothers, Andrew of London, Ontario, and Fred and Mike of Holden, one sister, Mrs. Peter (Pearl) Kawaliuk of Holden.

Funeral services were held on Friday, April 18th at 1:30 p.m. at the Foster & McGarvey Funeral Chapel. Rev. Canon A. W. Wilcox officiating and interment was in the Westlawn Memorial Park.

Mr. Tchir was a member of the Montgomery Branch, Royal Canadian Legion, also a member of the Army, Navy and Air Forces Veterans' Association. Mr. and Mrs. Fred Tchir, Mr. and Mrs. Mike Tchir and Mr. and Mrs. Peter Kawaliuk and families were attending the funeral.

Mrs. Campbell received the pleasant news last week that her grandson Jim, who had applied for entrance to a summer school in the Santa Barbara Music School for the coming summer term, had been accepted. This is quite an honor as he was chosen out of five clarinet players from the entire Canada. He was also awarded a scholarship of $200.00. Jim is presently a student at the University of Toronto, majoring in music and hopes to be home sometime in June before leaving for Santa Barbara, California.

Mrs. Ethel Brekstad, who has been on a holiday trip with her son Ralph for the past two weeks or more, returned home Sunday evening, they visited several points in B.C. calling on former Holdenites, and visited many old friends, among them the Harold Shorys and Holstein Fadness'. They also made a trip to Vancouver Island, and visited the Buchart Gardens.

Reverend Lang of Viking was in charge of the serv e Sunday at Hay Upited Church, holding a communion service.

Mrs Mary James left by bus Wednesday morning for Edmonton and will be there for a day or two having a check-up on her eyes.

The finishing touches are being done on the new Holden Post Office. It is expected that the staff will be moving the equipment etc. the end of the week.

HRL Senatuik, with seven other ladies of Holden Lodge OOHP drove to Chauvin Saturday, April 18th to attend the annual district meeting of district No. 4, chaired by District Deputy Lady MacAfee.

SILVER WEDDING

Relatives and friends gathered at the Hall on Saturday, April 18th, for a supper and dance honoring Art and Carrine Rowland on their 25th wedding anniversary. Art's mother Mrs. Rowland, and his sisters Mrs. McDonald, Mrs. Schnee, Mrs. Morrison and Mrs. Lepine, were out of the district guests. Theresa Rowland, daughter of Art and Carrine, made the three-tiered wedding cake, which was beautifully decorated by Mrs. W. Tredemann. Mrs. T. Grunnett and Mrs. K. Schwuchow did the catering for the event.

Winners at the whist party on Saturday, April 11 were: ladies' high, Brenda Lovblie; and low Mrs. F. Dunham; gents' high, F. Dunham; and low, Mr. Campion. The next whist drive will be on Friday, April 24th.

The Ladies' Club met with Mrs. J. Simpson on April 15th. The next meeting will be at the home of Mrs. Scott on Thursday, May 21st. A strawberry tea is planned for May 16th and a hearty welcome is extended to all. There also will be a homebaking and white elephant sale at the tea. Admission to the tea will be 50 cents.

Bang's Vaccination
Farmers who have sent in applications will receive cards notifying them when the veterinarian will call. Heifer calves to be vaccinated must be on the 3 to 9 months age group or they cannot be done. Please let me know if you have applied for vaccinate calves over 9 months of age. It will only be on an emergency call.
Vaccination fees are the same as last year and the $3.00 minimum charge will be made for each call.

Tree Planting
Present information indicates that we will pick up all County trees around May 1. Cards will be mailed to all applicants. Trees will be stored in the Ryley bin garage and picked up from there. Farmers using the County tree planter are expected to let us know and have land to be planted staked and planned before we call to plant trees. No trees can be planted less than 150 feet from the center of County road.
Please do not expect to pick up trees on Saturday or Sunday unless arrangements are made first.
Farmers who have extra trees must return them to us to fill in orders that are not complete.

Roadside Seeding
Grass and legume seed will be available free to farmers who will do cleaning up and leveling on new roads. If grain will be seeded on these slopes we will not seed grass if grain is planted before May 15.

Pests
Farmers who have used magpie baits during the past winter are reminded to destroy these baits if not destroyed March 31. Warning signs should be taken down also.
Pocket gophers are beginning to be active and now is the time to make use of our burrow building machine for poisoning.

HAZARDOUS PRODUCT SYMBOLS

Consumer chemicals will carry new labels to warn the public

On March 13, Consumer and Corporate Affairs Minister Bon Basford announced regulations requiring new warning labels on poisonous, flammable, explosive and corrosive products in everyday household use.

Under the new requirements:

1. A uniform set of symbols will show both the type and degree of hazard.
2. Warning statements and basic first aid information will also appear on the labels in both official languages.

Mounting evidence on poison control centres and hospital emergency wards across the country demonstrates the need for this measure", Mr Basford said. "Thousands upon thousands of deaths, injuries and poisonings can be avoided by helping people know the dangers of products used in and every household.

The new set of symbols have been pre-tested in Ottawa area tests where a high percentage of children have grasped their meaning instinctively. The outlines are familiar as basic highway marker settings.

The new regulations, the first issued under the Hazardous Products Act, deal specifically with consumer chemical products such as bleaches, polishes, sanitizers, dines and cleaners.

The symbols developed by the Consumer Affairs Bureau represent four hazards. A skull and cross bones means poison. A flame means flammable. An exploding ball means explosive. A hand inserted into a container of liquid means corrosive.

Each of these symbols is placed inside an outline which shows the degree or severity of the hazard. An octagon like a traffic stop sign, means danger. A diamond, like a traffic warning sign, means warning. A triangle, like a traffic yield sign, means caution. There are 12 symbols in the full series which may be used in various combinations.

Describing the symbols, Mr Basford said a skull and cross bones in an octagon, means

Recreation Ramblings

by M. J. Hartwig

The baseball season is almost here, and planning is underway for this year's minor baseball leagues. Registration forms are in all schools now and can be picked up. This year, the league administration will be handled through my office.

Registration fees are $2.00 per boy this year, $1.00 goes towards insurance and the other $1.00 is to be retained by each team. There will also be an additional league registration of $4.00 per team, which can be taken out of the money retained from play-er fees.

The same four age groups as last year will be scheduled again, plus registrations will be accepted for a juvenile league in order to find out if there will be enough for a league. If not, the fees will be refunded. Ages 18 and under.

Also, if there is any interest for setting up a ladies or girls football league, please notify your local recreation board, or myself at 663-2025.

I'd like to mention, for the last time, the two baseball clinics this weekend, the 25th for coaches and the 26th for umpires. If you wish to attend either of these clinics and have not registered yet, please contact me as soon as possible.

On Saturday, May 23rd, an area meeting will be held in Vermilion. One reason for the meeting is to find out about all the various training resources available to us through the various departments of the provincial government. The other reason for the meeting is to set up a schedule, within the area, for leadership training courses, workshops, clinics, etc. for the fall (September to December).

The meeting is open to anyone having a particular interest or need. If you or your group are interested in training in any activity, please contact myself at 663-3005 or your local board as soon as possible regarding registration. If your group is unable to send a representative, contact me regarding the type of training you need and I will take your request to this meeting.
